FUND ACCOUNTING

The District uses funds to report its financial position and changes in financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn is divided into separate “fund types”.

Governmental funds are used to account for all or most of a government’s general activities, including the servicing of long-term debt (debt service fund), the construction of new schools (capital projects fund), and the collection and disbursement of earmarked funds (special revenue funds). The District’s governmental funds consist of the following: *General Fund*; *Colorado Preschool Program Fund* and *Risk Management Fund*, both sub-funds of the General Fund; *Bond Redemption Fund*; *Building Fund*; *Capital Reserve Capital Projects Fund*; and five special revenue funds, including the *Government Designated-Purpose Grants Fund*.

Proprietary Funds focus on the determination of the changes in net assets, financial position, and cash flows and are classified as either enterprise or internal service. Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The District’s only enterprise fund is the *Nutrition Services Fund*. Internal service funds account for the financing of services provided by one department to other departments of the District on a cost reimbursement basis. The District’s only internal service fund is the *Self Insurance Fund*.

Fiduciary Funds’ reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District’s own programs. The *Student Scholarship Fund* is the District’s only trust fund. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District’s only agency fund is the *Student Activity Fund*.

GOVERNMENTAL FUNDS

General Fund

The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include local property taxes, specific ownership taxes, and State of Colorado equalization funding, as determined by the School Finance Act of 1994, as amended. Expenditures include all costs associated with the daily operation of the schools, except for programs funded by grants from federal and state governments, school construction, certain capital outlay expenditures, debt service, food service operations, extracurricular athletic and other pupil activities, and insurance transactions.

The Colorado Preschool Program Fund is reported as a sub-fund of the General Fund. Moneys allocated to this fund from the General Fund are used to pay the costs of providing preschool services directly to qualified at-risk children enrolled in the District's preschool program pursuant to C.R.S. 22-28-102.

The Risk Management Fund is also a sub-fund of the General Fund. Moneys allocated to this fund from the General Fund are used to account for the payment of loss or damage to the property of the District, workers' compensation, property and liability claims, and the payment of related administration expenses.

Footnote

- A On January 1, when property taxes are levied, the District records property taxes receivable and a corresponding deferred revenue. As taxes are collected, the District reduces the receivable and deferred revenue and records the tax revenue.
- B The District is accruing salaries and benefits of employees whose contracts run from Aug 1 to Jul 31. The accrual rate is 1/11 of the contract amount per month. As of June 30, the District will have accrued the full amount of salaries and benefits payable.
- C In addition to property taxes recorded January 1, the deferred revenue represents the amount to be recognized from the District's forward investment agreements entered into in June 2003. A portion of the deferred revenue is recognized each month in accordance with the agreements.

GOVERNMENTAL FUNDS

Major Governmental Funds

The Bond Redemption Fund is a debt service fund. It is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. The fund's primary revenue source is local property taxes levied specifically for debt service.

The Building Fund is a capital projects fund that is used to account for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings or initial, additional and replacement of equipment.

Nonmajor Governmental Fund

The Capital Reserve Capital Projects Fund is used to account for revenue allocations from the General Fund and other revenues allocated to or earned in this fund, and the expenditures for the ongoing capital needs of the District, such as acquisition of land, building additions and improvements, and equipment purchases where the estimated unit cost is in excess of \$1,000.

MEMORANDUM

DATE: January 23, 2013
TO: Board of Education
FROM: Dr. Don Haddad, Superintendent of Schools
SUBJECT: Approval of Establishment of Fund 65: Self-Insurance Fund, and
Accompanying Fund Transfers

RECOMMENDATION

That the Board of Education approve the establishment of Fund 65 (Self-Insurance Fund) and the transfer of health and dental funds accumulated in the General Fund to the Self-Insurance Fund.

BACKGROUND

District administration, at the request of the Board of Education, has been investigating, planning, and implementing the conversion of the District's health and dental benefits from an insured model plan to a partially self-funded plan. The dental benefit has been self-funded since Fiscal Year 2010, and the health benefit (under the Cigna plan) went self-funded as of January 1, 2013. The Kaiser insurance option is not self-funded and the accounting for that plan would remain in the General Fund.

District auditors have recommended the creation of an Internal Service Fund to properly account for the self-insurance plan.

District administration is recommending that monies accumulated in the past two years related to the non-Kaiser health plans be transferred from the General Fund to the Self-Insurance Fund. This would include funds from Cigna and United for health, and MetLife for dental. The Self-Insurance Fund must maintain sufficient fund balance to pay off claims incurred.

The District Administration is recommending that monies received and accumulated from the sources below be transferred from the General Fund to the Self-Insurance Fund (approximate dollar amounts are provided - accurate numbers will be calculated and used for the transfer). These monies are attributable to the United, Cigna and

MetLife plan histories, and the results of successful negotiations by District administration on behalf of the District's employees.

United Minimum Loss Ratio Rebate – September 2011	(\$ 358,000)
Cigna one month premium reduction – September 2011	(\$ 835,000)
Dental Incurred But Not Reported (IBNR) Trust	(\$ 93,000)
<u>Dental Fund Balance – as of June 30, 2012</u>	<u>(\$2,286,000)</u>
Total	(\$3,572,000)

Colorado Insurance Law requires that self-insured employers maintain sufficient funds to pay off incurred but not reported claims. The District's benefit consultant has recommended a fund balance of a minimum of three months of IBNR for fund balance. The District has received an estimate from Cigna that three months of IBNR would be approximately \$2,433,000 and the dental IBNR is an additional \$93,000, bringing the minimum fund balance total to \$2,526,000. District administration's recommendation is in excess of the minimum amount, and should ensure that the District's move to self-funded insurance is successful.
