Wednesday, November 20 6:00 – 8:00 pm Study Session Wednesday, December 11 5:30 pm 1<sup>st</sup> Quarter Financials

6:00 pm Regular Meeting

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Frederick High School Report – High School Student Advisory Council

Strategic Priority - Rigorous, Well-Aligned Standards, Curriculum, Instruction, and

Assessment

#### **PURPOSE**

To provide students the opportunity to practice leadership skills and report on the successes of Frederick High School to the Board of Education.

#### **BACKGROUND**

Chosen by teachers and administrators, the Student Advisory Council is comprised of 4-5 students from each of our high schools. Lauren Leitner will be representing Frederick High School at this Board Meeting. The Student Advisory Council was started by Dr. Haddad thirteen years ago so students had the opportunity to share their perspective on the District with our Superintendent and Board of Education.

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of Board of Education Meeting Minutes

Strategic Priority – High-Functioning School Board

#### **RECOMMENDATION**

That the Board of Education approve the minutes from the October Board Meetings.

### **BACKGROUND**

The Board will be asked to approve the minutes from the October 9, 2019 Regular Meeting, the October 16, 2019 Study Session, and the October 23, 2019 Regular Meeting.

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: First Reading, Adoption, Board Policy DEA – Funds from Local Tax

Sources

Strategic Priority – Strong District Finances

#### RECOMMENDATION

For the Board of Education to adopt revisions to Board Policy DEA – Funds from Local Tax Sources.

#### **BACKGROUND**

This Board policy has had revisions to reflect changes in law and recommendations made by Colorado Association of School Boards, administration and District legal counsel.

Board Policy BG – School Board Policy Process states, "Policy revision shall be accomplished in the same manner as policy adoption, except that revisions mandated by changes in law shall not require a second reading and may be adopted upon majority vote of the Board."

File: DEA

#### **Funds from Local Tax Sources**

#### Mill levies

If the Board of Education is of the opinion that revenues in excess of those provided through equalization program funding are necessary to provide for the needs of the district, the Board may seek authorization at an election to raise additional local property tax revenues. The district shall cooperate with district charter schools regarding any such election in accordance with the requirements of state law. The requested amount shall not exceed 25 percent of the district's total program funding for the current budget year.

The Board shall call an election to raise additional local revenues if an initiative petition containing signatures of at least five percent of the registered electors in the district is properly submitted to the Board. An initiative petition shall be submitted at least 90 days prior to the election date in order to be valid.

Such elections shall be held on the first Tuesday in November in odd-numbered years in conjunction with the regular biennial school election or on general election day in even-numbered years. The election shall be conducted by the county clerk and recorder in accordance with applicable law.

Beginning in the 2019-2020 fiscal year, additional mill levy revenue shall be distributed to the district's charter schools and innovation schools in accordance with the plan adopted by the Board pursuant to C.R.S. 22-32-108.5 (4) and subject to any other purpose specifically approved by the voters. Such plan shall be reviewed and updated as necessary in accordance with applicable state law.

### **Transportation mill levies**

The Board of Education may submit the question of whether to impose a mill levy for the payment of excess transportation costs at an election held in conjunction with the regular biennial election in odd-numbered years or with the general election in even-numbered years. The term "excess transportation costs" is defined in state law and generally means the district's operating and capital expenditures for the transportation program that are not reimbursed by the state.

If the measure passes, the district shall deposit the resulting revenue in the transportation fund.

## Kindergarten mill levy

The Board of Education may submit the question of whether to impose a mill levy for additional local property tax revenues to provide funding for excess full-day kindergarten program costs. The Board may include a question of whether to impose an additional mill levy of a stated amount and limited duration to meet the initial capital construction needs of the district associated with a full-day kindergarten program. "Excess full-day kindergarten program costs" are defined in state law as the costs that exceed the revenues the district receives from the school funding formula for kindergarten.

#### **Bonded indebtedness**

Upon the approval of the electorate, the Board may incur a bonded indebtedness which does not exceed amounts specified by law.

File: DEA

The Board may authorize the issuance of debt to achieve the following goals and objectives:

- 1. To provide capital improvements which satisfy the district's physical plant needs.
- 2. To provide the capability of financing district equipment needs.
- 3. To refinance existing debt when it is in the best interests of the district.

To accomplish these goals, the Board has developed the following guidelines for managing the district's debt:

- 1. The superintendent and a designee shall be responsible for implementing this policy and its procedures.
- 2. The superintendent and a designee shall serve as the district's liaison with the investment banking community and will keep the Board informed about investment banking activities, changes in laws which affect the issuance of debt, and any topics which bear on the district's financial activities and needs.
- 3. When developing the district's financial plan, the superintendent shall analyze the need for financial advisory or investment banking assistance in defining the district's financial goals and objectives, establishing its financial plan and preparing for the issuance of debt or the refinancing of existing debt. Based on that analysis, the superintendent may recommend that the district secure the services of financial advisory and/or investment bankers.
- 4. The type of financial advisory or investment banking services and the method of selecting the firm or firms to provide such services shall be determined by the Board.
- 5. All investment banking firms or financial advisors employed by the district shall comply with the provisions and rules of the Municipal Securities Regulatory Board when performing services for the district.
- 6. The superintendent and chief financial officer shall recommend to the Board whether to use a competitive bid or negotiated sale method for each transaction. All financing completed by the district shall be conducted in compliance with state and federal statutes and regulations.

#### Notice to public

At least 20 days prior to any election wherein the Board has submitted a ballot issue concerning the creation of any debt or other financial obligation, the district shall post on its website a notice regarding financial information as specified in state law. This notice is in addition to other notices required by law.

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of 2.5-Hour Delayed Start of All Schools on October 28,

October 30, and November 11, 2019

Strategic Priority - Student and Staff Well-Being

#### RECOMMENDATION

That the Board of Education approve the 2.5-hour delayed start of all schools on Monday, October 28, 2019, the cancellation of all evening District events on Tuesday, October 29, 2019, and the 2.5-hour delayed start of all schools on Wednesday, October 30, 2019, and Monday, November 11, 2019, due to safety concerns.

#### **BACKGROUND**

This recommendation is based on Colorado Revised Statute 22-32-109 (II) (A) "closing deemed by the Board to be necessary for the health, safety and welfare of the students". It was necessary for the St. Vrain Valley School District to delay the opening of all schools on Monday, October 28, 2019, the cancellation of all evening District events on Tuesday, October 29, 2019, and the delay of opening all schools on Wednesday, October 30, 2019, and Monday, November 11, 2019, due to safety concerns.

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of Change Order 2 to the Construction Manager/General

Contractor (CMGC) Contract for the Burlington Elementary School RTU

Replacement Project

Strategic Priority – Student and Staff Well-Being

#### **RECOMMENDATION**

That the Board of Education approve Change Order 2 for \$3,140 to the RTU Replacement Project contract with Reliant Heating and Air Conditioning at Burlington Elementary School for a total contract value of \$180,830. Further, that the Board authorize Brian Lamer, Assistant Superintendent of Operations, to sign contract documents and initiate scope changes in accordance with Board of Education policy.

#### **BACKGROUND**

This Change Order includes the cost associated with the arc flash study resolution per final DORA electrical inspection comments.

Funding for the project comes from the 2019 Capital Reserve fund. This item is being brought forth because it exceeds the previously approved contract value.

| Original Agreement Amount (a)          | \$ 161,540 |
|--|------------|
| Previous change orders (b)             | \$ 16,150  |
| Current change order (c)               | \$ 3,140   |

SUBJECT: Approval of Change Order 1 to Construction Manager/General Contractor

(CMGC) Contract for the East Bus Facility Modular Project

Strategic Priority - Student and Staff Well-Being

#### RECOMMENDATION

That the Board of Education approve Change Order 1 for the amount of \$7,688 to the Construction Manager/General Contractor (CMGC) contract with Fransen Pittman Construction Co., Inc., for the East Bus Facility Modular project for a total contract value of \$156,692. Further, that the Board authorize Brian Lamer, Assistant Superintendent of Operations, to sign contract documents and change orders up to the above-referenced amount, in accordance with Board of Education policy.

#### **BACKGROUND**

This Change Order includes the cost of site work necessary to complete the project.

This project is funded through Capital Reserve funds, and is being brought forth because it exceeds the previously approved contract value.

| Original Agreement Amount          | \$ 1 | 49,004 |
|------------------------------------|------|--------|

| Total changes (previous + current) | \$   | 7,688  |
| New contract amount                | \$ 1 | 56,692 |

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of Contract Award for School Security Disbursement Grant Project

Strategic Priority – District-Wide Safety and Security

#### RECOMMENDATION

That the Board of Education approve the contract award for the School Security Disbursement (SSD) Grant Project to Interconnex for a total contract value of \$287,000. This includes a base bid value of \$199,696 for lock boxes and a unit cost of \$1,475 for security cameras, for the total SSD Grant award. Further, to authorize Brian Lamer, Assistant Superintendent of Operations, to sign contract documents and initiate scope changes up to the approved amounts in accordance with Board of Education policy.

#### **BACKGROUND**

Security lock boxes will provide law enforcement with hard keys to access classrooms and other locked doors in the event of an emergency. There will be two lock boxes per school, installed in strategic areas, as approved by local law enforcement. Cameras will be installed to monitor the lock boxes, as needed, per the SSD Grant proposal.

This project is funded through the School Security Disbursement Grant. This item is being brought forth to comply with Board policy FEG stating any items over \$100,000 must have Board approval.

Bids were received and opened on October 14, 2019. See bid tabulation 2020-013.

SUBJECT: Approval of Contract Award for the Sanborn Elementary School Lighting

**Upgrade Project** 

Strategic Priority - Student and Staff Well-Being

#### RECOMMENDATION

That the Board of Education approve the contract award for the Sanborn Elementary School Lighting Upgrade Project to Unify Energy Solutions for a total contract value of \$158,773. Further, to authorize Brian Lamer, Assistant Superintendent of Operations, to sign contract documents and initiate scope changes up to the approved amounts in accordance with Board of Education policy.

#### BACKGROUND

This project includes the installation of high efficiency LED fixtures that are dimmable and controlled by sensors as well as the removal of old fixtures and proper recycling of old equipment. The project will significantly improve the learning environment and working conditions at Sanborn Elementary School by offering better lighting comfort and flexibility. In addition, the District will benefit from energy savings due to the efficient replacement lighting.

This project is funded through Capital Reserve funds. This item is being brought forth to comply with Board policy FEG stating any items over \$100,000 must have Board approval.

Bids were received and opened on October 30, 2019. See bid tabulation 2020-018.

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of Resolution Proclaiming American Education Week, November

18-22, 2019

Strategic Priority – Student Achievement and Global Success

#### **RECOMMENDATION**

That the Board of Education approves the resolution proclaiming November 18-22, 2019 as American Education Week.

#### **BACKGROUND**

To make our schools the best they can be requires a commitment from every member of the community, from retired citizens to parents, from business leaders to school board members. The goal of American Education Week is to increase public understanding and appreciation of the nation's schools, to encourage parents and non-parents to visit schools, to build civic and community pride, and support education.

#### RESOLUTION

### AMERICAN EDUCATION WEEK November 18-22, 2019

- **WHEREAS,** public schools are the backbone of our democracy, providing young people with the tools they need to maintain our nation's precious values of freedom, civility, and equality; and
- **WHEREAS,** by equipping young Americans with both practice skills and broader intellectual abilities, schools give them hope for, and access to, a productive future; and
- **WHEREAS,** education employees be they custodians or teachers, bus drivers or librarians work tirelessly to serve our children and communities with care and professionalism; and
- WHEREAS, schools are community linchpins, bringing together adults and children, educators and volunteers, business leaders and elected officials in a common enterprise; and
- WHEREAS, our nation is celebrating the week of November 18-22, 2019 as AMERICAN EDUCATION WEEK. In the St. Vrain Valley Schools, we encourage community members to support our local schools by participating in school-sponsored activities and by volunteering to help with those activities.

Dr. Richard Martyr
Paula Peairs
Karen Ragland
Joie Siegrist
Robert J. Smith

#### SUPERINTENDENT OF SCHOOLS

Dr. Don Haddad

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Acceptance of the 2019 Fiscal Year Comprehensive Annual Financial

Report (CAFR)

Strategic Priority – Strong District Finances

#### **RECOMMENDATION**

That the Board of Education accept the 2019 Fiscal Year Comprehensive Annual Financial Report, as presented.

### **BACKGROUND**

The 2019 Fiscal Year Comprehensive Annual Financial Report (CAFR) was audited by the certified public accounting firm of CliftonLarsonAllen (CLA). At the work session prior to the October 23, 2019 Regular Board Meeting, Paul Niedermuller from CLA reviewed the 2019 CAFR with the Board in detail and was available for questions. The CAFR was issued final on October 29, 2019 and there were no significant changes from the preliminary draft submitted on October 23, 2019.

**Student Achievement • Well-Being • Partnerships**

October 29, 2019

Board of Education Members and Citizens of the St. Vrain Valley School District RE-1J 395 South Pratt Parkway Longmont, CO 80501

We are pleased to submit to the Board of Education, parents, taxpayers, and community members the Comprehensive Annual Financial Report (CAFR) of the St. Vrain Valley School District RE-1J (the District) for the year ended June 30, 2019. State law requires that the District publish within six months of the close of each fiscal year a complete set of financial statements presented in accordance with accounting principles generally accepted in the United States of America (US GAAP) and audited in accordance with auditing standards generally accepted in the United States of America (US GAAS), by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the accuracy, completeness and fairness of presentation, including all disclosures, presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the presentation of the District's financial statements in conformity with US GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and changes in financial position of the District as measured by the financial activity of its various funds, and contains all disclosures necessary to enable the reader to gain an understanding of the District's financial activities for the year ended June 30, 2019.

The District's financial statements have been audited by CliftonLarsonAllen LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2019, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified ("clean") opinion that the District's financial statements for the fiscal year ended June 30, 2019, are fairly presented in conformity with US GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. This is in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget's Uniform Guidance. Information

related to this single audit, including a schedule of expenditures of federal awards, the Independent Auditors' Reports related thereto, and a schedule of findings and questioned costs are included in this document.

The Comprehensive Annual Financial Report is presented in conformity with Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. This reporting standard is intended to parallel private sector reporting by consolidating governmental activities and business-type activities into a single total column for government-wide activities. GASB Statement No. 34 also requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found in the Financial Section immediately following the Independent Auditors' Report.

#### PROFILE OF THE GOVERNMENT - The District and Its Services

The St. Vrain Valley School District RE-1J is a body corporate and a political subdivision of the State, governed by an elected seven-member board, and was organized in 1961 for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries. The District was formed as a result of the consolidation of a number of smaller school districts within its boundaries. The District's boundaries have been substantially stable since the consolidation.

The District provides a full range of educational programs and services authorized by Colorado Statutes. These include pre-K through 14 education in elementary, middle, and high schools; P-TECH program; special education for students with disabilities; vocational education; multicultural education; and, numerous other programs.

St. Vrain Valley School District is the educational home of nearly 33,000 of Colorado's students. St. Vrain Valley is the seventh largest school district in the state according to the Colorado Department of Education's 2018-19 District Ranking by Pupil Membership. St. Vrain Valley operates 57 schools and programs that are spread over 411 square miles. The makeup includes: 1 standalone early childhood learning center, 24 elementary, 2 PK-8, 1 K-8, 8 middle, 1 middle/senior, 7 high, 1 alternative high, 1 online high, 1 homeschool enrichment school, 1 P-TECH program, 1 Innovation Center program, 1 Main Street Special Education program, 1 Career Development Center program, and 6 charter schools. Located approximately 30 miles north of Denver, the District is geographically diverse. Its physical boundaries extend from the Continental Divide into the plains of Colorado. Adding to its scenic setting are historic downtown Longmont and the backdrop of Rocky Mountain National Park and Longs Peak. The District includes approximately 175,366 residents. There are 13 different communities that make up St. Vrain Valley School District: eastern Boulder, Broomfield, Dacono, Erie, Firestone, Frederick, Hygiene, Longmont, Lyons, Mead, Niwot, Peaceful Valley, and Raymond. Parts of Boulder, Broomfield, Larimer, and Weld Counties fall within its boundaries.

The District's Board of Education is empowered to levy a property tax on both real and personal properties located within its boundaries.

Fiscal year 2019 is Dr. Don Haddad's eleventh year as the Superintendent of Schools. He has been recognized multiple times on the national level, including the 2013 National Superintendent of the Year award from the National Association of School Superintendents. He continues to develop strong relationships with business, industry, and community leaders throughout the District, state and nation. He is united with his administration, staff, and the Board of Education in the mission and strategic priorities for the District.

The Financial Services department is led by Chief Financial Officer Greg Fieth who has nine years of experience with St. Vrain Valley Schools. Other key staff members include Executive Director of Budget

and Finance Tony Whiteley who has nine years of experience with the District, and Comptroller Jane Frederick who has been with the District almost sixteen years.

The District is the reporting entity for financial reporting purposes and is not included in any other governmental reporting entity. The financial statements of the District include all funds that are controlled by the publicly elected Board of Education. The Board of Education adopts the budget, authorizes expenditures, selects management, significantly influences operations, and is primarily accountable for fiscal matters.

The annual budget serves as the foundation of the District's financial planning and control. The District maintains extensive budgetary controls to ensure compliance with legal requirements, Board of Education policies, and District administration guidelines. The legal level of budgetary control is the fund level. The District's budget must be adopted by June 30 prior to the budget year, but may be revised for any reason prior to January 31st of the budget year. Budgets are developed and monitored for compensation costs, utilities and other fixed costs at the District level, and for discretionary (site based) spending at the department or school level.

Staffing levels are authorized for each site and are tracked monthly to ensure usage within budgeted limits. On-line budget inquiry access is provided to each site's administrative staff, to allow monitoring of their discretionary budgets.

Budgetary control is also maintained through the use of an encumbrance accounting system. Encumbrances outstanding at year-end are not reported as expenditures in the financial statements for US GAAP purposes, but are reported as assignments of fund balance for subsequent years' expenditures based on the encumbered appropriation authority carried over. This system fosters responsible spending and allows site management to develop longer range spending plans. Schools' discretionary budgets also include a share of revenues generated from building rentals, and budgets contingent upon site management's compliance with District accountability policies. Under state law, each school is required to involve each employee group, the Board of Education, and the District Accountability Committee in the budget development process.

As required by accounting principles generally accepted in the United States of America, these financial statements present St. Vrain Valley School District RE-1J (the primary government) and its component units. As of June 30, 2019 there were six component units (Charter Schools). The inclusion or exclusion of component units is based on a determination of the elected official's accountability to their constituents, and whether the financial reporting entity follows the same accountability. Further, the financial statements of the reporting entity should enable the reader to distinguish between the primary government and discretely presented component units. The criteria used for determining whether an entity should be included — either blended or discretely presented — includes, but is not limited to fiscal dependency, imposition of will, legal standing, and the primary recipient of services.

As of June 30, 2019, the District's Board of Education has approved six charter schools. The six charter schools – Aspen Ridge Preparatory School; Carbon Valley Academy; Flagstaff Academy; Imagine Charter School at Firestone; St. Vrain Community Montessori School; and Twin Peaks Charter Academy – were operational during the year ended June 30, 2019. The respective members of the Charter Schools' Governing Boards are appointed separately from the District's Board of Education. The Charter Schools are deemed to be fiscally dependent upon the District since the District provides the majority of support to the Charter Schools in the form of per pupil revenue (PPR); therefore, the Charter Schools' financial information has been presented as discretely presented component units. No new charter applications were received during the fiscal year 2019.

The information included in the financial statements is perhaps best understood when it is considered from a broader perspective of the national, state and local environment within which the District operates.

#### **ECONOMIC CONDITION AND OUTLOOK**

#### National Economy

This summary of national economic conditions is derived from information posted on the Congressional Budget Office (CBO) website at <a href="www.cbo.gov">www.cbo.gov</a>. Specific documents cited are An Update to the Budget and Economic Outlook: 2019 to 2029; The CBO's Updated Economic Forecast for the 2019 to 2029 Period; and, The Effects of Tariffs and Trade Barriers in CBO's Projections.

Economic growth is expected to slow in 2019 to 2.3%, a rate that is below its long-run historical average. The CBO projects the federal budget deficit to expand to \$960 billion in 2019. Over the coming decade, deficits are expected to fluctuate between 4.4% and 4.8% of gross domestic product (GDP), well above the average over the past 50 years. As a result of those deficits, federal debt held by the public will reach its highest level since just after World War II and peak at 95% of GDP in 2029.

Both low unemployment and rising wages support strong labor market conditions in 2019. After 2019, annual output growth is projected to slow, averaging 1.8% annually – primarily because the labor force is expected to grow more slowly than it has previously. In addition, consumer spending and purchases of goods and services by federal, state, and local governments are also projected to grow at a slower pace.

Another factor expected to reduce the U.S. GDP by roughly 0.3% by 2020 are the higher trade barriers, in particular, the increase in tariff rates implemented by the United States and its trading partners beginning in January 2018. The tariffs increase domestic prices, thereby reducing the purchasing power of domestic consumers and increasing the cost of business investment. The tariffs impact business investment by increasing businesses' uncertainty about future barriers to trade and thus their perceptions of risks associated with investment in the United States and abroad. Tariffs impact the U.S. economic activity in several ways, including making consumer goods and capital goods more expensive, thereby reducing the purchasing power of U.S. consumers and businesses. In addition they prompt retaliatory tariffs by U.S. trading partners, which reduce U.S. exports by making them more expensive for foreign purchasers.

Total revenues as a share of GDP are projected to rise over the next decade, primarily because of the increase in individual income taxes. The largest of those increases stem from the expiration of certain provisions of the 2017 tax act at the end of 2025 and movement into higher tax brackets as taxable income increases. An increase in mandatory outlays (particularly Social Security and Medicare) is driven by the aging population and the rising costs of health care. Outlays for discretionary programs fall in relation to GDP because rates of inflation, which are used to project future funding, are lower than the rate of economic growth. Net interest costs rise because of accumulating debt and rising interest rates.

