																Estimates based on past three years				

*Corresponding Birth Year: Totals for 2019/20 kinder class births calculated by adding half of 2013 and 20014 births together

**Growth in the cohort is a rough estimate of what happens to enrollment approximately 5 years after the birth of the students. The two sets of data do not completely correlate because birth data is by calendar year and kindergarten enrollment is generally students who turn 6 during mid-July to mid-July of each applicable school year.

Note: Centennial and Legacy births were reconfigured after the boundary change that created Grand View Elementary's attendance area

Note: Black Rock, Red Hawk, Erie K5, were reconfigured after boundary change that created Soaring Heights K8's attendance area.
