

### Mead High School

<b>School Contact Information</b>	Mead High School <a href="mailto:mhs@svvsd.org">mhs@svvsd.org</a> 720-494-3940
<b>Overview of Gifted and Talented</b>	At Mead High School, students that are identified as <a href="#">gifted and talented</a> create a personalized advanced learning plan each school year. They meet with the GT site leader to monitor progress on their plan throughout the year. The Gifted Building Representatives check to make sure that gifted students are enrolled in appropriate classes for their areas of giftedness. Students have opportunities for advanced study in math, science, social studies, English, engineering, art, music, and drama. GT students are in sheltered Mav20 classes by grade level for increased access to GT-specific information. College classes are available on campus in addition to <a href="#">Advanced Placement classes</a> and CU Succeed classes. Students are encouraged to advance their learning through classes at the Career and Technical Center as well as the Innovation Center.
<b>Programming and Enrichment Opportunities</b>	Students have opportunities to engage in a variety of <a href="#">clubs</a> or events outside of the school day to take their learning beyond the classroom: CAGT Legislative Day, <a href="#">Teens with Wings (Leadership and philanthropic club)</a> , <a href="#">Rotary Interact</a> , <a href="#">Leadership</a> , and <a href="#">National Honors Society</a> . (New clubs form often.)
<b>Social Emotional Support</b>	The Gifted Building Representatives work with the school interventionist and counselors to create opportunities for students to get support in needed areas. This support may be one-on-one, small group, or lunchtime meetings, or through the advisory class.
<b>School Focus</b>	Mead High School is an <a href="#">Advanced Placement/Honors Focus School</a> with an <a href="#">Energy Academy</a> . These rigorous academic programs provide students at Mead High School the opportunity to pursue collegiate-level work, earn college credits and forge potential career networking opportunities, all of which prepare students to be college and career ready. Because of the rigorous opportunities provided to our students, Mead High School was chosen by the College Board to host one of the first <a href="#">AP Capstone</a> programs in the state. Students at Mead High School take achievement to the next level in the classroom AND in the athletics and the performing arts.