#### State Economy

The Colorado Outlook – September 2019 report by the Office of State Planning and Budgeting (OSPB) presents the OSPB forecasts for Colorado economic and demographic indicators. These include employment and unemployment, inflation, wages and income, population, and migration. A summary of this information is presented here. The full report can be found at <a href="https://www.colorado.gov">www.colorado.gov</a>.

Colorado's economy has strengthened in recent months, but growth is expected to slow over the forecast period. Employment and wage growth have been strong – encouraging consumer activity. However, the tight labor market is constraining business growth. Lower housing and energy price growth are reducing inflation.

General Fund revenue grew 7.3% in fiscal year (FY) 2018-19 and is expected to grow another 4.1% in FY 2019-20. The General Fund revenue projection for FY 2019-20 was revised down from the June forecast by \$144.1 million, or 0.3%, due largely to weaker growth expectations from corporate profits. The forecast for FY 2020-21 was reduced by \$109.5 million, or 0.8%. Continued economic growth and base-broadening tax policy changes will contribute to continued General Fund revenue growth throughout the forecast period.

Revenue subject to TABOR exceeded the Referendum C cap by \$428.3 million in FY 2018-19 and is projected to exceed the cap by \$348.1 million in FY 2019-20 and \$551.6 million in FY 2020-21. The FY 2018-19 surplus will be distributed to taxpayers via the Homestead Exemption and a temporary income tax rate reduction in FY 2019-20.

Colorado's job growth has accelerated, from an average of 3,600 jobs per month in the first quarter of 2019 to an average of 8,000 jobs per month in the second quarter. This represents the strongest quarterly job growth since 2016. Wage growth has slowed slightly over the same period, from 6.3% in January to 5.4% in July. Boulder, Colorado Springs, and Grand Junction are the metro areas experiencing the strongest job growth in the state.

During 2019 export activity in Colorado has declined amid escalating tariffs and trade policy uncertainty. The value of exports was down 6% through July as compared to 2018. Major exports from the state include beef, computers, other electronics, medical instruments, and aircraft parts. Colorado is the 49<sup>th</sup> most export-dependent economy in the nation; therefore, it may be more resilient to trade pressure than other states.

In FY 2018-19, the State Education Fund's year-end balance is projected to have fallen from its FY 2017-18 level of \$208.7 million to \$176 million. This decrease is the result of a higher level of State Education Fund expenditures in FY 2018-19, which reduced the need for General Fund appropriations for funding K-12 public education.

Risks to the budget outlook are balanced to the downside. State revenues are currently above the voter-approved revenue cap and are expected to remain steady throughout the forecast period, therefore better than expected economic conditions and revenue collections will not benefit the state. The state budget remains vulnerable to downside risks-an economic slowdown or recession could reduce revenue collections and result in less budget capacity.

#### Local Economy

As reported in the <u>City of Longmont's</u> 2018 Comprehensive Annual Finance Report, the population of Longmont, the largest community within the District, grew to 96,192 residents. The City's economic picture showed continued growth in 2018 with an increase in sales and use tax and an increase in primary jobs compared to 2017. The area unemployment rate was reported at 2.9% in December 2018, as compared to 3.0% in December 2017.

The City issued 373 building permits in 2018 for single-family residences; 244 permits were issued for multifamily units. In 2019, new construction permits for 124 single-family homes, 43 multi-family units, and 2 commercial/industrial properties have been issued through April. There were 150 new jobs created by new primary employers in the area. Longmont's primary employers represent a mixture of industries including: software, semiconductors, aerospace, biotech, energy, communications, and medical instruments.

An issue of importance to area businesses and the District alike is the availability of affordable housing. According to Kyle Snyder, Account Executive at First American Title, the cost of homes has been on the rise throughout Boulder County. Snyder predicts that home costs will continue to rise in 2019 with the average price of a single-family home being \$490,000, which is an approximate 6% increase from last year. In an attempt to address affordable housing shortages, in December 2018, Longmont City Council approved an ordinance imposing affordable housing requirements on builders and developers. The inclusionary housing ordinance generally requires that 12% of the available square footage in a new residential development be dedicated as units affordable to low-and moderate-income buyers and renters.

#### Continued Enrollment Growth

The District continues to grow in enrollment. Since 2009, enrollment growth has averaged just under 689 student per year with an annual average growth rate of 2.41%. This totals an increase of 6,888 students in the district since 2009. The Planning Department projects that enrollment will continue to increase by an average of approximately 322 students per year over the next five years, to 34,250 by the fall of 2023.

#### School Financial Issues

The primary revenue sources for the District are based on the current provisions of the Colorado Public School Finance Act of 1994, as amended yearly. Funding provided under this Act, which is from local property taxes, specific ownership taxes from vehicle registration, and state equalization, was approximately 83% of the District's Government wide general revenues for fiscal year 2018-2019.

The District received \$7,917 per funded pupil count (FPC) as per pupil revenue (PPR) for FY19. This compares to \$7,492 for FY18, an increase of \$425. In FY10, the year prior to large rescissions in per pupil funding, the District received \$7,109.

Although Colorado's economic growth is one of the top in the nation, portions of the state statutes are in conflict. These conflicts have the potential to cause issues with the state's budget, including funding to school districts. Because of the "Great Recession", the State of Colorado's ability to increase revenues and provide additional funding to school districts is limited due to Colorado Revised Statute X (the TABOR amendment). In contrast to that, Amendment 23 guarantees per pupil funding for school districts will increase by at least the cost of inflation. Combining those two statutes with the requirement of increased Medicaid coverage and necessary increases to higher education, transportation, and public safety cause significant issues with the State of Colorado's budget. It is unknown at this time how these conflicts will be resolved and the impact to school district funding.

In addition, the assessed property value revisions required by the 1982 Gallagher Amendment have continued to limit increases in the residential assessed values used to levy taxes for the District, even though actual property values for most residential properties are higher. This amendment requires that the residential property share of the total assessed value in the state be stabilized at approximately 45% of the total. However, by fixing the residential percentage share of property tax collections, an increasing portion of the taxes levied continues to be shifted to the commercial and nonresidential property owners. The most recent adjustment to the residential rate was to set the rate to 7.15%. The resulting effect on the District and State may potentially impact per-pupil revenue.

In November 2008, District voters approved a \$189 million bond for district-wide capital building repairs, infrastructure upgrades, the construction of a new high school in the Carbon Valley area, and the ability to respond to pockets of overcrowding in the District. Savings in the bond projects because of lower than anticipated construction costs helped the District expand the project scope.

The District voters also approved a \$16.5 million mill levy override in 2008. The override was for a fixed mill rate that will grow and fall with the District's assessed valuation. This override has been a significant factor in both mitigating state cuts and improving the District's educational performance. The District passed a second mill levy override in November 2012 to mitigate state cuts. The \$14.8 million 2012 mill levy request is also set as a fixed mill override. The 2012 override is being used to recruit and retain highly-qualified staff, maintain class sizes, standardize and refresh technology, expand early childhood education and provide additional support to District charter schools. The District now has short-term budget stability and good indicators for continued growth.

In November 2016, the Board of Education placed a \$260.34 million capital construction question on the ballot. Approximately 69% of the bond funds would go toward providing additional classroom space with the remaining 31% of the funds addressing school safety and security upgrades, repairs and renovations to existing school facilities. The November 2016 bond election passed with over 59% of the voters supporting the initiative. The District has completed approximately 83% of the identified projects – including

a new elementary school, a pre-k through 8 school, and a new state of the art innovation center – from the first series of bonds issued.

#### **MAJOR INITIATIVES**

In its continued efforts to increase student achievement and success, the District's Board and administrative leadership have developed a comprehensive District-wide plan including a hierarchy designed to ensure the success of every student. The strategic priorities of the hierarchy include strong district finances; a high functioning school board; strong/visionary leadership; outstanding teachers and staff; student and staff well-being; districtwide safety and security; cutting-edge technology and innovation; outstanding communication and collaboration with community and corporate partners; rigorous well-aligned standards, curriculum, instruction and assessment; and a portfolio of 21st century instructional focus schools and robust co-curricular opportunities. These areas of focus (strategic priorities) will support specific, measurable District goals in the areas of 1st grade school readiness, 3rd grade reading proficiency, 5th grade reading proficiency, 8th grade algebra participation and successful completion, PSAT and SAT achievement, enrollment in advanced coursework at the secondary level, and graduation rates.

Further, in order to enhance student achievement and ensure school and District accreditation, there will continue to be an emphasis on attracting and retaining superior teachers, administrators, and staff by offering a competitive compensation package and maintaining a safe, positive, and collaborative working environment. The District and the St. Vrain Valley Education Association agreed to implement a new salary schedule starting in the 2015-16 school year. The new salary schedule increased the base for new teachers, but stabilized the cost of recognizing a year of experience (step) in future years. This enables the District to increase the base salary of a new teacher more quickly in subsequent years. Beginning in the 2015-2016 school year, the starting base salary of \$35,000 has increased annually to \$43,500 for the 2019-2020 school year.

To achieve these goals, the District has made a concerted effort to seek grants, gifts and donations. The District was successful in the 2010 Investing in Innovation (i3) ARRA Grant competition and received \$3.6 million over five years, ending in December 2015. This grant expanded the implementation of, and investment in, innovative practices that are demonstrated to have an impact on improving student achievement or student growth, closing achievement gaps, decreasing dropout rates, and increasing high school graduation rates. Successful preliminary data results helped the District win the Race to the Top District (RTT-D) Grant award. St. Vrain Valley Schools were selected for a Race to the Top District award for \$16.6 million in December 2012. The purpose of this grant is improving student achievement, closing achievement gaps, decreasing dropout rates, and increasing high school graduation rates in the Skyline High School feeder group by focusing on STEM education, summer intervention, and individual academic plans. This is a four year grant that ended in July 2017. The District developed a sustainability plan for key personnel and operations to continue the essential aspects upon the conclusion of both the i3 and RTT-D grants.

In the 2013-14 school year, the District implemented its Learning Technology Plan (LTP). Through the LTP, students and teachers have the tools they need to **investigate**, **communicate**, **collaborate**, **create**, **model**, **and explore** concepts and content in authentic contexts. An essential part of the LTP is providing all secondary students with a take-home device. The use of this device has enabled learning to be extended to the home and potentially include the entire family. The devices were implemented in two middle schools in 2013-14, with the remaining middle school students receiving devices in 2014-15. Half of the high school students received devices in 2015-16, with the remaining secondary students receiving the devices in 2016-17. Elementary classrooms received a set of ten iPad minis in the 2017-18 school year. To date, the implementation has been extremely successful, and indicators are positive that the remaining implementation will enable the LTP to be a success. The District has moved to a lease-purchase model that refreshes all take-home devices to the same product, model, and software version to ensure student equity, staff and technical efficiencies, and ease of distribution.

In January 2013, in an attempt to slow rising health care costs, the District moved to a self-funded model. Districts of a similar size have implemented this model and reduced health care costs by retaining the premiums and paying out claims. In this situation, the District assumes some of the risk (although the District maintains both an individual stop loss policy and an overall aggregate stop loss policy), but also retains the premiums not paid out in claims or administrative fees. Generally most insurance companies are looking to achieve a claims loss ratio of 85%. The goal of the District is to retain those premiums to reduce future costs. Additional efforts to improve the quality of care offered include establishing relationships with local physicians and medical practices who provide high value services and improve patient outcomes. In January 2018, a third plan option was introduced that offered employees and their dependents access to direct primary care physicians outside of the traditional fee-for-service model. To date, it appears to have been successful in both employee satisfaction and in the reduction of overall costs.

Since 1997, all Colorado school districts have been required by State law to participate in the Colorado Student Assessment Program (CSAP and TCAP) which has now transitioned to Colorado Measures of Academic Success (CMAS). All public school students are given standardized tests in grades 3-11. The tests are designed to measure student achievement in relation to the Colorado Academic Standards. The standards are expectations specifying what students should know, understand and be able to do over a given timer period. CMAS provides a series of snapshots of student achievement in English Language Arts and mathematics as they move through grades 3-8. A separate grade 5, 8 and 11 science test is given at all schools, and a grade 4 and 7 social studies test is also administered to one-third of schools each year. A college entrance exam (SAT) is administered to all grade 11 students across Colorado, and a college readiness exam (PSAT) is administered to grades 9 and 10 students. CMAS and college entrance and readiness test results are an important part of statewide school accountability and accreditation. These – coupled with 1st grade readiness, 3rd grade reading levels, 5th grade reading levels, successful participation and completion in 8th grade algebra, secondary enrollment in advanced level courses, and the overall graduation rate – are indicators of the District's student achievement goals.

In 2001, the Colorado Department of Education (CDE) began assigning individual schools a rating based upon CSAP scores. The rating system was revised in 2009 for the 2010-11 fiscal year and was revised again for the 2016-17 fiscal year. Under the current plan, the State Board of Education adopts targets related to three key state performance indicators: (1) student achievement, (2) student academic growth, and (3) postsecondary and workforce readiness. Using the three key performance indicators, CDE assigns accreditation levels to districts and recommends school plan (accreditation) levels to districts, and produces a detailed data document for each school and district (School Performance Framework).

#### School Facilities

The continuing growth in student enrollment in the District requires ongoing construction to provide adequate District school facilities. The Planning Department projects that enrollment will continue to increase by an average of approximately 322 students per year over the next five years, to 34,250 by the fall of 2023.

The \$189 million bond passed in 2008 provided funds for two new schools that included Frederick High School and Red Hawk Elementary School, as well as additions and renovations to existing schools to increase capacity. Reduced costs due to favorable construction market conditions allowed the District to outperform on the 2008 bond initiative by \$22 million, and that money was used to fund other projects needed within the District.

With significant growth continuing to occur within the District, facility capacity once again became a priority. The Board of Education, based on recommendations by the Superintendent and a community task force, approved putting a \$260.34 million capital construction bond question on the November 2016 election ballot.

After selling \$200 million in bonds in December 2016, the District began the construction process on several buildings. The major initiatives derived from the Bond passage were two new elementary schools, a

Preschool through 8th grade school, a District-wide Innovation Center, and additions and renovations on other schools. Sixty-nine percent of the total Bond program is directed to relieve growth in the St Vrain area. To date, one elementary school, the pre-K through 8th grade school, and the Innovation Center opened in the Fall of 2018, and major additions and renovations to many schools have been completed. The District sold the remaining \$60.34 million in the Fall of 2018, allowing the District to begin projects to help enhance safety and security, educational programs, and building preservation.

Approximately 61% of district buildings are 30 years or older.

#### **District Awards and Recognitions**

The District has received numerous state, national, and international awards and recognitions. The awards include John Irwin Schools of Excellence Awards for the state's top 8% performing schools, numerous Governor's Distinguished Improvement awards, Colorado Trailblazer 'Schools to Watch' awards, Apple Distinguished School awards, and Colorado Succeeds Prizes for the state's top STEM School and for Transformative Impact in Technology-Enabled Learning. District schools have also received awards for co-curricular activities including fine arts, choir, band, orchestra, and athletics, and students from St. Vrain high schools have received scholarships from prestigious universities, foundations, and corporations, such as Boettcher, Daniels, and National Merit. In addition, St. Vrain has been named by the federal Office of Educational Technology as a Future Ready district, and has received recent accolades for its robust one-to-one Learning Technology Plan and its commitment to digital curriculum, including the International Society for Technology in Education (ISTE) District of Distinction award and the Consortium for School Networking Team Award. St. Vrain has also been recognized for its significant impact to the community as Innovative Business of the Year by the Boulder Chamber, the Chair Award by the Longmont Economic Development Partnership, and Large Business of the Year by both the Longmont Chamber and the Carbon Valley Chamber.

#### FINANCIAL INFORMATION

As of June 30, 2019, the District had a fund balance of \$124.2 million in the General Fund (including its sub-funds). The increase of \$3.7 million is primarily the result of increased revenues and conservative budgeting. As a result of the various classifications of fund balance, the ending unassigned General Fund balance is \$23.2 million.

Accounting Policies: Detailed descriptions of the District's accounting policies are contained in the Notes to Financial Statements on pages 33-81, and they are an integral part of this report. These policies describe the basis of accounting, funds and accounts used, valuation policies for inventories and investments, and other significant accounting information.

Per state statute, the District may amend the adopted budget for any reason prior to January 31. After January 31, the Board may amend the budget only as authorized by state law.

#### FINANCIAL AWARDS and ACKNOWLEDGMENTS

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended June 30, 2018. The District has achieved these prestigious awards consecutively since fiscal year ending June 30, 2004. In order to be awarded a Certificate of Achievement and a Certificate of Excellence, the District published an easily readable and efficiently organized comprehensive annual financial report. This report also satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

The Certificate of Achievement and Certificate of Excellence are valid for a period of one year. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement and Certificate of Excellence programs' requirements and we are submitting it to GFOA and ASBO, respectively, to determine its eligibility for another certificate.

The preparation of the Comprehensive Annual Financial Report on a timely basis could not be accomplished without the efficient and dedicated services of the team of professionals in the Financial Services Department, as well as the independent auditors, and other administrative staff called upon to provide information and assistance. We would like to express our appreciation to all staff members who assisted and contributed to its preparation, with special thanks to Comptroller Jane Frederick, CPA; Executive Director of Budget and Finance Tony Whiteley, CPA; Senior District Accountant Shelly Murphy; and, District Accountant Jennifer Orvis, without whom we could not have met our very aggressive timeline.

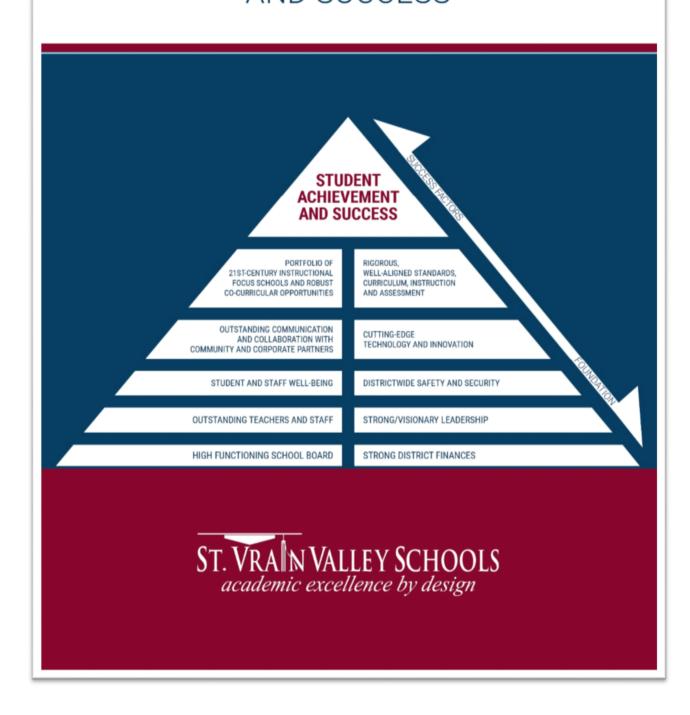

We would also like to thank the members of the Finance & Audit Committee and the Board of Education of the St. Vrain Valley School District RE-1J for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

Respectfully submitted,

(signatures on file)

Don Haddad, Ed.D. Superintendent of Schools Gregory A. Fieth Chief Financial Officer

#### INDEPENDENT AUDITORS' REPORT

Board of Education St. Vrain Valley School District RE-1J Longmont, Colorado

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the St. Vrain Valley School District RE-1J, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Aspen Ridge Preparatory School, Carbon Valley Academy, Flagstaff Academy, Imagine Charter School at Firestone, St. Vrain Community Montessori School and Twin Peaks Charter Academy, which are reported as and comprise 100 percent of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Aspen Ridge Preparatory School, Carbon Valley Academy, Flagstaff Academy, Imagine Charter School at Firestone, St. Vrain Community Montessori School and Twin Peaks Charter Academy were not audited in accordance with *Government Auditing Standards*.

1

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the St. Vrain Valley School District RE-1J as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the GASB required pension and OPEB schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the St. Vrain Valley School District RE-1J's basic financial statements. The combining and individual major and nonmajor fund financial statements and schedules and the Colorado Department of Education Auditor's Electronic Financial Data Integrity Check Figures Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining and individual major and nonmajor fund financial statements and schedules, the Colorado Department of Education Auditor's Electronic Financial Data Integrity Check Figures Report and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2019, on our consideration of St. Vrain Valley School District RE-1J's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of St. Vrain Valley School District RE-1J's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering St. Vrain Valley School District RE-1J's internal control over financial reporting and compliance.

# St. Vrain Valley School District RE-1J Management's Discussion and Analysis As of and for the Fiscal Year Ended June 30, 2019

As management of the St. Vrain Valley School District RE-1J, Colorado (the District), we offer readers of the District's Comprehensive Annual Financial Report this narrative and analysis of the financial activities of the District for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that can be found in the letter of transmittal and the financial statements of the District.

#### **Financial Highlights**

- The District reported a deficit net position of \$564.0 million at June 30, 2019, compared to the prior year's deficit net position of \$654.5 million, primarily due to its implementations of Governmental Accounting Standards Board's (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions, Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date An Amendment of GASB No. 68, and Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB), and recognizing its proportionate share of pension and OPEB liabilities \$592.1 million at June 30, 2019 a net decrease of \$596.3 million dollars.
- Total net position of the District increased \$90.5 million during the year ended June 30, 2019, primarily due to recognizing net income of \$52.5 million for its proportionate share of the pension and OPEB expenses under GASB Statements No. 68 and 75.
- Fund balance of the District's governmental funds increased from an ending fund balance of \$308.6 million at June 30, 2018 to \$330.3 million for fiscal year ended June 30, 2019. The increase is primarily due to the issuance of the remaining \$60.34 million of 2016 voter-approved general obligation building bonds for community-wide facility, instructional and safety improvements as well as construction of new schools.
- During the current year, the fund balance in the District's General Fund increased by \$3.7 million leaving an ending fund balance of \$124.2 million. Despite a planned spend down of fund balance, the increase is primarily due to the out performance of the budget as well as another capital technology lease.
- With the completion of a newly constructed PK-8 school as well as a state-of-the-art Innovation
  Center at the beginning of the fiscal year, the District continued numerous construction projects
  at several sites including classroom additions and major renovations to provide its growing
  student population with rigorous academics in safe and innovative environments that foster
  learning and student development.

