

ST. VRAIN VALLEY SCHOOLS
academic excellence by design

Dear Preschool parent/guardian,

We are excited that you have selected the St. Vrain Valley School District Preschool Program to meet the social and academic needs for your preschooler for the **2018-19** school year. Our preschool program is delighted to offer three main enrollment opportunities; Colorado Preschool Program, Tuition, and Scholarship. Any preschooler needing special education services must go through the evaluation process for determining eligibility and program placement. For additional information regarding Child Find, please contact them at the number provided below. Please read the detailed information regarding each of the preschool program opportunities. For all three program options, you must complete the attached application. Please be advised: All preschool children must be toilet trained with the exception of students with an IEP prior to starting in a classroom. Classroom Sections at each school are based on enrollment and subject to change. **Once your child has been accepted in a program, you will be asked to complete a registration packet at the school.** All new incoming preschool students will receive a developmental screening. Your child's school will contact you sometime between February and August to schedule a screening appointment.
