## MEMORANDUM

DATE: October 9, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of Accreditation Recommendations for District Schools  
Strategic Priority – Rigorous, Well-Aligned Standards, Curriculum,  
Instruction and Assessment

### RECOMMENDATION

That the Board of Education approve the accreditation recommendations for schools within the St. Vrain Valley School District.

### BACKGROUND

The District Accountability/Accreditation Committee is made up of parents and community members, an elementary principal, a secondary principal, and a teacher. Dr. Ann Reed works with the Committee as the liaison from the District. The Committee met on September 16, 2019, to review the performance of the District's schools. As a result of the meeting, the Committee recommends the following accreditation status for schools.

The Committee follows the guidelines of SB 09-163 to recommend accreditation levels for schools and uses Colorado Department of Education's (CDE) School Performance Frameworks to identify accreditation levels of schools. The framework considers the following data areas to determine school accreditation levels: Academic Achievement, Academic Growth, and Postsecondary and Workforce Readiness. Olde Columbine High School and St. Vrain Global Online Academy are CDE approved alternative campuses and use different assessment data for the framework calculations. Longmont High School is appealing their rating of Improvement Plan to CDE and requesting a rating of Performance based upon an increase in matriculation rate. St. Vrain Community Montessori School is considering a request to reconsider due to insufficient data.

The Committee recommends District Learning Services' personnel meet with schools that are accredited with an improvement, priority improvement, or turnaround plan. At those meetings, schools are asked to answer questions about: current performance, plans to improve that performance, additional data that the school might have collected, and support needs to be provided by the District. The Committee also may request to meet with schools and/or District Learning Services to discuss school improvement plans.

**Accreditation Levels:** (Based upon Percent of Framework Points)

<b>Level</b>	<b>Cut Points</b>
Accredited with Performance Plan	53% - 100%
Accredited with Improvement Plan	42% - below 53%
Accredited with Priority Improvement Plan	34% - below 42%
Accredited with Turnaround Plan	below 34%