#### Overview of the Financial Statements

Management's discussion and analysis is intended to serve as an introduction to the District's basic financial statements. Comparison to the prior year's activity is provided in this document. The basic financial statements presented on pages 19-81 are comprised of three components: 1.) Government-wide financial statements, 2.) Fund financial statements, and 3.) Notes to financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide the reader of the District's Comprehensive Annual Financial Report a broad overview of the financial activities in a manner similar to a private sector business. The government-wide financial statements include the statement of net position and the statement of activities.

The statement of net position presents information about all of the District's assets, liabilities, and deferred outflows/inflows. The difference between assets plus deferred outflows and liabilities plus deferred inflows is reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the net position of the District changed during the current fiscal year. Changes in net position are recorded in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement even though the resulting cash flow may be recorded in a future or past period.

The government-wide financial statements distinguish functions of the District that are supported from taxes and intergovernmental revenues (governmental activities), and other functions that are intended to recover all or most of their costs from user fees and charges (business-type activities). Governmental activities consolidate governmental funds including the *General Fund, Bond Redemption Fund, Building Fund,* nonmajor capital projects and special revenue funds, and an internal service fund. The District has no business-types activities.

Also presented on the government-wide financial statements are component units, representing the District's six charter schools. The charter schools are legally separate entities with their own appointed independent governing boards. They are financially dependent on the District for most of their funding, and their applications and budgets must be approved by the District. In addition, because of their potential to provide financial benefit to, or impose financial burden on, the District, accounting principles prescribe a discrete presentation of the component units, meaning separate presentation from the primary government. The government-wide financial statements can be found on pages 19-21 of this report.

#### **Fund Financial Statements**

Fund financial statements are designed to demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements for the District include three fund types. The fund types presented here are governmental, proprietary, and fiduciary.

Governmental funds account for essentially the same information reported in the governmental activities of the government-wide financial statements. However, unlike the government-wide statements, the governmental fund financial statements focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financing requirements in the near term.

Since the governmental funds and the governmental activities report information using the same functions, it is useful to compare the information presented. Because the focus of each report differs, a reconciliation is provided on the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs.

The District maintains nine different governmental funds. The major funds as of June 30, 2019 are the *General Fund*, the *Bond Redemption Fund*, and the *Building Fund*. They are presented separately in the fund financial statements with the remaining governmental funds combined into a single aggregated presentation labeled Nonmajor Governmental Funds. Individual fund information for the nonmajor funds is presented as other supplemental information elsewhere in this document. The basic governmental fund financial statements can be found on pages 22-25 of this report.

The District maintained one type of proprietary fund, an internal service fund. Internal service funds are used to accumulate and allocate costs internally among the governmental functions. The District has one internal service fund, the *Self Insurance Fund*, which is used to account for specific medical and dental plans. The basic proprietary fund financial statements are presented on pages 27-29 of this report.

The District has been the fiduciary for assets that are held in trust and administered by an agreement. The District is responsible for ensuring that the assets reported in this fund are used only for intended purposes and used by those to whom the assets belong. Fiduciary funds are not reported in the government-wide

financial statements because the resources of those funds are not available to support the District's own programs. The basic fiduciary fund financial statements are presented on pages 30-31 of this report.

#### Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes can be found on pages 33-81 of this report.

#### Other Information

The District adopts an annual appropriated budget for each of the governmental funds. A budgetary comparison schedule for the *General Fund* is included as required supplementary information (RSI) in the financial statements to demonstrate compliance with the adopted budget. Also included in the RSI are the required schedules resulting in the implementation of GASB Statements No. 68 and No. 75. The remaining governmental funds budgetary comparisons are reported as other supplemental information. Combining and individual fund statements and schedules can be found on pages 84-115 of this report.

#### Government-wide Financial Analysis

The assets of the District are composed of current assets, other noncurrent assets, and capital assets. Cash and investments, receivables, prepaid items, deposits, and inventories are current assets. These assets are available to provide resources for the near-term operations of the District. Ninety-four percent of the current assets are cash and investments.

Other noncurrent assets include restricted cash and investments. Capital assets are used in the operations of the District. These assets are land, buildings, and equipment. Capital assets are discussed in greater detail in the section titled, *Capital Assets and Debt Administration*, later in this analysis.

For refunding of debt resulting in defeasance, deferred outflows of resources are the differences where the net carrying value of the old debt is less than the reacquisition price.

Current and noncurrent liabilities are determined based on anticipated liquidation either in the near-term or in the future. Current liabilities include accounts payable, accrued salaries and benefits, claims payable, unearned revenues and current debt obligations. The liquidation of current liabilities is anticipated to be either from current available resources, current assets or new resources that become available during fiscal year 2020.

Long-term liabilities such as long-term debt obligations and compensated absences will be liquidated from resources that will become available after fiscal year 2020. Also included in longer term liabilities are the District's proportionate shares of the pension and OPEB liabilities. Although multiple participating employers are required to report their proportionate shares of these liabilities, Senate Bill 18-200 was enacted in June 2018, restructuring contributions, benefits and future eligibility requirements which, thereby, will restore the full funding of these plans within 30 years. Also, beginning July 2018, the State of Colorado is required to make annual direct on-behalf payments to the state retirement system. In accordance with accounting principles generally accepted in the United States of America (US GAAP), the District not only recognizes the State's proportionate share of the pension liability associated with the District at the government-wide level, but also recognizes its share of the State's required payment as revenue and expenditures at the fund level.

Due to the implementation of GASB Statements No. 68 and No. 75, deferred outflows of resources and deferred inflows of resources can result from the net difference between expected and actual experience, projected and actual earnings on pension plan investments, changes in the District's proportionate of the pension and OPEB liabilities, changes of assumptions, as well as contributions made by the District to Colorado Public Employees' Retirement Association's (PERA) after PERA's measurement date.

As of June 30, 2019, the liabilities plus deferred inflows exceed assets plus deferred outflows of the primary government's governmental activities by \$564.0 million with an unrestricted deficit net position of \$701.7 million. For four of the ten prior fiscal years, the District was able to report positive balances in all three categories of net position. In the previous four fiscal years as well as the current fiscal year – due to the implementation of GASB Statements No. 68 and No. 75 – the District has reported a negative unrestricted net position.

The completion of a new PK-8 school and Innovation Center from 2016 voter approved bonds contributed to the \$35.1 million increase in "net investment in capital assets" – from \$23.3 million to \$58.4 million – for the primary government's governmental activities. The increase in capital assets (\$18.1 million) plus the increase of *Building Fund's* cash and investments (\$15.9 million) combined with the net decrease of related liabilities (\$7.9 million) exceeded the decreased deferred outflow of resources related to debt (\$6.8 million). Refer to Note 5 (Capital Assets) and Note 7 (Long-Term Debt) for detailed information.

Colorado Revised Statute Article X, Section 20 (Taxpayer Bill of Rights (TABOR)) requires the District to establish reserves. The net position restricted for TABOR, as required by statute, increased \$596 thousand to \$10.5 million as of June 30, 2019. Net position restricted for debt service decreased \$8.8 million resulting in a total of \$54.5 million.

The \$250.6 million net decrease in liabilities plus deferred inflows of resources is attributable to the District recognizing its net decreased proportionate share of a pension liability of \$563.9 million and OPEB liability of \$28.2 million. Refer to Note 9 (Defined Benefit Pension Plan) and Note10 (Defined Benefit OPEB Plan).

Table 1 provides a summary of the District's net position as of June 30, 2019 compared to June 30, 2018.

#### **Government-wide Activities**

Governmental activities increased the net position of the District \$90.5 million during the year ended June 30, 2019. While general revenues increased \$19.4 million and program revenues increased \$4.7 million, the District's recognition of its proportionate share of the pension income and OPEB expense under GASB Statements No. 68 and No. 75 primarily contributed to overall increase in net position. Table 2 provides a summary of the District's change in net position for 2019 compared to 2018.

<sup>\*\*</sup> The restatement above includes the change in accounting principle due to the implementation of GASB Statement No. 75, *Defined Benefit OPEB Plan* during fiscal year 2018.

The governmental activities' total assets increased by \$36.2 million and deferred outflows of resources decreased \$196.4 million attributed to the following elements:

Table 3

|                                |                   |                   |                     |

The \$13.9 million increase in cash and investments (which includes unrestricted and restricted cash and investments) is primarily due to the cash inflow from the issuance of remaining 2016 voter-approved bonds for capital construction. The \$629 thousand decrease in cash with fiscal agent is due to less money collected by the county treasurers during June.

The \$219 thousand net increase in accounts receivable and due from component units is primarily due to the difference in timing of June-related services not collected until after fiscal year end. The \$727 thousand increase in grant activity is primarily due to the BEST grant reimbursement requests approved after June. The increase in interest receivable is due to the addition of a sweep account during the fiscal year and the timing of its related interest receipts in the General Fund. Taxes receivable, net of an estimated uncollectible taxes, increased \$3.5 million due to increased property tax activity and large current year abatements. The net \$36 thousand increase in prepaid items and deposits is the result of a new prepaid maintenance agreement offset by the current year's portion of expenses incurred. The \$334 thousand increase in inventories is primarily due to the expansion of Operation's and Transportation's inventories to meet their maintenance needs. The \$56.5 million decrease in non-depreciable capital assets reflects the net transfers out of completed construction projects in progress during the year. Depreciable capital assets increased \$74.6 million primarily due to the completion of two newly constructed buildings at the beginning of the fiscal year.

Deferred outflows of resources are due to two factors: debt defeasance and the pension and OPEB liabilities. The \$6.8 million decrease is the current year amortization, on an effective interest method, related to debt. The difference between expected and actual experience, changes in assumptions, the net difference between projected and actual earnings on pension and OPEB plan investments, changes in proportion and differences between contributions recognized and proportionate share of contributions, as well as contributions made by the District after the plan's measurement date resulted in the combined decrease of deferred outflows of \$189.6 million.

The governmental activities' total liabilities decreased by \$603.6 million and deferred inflows of resources increased \$352.9 million as follows:

Table 4
Comparative Schedule of Liabilities & Deferred Inflows of Resources
of Governmental Activities
As of June 30, 2019 and 2018

|  |      |               |    |               |    | Increase      |
|--|------|---------------|----|---------------|----|---------------|
|  | 2019 |               |    | 2018          |    | (Decrease)    |
| Accounts payable                         | \$   | 11,714,219    | \$ | 19,488,278    | \$ | (7,774,059)   |
| Retainage payable                        |      | 743,149       |    | 4,585,997     |    | (3,842,848)   |
| Accrued salaries, benefits, withholdings |      | 23,074,846    |    | 21,121,938    |    | 1,952,908     |
| Accrued interest payable                 |      | 1,066,226     |    | 1,023,539     |    | 42,687        |
| Claims payable                           |      | 2,379,403     |    | 2,553,292     |    | (173,889)     |
| Unearned revenues                        |      | 1,114,669     |    | 419,244       |    | 695,425       |
| Noncurrent liabilities                   |      |               |    |               |    |               |
| Due within one year                      |      | 40,190,292    |    | 30,677,880    |    | 9,512,412     |
| Due in more than one year                |      | 561,014,310   |    | 568,635,055   |    | (7,620,745)   |
| Pension liability                        |      | 563,918,679   |    | 1,161,892,447 |    | (597,973,768) |
| OPEB liability                           |      | 28,164,275    |    | 26,532,775    |    | 1,631,500     |
| Total liabilities                        | \$   | 1,233,380,068 | \$ | 1,836,930,445 | \$ | (603,550,377) |
| Deferred inflows of resources            |      |               |    |               |    |               |
| Related to pension                       | \$   | 423,872,126   | \$ | 70,545,233    | \$ | 353,326,893   |
| Related to OPEB                          | Ψ    | 42,871        | Ψ  | 443,895       | Ψ  | (401,024)     |
| Notated to Of ED                         | \$   | 423,914,997   | \$ | 70,989,128    | \$ | 352,925,869   |
|  | Ψ    | 720,017,001   | Ψ  | 70,303,120    | Ψ  | 002,020,000   |

Accounts payable decreased by \$7.8 million and retainage payable decreased by \$3.8 million, primarily due to the completion of capital construction projects for community-wide improvements as part of the 2016 voter approved bonds. Accrued salaries, benefits and payroll withholdings increased \$1.95 million due to salary increases, benefit increases, and growth in the number of employees. The \$43 thousand increase in accrued interest reflects the decreased bond interest due by the District because of the pay down of debt. The \$174 thousand decrease in claims payable is due to the reduced lag time and resulting decreased medical and dental insurance claims liability within the internal service fund. Refer to Note 8 (Risk Financing). The \$695 thousand increase in unearned revenues is due to a state safety and security grant advance received late in June. The net increase of \$1.9 million in noncurrent liabilities due within one year and due in more than one year are primarily due to issuance of the remaining authorized 2016 bonds during the year. Refer to Note 7 (Long-Term Debt). The decrease in pension and increase OPEB liabilities is due to recognizing the District's net decreased proportionate share of the pension and OPEB liabilities, along with its share of the State's on-behalf payment. Refer to Note 9 (Defined Benefit Pension Plan) and Note 10 (Postemployment Benefits Other Than Pension (OPEB)).

Deferred inflows of resources related to pensions and OPEBs net increase of \$352.9 million primarily due to the changes in assumptions or other inputs under GASB Statements No. 68 and No. 75.

The primary source of operating revenue for school districts comes from the School Finance Act of 1994 (SFA). Under the SFA, after the budget stabilization 'negative' factor was applied, the District received \$7,917 per funded pupil. For the fiscal year ended June 30, 2019, the funded pupil count was 30,188.5, a growth rate of 0.5% over the prior fiscal year. Funding for the SFA comes from real estate property taxes, specific ownership personal property tax and state equalization. For fiscal year 2019, SFA per pupil funding increased by \$425 per student.

The statement of activities shows the cost of program services and the charges for services, grants, and contributions offsetting those services. Table 5 shows the total cost of services and the net cost of services for governmental activities.

|  | \$<br>335,832                      | \$      | 591,631                      | \$                   | 274,198                      | \$ | 534,725                      |  |  |

Key elements of the governmental activities are as follows:

- The cost of all governmental activities this year was \$335.8 million compared to \$591.6 million last year. Interest expense decreased by \$10.8 million primarily due to the amortization of the bond interest premiums on an effective interest method.
- About \$25.5 million of the cost of services was financed by the users of the District's programs in the form of charges for services, an increase of \$1.2 million from 2018. The increase combines the increased participation in tuition and fee based program activities.
- The federal and state governments subsidized certain programs with grants and contributions in the amount of \$36.1 million, an increase of \$3.5 million from fiscal year 2018. New state funded grants and the District's recognition of its proportionate share of the State's on-behalf payment to the state retirement system contributed to the increase.
- The majority of the District's net cost of services, \$274.2 million, was financed by State and District taxpayers.
- General revenues accounted for \$364.7 million in revenue which was 85.5% of all revenues. Program specific revenues in the form of charges for services and sales, grants, and contributions, accounted for \$61.6 million or 14.5% of total revenues of \$426.3 million. These percentages reflect a shift of 0.3% of total revenue from general to program specific revenues.
- The *Building Fund*'s issuance of bonds offset by the Bond Redemption's increased debt payments primarily contributed to the increase in change in net position for governmental activities.

#### Financial Analysis of the District's Governmental Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus on the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$330.3 million, an increase from the prior year ending balance of \$308.6 million. As noted earlier, the fund balance increase was primarily driven by the issuance of the remaining 2016 authorized bonds.

Among major funds, the *General Fund* is the chief operating fund of the District. The *General Fund* had \$316.6 million in revenues, and \$315.6 million in expenditures. The *General Fund*'s fund balance increased \$3.7 million to \$124.2 million. The increase is primarily the result of increased revenues including the District's share of the State's on-behalf payment to the retirement plan, conservative budgeting and the financing sources from a new capital lease arrangement. The *General Fund* realized large property tax abatements during the year and received even more revenue than anticipated due to the sale of retired iPad minis and increased e-rate revenues. Several factors resulted in expenditures being lower than budgeted. The District realized savings in payroll salary expenditures due to the amount of time necessary to replace employees leaving the District and delaying the replacement of non-critical employees who left near the end of the school year. Benefits exceeded budget due to the required recognition of the expenditures related to the District's share of the State's on-behalf payment. Due to the outperformance of utilities and operations as well as the timing of technology and textbook purchases, these factors also helped to increase *General Fund* balance.

Significant differences between the *General Fund's* adopted and amended budgets are due to a \$4.4 million increase in property taxes and mill levy override dollars due to increased assessed property values; \$7.2 million decrease in state equalization due to the increased locally assessed property values, net of a \$4 million one-time additional allocation from the *General Fund* to the *Capital Reserve Capital Projects Fund;* \$1.4 million increase due to higher than projected specific ownership taxes; \$1.1 million increase in charges for service due to the increased participation in preschool and full-day kindergarten tuition-based programs; \$1.1 million increase in miscellaneous revenue due to the expected sale of retired iPad minis and rising erate revenues; \$1.5 million increase in purchased services for additional school resource officers as well as increased insurance premiums and coverage; \$4.0 million decrease in supplies due to the reallocation of resources to cover debt service payments related to technology leases; \$3.0 million increase in capital outlay due to the inception of another technology lease; \$1.0 million increase in other contingency expenditures related to a new Project Launch literacy program; \$2.2 million decrease in charter school allocations due to actual enrollment being less than initial projections.

The fund balance of the *Bond Redemption Fund* had a decrease of \$9.8 million, resulting in a balance of \$52.8 million as of June 30, 2019. Using some of its fund balance, the District frontloaded the principal payment of its new bond series which ultimately saves taxpayers money. The *Bond Redemption Fund* has adequate resources accumulated to make the December 2019 principal and interest payments. The mill levy to accumulate resources for the June 2020 interest payment will be certified in December 2019. In October 2018, the District issued the remaining \$60.34 million 2016 voter-approved bonds.

The *Building Fund* is used to record the proceeds, interest revenue and corresponding construction expenditures for bonds. The fund balance increased \$24.0 million due to issuance of bonds to continue major capital construction projects. The District completed the construction of a new PK-8 school and Innovation Center at the beginning of the fiscal year. In addition, many elementary schools were renovated to provide a more secure entrance and to add classrooms to increase capacity. Two middle schools and three high schools were renovated to add classrooms to also increase capacity.

#### **Capital Assets and Debt Administration**

Capital Assets. The District's investment in capital assets for its governmental activities as of June 30, 2019 is \$518.2 million (net of accumulated depreciation). Capital assets include land and improvements, buildings and improvements, water rights, projects in progress, and equipment. The District's investment in capital assets, net of accumulated depreciation, increased for the current fiscal year by \$18.1 million. Major capital events during the year included the completion construction of a second new school and Innovation Center, which opened in the fall of 2018. In addition, many elementary schools were renovated to provide a more secure entrance and to add classrooms to increase capacity. Two middle schools and three high schools were renovated to add classrooms to also increase capacity.

Table 6 shows fiscal year 2019 capital assets compared to 2018.

|                       |              |         |        |          |  |              |          |   |             |

Additional information on the District's total capital assets can be found in Note 5 beginning on page 48.

Debt Administration. The District was assigned an underlying rating of AA+ from Standard & Poor's Financial Services and Aa2 from Moody's Investors Service for its general obligation refunding bond issues in October 2018. The custodian and paying agent for all of the District's bond debt is UMB Bank in Denver, Colorado. Total long-term debt outstanding as of June 30, 2019 as compared to June 30, 2018 is shown in Table 7. State statutes limit the amount of general obligation debt that the District may issue. At the end of the current fiscal year, the legal debt limit was \$688 million and the legal debt margin was \$139 million.

Table 7
Comparative Schedule of Outstanding Debt
As of June 30, 2019 and 2018
(in Thousands)

|                          |               |               | lı | ncrease  |

Additional information on the District's total bonded debt can be found in Note 7 beginning on page 50 of this report.

#### Factors Bearing on the District's Future

The District continues to receive strong community support. It has strong ties to the municipalities, businesses, and industry. In November 2008, the Board referred ballot questions to District voters for both a mill levy override (MLO) increase of \$16.5 million and a bond issue of \$189 million. The voters approved both measures by a strong margin. The additional MLO funding came at the time of the country's Great Recession. The 2008 bond revenues were efficiently managed to accomplish the stated improvements and additions, as well as provide additional renovations to District facilities.

In November 2012, the Board referred a \$14.8 million mill levy override ballot question to District voters. This override helped the District continue the gains realized from the 2008 MLO and avoid large class size increases and program cuts despite cuts in state per pupil funding since 2010. The voters approved the 2012 MLO measure by a strong margin notwithstanding the fact that the economy was just coming out of a multiyear recession. Additionally, the revenue has supported the enhancement of the District Learning Technology Plan and the expansion of preschool options.

The two mill levy overrides are projected to generate about \$56.8 million in fiscal year 2019-2020. This amounts to more than \$1,700 per student. These mill levy overrides are fixed mills so the revenues grow as assessed valuation increases. In addition, the mill levy overrides do not sunset.

