

Career and Technical Advisory Committees Council

(Career and Technical Program Advisory Committees)

The career and technical education director oversees appointment of advisory committees for each career and technical education program provided by the district. Program advisory committees shall assist career and technical instructors and administrators in establishing, operating and evaluating programs to serve the needs of students, business and industry and shall provide expertise pertaining to technological change.

The committees shall represent a cross-section of the community in terms of sex, race, age, occupation, socioeconomic status, geographical location and other appropriate factors.

The committees shall study issues, offer advice and make recommendations regarding:

1. Current job needs
2. Relevance of current training programs
3. Reduction, deletion or expansion of programs
4. Initiation of new programs
5. Financial and legislative support
6. Promotion of career and technical education in the schools and in the community

Each program advisory committee shall be more than 50% representative of the industry in the community for which training is provided. The career and technical instructor shall serve as an *ex officio* member of the committee.