With significant growth occurring within the District, facility capacity once again became a priority. The Board of Education, based on recommendations by the Superintendent and a community task force, approved putting a \$260.34 million capital construction bond guestion on the November 2016 election ballot. Voters once again showed their support by passing the measure. Approximately 68 percent of these funds will go toward providing additional classroom space with the remaining 32 percent of the funds addressing school safety and security upgrades, repairs and renovations to existing school facilities. In December of 2016, the District issued an initial \$200 million of general obligation debt pursuant to the 2016 authorization, and realized another \$23.6 million in premium. Based on the District's current spend down plan on the 2016 constructions projects, and the need for additional funding, the District sold the remaining \$60.34 million on September 19, 2018. The sale on September 19 was for a 5-year bond maturity, shortened from what was initially planned to be a 14-year schedule. The Series 2018 bonds carried yields of 1.72 percent to 2.21 percent, which combined with the rates locked in at the time of the sale of the initial \$200 million in December 2016, provided a net interest cost of 3.57 percent for the full issue. The final piece of the 2016 bond authorization has been sold, and compared to the ballot numbers that voters approved the total amount of principal and interest to be repaid on these bonds is over \$21 million less than voters approved in 2016.

The District was one of four in the state to apply for and receive approval to provide a P-TECH (Pathways in Technology) program. The initial program allows Skyline High School students the opportunity to take college coursework and achieve an Associate degree in a Computer Information Systems discipline. There is no cost to the student and they can earn up to 62 college credits through the program. The District has subsequently added a new P-TECH program at Frederick High School for students to achieve an Associate degree in Biomedical Sciences. The District is also looking to add a Cybersecurity P-TECH program at Silver Creek High School in the 2020-2021 school year.

In addition, the District also recently added a P-TEACH program. This program is designed to provide post-secondary opportunities to students who are interested in a career in the education field. The coursework is designed to introduce students to the teaching profession both in the classroom and in internships.

During the 2018-2019 school year, the District also implemented "Project Launch", a kindergarten through 2<sup>nd</sup> grade program designed to extend the school year for students who are not reading at grade level proficiency. The goals were to provide targeted instructional during the month of June to increase proficiency, reduce the "summer slide" due to students not being in school, and begin the next school year at a better starting point. Early indications are that the program has been successful, and the District is currently planning to continue the program in the 2019-2020 school year.

The District has experienced strong growth in student enrollment from fiscal years 2010 through 2019, ranging from 0.67% to 4.53%. The October 2018 headcount was 218 more students than the previous year,

a 0.67% increase. Current projections reflect an estimated annual growth rate of between 1.07% and 2.07% over the next five years.

The District has provided increases in employee compensation for each of the 2005 through 2019 budget years. The mill levy overrides passed by the community, along with the operating efficiencies implemented by the District have improved the District's starting and average teacher salaries. The District and its Education Association agreed to a new salary schedule concept for certified personnel for the 2015-2016 fiscal year. The salary schedule increased the base salary, but also stabilized the cost of providing an experience step for teachers. The concept of the new salary schedule is to increase the base salary of a new teacher more quickly than the previous salary schedule. Beginning in the 2015-2016 school year, the starting base salary of \$35,000 has increased annually to \$43,500 for the 2019-2020 school year. In combination with test score improvements, national recognition, and a stable, supportive School Board, the District continues to receive a strong response of qualified applicants for open positions.

Strong administrative leadership, a stable and supportive School Board, the vibrant and growing District population, an emphasis on positive relationships with businesses and stakeholders, and conservative financial management have combined to make St. Vrain Valley Schools one of the top achieving Districts in Colorado. Evidence in support of this claim include John Irwin Schools of Excellence Awards for state's top 8% performing schools as well as numerous Governor's Distinguished Improvement Awards and Colorado Trailblazer 'Schools to Watch' Awards

To enhance learning opportunities for our students, the District started an in-District online school and opened a homeschool program. The initial pupil count for 2014 in these two programs exceeded 700 students. For 2019-2020, that number is estimated to be more than 930 students. In addition, the District has applied for and received numerous grants and continues to actively seek grants and corporate sponsorships. In early August 2010, the U.S. Department of Education notified the District that it had been selected for a \$3.6 million development grant, payable over five years, under the 2010 Investing in Innovation Fund (i3) competition. Out of 1700 applicants, the District received the highest score nationwide on its application and was one of 49 chosen to receive grant funds. The District's grant plan focused on expanding programs for at risk students in seven schools. The i3 grant ended in the 2015-2016 school year, but key personnel and operations remain as the District developed a sustainability plan. In November 2012, the District also received one of the first round of Race to the Top grants from the federal government. This grant provided \$16.5 million dollars over four years. It was developed to create and implement more STEM curricula into the lower socio-economic schools within the District. That grant ended in July of 2017, and the District has developed a sustainability plan for key personnel and operations.

Although Colorado's economic growth is one of the top in the nation, portions of the state statutes are in conflict. These conflicts have the potential to cause issues with the state's budget, including funding to school districts. Because of the "Great Recession", the State of Colorado's ability to increase revenues and provide additional funding to school districts is limited due to Colorado Revised Statute X (the TABOR amendment). In contrast to that, Amendment 23 guarantees per pupil funding for school districts will increase by at least the cost of inflation. Combining those two statutes with the requirement of increased Medicaid coverage and necessary increases to higher education, transportation, and the Department of Correction, causes significant issues with the State of Colorado's budget. The State of Colorado and its school districts were impacted with reduced revenues. It is unknown at this time how these conflicts will be resolved and the impact to school district funding.

Another constitutional amendment that will impact the state's funding, as well as special districts including school districts, is the 1982 Gallagher Amendment. The assessed property value revisions required by the 1982 Gallagher Amendment have continued to limit increases in the residential assessed values used to levy taxes for the District, even though actual property values for most residential properties are higher. This amendment requires that the residential property share of the total assessed value in the state be stabilized at approximately 45% of the total. However, by fixing the residential percentage share of property tax collections, an increasing portion of the taxes levied continues to be shifted to the commercial and nonresidential property owners. This reduction in residential property tax revenues also requires the state to commit other revenues to fulfill the School Finance Act (per pupil funding). The most recent adjustment to the residential rate was to set the rate to 7.15%.

The fiscal year 2019 is Dr. Don Haddad's eleventh year as the Superintendent of Schools. He has been recognized multiple times on the national level, including the 2013 National Superintendent of the Year award from the National Association of School Superintendents. He continues to develop strong relationships with business, industry, and community leaders throughout the District. He is united with his administration, staff, and the Board of Education in the mission and strategic priorities for the District.

The fiscal year 2019 is the District's eleventh year of operating Leadership St. Vrain, a formal training program providing community members an opportunity to obtain a foundation in district operations, finances, and governance and become more effective participants in school district affairs.

#### Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances, and to demonstrate the District's accountability for the money it receives and spends. If you have questions about this report or need additional information, please contact the Financial Services Department, St. Vrain Valley School District, 395 South Pratt Parkway, Longmont, Colorado 80501. Additional information is available at <a href="https://www.svvsd.org">www.svvsd.org</a>.

Additionally, readers may also wish to review separately issued audit reports of each of the component units to gather additional information related to the charter schools. Those requests should be made directly to the charter schools.

#### Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position June 30, 2019

Amounts reported for governmental activities in the statement of net position are different because:

| Governmental funds total fund balances   | \$ | 330,337,501   |
|--|----|---------------|
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.  |    | 518,208,606   |
| Deferred outflows from refunding debt are not considered current financial resources and, therefore, not reported in the governmental funds  | ;  | 10,956,852    |
| Premium on issuance of bonds is recognized as other financing source in the governmental funds but are deferred in the statement of net position.  |    | (41,787,573)  |
| Long-term liabilities, including capital leases (\$5,617,282), compensated absences (\$5,109,747), bonds payable (\$548,690,000), related accrued interest (\$1,066,226) and claims payable (\$228,525) are not due and payable in the current period and, therefore, are not reported in the funds. |    | (560,711,780) |
| Pension liability (\$563,918,679), OPEB liability (\$28,164,275) and related deferred inflows (\$423,914,997) and deferred outflows \$179,450,429 are not considered current and, therefore, not reported in the funds.  |    | (836,547,522) |
| Deferred property tax inflows will be collected but are not available to pay for the current period's expenditures and, therefore, are not recorded as revenue in the funds.   |    | 9,014,806     |
| Internal service funds are used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.   |    | 6,494,703     |
| Net position of governmental activities  | \$ | (564,034,407) |

# Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2019

Amounts reported for governmental activities in the statement of activities are different because

| Net change in fund balances of governmental funds   |   | \$ | 21,780,583   |
|---|---|----|--------------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over the estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.   |   |    |              |
| Depreciation expense Capital outlay - capitalized Net effect of disposed capital assets   | (21,792,055)<br>39,981,035<br>(78,739)  |    | 18,110,241   |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.  |   |    |              |
| Current year amortization of premium on bond issue Current year amortization of deferred outflows Long term portion of claims payable Change in deferred property tax accrual less abatements   | 19,637,589<br>(6,757,041)<br>20,411<br>3,409,360                                  |    | 16,310,319   |
| In the statement of activities, certain accrued sick leave and vacation benefits are measured by the amounts earned during the year. However, in the governmental funds, expenditures for this item are measured by the amount actually paid. This year, the amount of accrued sick and vacation leave increased as follows:  Accrued annual leave earned during the year Accrued vacation earned during the year | (1,734,692)<br>(500,106)  |    |              |
| Accided vacation earned during the year  Amount paid during the year  | 513,204   |    | (1,721,594)  |
| Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position Repayment of bond and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Following are the net effect of these differences.                                |   |    |              |
| Issuance of bonds Premium received on issuance of bonds Bond principal payments Accrued interest expense on bonds Long-term lease additions Long-term lease payments  | (60,340,000)<br>(3,415,401)<br>42,730,000<br>(42,687)<br>(2,743,210)<br>3,960,949 |    | (19,850,349) |
| Pension and OPEB expenses related to the cost-sharing multiple-employer defined benefit pension fund, net of contributions, are recognized on a government-wide basis and not included in the fund statements.  |   |    |              |
| Pension income Pension contributions OPEB expense OPEB contributions  | 53,120,970<br>1,232,066<br>(638,989)<br>65,692                                    |    | 53,779,739   |
| Internal service funds used by management to charge the costs of insurance to individual funds are not reported in the statement of activities. The net revenue (expense) of the liquidated internal service fund is reported with governmental activities.   |   |    | 2,047,413    |
| Change in net position of governmental activities   |   | ¢  | 90,456,352   |
| g- ··· ·· position of governmental administra   |   | φ  | 30,430,332   |

#### Notes to Financial Statements

June 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of St. Vrain Valley School District RE-1J (the District) in the Counties of Boulder, Larimer, and Weld, and the City and County of Broomfield, have been prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP) as applied to governmental units. The more significant of the District's accounting policies are described below.

#### **Reporting Entity**

St. Vrain Valley School District RE-1J, formed in 1961, is a political subdivision and corporate body of the State of Colorado. The District operates under a seven-member publicly elected board of education. Geographically diverse, the 411 square miles served by the District extends from the Continental Divide out into the agriculture plains. Parts of four counties (Boulder, Broomfield, Larimer and Weld) fall within the District's boundaries. The District also serves thirteen different communities: eastern Boulder, Broomfield, Dacono, Erie, Firestone, Frederick, Hygiene, Longmont, Lyons, Mead, Niwot, Peaceful Valley and Raymond. The District, the seventh largest in the state of Colorado, has 1 standalone early childhood learning center, 24 elementary, 2 PK-8, 1 K-8, 8 middle, 1 middle/senior, 7 high, 1 alternative high, 1 online high, 1 P-TECH program, 6 charter schools, and programs including the Innovation Center, Main Street Special Education, Career Development Center, and high-quality homeschool enrichment, and is serving nearly 33,000 students.

The financial reporting entity consists of the District and organizations for which the District is financially accountable. All organizations that are not legally separate are part of the District. In addition, any legally separate organizations for which the District is financially accountable are considered part of the reporting entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits to or impose financial burdens on the District, and fiscal dependency.

#### Discretely Presented Component Units - Charter Schools

The Colorado State Legislature enacted the Charter School Act – Colorado Revised Statutes (C.R.S.) Section 22-30.5-101 in 1993. This Act permits the District to contract with individuals and organizations for the operation of schools within the District. The statutes define these contracted schools as "charter schools". Charter schools are financed from a portion of the District's School Finance Act revenues and from revenues generated by the charter schools, within the limits established by the Charter School Act. Each charter school is a legally separate entity and appoints its own governing board; however, the District's Board of Education must approve all charter school applications and budgets.

The charter schools are discretely presented component units because of the significance of their financial accountability to and fiscal dependency on the District. They are all considered nonmajor.

The District's Board of Education has approved six charter school applications, Aspen Ridge Preparatory School, K-8; Carbon Valley Academy, grades PK-8; Flagstaff Academy, grades PK-8; Imagine Charter School at Firestone, grades PK-8; St. Vrain Community Montessori School, PK-8; and Twin Peaks Charter Academy, grades K-12. All six charter schools were operational during the fiscal year. No new charter applications have been received.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Discretely Presented Component Units - Charter Schools (Continued)

Separately audited financial reports for Aspen Ridge Preparatory School, Carbon Valley Academy, Flagstaff Academy, Imagine Charter School at Firestone, St. Vrain Community Montessori School, and Twin Peaks Charter Academy are available from the individual charter schools.

#### **Fund Accounting**

The District uses funds to report its financial position and changes in financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types".

<u>Governmental funds</u> are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked funds (special revenue funds), the servicing of long-term debt (debt service fund), and the construction of new schools (capital projects funds). The following three funds are the District's major governmental funds:

General Fund – The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include local property taxes, specific ownership (personal property) taxes, and State of Colorado equalization funding, as determined by the School Finance Act of 1994, as amended. The Colorado Preschool Program (CPP) Fund and Risk Management Fund are reported as sub-funds of the General Fund. Moneys allocated to the CPP Fund from the General Fund are used to pay the costs of providing preschool services directly to qualified at-risk children enrolled in the District's preschool program pursuant to C.R.S. 22-28-102. Moneys allocated to the Risk Management Fund from the General Fund are used to account for the payment of loss or damage to the property of the District, workers' compensation, property and liability claims, and the payment of related administration expenses.

Expenditures include all costs associated with the daily operation of the schools, except for programs funded by grants from federal and state governments, school construction, certain capital outlay expenditures, debt service, food service operations, and extracurricular athletic and other pupil activities.

Bond Redemption Fund – The District has one debt service fund used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs. The fund's primary revenue source is local property taxes levied specifically for debt service.

### Notes to Financial Statements (Continued) June 30. 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Fund Accounting (Continued)

Capital Projects Funds – The District has two capital projects funds, the *Building Fund*, a major fund, and the *Capital Reserve Capital Projects Fund*, a nonmajor fund. The *Building Fund* accounts for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings or initial, additional and replacement equipment.

The remaining nonmajor governmental funds are the Capital Reserve Capital Projects Fund and Special Revenue Funds. The Capital Reserve Capital Projects Fund is used to account for the District-designated allocation of resources and other revenues for on-going capital outlay needs of the District, such as equipment purchases. Special Revenue Funds account for revenues derived from earmarked revenue sources, charges for supporting educational services, and tuition. Special Revenue Funds consist of Community Education Fund, Fair Contributions Fund, Government Designated-Purpose Grants Fund, Nutrition Services Fund, and Student Activity Fund.

<u>Proprietary funds</u> focus on the determination of the changes in fund net position, financial position, and cash flows and are classified as either enterprise or internal service.

Enterprise Funds may be used to account for any activity for which a fee is charged to external users for goods or services. The District has no enterprise funds.

Internal Service Funds account for the financing of services provided by one department or agency to other departments or agencies of the District, or to other governments, on a cost reimbursement basis. The District's only internal service fund is the *Self Insurance Fund*. This fund accounts for the financial transactions related to specific healthcare and dental plans.

<u>Fiduciary fund</u> reporting focuses on net position and changes in net position. Fiduciary funds are used to report fiduciary activities for pension trust funds, investment trust funds, private-purpose trust funds, and custodial funds. The three types of trust funds are distinguished from agency funds by the existence of a trust agreement or equivalent arrangement that has certain characteristics. The *Student Scholarship Fund* is the District's only trust fund. Custodial funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District has no custodial funds.

#### Government-wide and Fund Financial Statements

The District's financial statements (i.e., the statement of net position and the statement of activities) report information on all the non-fiduciary activities of the District and its component units. *Governmental activities* are normally supported by taxes and intergovernmental revenues and are reported as the *primary government*. The legally separate charter schools are reported as *component units* for which the District is financially accountable.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Government - wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of the given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to students or other customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the District's government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current *financial resources* measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unassigned fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

Governmental fund revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end.

Property taxes, specific ownership taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Under Colorado law, all property taxes become due and payable on January 1 in the year following that in which they are levied. Property taxes are levied on December 15 based on the assessed value of the property as certified by the county assessor. Payments are due in full on April 30, or in two installments on February 28 and June 15. When taxes become delinquent, the property is sold at the tax sale on September 30. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

The effect of interfund activity has been eliminated from the government-wide financial statements. However the process of consolidation does not eliminate the interfund services provided and used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service fund are charges to other funds for insurance premiums. Operating expenses include the cost of services and other administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District's fiduciary fund applies the economic resources measurement focus and accrual basis of accounting.

When both restricted and unrestricted resources are available for use, it is the District's policy to first use restricted resources designated for such purpose, then unrestricted resources as they are needed.

### Assets, Liabilities, Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position/Fund Balance

Cash and Cash Equivalents – All cash on hand, demand deposits, and highly liquid investments with a maturity of three months or less when purchased are considered to be cash and cash equivalents.

Investments are either measured at amortized cost, net asset value which approximates fair value, or at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application, and as amended by GASB Statement No. 79, Certain External Investment Pools and Pool Participants.

Restricted Cash – Certain assets of the Bond Redemption and Self Insurance Funds, as well as component units, are classified as restricted because their use is restricted to liabilities related to debt payments or to requirements of self-insurance trust deposits.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)

Receivables – All receivables are reported at their gross value since all amounts are considered collectible, except for property taxes receivable which are presented net of an allowance for uncollectable taxes. Transactions between funds that are outstanding at the end of the fiscal year are identified as interfund receivables/payables in the fund financial statements.

*Prepaid Items* – Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements using the consumption method.

Inventories – Inventories are valued at average cost. The costs of inventories are recorded as expenditures when consumed rather than when purchased. The federal government donates surplus commodities to supplement the National School Lunch Program. Such commodities are recorded as non-operating, non-cash revenues when received.

Capital Assets – Capital assets, which include property and equipment, are reported in the governmental activities of the government-wide financial statements. Capital assets are defined by the District as assets with an individual cost of \$5,000 or greater, and an estimated useful life in excess of one year. Such assets are recorded at acquisition cost or estimated acquisition cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property and equipment is depreciated using the straight-line method over the following estimated useful lives.

| Land improvements                       | 20 years    |
|---|-------------|
| Buildings (including modular buildings) | 15-50 years |
| Building improvements                   | 7-50 years  |
| Equipment                               | 5-20 years  |

Deferred Outflows of Resources (related to debt) – In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. For refunding of debt resulting in defeasance, deferred outflow of resources is the difference where the net carrying value of the old debt is less than the reacquisition price. The District's refundings have resulted in deferred outflows of resources of \$10,956,852 at June 30, 2019.

Compensated Absences – Classified employees earn and may accumulate vacation leave up to 240 hours. All outstanding vacation leave for classified employees is payable upon resignation, termination, retirement or death. Employees will receive pay for unused vacation that was earned, or they are required to pay back used vacation that was unearned. The unpaid liability for earned vacation days is recorded in the government-wide financial statements.

### Notes to Financial Statements (Continued) June 30. 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)

Employees may accumulate annual leave. Accumulated annual leave is payable upon leaving the District if certain criteria are met. Classified employees with 10 or more years of continuous service with the District who voluntarily separate or are laid off will receive 50% of the employee's current daily rate for unused annual leave above 20 days, up to a maximum of 150 paid days. Any certified employee who retires with 10 years of continuous service or who terminates with 20 years of service will be paid \$50 per day for all unused sick leave over 30 days, up to a maximum of 125 paid days. The unpaid liability for vested annual leave is recorded in the government-wide financial statements.

Long-Term Debt – In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities or proprietary funds. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method that recognizes amortization in proportion to bond interest payments.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources or uses. Issuance costs are reported as debt service expenditures.

Unearned Revenue - consists of unearned tuition, fees, and grant revenues.

Pensions – The District participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB) - For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Health Care Trust Fund (HCTF) administered by the Public Employees' Retirement Association of Colorado (PERA) and additions to/deductions from the HCTF's fiduciary net position have been determined on the same basis as they are reported by the HCTF. For this purpose, the HCTF recognizes benefit payments when due and payable in accordance with benefit terms. Investments are reported at fair value.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources (related to pensions and OPEBs) – can result from the net difference between expected and actual experience, projected and actual earnings on pension plan investments, changes in the District's proportionate of the net pension liability, changes of assumptions, as well as contributions made by the District to PERA after PERA's measurement date. Generally, deferred inflows are not aggregated with deferred outflows.

On-Behalf Payments – GAAP requires that direct on-behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees of another, legally separate entity be recognized as revenue and expenditures by the employer government. The State of Colorado makes direct on-behalf payments for retirement benefits to Colorado PERA. Beginning on July 1, 2018, the State of Colorado is required to make a payment to PERA each year equal to \$225 million. PERA allocates the contribution to the trust funds of the State, School, Denver Public Schools, and Judicial Division Trust Funds of PERA, as proportionate to the annual payroll of each division. This annual payment is required on July 1st of each year thereafter until there are no unfunded actuarial accrued liabilities of any division of PERA that receives the direct distribution. The amount of on-behalf payments made for the District by the State of Colorado has been recorded in the fund financial statements.

Net Position/Fund Equity – In the government-wide financial statements, net position is restricted when constraints placed on the net position are externally imposed. In the fund financial statements, governmental funds report fund balances as nonspendable, restricted, committed, assigned, and unassigned.

- Nonspendable balances include deposits, inventories, and prepaid items.
- Restricted balances are those imposed by creditors, grantors, contributors, or laws and regulations and include TABOR, the Colorado Preschool Program, debt service, and statute-defined special revenue funds (including student extracurricular/interscholastic feebased programs and community education programs).
- Committed balances are those constrained to specific purposes through formal action by the District Board of Education, the highest level of decision-making authority. They include, but are not limited to, capital projects, contingencies, risk management activities, and special revenue funds with intergovernmental agreements. Commitments cannot be used for any other purpose unless the board takes action (e.g. via resolution) to modify or rescind them.
- Assigned balances are amounts that can be used for a specific purpose, but do not meet
  the criteria of restricted or committed. They include, but are not limited to, instructional
  supplies and materials; the Superintendent's 12-month employment contract;
  encumbrances; appropriated fund balances of the subsequent year; and the Mill Levy
  Override. Per district policy, intended use may be expressed by the District's Board of
  Education and assigned by authorized individuals including the Superintendent or Chief
  Financial Officer.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)

Unassigned balances are those that do not meet the definitions described above. The
District reports positive unassigned fund balance only in the General Fund. Negative
unassigned balances may be reported in all other governmental funds.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and, lastly, unassigned fund balance.

#### **Property Taxes**

Under Colorado law, all property taxes become due and payable in the calendar year following that in which they are levied. The District's property tax calendar for 2019 is as follows:

| Tax Year  |
|---|
| Beginning of fiscal year for taxesJanuary 1                         |
| Assessed valuation initially certified by County AssessorsAugust 25 |
| Property tax levy by Board of Education for                         |
| ensuing calendar yearDecember 10                                    |
| Tax levy certified to County Commissioners                          |
| County Commissioners certify levy to County Treasurers January 10   |
| Collection Year   |
| Mailing of tax bills (lien date)January 1                           |
| First installment dueFebruary 28                                    |
| Taxes due in full (unless installments                              |
| elected by taxpayer)April 30  |
| Second installment dueJune 15                                       |

Property taxes are recorded initially at the budgeted collection rate as deferred revenue in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected in governmental funds and in the period for which the taxes are levied in the government-wide statements. The District has deferred inflows from property tax collection at June 30, 2019 in the amount of \$9,014,806. Property taxes are remitted to the District by the County Treasurers by the tenth of the month following collections by the respective counties, except for the months of March, May, and June in which the District receives an additional remittance from each county for collections through the twentieth of those months. Uncollectible taxes, estimated to be 0.5% of the amount levied or \$969,836, are netted against taxes receivable.

A fee of 0.25% on General Fund collections is retained by each County on their respective collections as compensation for collecting the taxes and is reflected as an expenditure in the General Fund.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **Budgetary Information**

Annual budgets are adopted on a basis consistent with US GAAP rather than the budget basis for all funds. Budget basis is similar to cash basis, in that revenues are recognized when cash is received, and expenditures are recorded when payments are made. However, the primary differences in budgeting on a US GAAP basis include accruals for compensation earned but not paid as of fiscal year end, and recognition of deferred revenues. All annual appropriations lapse at fiscal year-end.

Budgets are required by state law for all funds. Prior to June 1, the Superintendent of Schools submits to the Board of Education a proposed budget for all funds for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them. Public hearings are conducted by the Board of Education to obtain taxpayer comments. Prior to June 30, the budget is adopted by formal resolution.

Total expenditures for each fund and sub-fund may not legally exceed the amount appropriated. Appropriations for a fund may be increased provided they are offset by unanticipated revenues. Authorization to transfer budgeted amounts between departments within any fund and the reallocation of budget line items within any department within any fund rests with the Superintendent of Schools. Revisions that alter the total expenditures of any fund must be approved by the Board of Education.

The Board of Education throughout the fiscal year may amend budgetary amounts within each fund. Individual amendments to the General Fund budget, if material in relation to the original appropriation, are described in the Notes to Required Supplementary Information. All other fund budgets were also amended during the fiscal year. Although not material in relation to the total appropriation, most were significant in relation to the individual fund's original appropriation.

For fiscal year ended June 30, 2019, expenditures in the *Community Education Fund*, *Nutrition Services Fund*, *Student Activity Fund* and *Student Scholarship Fund* exceeded the budgeted spending plans. However, none of these funds exceeded total appropriations authorized by the Board. Therefore, there is no violation of state statute. The supplementary budget-to-actual schedule for each of these four funds only is presented with a contingency reserve to reflect the fund's total appropriations.

The encumbrance system of accounting is used wherein encumbrances outstanding at yearend are not reported as expenditures in the financial statements for US GAAP purposes, but are reported as assignment of fund balance for subsequent years' expenditures based on the encumbered appropriation authority carried over.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

#### **Accountability**

Although the School Finance Act no longer requires school districts to budget a minimum amount per pupil for instructional supplies and materials, instructional capital outlay, and instructional field trips, the Board of Education approved a policy that requires the District to continue doing so to meet its goals and needs. For fiscal year 2019, the District required a minimum budget of \$6,224,195 for instructional supplies and materials purposes. The District expended \$9,003,437 on instructional supplies and materials during fiscal year ended June 30, 2019.

Direct allocation of funding to the *Capital Reserve* and *Risk Management Funds* was also discontinued by the Legislature. However, the District continues to fund these needs according to prior statute. For fiscal year ended June 30, 2019, the Board of Education authorized a minimum total allocation of \$14,024,252 via the amended budget: \$9,910,361 to *Capital Reserve Fund* and \$4,113,891 to *Risk Management Fund*. Total allocations were \$9,912,533 and \$4,113,891, respectively, during the fiscal year.

#### Notes to Financial Statements (Continued)

June 30, 2019

#### NOTE 3: DEPOSITS AND INVESTMENTS

At June 30, 2019, the District's and component units' deposits and investments were reported in the financial statements as follows:

|                         | <br>District      | Con | nponent Units |
|-------------------------|-------------------|-----|---------------|
| Governmental activities | \$<br>366,582,635 | \$  | 19,943,603    |

At June 30, 2019, the District and component units had cash and investments with the following carrying balances:

|   | District Component |    |            |
|---|--------------------|----|------------|
| Cash and deposits                       | \$<br>28,005,033   | \$ | 15,788,406 |
| Cash with fiscal agent                  | 1,549,938          |    | -          |
| Investments measured at net asset value | 337,027,664        |    | 2,409,082  |
| Investments measured at amortized cost  | -                  |    | 2,124,261  |
| Investments measured at fair value      | -                  |    | 4,155,197  |
|   | \$<br>366,582,635  | \$ | 19,943,603 |

#### **Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. The State regulatory commissioners regulate the eligible public depositories. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The fair value of the collateral must be at least equal to 102% of the deposits. The District does not have a deposit policy.

As of June 30, 2019, the District had bank deposits of \$43,061,888 collateralized with securities held by the financial institutions' agent not in the District's name. The component units had deposits with a bank balance of \$11,408,031 of which \$2,500,095 was covered by FDIC and \$8,907,936 was covered by collateral held by authorized escrow agents in the financial institutions' name (PDPA).

Custodial Credit Risk – This is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. State statute requires the District to use eligible public depositories as defined by PDPA. Although the District does not have a formal custodial credit risk policy, its deposits as of June 30, 2019 were held at eligible public depositories.

#### Investments

Colorado statutes specify instruments meeting defined rating and risk criteria in which local governments may invest, which include, but are not limited to, the following:

- Obligations of the United States, certain U.S. Agency securities, and World Bank
- General obligation and revenue bonds of U.S. local government entities
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Local government investment pools

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The District's investment policy does not further restrict its investment options.

The District and its component units have investments measured at the following:

- Net Asset Value (NAV) which approximates fair value, including money market funds, and certain investment pools as defined by GASB Statement No. 79, Certain External Investment Pools and Pool Participants;
- Amortized Cost including bank certificates of deposits and certain other investment pools as defined by GASB Statement No. 79; or
- Fair Value –including money market mutual funds and U.S. securities, notes or bonds in accordance with GASB Statement No. 72, Fair Value Measurement and Application.

Local Government Investment Pools – At June 30, 2019, the District and its component units invested in the Colorado Government Liquid Asset Trust (COLOTRUST) and the Colorado Surplus Asset Fund Trust (CSAFE), which are money market investment pools established for local government entities in Colorado to pool surplus funds. The pools are regulated by the Colorado Securities Commissioner. These pools operate similar to a money market fund and each share is equal in value to \$1.00. Investments of the pools consist of U.S. Treasury bills, notes and note strips, and repurchase agreements collateralized by U.S. Treasury securities. A designated custodial bank provides safekeeping and depository services to the pools in connection with the direct investment and withdrawal functions of the pools. Substantially all securities owned by the pools are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the specific pool. To obtain more information, go to <a href="https://www.colotrust.com">www.colotrust.com</a> and <a href="https://www.csafe.org">www.csafe.org</a>.

COLOTRUST is valued using the NAV per share (or its equivalent) of the investments. COLOTRUST does not have any unfunded commitments, redemption restrictions or redemption notice periods. At June 30, 2019, the District's investments measured at NAV include \$337,027,664 with COLOTRUST, with a rating of AAAm. The component units' investments are \$2,409,082 with COLOTRUST.

CSAFE and Colorado Statewide Investment Program (CSIP) are valued at amortized cost. The component units' investments measured at amortized cost include \$1,309,205 with CSAFE, with a rating of AAAm, which conforms to C.R.S Section 24-75-601, as well as \$815,056 with CSIP as of June 30, 2019.

The District and its component units categorize fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

#### **Investments** (Continued)

At June 30, 2019, the component units had money market funds, rated AAAm, of \$4,155,197 – of which \$2,533,148 is measured at Level 1 inputs and \$1,622,049 measured at Level 2 inputs.

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to declines in fair value due to rising interest rates, the Board's investment policy requires that the majority of its investments be in cash and cash equivalents with maturity dates of 90 days or less. Any medium-term investments of between 91 days and three years may be made based on expected use of funds. Funds not needed for the foreseeable future, such as the TABOR reserve, could be invested in long-term securities with maturity dates greater than three years.

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. State statutes limit investments in U.S. Agency Securities to the highest rating issued by nationally recognized statistical rating organizations (NRSROs). The District's investment policy and State statutes limit investments in money market funds to those with the highest rating issued by NRSROs and with a constant share price, or to money market funds that invest only in specified securities.

Concentration of Credit Risk – This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Given the small amount available for investment in securities, and the relative low risk of U.S. agency securities, the District has not established a policy limiting the amount of investment in this type of security and deems it unnecessary at this time.

#### **Restricted Cash and Investments**

The Bond Redemption Fund's deposits and investments totaling \$51,934,711 are restricted for the payment of voter-approved long-term debt principal, interest and related costs. The Self Insurance Fund's deposits and investments of \$3,783,613 are restricted for the purposes of the medical and dental self-insurance trust funds. The component units' deposits and investments totaling \$5,572,534 are restricted for construction and debt payments.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 4: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Amounts owed to one fund by another which are due within one year are reported as due to other funds or business-type activities. These balances arise during the normal course of business and the District's use of pooled cash. Due to/from other funds as of June 30, 2019 is as follows:

| Receivable Fund              | Payable Fund  | _  | Amount               |
|------------------------------|---|----|----------------------|
| General Fund<br>General Fund | Student Activities Fund Governmental Designated-Purpose Grants Fund | \$ | 370,201<br>1,306,407 |
|                              |   | \$ | 1,676,608            |

Due to timing differences, amounts receivable from or payable to component units may not agree to the District's reported balances.

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them or (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Transfers during fiscal year 2019 were as follows:

| Transfer In              | Transfer Out            | A  | mount  |
|--------------------------|-------------------------|----|--------|
| Community Education Fund | Student Activities Fund | \$ | 11,020 |
| Total governmental funds |                         | \$ | 11,020 |

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 5: CAPITAL ASSETS

The following is a summary of changes in the District's capital assets for the year ended June 30, 2019:

|                                   |                |               | Deletions,        |              |                |
|-----------------------------------|----------------|---------------|-------------------|--------------|----------------|
|                                   | Balance        |               | Adjustments &     |              | Balance        |
|                                   | 7/1/2018       | Additions     | Reclassifications | Transfers    | 6/30/2019      |

| Leasehold improvements        | 5,581,775     | 898,123      | (183,511)         | 6,296,387     |
| Furniture & equipment         | 1,293,535     | 81,659       | 183,511           | 1,558,705     |
| Software costs                | 29,432        |              |                   | 29,432        |
| Total depreciable assets      | 49,431,330    | 6,864,862    |                   | 56,296,192    |
|                               |               |              |                   |               |
| Less accumulated depreciation | 9,718,449     | 1,729,488    |                   | 11,447,937    |
| Total depreciable assets, net | 39,712,881    | 5,135,374    |                   | 44,848,255    |
| Total capital assets, net     | \$ 48,880,364 | \$ 6,757,405 | \$ (6,406,983)    | \$ 49,230,786 |

Depreciation has been charged to the supporting services programs of the component units.

#### NOTE 6: ACCRUED SALARIES AND BENEFITS

Salaries and benefits of certain contractually employed personnel are paid over a twelve-month period from August to July, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid at June 30, 2019 are determined to be as follows:

| General Fund             | \$<br>12,715,790 |
|--------------------------|------------------|
| Other funds              | 1,160,157        |
| Total governmental funds | \$<br>13,875,947 |
| Component units          | \$<br>1,178,888  |

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 7: LONG-TERM DEBT

The District's long-term debt changed as follows during the year ended June 30, 2019.

| Governmental activities  | Balance<br>7/1/2018 | Additions        | Payments/<br>Amortization | Balance<br>6/30/2019 | Due within one year |
|--------------------------|---------------------|------------------|---------------------------|----------------------|---------------------|
| General obligation bonds | \$<br>531,080,000   | \$<br>60,340,000 | \$<br>(42,730,000)        | \$<br>548,690,000    | \$<br>33,775,000    |
| Deferred bond premium    | 58,009,761          | 3,415,401        | (19,637,589)              | 41,787,573           | -                   |
| Capital leases           | 6,835,021           | 2,743,210        | (3,960,949)               | 5,617,282            | 3,949,884           |
| Vacation payable         | 1,654,484           | 500,106          | (222,182)                 | 1,932,408            | 1,932,408           |
| Annual leave payable     | 1,733,669           | 1,734,692        | (291,022)                 | 3,177,339            | 533,000             |
| Total                    | \$<br>599,312,935   | \$<br>68,733,409 | \$<br>(66,841,742)        | \$<br>601,204,602    | \$<br>40,190,292    |

#### **General Obligation Bonds**

| Description Interest Dates and Maturity Dates  | Balance                        |
|--|--------------------------------|
| Description, Interest Rates, and Maturity Dates  | due at<br><u>June 30, 2019</u> |
| Refunding Bonds (Series 2006), original amount of \$43,455,000, due in varying installments through December 15, 2020, interest at 5.25%. Proceeds used to refund certain outstanding general obligation building bonds (Series 1997). Premium of \$2,520,719 received upon issuance is being amortized on an effective interest method. Amounts defeased were \$16,675,000 during October 2016 but later called in December 2016. | \$ 15,100,000                  |
| Building Bonds (Series 2009), original amount of \$104,000,000, due in varying installments through December 15, 2021, interest from 3.000% to 3.625%. Premium of \$504,199 received upon issuance is being amortized on an effective interest method. Amounts defeased were \$102,700,000 during fiscal year 2016. Premium amortization was adjusted accordingly.   | 300,000                        |
| Building Bonds (Series 2010A), original amount of \$8,590,000, due in varying installments on December 15 from 2023 through 2025, interest at 5.25%. Premium of \$1,191,756 received upon issuance is being amortized on an effective interest method.   | 8,590,000                      |
| Building Bonds (Series 2010B), taxable (Direct Pay Build America Bonds), original amount of \$76,410,000, due in varying installments on December 15 from 2026 through 2033, interest from 5.34% to 5.79%.   | 76,410,000                     |
| Refunding Bonds (Series 2011), original amount of \$34,355,000, due in varying installments through December 15, 2019, interest at 5.0%. Proceeds used to retire \$34,605,000 of outstanding building bonds (Series 2003). Premium of \$4,011,133 received upon issuance is being amortized on an effective interest method.   | 7,440,000                      |

#### NOTE 7: LONG-TERM DEBT (Continued)

#### General Obligation Bonds (Continued)

| Refunding Bonds (Series 2011B), original amount of \$31,150,000, due in  |
|--|
| varying installments through December 15, 2022, interest from 3.0% to    |
| 5.0%. Proceeds used to retire \$31,770,000 of outstanding building bonds |
| (Series 2003). Premium of \$4,359,203 received upon issuance is being    |
| amortized on an effective interest method.                               |
|  |
| Refunding Bonds (Series 2012), original amount of \$34,695,000, due in   |

Refunding Bonds (Series 2012), original amount of \$34,695,000, due in varying installments through December 15, 2024, interest from 3.0% to 4.0%. Proceeds used to retire \$34,705,000 of outstanding building bonds (Series 2004). Premium of \$4,245,413 received upon issuance is being amortized on an effective interest method.

Refunding Bonds (Series 2014), original amount of \$50,355,000, due in varying installments through December 15, 2026, interest from 3.0% to 5.0%. Proceeds used to retire \$2,120,000, \$5,945,000 and \$47,850,000 of outstanding building bonds (Series 2004, 2005A and 2006B, respectively). Premium of \$10,821,491 received upon issuance is being amortized on an effective interest method.

Refunding Bonds (Series 2016), original amount of \$115,155,000, due in varying installments through December 15, 2033, interest from 2.5% to 5.0%. Proceeds used to retire \$13,035,000 and \$102,700,000 of outstanding building bonds (Series 2005B and 2009, respectively). Premium of \$12,871,395 received upon issuance is being amortized on an effective interest method.

Refunding Bonds (Series 2016B), original amount of \$14,390,000, due in varying installments on December 15 from 2021 through 2022, interest from 1.75% to 5.0%. Proceeds used to retire \$16,675,000 of outstanding refunding bonds (Series 2006). Premium of \$2,430,004 received upon issuance is being amortized on an effective interest method.

Building Bonds (Series 2016C), original amount of \$200,000,000, due in varying installments through December 15, 2036, interest from 3.0% to 5.0%. Premium of \$23,640,238 received upon issuance is being amortized on an effective interest method.

Building Bonds (Series 2018), original amount of \$60,340,000, due in varying installments through December 15, 2022, interest at 5.0%. Premium of \$3,415,401 received upon issuance is being amortized on an effective interest method.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 7: LONG-TERM DEBT (Continued)

Bond and coupon payments to maturity are as follows:

| Year ending | GO E           |                |                |
|-------------|----------------|----------------|----------------|
| June 30     | Principal      | Interest       | Total          |
| 2020        | \$ 33,775,000  | \$ 25,208,839  | \$ 58,983,839  |
| 2021        | 36,585,000     | 23,559,439     | 60,144,439     |
| 2022        | 36,185,000     | 21,932,820     | 58,117,820     |
| 2023        | 36,795,000     | 20,284,189     | 57,079,189     |
| 2024        | 23,050,000     | 18,900,695     | 41,950,695     |
| 2025-2029   | 135,440,000    | 75,933,698     | 211,373,698    |
| 2030-2034   | 185,085,000    | 37,267,903     | 222,352,903    |
| 2035-2037   | 61,775,000     | 4,564,150      | 66,339,150     |
| Total       | \$ 548,690,000 | \$ 227,651,733 | \$ 776,341,733 |

The amount of defeased debt outstanding as of June 30, 2019 is \$0. The remaining defeased amount as of June 30, 2018, related to the 2009 series (defeased in March 2016) and were called in December of 2018.

For fiscal year ended June 30, 2019, the District's legal debt limit was \$688,010,167 and the legal debt margin was \$139,320,167.

**Capital Lease Obligations**. The future minimum lease obligations for the capital leases and the net present value of the future payments, with an imputed or stated interest rate from 3.14% to 5.41%, at June 30, 2019 are as follows:

| Year Ended June 30,                     |                 |
|---|-----------------|
| 2020                                    | \$<br>4,153,913 |
| 2021                                    | 838,075         |
| 2022                                    | 838,067         |
| 2023                                    | 103,132         |
| Total minimum lease payments            | \$<br>5,933,187 |
| Less: amount representing interest      | 315,905         |
| Present value of minimum lease payments | \$<br>5,617,282 |

**Compensated Absences**. Compensated absences include both vacation pay and annual leave. The District allows employees to carryover unused vacation from one fiscal year to the next up to 240 hours.

Unused annual leave is accumulated and carried over from year to year. When an eligible employee voluntarily separates or is laid off, the employee will receive 50% of the employee's current daily rate for unused annual leave above 20 days, up to a maximum of 150 paid days. The amount payable as of June 30, 2019 includes qualified annual leave for all eligible employees as of June 30, 2019.

Unused annual leave greater than 42 hours for certified employees may be paid out upon request at the end of the year in the amount of \$60 per each group of 7 hours up to 35 hours. All remaining annual leave hours will be carried over.

The General Fund pays for the annual leave benefit upon employee retirement. Vacation pay is charged to the fund from which an employee's compensation is paid during the year in which it is used. The majority of payroll is incurred by the general fund.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 7: LONG-TERM DEBT (Continued)

#### Component Units' Long-Term Debt

In June 2015, the Colorado Educational and Cultural Facilities Authority (CECFA) issued \$11,235,000 Charter School Revenue Bonds, Series 2015A and 2015B. Bond proceeds were loaned to the Aspen Ridge Preparatory School's Building Corporation to purchase and construct the School's education facilities. The School is obligated under a lease agreement to make monthly lease payments to the Building Corporation for using the facilities. The Building Corporation is required to make equal loan payments to the Trustee, for payment of the bonds. Interest accrues on the bonds at rates ranging from 4.125% to 5.25% and is payable semi-annually on January 1 and July 1. Principal payments are due annually on July 1, through 2046.

In December 2017, CECFA issued \$4,375,000 in Charter School Refunding Revenue Notes, Series 2017. Proceeds from the notes were loaned to Carbon Valley Academy under a lease agreement to refund the 2006 Revenue Bonds. The Academy is required to make equal lease payments to the Building Corporation for the use of the building. The Building Corporation is required to make equal lease payments to the Trustee, for payment of the bonds. Interest accrues at a rate of 3.50% per year. The bonds mature in December 2024.

In June 2016, CECFA issued \$13,335,000 in Charter School Refunding Revenue Bonds, Series 2016. Proceeds from the bonds were loaned to Flagstaff Academy under a lease agreement to advance refund the 2008 Revenue Bonds. The Academy is required to make equal lease payments to the Building Corporation for the use of the building. The Building Corporation is required to make equal lease payments to the Trustee, for payment of the bonds. Interest accrues at rates ranging from 3.00% to 5.00% per year. The bonds mature in August 2046.

In April 2011, CECFA issued \$4,775,000 of Charter School Revenue Bonds, Series 2011A and 2011B. Proceeds of the bonds were used to construct improvements to the Twin Peaks Charter Academy's building. Interest accrues at a rate of 2.0% to 5.0% per year. The lease matures in March 2043. In August 2014, CECFA issued \$21,990,000 of Charter School Revenue Bonds, Series 2014. Proceeds of the bonds were used to refund outstanding Series 2008 Bonds, purchase land, and construct improvements to the Academy's building and site. Interest accrues at a rate of 6.375% to 7.5% per year. The lease matures in March 2044. The charter school is required to make equal lease payments to the Building Corporation for use of the building. The Building Corporation is required to make lease payments to the Trustee for payment of the bonds.

In August 2016, Imagine Charter School at Firestone entered into a lease purchase agreement with Frontier Business Produce to finance the purchase of 13 Sharp Aquos Boards. Principal and interest payments in the amount of \$1,307 are due monthly from September 1, 2016 through August 1, 2021. On June 27, 2019, the School paid the lease in full.

| Total                | \$                | 52,673,662 | \$      | 31,858,640 | \$    | 84,532,302 |  |

#### Defeasance of Debt

A portion of the net proceeds of Flagstaff Academy's 2016 bonds were deposited into an irrevocable trust with an escrow agent to provide for future debt service payments on the refunded bonds. As a result, the refundable bonds are considered to be defeased, and the related liability for the bonds has been removed from the Academy's liabilities. During the fiscal year ended June 30, 2019, the outstanding defeased bonds were paid in full.

In August 2014, Twin Peaks Charter Academy defeased Series 2008 Bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. This resulted in a net present value savings of \$996,501. Accordingly the trust account assets and the liability for the defeased bonds are not included in the Academy's financial statements. At June 30, 2019, the outstanding defeased bonds were \$12,760,000.

### Notes to Financial Statements (Continued) June 30. 2019

#### NOTE 8: RISK FINANCING

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; natural disasters; and health and dental claims of its employees. The District plans to provide for or restore the economic damages of those losses through risk retention and risk transfer.

#### **Risk Management Fund**

The *Risk Management Fund*, a sub-fund of the *General Fund*, is used to account for the payment of loss or damage to the property of the school district, liability claims, workers' compensation claims, and related administrative expenses. The main source of revenue is defined by the School Finance Act and is an allocation from the General Fund. Some of the risk is retained, and insurance is purchased to transfer part of the risk.

**Self Insurance Pools** – The District is a member of two public entity risk sharing pools. The District's share of each pool varies based on exposures, the contribution paid to each pool, the District's claims experience, each pool's claims experience, and each pool's surplus and dividend policy. The District may be assessed to fund any pool funding deficit.

Since July 1, 2002, the District has been a member of the Colorado School Districts Self Insurance Pool for property and liability insurance. During the fiscal year ended June 30, 2019, the District had insurance deductibles of \$50,000 (property), \$50,000 (general liability), and \$1,000 (vehicle liability) per claim. At June 30, 2019, the District's property and liability claims payable was \$4,652.

Prior to July 1, 2002, the District purchased its property insurance from the Northern Colorado School Districts Property Self Insurance Pool, and its liability insurance from the Northern Colorado School Districts Liability Self Insurance Pool, respectively. These two pools have since been dissolved. The property pool funds were distributed to the former members in June 2006. The remaining assets from the liability pool were held in a joint account with the other former members (Park School District and Thompson School District) to meet the run-off obligations as described in the dissolution plan. In February 2010, the three former member districts received a planned distribution. The final distribution was received in January 2018.

Since July 1, 1985, the District has been a member of the Northern Colorado School Districts Workers' Compensation Self Insurance Pool. The other current pool members are Park School District (Estes Park) and Windsor School District. The workers' compensation pool discontinued insurance operations effective July 1, 1998, and resumed insurance operations on July 1, 2003. During the intervening years, insurance coverage was obtained outside the pool. The District's deductible was \$50,000 per claim for the year ended June 30, 2019. At June 30, 2019, the District's workers' compensation claims payable was \$761,751.

Settled claims resulting from these risks have not exceeded commercial or District coverages in any of the past three years.

### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 8: RISK FINANCING (Continued)

#### Risk Management Fund (Continued)

Claims Liability – The claims liability on a government-wide basis includes losses from currently available funds as well as estimates for claims that have been incurred but not reported. In addition, a pending legal settlement in the prior fiscal year resulted in an unusually high claim liability payable. Of the current total claims payable, \$537,878 is payable from current resources and reported accordingly on the fund statements. Changes in the reported liability on a government-wide basis for the years ended June 30, 2019 and 2018 were as follows:

|                                     | <br>2019      | <br>2018        |
|-------------------------------------|---------------|-----------------|
| Beginning fiscal year liability     | \$<br>837,292 | \$<br>4,596,723 |
| Legal settlement payment/adjustment | -             | (3,862,428)     |
| Current year claims and adjustments | 805,572       | 1,085,338       |
| Claims paid                         | (876,461)     | (982,341)       |
| Ending fiscal year liability        | \$<br>766,403 | \$<br>837,292   |

#### **Self Insurance Fund**

In January 2013, the District established a *Self Insurance Fund* to account for dental and certain medical liability claims. Liabilities and related claims expense as reported in the Fund were estimated based on a financial services consultant's analyses of the dental and medical providers' claims data at June 30, 2019. The following is a summary of the changes in claims liability for the Self Insurance Fund for fiscal years ended June 30, 2019 and 2018 were as follows:

|                                       | 2019         | 2018         |
|---------------------------------------|--------------|--------------|
| Beginning fiscal year liability       | \$ 1,716,000 | \$ 1,534,961 |
| Current year claims and adjustments** | 15,603,272   | 15,325,748   |
| Claims paid**                         | (15,706,272) | (15,144,709) |
| Ending fiscal year liability          | \$ 1,613,000 | \$ 1,716,000 |

<sup>\*\*</sup> To align with reporting guidelines, the claims paid (cash flow basis) and current year claims & adjustments were modified in the table for both fiscal years 2019 and 2018; however, there was no impact on the ending liability.

## Notes to Financial Statements (Continued) June 30. 2019

#### NOTE 9: DEFINED BENEFIT PENSION PLAN

The Colorado General Assembly passed significant pension reform through Senate Bill (SB) 18-200: Concerning Modifications to the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years. The bill was signed into law by Governor Hickenlooper on June 4, 2018. A brief description of some of the major changes to plan provisions required by SB 18-200 for the SCHDTF are listed below. A full copy of the bill can be found online at <a href="https://www.leq.colorado.gov">www.leq.colorado.gov</a>.

- Increases employer contribution rates for the SCHDTF by 0.25 percent on July 1, 2019.
- Increases employee contribution rates for the SCHDTF by a total of 2 percent (to be phased in over a period of 3 years starting on July 1, 2019).
- As specified in C.R.S. § 24-51-413, the State is required to contribute \$225 million each
  year to PERA starting on July 1, 2018. A portion of the direct distribution payment is
  allocated to the SCHDTF based on the proportionate amount of annual payroll of the
  SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial
  Division Trust Fund, and Denver Public Schools Division Trust Fund. A portion of the direct
  distribution allocated to the SCHDTF is considered a nonemployer contribution for financial
  reporting purposes.
- Modifies the retirement benefits, including temporarily suspending and reducing the annual
  increase for all current and future retirees, increases the highest average salary for
  employees with less than five years of service credit on December 31, 2019 and raises the
  retirement age for new employees.
- Member contributions, employer contributions, the direct distribution from the State, and the annual increases will be adjusted based on certain statutory parameters beginning July 1, 2020, and then each year thereafter, to help keep PERA on path to full funding in 30 years.

Plan Description – Eligible employees of the District are provided with pensions through the School Division Trust Fund (SCHDTF) – a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S), administrative rules are set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado state law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report that can be obtained at <a href="https://www.copera.org/investments/pera-financial-reports">www.copera.org/investments/pera-financial-reports</a>.

**Benefits Provided** – PERA provides retirement, disability, and survivor benefits. Retirements are determined by the amount of service credit earned and/or purchases, highest average salary, the benefit structure under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. §24-51-602, 604, 1713, and 1714.

## Notes to Financial Statements (Continued) June 30. 2019

#### NOTE 9: <u>DEFINED BENEFIT PENSION PLAN</u> (Continued)

#### Benefits Provided (continued)

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the following:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

In either case the service retirement benefit is limited to 100% of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether five years of service credit has been obtained and the benefit structure under which contributions were made.

As of December 31, 2018, benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments in certain years, referred to as annual increases in the C.R.S. Pursuant to SB 18-200, there are no annual increases (AI) for 2018 and 2019 for all benefit recipients. Thereafter, benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 and all benefit recipients of the DPS benefit structure will receive an annual increase, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 1.5 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 will receive the lessor of an annual increase of 1.5 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve (AIR) for the SCHDTF. The automatic adjustment provision may raise or lower the aforementioned AI for a given year by up to one-quarter of 1 percent based on the parameters specified C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the retirement benefit formula shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: DEFINED BENEFIT PENSION PLAN (Continued)

**Contributions** – Eligible employees of the District are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. § 24-51-401 and § 24-51-413, *et seq.* Eligible employees are required to contribute 8% of their PERA-includable salary. The employer contribution requirements are summarized in the table below:

|   | January 1, 2018<br>Through | January 1, 2019<br>Through |
|---|----------------------------|----------------------------|
|   | December 31, 2018          | June 30, 2019              |
| Employer Contribution Rate <sup>1</sup>                     | 10.15 %                    | 10.15 %                    |
| Amount of Employer Contribution Apportioned                 |                            |                            |
| to the health Care Trust Fund as Specified                  |                            |                            |
| in C.R.S. § 24-51-208(1)(f) <sup>1</sup>                    | (1.02)%                    | (1.02)%                    |
| Amount Apportioned to the SCHDTF <sup>1</sup>               | 9.13 %                     | 9.13 %                     |
| Amortization Equalization Disbursement (AED)                |                            |                            |
| as Specified in C.R.S. § 24-51-411 <sup>1</sup>             | 4.50 %                     | 4.50 %                     |
| Supplemental Amortization Equalization Disbursement         |                            |                            |
| (SAED) as Specified in C.R.S. § 24-51-411 <sup>1</sup>      | 5.50 %                     | 5.50 %                     |
| Total Employer Contribution Rate to the SCHDTF <sup>1</sup> | 19.13 %                    | 19.13 %                    |

<sup>&</sup>lt;sup>1</sup>Rates are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

As specified in C.R.S. § 24-51-413, the State is required to contribute \$225 million each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. A portion of the direct distribution allocated to the SCHDTF is considered a nonemployer contribution for financial reporting purposes.

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF for the District for the year ended June 30, 2019 were \$34,721,871.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: <u>DEFINED BENEFIT PENSION PLAN</u> (Continued)

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for the SCHDTF was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll forward the total pension liability to December 31, 2018. The District's proportion of the net pension liability was based on its contributions to the SCHDTF for the calendar year 2018 relative to the total contributions of participating employers and the State as a nonemployer contributing entity to the SCHDTF.

At June 30, 2019, the District reported a liability of \$563,918,679 for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District under the direct distribution provision to allocate funds from the State of Colorado budget to PERA on an annual basis beginning in July 2018. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

| District's Proportionate Share of the Net Pension Liability | \$563,918,679 |
|---|---------------|
| State's Proportionate Share of the Net Pension Liability    |               |
| Associated with the District                                | 77,108,048    |
| Total   | \$641,026,727 |

At December 31, 2018, the District's proportion was 3.1847120312 %, which was a decrease of 0.4084238455 % from its proportion measured as of December 31, 2017.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: <u>DEFINED BENEFIT PENSION PLAN</u> (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2019, the District recognized pension income of \$53,120,970 and revenue of \$396,134 for the support provided by the State as a nonemployer contributing entity. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows |             | Deferred Inflows |             |
|---|-------------------|-------------|------------------|-------------|
|   | of Resources      |             | of Resources     |             |
| Difference between Expected and Actual Experience | \$                | 19,128,750  | \$               | -           |
| Changes of Assumptions or other Inputs            |                   | 105,257,885 |                  | 350,696,763 |
| Net Difference between Projected and Actual       |                   |             |                  |             |
| Earnings on Pension Plan Investments              |                   | 30,737,089  |                  | -           |
| Changes in Proportion and Differences between     |                   |             |                  |             |
| Contributions Recognized and Proportionate Share  |                   |             |                  |             |
| of Contributions                                  |                   | 4,748,601   |                  | 73,175,363  |
| Contributions Subsequent to the Measurement Date  |                   | 17,630,033  |                  | -           |
| Total   | \$                | 177,502,358 | \$               | 423,872,126 |

\$17,630,033 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 30, | Amount           |  |  |
|---------------------|------------------|--|--|
| 2020                | \$ (46,610,097)  |  |  |
| 2021                | (140,341,004)    |  |  |
| 2022                | (93,862,482)     |  |  |
| 2023                | 16,813,782       |  |  |
| Total               | \$ (263,999,801) |  |  |

#### Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: **DEFINED BENEFIT PENSION PLAN (Continued)**

Actuarial assumptions - The December 31, 2017 actuarial valuation used the following actuarial cost method, actuarial assumptions, and other inputs:

| Actuarial Cost Method                                    | Entry Age               |
|--|-------------------------|
| Price Inflation  | 2.40%                   |
| Real Wage Growth   | 1.10%                   |
| Wage Inflation   | 3.50%                   |
| Salary Increases, Including Wage Inflation               | 3.50 - 9.70%            |
| Long-Term Investment Rate of Return, Net of Pension Plan |                         |
| Investment Expenses, Including Price Inflation           | 7.25%                   |
| Discount rate  | 4.78%                   |
| Future Post Retirement Benefit Increases:                |                         |
| PERA Benefit Structure Hired Prior to January 1, 2007;   | 2.00% Compounded        |
| and DPS Benefit Structure (Automatic)                    | Annually                |
| PERA Benefit Structure hired after December 31, 2006     | Financed by the         |
| (Ad Hoc, Substantively Automatic)                        | Annual Increase Reserve |

The revised assumptions shown below were reflected in the roll-forward calculation of the total pension liability from December 31, 2017 to December 31, 2018:

| Discount rate                             | 7.25% |
|---|-------|
| Future Post Retirement Benefit Increases: |       |

0% through 2019 PERA Benefit Structure Hired Prior to January 1, 2007; and DPS Benefit Structure (Automatic) and 1.5% Compounded

Annually, Thereafter

PERA Benefit Structure hired after December 31, 2006 Financed by the (Ad Hoc, Substantively Automatic) Annual Increase Reserve

Healthy mortality assumptions for active members reflect the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions reflect the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93 percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: DEFINED BENEFIT PENSION PLAN (Continued)

#### **Actuarial assumptions** (continued)

For disabled retirees, the mortality assumption was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of the 2016 experience analysis for the periods January 1, 2012 through December 31, 2015, as well as, the October 28, 2016 actuarial assumptions workshop and were adopted by PERA's Board during the November 18, 2016 Board meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four or five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the SCHDTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

|                                   | Target     | 30-Year Expected Geometric |
|-----------------------------------|------------|----------------------------|
| Asset Class                       | Allocation | Real Rate of Return        |
| U.S. Equity - Large Cap           | 21.20 %    | 4.30 %                     |
| U.S. Equity - Small Cap           | 7.42       | 4.80                       |
| Non U.S. Equity - Developed       | 18.55      | 5.20                       |
| Non U.S. Equity - Emerging        | 5.83       | 5.40                       |
| Core Fixed Income                 | 19.32      | 1.20                       |
| High Yield                        | 1.38       | 4.30                       |
| Non U.S. Fixed Income - Developed | 1.84       | 0.60                       |
| Emerging Market Debt              | 0.46       | 3.90                       |
| Core Real Estate                  | 8.50       | 4.90                       |
| Opportunity Fund                  | 6.00       | 3.80                       |
| Private Equity                    | 8.50       | 6.60                       |
| Cash                              | 1.00       | 0.20                       |
| Total                             | 100.00     |                            |
|                                   |            |                            |

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: DEFINED BENEFIT PENSION PLAN (Continued)

#### **Actuarial assumptions** (continued)

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

**Discount rate**. The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the
  active membership present on the valuation date and the covered payroll of future plan
  members assumed to be hired during the year. In subsequent projection years, total
  covered payroll was assumed to increase annually at a rate of 3.50%.
- Employee contributions were assumed to be made at the member contribution rates in
  effect for each year, including the scheduled increases in SB 18-200. Employee
  contributions for future plan members were used to reduce the estimated amount of total
  service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point, the AED and SAED will each drop 0.5% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- As specified in law, the State of Colorado, as a nonemployer contributing entity, will provide an annual direct distribution of \$225,000,000, commencing July 1, 2018, and is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The Annual Increase Reserve (AIR) balance was excluded from the initial fiduciary net
  position, as, per statute, AIR amounts cannot be used to pay benefits until transferred to
  either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR
  transfers to the fiduciary net position and the subsequent AIR benefit payments were
  estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: <u>DEFINED BENEFIT PENSION PLAN</u> (Continued)

#### **Discount rate** (continued)

Based on the above assumptions and methods, the GASB Statement No. 67 projection test indicates the SCHDTF's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%.

As of the prior measurement date, the long-term expected rate of return on plan investments of 7.25% and the municipal bond index rate of 3.43% were used in the discount rate determination resulting in a discount rate of 4.78%.

Sensitivity of the District's proportionate share of the Net Pension Liability to Changes in the Discount Rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.25%) or one percentage-point higher (8.25%) than the current rate:

|                            | 1% Decrease    | Current Discount Rate | 1% Increase    |
|----------------------------|----------------|-----------------------|----------------|
|                            | (6.25%)        | (7.25%)               | (8.25%)        |
| Proportionate Share of the |                |                       |                |
| Net Pension Liability      | \$ 716,926,130 | \$ 563,918,679        | \$ 435,519,625 |

**Pension plan fiduciary net position**. Detailed information about the SCHDTF's fiduciary net position is available in PERA's comprehensive annual financial report, which can be obtained at <a href="https://www.copera.org/investments/pera">www.copera.org/investments/pera</a> -financial -reports.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 9: <u>DEFINED BENEFIT PENSION PLAN</u> (Continued)

#### Component Units' Defined Benefit Pension Plan

**Contributions** – Employer contributions recognized by the SCHDTF from the component units were \$2,827,426 for the fiscal year ended June 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2019, the amount recognized by the component units as their proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the component units were as follows:

| Component Units' Proportionate Share of the Net Pension Liability | \$47,136,823 |
|---|--------------|
| State's Proportionate Share of the Net Pension Liability          |              |
| Associated with the Component Units                               | 6,445,306    |
| Total   | \$53,582,129 |

At December 31, 2018, the component units' proportion was a combined 0.2662036201 %, which was a net decrease of 0.0672089800 % from their proportion measured as of December 31, 2017. For the year ended June 30, 2019, the component units recognized a combined pension expense of \$1,243,028.

At June 30, 2019, the component units reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows |            | Deferred Inflows |            |
|---|-------------------|------------|------------------|------------|
|   | of Resources      |            | of Resources     |            |
| Difference between Expected and Actual Experience | \$                | 1,598,934  | \$               | -          |
| Changes of Assumptions or other Inputs            |                   | 8,798,292  |                  | 29,314,030 |
| Net Difference between Projected and Actual       |                   |            |                  |            |
| Earnings on Pension Plan Investments              |                   | 2,569,250  |                  | -          |
| Changes in Proportion and Differences between     |                   |            |                  |            |
| Contributions Recognized and Proportionate Share  |                   |            |                  |            |
| of Contributions                                  |                   | 1,278,945  |                  | 8,112,165  |
| Contributions Subsequent to the Measurement Date  |                   | 1,368,076  |                  | -          |
| Total   | \$                | 15,613,497 | \$               | 37,426,195 |
|   |                   |            |                  |            |

#### NOTE 9: <u>DEFINED BENEFIT PENSION PLAN</u> (Continue d)

Component Units' Defined Benefit Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

\$1,368,076 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 30, | Amount             |  |
|---------------------|--------------------|--|
| 2020                | \$<br>(3,991,614)  |  |
| 2021                | (12,231,410)       |  |
| 2022                | (8,461,197)        |  |
| 2023                | <br>1,503,447      |  |
| Total               | \$<br>(23,180,774) |  |

Sensitivity of the component units' proportionate share of the net pension liability to changes in the discount rate – The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage -point lower (6.25%) or 1-percentage -point higher (8.25%) than the current rate:

|   | 1% Decrease   | Current Discount Rate | 1% Increase   |
|---|---------------|-----------------------|---------------|
|   | (6.25%)       | (7.25%)               | (8.25%)       |
| Proportionate Share of the<br>Net Pension Liability | \$ 59,926,401 | \$ 47,136,823         | \$ 36,404,202 |

## Notes to Financial Statements (Continued) June 30. 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Plan description – Eligible employees of the District are provided with OPEB through the Health Care Trust Fund (HCTF) - a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan administered by the Public Employees' Retirement Association of Colorado (PERA). The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended. Title 24, Article 51, Part 12 of the C.R.S., as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at <a href="https://www.copera.org/investments/pera-financial-reports">www.copera.org/investments/pera-financial-reports</a>.

Benefits provided – The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four divisions (State Division, School Division, Local Government Division and Judicial Division Trust Funds), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Eligibility to enroll in PERACare is voluntary and includes, among others, benefit recipients and their eligible dependents, as well as certain surviving spouses, divorced spouses and guardians. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

**PERA Benefit Structure** – The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The basis for the maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5 percent reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### PERA Benefit Structure (continued)

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

**Contributions** – Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from the District were \$1,851,349 for the year ended June 30, 2019.

## OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the District reported a liability of \$28,164,275 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of December 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2017. Standard update procedures were used to roll forward the total OPEB liability to December 31, 2018. The District's proportion of the net OPEB liability was based on the its contributions to the HCTF for the calendar year 2018 relative to the total contributions of participating employers to the HCTF.

At December 31, 2018, the District's proportion was 2.0700776137%, which was an increase of 0.0284668160% from its proportion measured as of December 31, 2017.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

## OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)

For the year ended June 30, 2019, the District recognized OPEB expense of \$638,989. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|   | Deferred Outflows |           | Defer | red Inflows |
|---|-------------------|-----------|-------|-------------|
|   | of                | Resources | of F  | Resources   |
| Difference between Expected and Actual Experience | \$                | 102,220   | \$    | 42,871      |
| Changes of Assumptions or other Inputs            |                   | 197,568   |       | -           |
| Net Difference between Projected and Actual       |                   |           |       |             |
| Earnings on OPEB Plan Investments                 |                   | 161,963   |       | -           |
| Changes in Proportion and Differences between     |                   |           |       |             |
| Contributions Recognized and Proportionate Share  |                   |           |       |             |
| Share of Contributions                            |                   | 546,299   |       | -           |
| Contributions Subsequent to the Measurement Date  |                   | 940,021   |       | -           |
| Total   | \$                | 1,948,071 | \$    | 42,871      |

\$940,021 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction in the net OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year Ended June 30, | Amount     |         |  |  |
|---------------------|------------|---------|--|--|
| 2020                | \$         | 187,236 |  |  |
| 2021                |            | 187,236 |  |  |
| 2022                | 187,278    |         |  |  |
| 2023                | 299,724    |         |  |  |
| 2024                | 100,027    |         |  |  |
| Thereafter          |            | 3,678   |  |  |
| Total               | \$ 965,179 |         |  |  |

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

**Actuarial assumptions** - The total OPEB liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs:

| Actuarial Cost Method                                 | Entry Age               |
|---|-------------------------|
| Price Inflation                                       | 2.40%                   |
| Real Wage Growth                                      | 1.10%                   |
| Wage Inflation  | 3.50%                   |
| Salary Increases, Including Wage Inflation            | 3.50 % in the aggregate |
| Long-Term Investment Rate of Return, Net of OPEB Plan |                         |
| Investment Expenses, Including Price Inflation        | 7.25%                   |
| Discount rate   | 7.25%                   |
| Health Care Cost Trend Rates                          |                         |
| Service-based Premium Subsidy                         | 0.00%                   |
| PERACare Medicare Plans                               | 5.00%                   |
| Medicare Part A Premiums                              | 3.25% for 2018,         |
|   | gradually rising to     |
|   | 5.00% in 2025           |

Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

The actuarial assumptions used in the December 31, 2017, valuations were based on the results of the 2016 experience analysis for the periods January 1, 2012 through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by the PERA Board during the November 18, 2016, Board meeting. In addition, certain actuarial assumptions pertaining to per capita health care costs and their related trends are analyzed and reviewed by PERA's actuary, as discussed below.

In determining the additional liability for PERACare enrollees who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following monthly costs/premiums are assumed for 2018 for the PERA Benefit Structure:

| Withou   | t Medicare  | Membe      | ers Without                                  |
|----------|-------------|------------|--|
| <u> </u> | art A       | wearc      | are Part A                                   |
| \$       | 736         | \$         | 367  |
|          | 602         |            | 236  |
|          | 611         |            | 251  |
|          | 686         |            | 213  |
|          | Withou<br>P | 602<br>611 | Without Medicare Part A Member Medic  \$ 736 |

.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### Actuarial assumptions (continued)

The 2018 Medicare Part A premium is \$422 per month.

In determining the additional liability for PERACare enrollees in the PERA Benefit Structure who are age sixty-five or older and who are not eligible for premium-free Medicare Part A, the following chart details the initial expected value of Medicare Part A benefits, age adjusted to age 65 for the year following the valuation date:

| Medicare Plan                            | Cost for Members Without Medicare Part A |     |  |
|--|--|-----|--|
| Self-Funded Medicare Supplement Plans    | \$                                       | 289 |  |
| Kaiser Permanente Medicare Advantage HMO |  | 300 |  |
| Rocky Mountain Health Plans Medicare HMO |  | 270 |  |
| UnitedHealthcare Medicare HMO            |  | 400 |  |

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and heuristics developed by health plan actuaries and administrators, and projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services. Effective December 31, 2017, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates that were used to measure the total OPEB liability are summarized in the table below:

|       | PERACare Medicare | Medicare Part A |
|-------|-------------------|-----------------|
| Year  | Plans             | Premiums        |
| 2018  | 5.00%             | 3.25%           |
| 2019  | 5.00%             | 3.50%           |
| 2020  | 5.00%             | 3.75%           |
| 2021  | 5.00%             | 4.00%           |
| 2022  | 5.00%             | 4.25%           |
| 2023  | 5.00%             | 4.50%           |
| 2024  | 5.00%             | 4.75%           |

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### **Actuarial assumptions** (continued)

Mortality assumptions for the determination of the total pension liability for each of the Division Trust Funds as shown below are applied, as applicable, in the determination of the total OPEB liability for the HCTF. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Healthy mortality assumptions for active members were based on the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Healthy, post-retirement mortality assumptions for the State and Local Government Divisions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

Healthy, post-retirement mortality assumptions for the School and Judicial Divisions were based on the RP-2014 White Collar Healthy Annuitant Mortality Table, adjusted as follows:

- Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 93
  percent factor applied to rates for ages less than 80, a 113 percent factor applied to rates
  for ages 80 and above, and further adjustments for credibility.
- Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 68 percent factor applied to rates for ages less than 80, a 106 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

The mortality assumption for disabled retirees was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The following economic and demographic assumptions were updated and used in the measurement of the obligations for the HCTF:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2018 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLO YMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### **Actuarial assumptions** (continued)

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four of five years for PERA. Recently, this assumption has been reviewed more frequently. The most recent analyses were outlined in presentations to PERA's Board on October 28, 2016.

Several factors were considered in evaluating the long-term rate of return assumption for the HCTF, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

As of the most recent adoption of the long-term expected rate of return by the PERA Board, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

|                                   | Target     | 30-Year Expected Geometric |
|-----------------------------------|------------|----------------------------|
| Asset Class                       | Allocation | Real Rate of Return        |
| U.S. Equity - Large Cap           | 21.20 %    | 4.30 %                     |
| U.S. Equity - Small Cap           | 7.42       | 4.80                       |
| Non U.S. Equity - Developed       | 18.55      | 5.20                       |
| Non U.S. Equity - Emerging        | 5.83       | 5.40                       |
| Core Fixed Income                 | 19.32      | 1.20                       |
| High Yield                        | 1.38       | 4.30                       |
| Non U.S. Fixed Income - Developed | 1.84       | 0.60                       |
| Emerging Market Debt              | 0.46       | 3.90                       |
| Core Real Estate                  | 8.50       | 4.90                       |
| Opportunity Fund                  | 6.00       | 3.80                       |
| Private Equity                    | 8.50       | 6.60                       |
| Cash                              | 1.00       | 0.20                       |
| Total                             | 100.00     |                            |

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates - The following presents the District's proportionate share of the net OPEB liability, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

|                                     | 1% | Decrease in       | С  | urrent Trend | 19 | 6 Increase in |
|-------------------------------------|----|-------------------|----|--------------|----|---------------|
|                                     |    | Trend Rates Rates |    |              | T  | rend Rates    |
| PERACare Medicare Trend Rate        |    | 4.00%             |    | 5.00%        |    | 6.00%         |
| Initial Medicare Part A Trend Rate  |    | 2.25%             |    | 3.25%        |    | 4.25%         |
| Ultimate Medicare Part A Trend Rate |    | 4.00%             |    | 5.00%        |    | 6.00%         |
| Proportionate Share of the          |    |                   |    |              |    |               |
| Net OPEB Liability                  | \$ | 27,386,547        | \$ | 28,164,275   | \$ | 29,058,797    |

**Discount rate** - The discount rate used to measure the total OPEB liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2018, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the
  active membership present on the valuation date and the covered payroll of future plan
  members assumed to be hired during the year. In subsequent projection years, total
  covered payroll was assumed to increase annually at a rate of 3.50%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Transfers of a portion of purchase service agreements intended to cover the costs associated with OPEB benefits were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### **Discount rate** (continued)

Based on the above assumptions and methods, the HCTF's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The discount rate determination does not use the municipal bond index rate. There was no change in the discount rate from the prior measurement date.

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the District's proportionate share of the net OPEB liability, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current discount rate:

|                            | Current Discount |                  |    |            |    |            |  |
|----------------------------|------------------|------------------|----|------------|----|------------|--|
|                            | 19               | 1% Decrease Rate |    |            |    | % Increase |  |
|                            |                  | (6.25%)          |    | (7.25%)    |    | (8.25%)    |  |
| Proportionate Share of the |                  |                  |    |            |    | _          |  |
| Net OPEB Liability         | \$               | 31,513,371       | \$ | 28,164,275 | \$ | 25,301,110 |  |

Detailed information about the HCTF plan's fiduciary net position is available in the separately issued comprehensive annual financial report issued by PERA. That report can be obtained at <a href="https://www.copera.org/investments/pera">www.copera.org/investments/pera</a> -financial -reports.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### Component Units' Postemployment Benefits Other Than Pensions (OPEB)

**Contributions** – Employer contributions recognized by the HCTF from the component units were \$192,268 for the year ended June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs – At June 30, 2019, the component units reported a combined liability of \$2,354,202 for their proportionate share of the net OPEB liability. At December 31, 2018, the component units' proportion was a combined 0.1730338002%, which was a net increase of 0.0061456595% from their proportion measured as of December 31, 2017. For the year ended June 30, 2019, the component units recognized a combined OPEB expense of \$203,362.

At June 30, 2019, the component units reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

|   | Deferred Outflows |           | Defer        | red Inflows |
|---|-------------------|-----------|--------------|-------------|
|   | of F              | Resources | of Resources |             |
| Difference between Expected and Actual Experience | \$                | 8,543     | \$           | 3,584       |
| Changes of Assumptions or other Inputs            |                   | 16,514    |              | -           |
| Net Difference between Projected and Actual       |                   |           |              |             |
| Earnings on OPEB Plan Investments                 |                   | 13,538    |              | -           |
| Changes in Proportion and Differences between     |                   |           |              |             |
| Contributions Recognized and Proportionate Share  |                   |           |              |             |
| Share of Contributions                            |                   | 110,550   |              | 37,292      |
| Contributions Subsequent to the Measurement Date  |                   | 72,775    |              | -           |
| Total   | \$                | 221,920   | \$           | 40,876      |

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Component Units' (OPEB) (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (continued)

\$72,775 reported as deferred outflows of resources related to OPEBs, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the fiscal year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEBs will be recognized in OPEB expense as follows:

| Year Ended June 30, | <br>Amount    |  |  |  |
|---------------------|---------------|--|--|--|
| 2020                | \$<br>23,563  |  |  |  |
| 2021                | 23,563        |  |  |  |
| 2022                | 23,560        |  |  |  |
| 2023                | 32,965        |  |  |  |
| 2024                | 4,511         |  |  |  |
| Thereafter          | 107           |  |  |  |
| Total               | \$<br>108,269 |  |  |  |

Sensitivity of the component units' proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates - The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

|                                     | 1% | Decrease in | Cu | irrent Trend | 1% | Increase in |

|                            |    | (6.25%)    |     | (7.25%)     |    | (8.25%)    |
| Proportionate Share of the |    |            |     | _           |    | _          |
| Net OPEB Liability         | \$ | 2,634,146  | \$  | 2,354,202   | \$ | 2,114,876  |

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 11: DEFINED CONTRIBUTION PLAN

**Plan Description** – Employees of the District that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA

Board of Trustees. PERA issues a publicly available comprehensive annual financial report for the Plan. That report can be obtained at <a href="https://www.copera.org/inves-tments/pera-financial-reports">www.copera.org/inves-tments/pera-financial-reports</a>.

**Funding Policy** – The Voluntary Investment Program is funded by voluntary member contributions of up to a maximum limit set by the Internal Revenue Service as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. There is no employer match. Historical voluntary program member contribution totals are listed in the following table:

| Year ended June 30, |             |
|---------------------|-------------|
| 2019                | \$1,944,847 |
| 2018                | \$1,848,757 |
| 2017                | \$1,649,608 |
| 2016                | \$1,594,025 |
| 2015                | \$1,641,725 |

#### **NOTE 12: TAX INCREMENT REVENUES**

The District has entered into Intergovernmental Agreements with several, local urban renewal authorities (URA) and one downtown development authority (DDA). These governmental entities may enter into tax abatement agreements with individuals or other entities located with their boundaries. The District requested disclosure of any tax abatement agreements made by the URAs and DDA that may reduce the District's tax revenue. As of June 30, 2019, the District was not notified of any such third-party agreements.

#### NOTE 13: JOINTLY GOVERNED ORGANIZATION

#### Centennial Board of Cooperative Educational Services

The District, in conjunction with other surrounding districts, created the Centennial Board of Cooperative Educational Services (BOCES). The BOCES is an organization that provides member districts educational and computer services at a shared lower cost per district. The BOCES Board is comprised of one member from each participating district. The District paid the BOCES \$451,605 which includes \$136,285 for contractual services and \$315,320 for tuition during the year ended June 30, 2019. The BOCES financial statements can be obtained at their administrative office located at 2020 Clubhouse Drive, Greeley, Colorado 80634.

### Notes to Financial Statements (Continued) June 30. 2019

#### NOTE 14: COMMITMENTS AND CONTINGENCIES

#### Claims and Judgments

The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2019, significant amounts of grant expenditures have not been audited by granting agencies, but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the District.

The District is involved in pending litigation. The District anticipates no potential claims resulting from these cases which would further materially affect the financial statements.

#### **Construction Contracts**

The District has entered into a number of separate construction projects as of June 30, 2019. Contract commitments at June 30, 2019, as a result of these projects, totaled \$38,662,000.

#### **TABOR Amendment**

In November 1992, Colorado voters passed Article X, Section 20 (TABOR Amendment) to the State Constitution which limits state and local government tax powers and imposes spending limitations. The District is subject to the TABOR Amendment. Fiscal year 1993 provides the basis for limits in future years to which may be applied allowable increases for inflation and student enrollment. In November 1998, electors within the District authorized the District to collect, retain and/or expend all revenues lawfully received by the District from any source during fiscal year 1999 and each year thereafter without regard to the limitations and conditions under the TABOR Amendment of the Colorado Constitution or any other law. The Amendment is complex and subject to judicial interpretation. The TABOR Amendment requires the District to establish a reserve for emergencies. At June 30, 2019, the District has complied with the requirements to include emergency reserves in its net position and fund balance.

#### **Contingency Reserve**

As allowed by state statute, the District Board of Education may provide for an operating reserve in the General Fund. District policy requires that the budget adopted by the Board include an additional appropriated reserve equal to 2% of operating fund expenditures. The District has met the 2% contingency requirement, which is reported in the committed fund balance, as of June 30, 2019.

The contingency reserve may only be used if the following conditions are met:

- There is a rare and extraordinary event (for example, a natural disaster or a large, unanticipated reduction or the elimination of state revenue); or a one-time funding of a significant capital project; or an operating initiative that will result in material, recurring reductions in future operating expenditures or material, recurring increases in operating revenues; and
- The District's administration has made a complete, written analysis with justifying evidence including a plan for the replenishment of the contingency reserve; and the District's Board of Education has passed a specific resolution authorizing the expenditure. The replenishment plan shall not exceed two years from the date of the expenditure.

## Notes to Financial Statements (Continued) June 30, 2019

#### NOTE 15: CAPITAL CONTRIBUTIONS TO COMPONENT UNITS

During fiscal year ended June 30, 2017, the District and each of its component units entered into individual agreements for the funding of capital construction projects. With the successful passage of voter-authorized 2016 building bonds, the District agreed to allocate a portion of the proceeds to pay for various capital improvements and upgrades. As of June 30, 2019, the component units reported capital contributions from the District of \$1,689,617. The District records the construction activity as a service provided to the charter schools. Depending on the scope of work and organization of the charter school, the component unit may report the construction expenditures as Construction in Progress in its Building Corporation or as Repair and Maintenance in its Statement of Revenues, Expenditures and Changes in Fund Balances.

#### **NOTE 16: RESTATEMENT OF NET POSITION**

The component units' beginning net position of their governmental activities were increased by \$162,035 as a charter school ceased to have an Agency Fund at June 30, 2018. Remaining funds were added to the charter school's general fund.

#### **NOTE 17: DEFICIT NET POSITION**

The net position of the District's governmental activities is a deficit of \$564,034,407 as a result of implementing GASB Statements No. 68 and 75. Also the component units' net position is a deficit of \$53,938,038 primarily as a result of implementing the new reporting standards.

#### REQUIRED SUPPLEMENTARY INFORMATION

<u>General Fund</u> – The <u>General Fund</u> is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. The <u>Colorado Preschool Program</u> Fund is reported as a sub-fund of the <u>General Fund</u>. Moneys allocated to this fund from the <u>General Fund</u> are used to pay the costs of providing preschool services directly to qualified at-risk children enrolled in the District's preschool program. The <u>Risk Management Fund</u>, also a sub-fund of the <u>General Fund</u>, is used to account for the payment of loss or damage to the property of the District, workers' compensation, property and liability claims, and the payment of related administration expenses.

Budget to actual information for the General Fund is presented on the following pages.

<u>Pension and OPEB.</u> During fiscal year 2015, the District adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions, and Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date — an amendment of GASB Statement No. 68. During fiscal year 2018, the District adopted GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB).

The primary objectives of these Statement's is to improve the accounting and financial reporting by state and local governments for pensions and OPEBs. Required supplementary schedules, District's Proportionate Share of the Net Pension Liability, Schedule of District Contributions for the Employee Pension Plan, District's Proportionate Share of the Net OPEB Liability, and Schedule of District Contributions for the Health Care Trust Fund are presented in this section.

## St. Vrain Valley School District RE-1J Schedule of Required Supplementary Information Combining Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual General, Colorado Preschool Program, and Risk Management Funds For the Year Ended June 30, 2019

#### Notes to Required Supplementary Information

June 30, 2019

#### NOTE 1: GENERAL FUND BUDGETARY INFORMATION

Prior to July 1, 2015, the *General Fund* annual budget was adopted on a basis consistent with US GAAP. While a budget basis is similar to a cash basis – in that revenues are recognized when cash is received, and expenditures are recorded when payments are made – a US GAAP basis budget, on the other hand, includes, for example, accruals for compensation earned but not paid as of fiscal year end, and recognition of deferred revenues. The District's other funds are also budgeted on a US GAAP basis.

The significant differences between the *General Fund*'s adopted and amended budgets are as follows:

- \$4.4 million increase in property taxes and mill levy override dollars due to increased assessed property values;
- \$7.2 million decrease in state equalization due to the increased locally assessed property values, net of a \$4 million one-time additional allocation from the General Fund to the Capital Reserve Capital Projects Fund;
- \$1.4 million increase due to higher than projected specific ownership taxes;
- \$1.1 million increase in charges for service due to the increased participation in preschool and fullday kindergarten tuition-based programs;
- \$1.1 million increase in miscellaneous revenue due to the sale of retired iPad minis and increased e-rate revenues;
- \$1.5 million increase in purchased services for additional school resource officers as well as increased insurance premiums and coverage;
- \$4.0 million decrease in supplies due to the reallocation of resources to cover debt service payments related to technology leases;
- \$3.0 million increase in capital outlay due to the inception of another technology lease;
- \$1.0 million increase in other contingency expenditures related to a new Project Launch literacy program;
- \$2.2 million decrease in charter school allocations due to actual enrollment being less than initial projections.

During the current fiscal year, the District received federal interest income of \$1.4 million as a subsidy from issuing Direct Pay Build America Bonds, Series 2010B.

#### NOTE 2: NET PENSION LIABILITY AND DISTRICT CONTRIBUTIONS

The schedules presented will illustrate a 10-year trend. However, since the District did not implement GASB Statement No. 68 until fiscal year 2015, only five years are presented in these prior schedules. As information is available, each subsequent year will be added until the full 10-year trend is compiled. The Schedule of the District's Proportionate Share of the Net Pension Liability presents amounts as determined at December 31st of each fiscal year. The Schedule of District Contributions presents amounts based on the District's fiscal year of June 30th.

#### NOTE 3: NET OPEB LIABILITY AND DISTRICT CONTRIBUTIONS

The schedules presented will illustrate a 10-year trend. However, since the District did not implement GASB Statement No. 75 until fiscal year 2018, only two years are presented in these prior schedules. As information is available, each subsequent year will be added until the full 10-year trend is compiled. The Schedule of the District's Proportionate Share of the Net OPEB Liability presents amounts as determined at December 31st of each fiscal year. The Schedule of District Contributions presents amounts based on the District's fiscal year of June 30th.

#### SUPPLEMENTARY SCHEDULES - GOVERNMENTAL FUNDS

#### **Major Governmental Funds**

<u>Bond Redemption Fund</u> – The <u>Bond Redemption Fund</u> is a debt service fund used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

<u>Building Fund</u> – The <u>Building Fund</u> is a capital projects fund that accounts for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings or initial, additional and replacement equipment.

#### SUPPLEMENTARY SCHEDULES - GOVERNMENTAL FUNDS

#### **Nonmajor Capital Projects Fund**

<u>Capital Reserve Capital Projects Fund</u> – This fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the ongoing capital outlay needs of the District, such as equipment purchases.

#### **Nonmajor Special Revenue Funds**

<u>Special Revenue Funds</u> are used to account for the proceeds of specific revenue sources including those requiring separate accounting because of legal or regulatory provisions that legally restrict expenditures to specified purposes.

- Community Education Fund This fund is used to record the tuition-based activities including driver's education, summer school, K-5 child care, PreK child care, and enrichment as well as community-based grants and awards.
- Fair Contributions Fund In accordance with intergovernmental agreements, this fund is used to collect money for the acquisition, development, or expansion of public school sites based on impacts created by residential subdivisions.
- Governmental Designated-Purpose Grants Fund This fund is used to account for restricted state or federal grants that are obtained primarily to provide for specific instructional programs.
- Nutrition Services Fund The Nutrition Services Fund accounts for the financial transaction related to the food service operations of the District.
- Student Activity Fund This fund is used to record financial transactions related to schoolsponsored pupil intrascholastic and interscholastic athletic and other related activities. Revenues of this fund are primarily from student fees, fund raising, gate receipts, and gifts.

#### SUPPLEMENTARY SCHEDULES - PROPRIETARY FUND

#### **Internal Service Fund**

Internal Service Funds may be used to accumulate and allocate costs internally among governmental functions. The District's only internal service fund is the Self Insurance Fund which accounts for the specific medical and dental health plans of the District.

#### SUPPLEMENTARY SCHEDULES - FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. Of the four fiduciary funds categories (pension trust funds, investment trust funds, private-purpose trust funds, and custodial funds), the District has the following:

• <u>Private purpose trust funds</u> account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is the *Student Scholarship Fund*.

The District has no custodial funds.

#### SUPPLEMENTARY SCHEDULES - COMPONENT UNITS

#### **Charter Schools**

Aspen Ridge Preparatory School began operations in the fall of fiscal year 2012 to serve students in grades K through 5. In October 2014, the charter was renewed to serve grades K through 8. The school is located in Erie (Weld County).

Carbon Valley Academy, located in Frederick (Weld County), began operations in the fall of fiscal year 2006 to serve students in grades pre-K through 8. In 2009 the school opened a secondary academy with grade 9 and planned to add a grade each year until 12<sup>th</sup> grade. However, the secondary academy was closed in December 2010.

Flagstaff Academy also began operations in the fall of fiscal year 2006 serving students in grades pre-K through 8. The school is located in Longmont (Boulder County).

Imagine Charter School at Firestone (Weld County) began operations in the fall of fiscal year 2009 to serve students grades pre-K through 8.

St. Vrain Community Montessori School began operations in the fall of fiscal year 2009 serving students in grades K through 2. The school, currently located in Longmont (Boulder County), added a grade each year until 6<sup>th</sup> grade. In October 2013, the charter was renewed to serve grades pre-K through 8, adding grade 7 in fiscal year 2015 and grade 8 in fiscal year 2016.

Twin Peaks Charter Academy, located in Longmont (Boulder County), began operations in the fall of fiscal year 1998 to serve students in grades K through 8. In 2012, the school opened a secondary academy with grades 9 and 10 and added a grade each year until 12<sup>th</sup> grade.

Note 1: The District implemented GASB 54, Fund Balance Reporting and Governmental Fund Type Definitions during FY11. However, the classifications of fund balance per GASB 54 are presented retroactively.

Note 2: The District transferred the Capital Reserve Fund from a special revenue fund type to a capital projects fund type during FY11 which impacted the reporting of some fund balance classifications within that fund.

This chart includes a summary of the estimated overlapping general obligation debt, as of December 31, 2018, of those entities with the authority to levy property taxes which are located wholly or partially within the District. Also, shown is the percentage and amount of the total estimated outstanding general obligation debt of these entities, inclusive and exclusive of estimated general obligation under debt, which is chargeable to property located within the District's boundaries. Because no single parcel of property located within the District's boundaries is located within every entity shown on the chart, the chart is not indicative of the actual or potential tax burden upon any single parcel of property located within the District's boundaries. The District is not financially or legally obligated with regard to any of the indebtedness shown on the chart.

#### Fiscal Year 2019 Calculation

Under the Colorado Public School Finance Act of 1994, per Colorado Revised Statute 22-42-104, the limitation on bonded indebtedness is the greater of 20 percent\*\* of assessed value or 6 percent of actual value.

|   | Assessed<br>Value       | Actual<br>Value      |  |  |
|---|-------------------------|----------------------|--|--|
| Assessed or Estimated Actual Value  | \$<br>3,440,050,835 (1) | \$<br>28,521,756,046 |  |  |
| Debt Limit Percentage **  | 20.00% (2)              | 6.00%                |  |  |
| Legal debt limit  | 688,010,167             | 1,711,305,363        |  |  |
| Amount of debt applicable to debt limit:<br>Total bonded debt as of June 30, 2019 | 548,690,000             | <br>548,690,000      |  |  |
| Legal debt margin   | \$<br>139,320,167_      | \$<br>1,162,615,363  |  |  |

<sup>\*\*</sup> Per section 1.3, in years of high growth as defined in the statute, the debt limit can be raised to 25%

Note 1: The assessed valuation shown here includes \$110,172,265 of assessed valuation attributable to tax increment financing districts (including, but not limited to, Longmont Downtown Development Authority, Broomfield URA, Erie URA, Firestone URA and Mead URA) located within the District. An additional slight difference is due to adjustment to the various County Assessors' compilations of the above information.

Note 2: Although the District has qualified for the legal debt margin based on 6% of the actual value, it has taken a conservative posture by limiting its debt based on 20% (or 25% as applicable) of the assessed value.

# St. Vrain Valley School District RE-1J Operating Information Full-Time Equivalent (FTE) District Employees by Function (1) Last Ten Fiscal Years (Unaudited)

| Function (2)                       | Description   | 2010  | 2011  | 2012  |
|------------------------------------|---|-------|-------|-------|
| Direct Instruction                 | Classroom teachers, special education and English as a Second Language teachers, teachers' aides, librarians, counselors  | 1,612 | 1,589 | 1,535 |
| Classroom Support                  | Librarians, counselors, school principals<br>and assistant principals, support staff<br>including speech services, attendance,<br>and extra-curricular activities | 366   | 388   | 406   |
| Building Support                   | Student transportation, utilities, maintenance, custodial services, printing, purchasing, technology services, etc.   | 336   | 338   | 354   |
| Central Support/<br>Administration | Human resources, finance, payroll, budgeting, legal, clerical support, supervision of instruction, public information, superintendent's office, etc.              | 32    | 34    | 36    |
| Total FTE                          |   | 2,346 | 2,349 | 2,331 |

Note 1: Numbers above are from the Employee Management System for the General Fund as of June 30 and do not take into account staffing fluctuations during the year or vacancies at year-end. However, beginning with fiscal year 2014, a mid-year approach was deemed more accurate and stable than a year end calculation.

Note 2: Although the above table represents FTE for the General Fund only, additional FTE were supported by federally funded grants as follows: 62, 49, 56 and 56 FTE for direct instruction; 36, 44, 34 and 41 FTE for classroom support; and 2 for building support for fiscal years 2010, 2011, 2012, and 2013, respectively. In addition to grants funds, all other funds supported additional FTE of 364, 399, 427, 401, 378 and 385 for fiscal years 2014, 2015, 2016, 2017, 2018 and 2019, respectively.

Note 1: Includes alternative programs in addition to alternative schools. In 2013, the District reassessed which programs to include. In 2014, one program closed. In 2015, the District included the online academy and homeschool.

Note 2 : Elementary school square feet include a standalone preschool which opened during fiscal year 2014.

Note 3: A PreK-8 school and a K-8 school were operational as of July 1, 2013 and converted from existing elementary and middle schools.

Note 4: Construction of an elementary school was completed by June 30, 2018, and included in the total number and square footage in FY18. A PK-8 and Innovation Center were completed after June 30, 2018, and were added in FY19. Capacity and enrollment numbers for the new schools are included in FY19.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education St. Vrain Valley School District RE-1J Longmont, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the St. Vrain Valley School District RE-1J, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise St. Vrain Valley School District RE-1J's basic financial statements, and have issued our report thereon dated October 29, 2019. Our report includes a reference to other auditors who audited the financial statements of Aspen Ridge Preparatory School, Carbon Valley Academy, Flagstaff Academy, Imagine Charter School at Firestone, St. Vrain Community Montessori School and Twin Peaks Charter Academy, as described in our report on St. Vrain Valley School District RE-1J's financial statements. This report does not include the results of Aspen Ridge Preparatory School, Carbon Valley Academy, Flagstaff Academy, Imagine Charter School at Firestone, St. Vrain Community Montessori School and Twin Peaks Charter Academy auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of Aspen Ridge Preparatory School, Carbon Valley Academy, Flagstaff Academy, Imagine Charter School at Firestone, St. Vrain Community Montessori School and Twin Peaks Charter Academy were not audited in accordance with Government Auditing Standards.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered St. Vrain Valley School District RE-1J's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of St. Vrain Valley School District RE-1J's internal control. Accordingly, we do not express an opinion on the effectiveness of St. Vrain Valley School District RE-1J's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Board of Education St. Vrain Valley School District RE-1J

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether St. Vrain Valley School District RE-1J's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Greenwood Village, Colorado October 29, 2019

### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education St. Vrain Valley School District RE-1J Longmont, Colorado

### Report on Compliance for Each Major Federal Program

We have audited St. Vrain Valley School District RE-1J's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on St. Vrain Valley School District RE-1J's major federal program for the year ended June 30, 2019. St. Vrain Valley School District RE-1J's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance over St. Vrain Valley School District RE-1J's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about St. Vrain Valley School District RE-1J's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of St. Vrain Valley School District RE-1J's compliance.

#### Opinion on Each Major Federal Program

In our opinion, St. Vrain Valley School District RE-1J complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2019.

### **Report on Internal Control Over Compliance**

Management of St. Vrain Valley School District RE-1J are responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered St. Vrain Valley School District RE-1J's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of St. Vrain Valley School District RE-1J's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### St. Vrain Valley School District RE-1J

### Notes to the Schedule of Expenditures of Federal Awards

June 30, 2019

#### NOTE 1: BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) presents the activity of all federal award programs of the St. Vrain Valley School District RE-1J (the District) for the fiscal year ended June 30, 2019. The accompanying Schedule is presented on a modified accrual basis of accounting for governmental funds as defined in Note 1 of the District's basis financial statements. The federal financial reports that are submitted to the grantors are prepared on a cash basis and may not agree with this Schedule.

### NOTE 2: NONCASH

Commodities donated to the District by the U.S. Department of Agriculture (USDA) of \$725,716 are valued based on the USDA's Donated Commodity Price List. These are shown as part of the National School Lunch program (CFDA #10.555).

### **NOTE 3: INDIRECT COSTS**

The District has not elected to use the 10% *de minimis* indirect cost rate as allowed under the Uniform Guidance, Section 414.

### ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

# Section II – Financial Statement Findings Our audit did not disclose any matters required to be reported in accordance with Government Auditing Standards. Section III – Findings and Questioned Costs – Major Federal Programs

Our audit did not disclose any matters required to be reported in accordance with 2 CFR 200.516(a).

### ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED JUNE 30, 2019

#### Colorado Department of Education

St. Vrain Valley School District RE-1J respectfully submits the following summary schedule of prior audit findings for the year ended June 30, 2019.

Audit period: June 30, 2019

The findings from the prior audit's schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the prior year.

#### FINDINGS—FINANCIAL STATEMENT AUDIT

There were no financial statement findings in the prior year.

#### FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

### <u>2018 – 001 Significant Deficiency in Internal Controls Over Compliance and Compliance for Procurement</u>

**Condition:** For a single purchase amounting to \$49,713, the District did not have evidence of price or rate quotes in advance from a reasonable number of qualified sources and document the significant history of the purchase consistent with the Uniform Guidance. The District's internal controls over procurement failed to prevent or detect and correct, the error on a timely basis.

**Status**: Corrected. The District's internal controls have been aligned in order to ensure purchases are consistent with the Uniform Guidance.

If the Colorado Department of Education has questions regarding this schedule, please call Greg Fieth, Chief Financial Officer at 303-682-7203.

#### **MEMORANDUM**

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Acceptance of District's Charter Schools' 2019 Fiscal Year Assurances for

Financial Accreditation

Strategic Priority – Strong District Finances

### RECOMMENDATION

That the Board of Education accept the individual District charter schools' Assurances for Financial Accreditation for the year ended June 30, 2019, as presented.

### **BACKGROUND**

This form is required pursuant to C.R.S. 22-11-206(4). The Colorado Department of Education must determine annually if substantial and good-faith compliance was achieved with relevant provisions of state law and generally accepted accounting principles. Substantial compliance is determined through review of the finance data pipeline submission, audited financial statements, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided on the form as certified by those charged with governance.

Each District charter school is required to complete a checklist stating compliance with the referenced statute. The checklist must be reviewed and approved by the charter school's financial officer, principal or executive director, and its school board. As the charter authorizer, the District has oversight of each charter. The checklists are provided to the District Board of Education for informational purposes related to the financial performance of each charter school. The checklist is part of the required annual reporting package to the Colorado Department of Education.

District staff will be available to answer questions.

Fiscal Year 2018-19 0470: Aspen Ridge Prepatory School

#### Overview

A charter school is required to comply with all of the state financial and budget rules, regulations and financial reporting requirements pursuant to Section 22-30.5-112(7), C.R.S. This form is required pursuant to Section 22-11-206(4), C.R.S. when an authorizer does not provide assurances for the charter school(s) within the authorizer's FORM AFA2019 or to support compliance monitoring by the authorizer. The assurance form must be submitted certifying substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors compliance by reviewing finance data pipeline submissions, audited financial statements, financial transparency websites, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

#### Completion and submission

- 1. Open header and select entity from the drop down. Schools are ordered by authorizer numeric code then by school name.
- Select the appropriate response for each assurance. Note: select "N/A" when item is not applicable.
- Complete an Attachment A for each "No" response.
- 4. Scan to PDF the completed and signed CHARTER FORM AFA2019 with, if applicable, an Attachment A for each "No" response.
- 5. Forms executed by a charter school should be submitted to the authorizer. Forms executed by an authorizer should be submitted to CDE with the following items as PDF files via email attachments to: schoolfinance@cde.state.co.us
  - a. FORM AFA2019 for the authorizer
  - b. Audited financial statements for year ended June 30, 2019 (including audit reports for charter schools, if applicable)
  - c. Grant Revenue Reconciliation Report from data pipeline with responses for all differences in column 9
  - d. Finance December Error Detail Report Rollup from data pipeline with confirmation or responses for all warning edits

PART 1 - Assurances for Article 44 Budget Policy and Procedures required pursuant to Section 22-11-206(4)(a)(I), C.R.S.

| Ref. | Description                                  | C.R.S. Section            | Assurance  | Response |
|------|--|---------------------------|--|----------|

|-------|---|---|--|----------|
| 44-4  | Uniform summary sheet                   | 22-44-105(1)(d.5)                       | The budget for fiscal year 2018-19 includes a uniform summary sheet for each fund.   | Yes      |
| 44-5  | Use of beginning fund balance           | 22-44-105(1.5)(a)&(c)                   | For budgets that include the use of beginning fund balance, a resolution was adopted by the board specifically authorizing this use and stating the district's plan to ensure that such use will not lead to an ongoing deficit.   | N/A      |
| 44-6  | Ongoing deficit                         | 22-44-105(1.5)(a)&(c)<br>22-44-102(7.3) | The districted reported, in the annual financial audit, a positive amount in the unassigned fund balance for each governmental fund and unrestricted net assets for each proprietary fund  | Yes      |
| 44-7  | Contingency reserve - operating reserve | 22-44-106(2)                            | If applicable, the board of education adopted a board resolution committing fund balance, which is limited to 15% of total general fund budgeted expenditures, considered as a beginning general fund balance for the 2019-20fiscal year and thereby unavailable for appropriation during the 2018-19 fiscal year. | No       |
| 44-8  | Preparation of budget                   | 22-44-108(1)(c)                         | A proposed budget for fiscal year 2018-19 was submitted to the board by May 31, 2018.  | Yes      |
| 44-9  | Notice of proposed budget               | 22-44-109                               | Notice was made in accordance with law that the proposed budget is available for public inspection.  | Yes      |
| 44-10 | Adoption of budget                      | 22-44-110(4)                            | The budget for fiscal year 2018-19 was adopted by the board by June 30, 2018.  | Yes      |
| 44-11 | Supplemental budget                     | 22-44-110(5)                            | Modifications to the budget after January 31, 2019, were made through adoption of a supplemental budget by the board.  | Yes      |
| 44-12 | Interfund borrowing                     | 22-44-113(1)                            | Interfund borrowings were repaid within 3 months of the fiscal year end.   | N/A      |
| 44-13 | Spending in excess of appropriations    | 22-44-115(1)                            | Spending did not exceed amounts appropriated for each fund.  | Yes      |
| 44-14 | Use of handbook and chart of accounts   | 22-44-204(3)                            | The financial policies and procedures handbook and chart of accounts were used for budget development, maintaining financial records, and periodic presentation of financial information to the board.   | Yes      |
| 44-15 | Financial transparency                  | 22-44-304                               | Information required by the Public School Financial Transparency Act was made available on-line in a downloadable format. <i>Note</i> : Check the organization's website to ensure all required documents are posted and current.  | Yes      |

PART 2 - Assurances for Article 45 Accounting and Reporting required pursuant to Section 22-11-206(4)(a)(II), C.R.S.

School Finance and Operations Division

| Ref. | Description                              | C.R.S. Section        | Assurance   | Response |
|------|--|-----------------------|---|----------|
| 45-1 | Enterprise fund accounting               | 22-45-102(1)(a)       | The full accrual basis of accounting was used for budgeting and accounting for enterprise funds.  | Yes      |
| 45-2 | Generally Accepted Accounting Principles | 22-45-102(1)(a)       | Financial records are kept in accordance with generally accepted principles of governmental accounting.   | Yes      |
| 45-3 | Board review of financial condition      | 22-45-102(1)(a) & (b) | The board required the preparation of financial reports that included at a minimum the information required by state law. The board reviewed the financial condition of the entity at least quarterly during the fiscal year. | Yes      |
| 45-4 | Financial records                        | 22-45-102(2)          | All financial records are maintained at the principal administrative offices and general ledger accounts are posted and reconciled at least monthly.  | Yes      |

### PART 3 - Optional disclosures

Accounting general ledger software information:

Company/vendor name: Replace with name

Company/vendor contact: Name: Replace with name Email: Replace with email

Fiscal Year 2018-19 0470: Aspen Ridge Prepatory School

### PART 4 - Certification of assurances

I certify, to the best of my knowledge and belief, that the assurances provided in Parts 1 and 2 are true and correct. I further certify that all information provided with Attachment A(s), if applicable, is true and correct.

| Director of Operations        | (signature)                  | (printed name)                |   |

#### Overview

A charter school is required to comply with all of the state financial and budget rules, regulations and financial reporting requirements pursuant to Section 22-30.5-112(7), C.R.S. This form is required pursuant to Section 22-11-206(4), C.R.S. when an authorizer does not provide assurances for the charter school(s) within the authorizer's FORM AFA2019 or to support compliance monitoring by the authorizer. The assurance form must be submitted certifying substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors compliance by reviewing finance data pipeline submissions, audited financial statements, financial transparency websites, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

#### Completion and submission

- 1. Open header and select entity from the drop down. Schools are ordered by authorizer numeric code then by school name.
- 2. Select the appropriate response for each assurance. Note: select "N/A" when item is not applicable.
- 3. Complete an Attachment A for each "No" response.
- 4. Scan to PDF the completed and signed CHARTER FORM AFA2019 with, if applicable, an Attachment A for each "No" response.
- 5. Forms executed by a charter school should be submitted to the authorizer. Forms executed by an authorizer should be submitted to CDE with the following items as PDF files via email attachments to: <a href="mailto:schoolfinance@cde.state.co.us">schoolfinance@cde.state.co.us</a>
  - a. FORM AFA2019 for the authorizer
  - b. Audited financial statements for year ended June 30, 2019 (including audit reports for charter schools, if applicable)
  - c. Grant Revenue Reconciliation Report from data pipeline with responses for all differences in column 9
  - d. Finance December Error Detail Report Rollup from data pipeline with confirmation or responses for all warning edits

Fiscal Year 2018-19 0470: Flagstaff Charter School

#### Overview

A charter school is required to comply with all of the state financial and budget rules, regulations and financial reporting requirements pursuant to Section 22-30.5-112(7), C.R.S. This form is required pursuant to Section 22-11-206(4), C.R.S. when an authorizer does not provide assurances for the charter school(s) within the authorizer's FORM AFA2019 or to support compliance monitoring by the authorizer. The assurance form must be submitted certifying substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors compliance by reviewing finance data pipeline submissions, audited financial statements, financial transparency websites, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

#### Completion and submission

- Open header and select entity from the drop down. Schools are ordered by authorizer numeric code then by school name.
- 2. Select the appropriate response for each assurance. Note: select "N/A" when item is not applicable.
- Complete an Attachment A for each "No" response.
- 4. Scan to PDF the completed and signed CHARTER FORM AFA2019 with, if applicable, an Attachment A for each "No" response.
- 5. Forms executed by a charter school should be submitted to the authorizer. Forms executed by an authorizer should be submitted to CDE with the following items as PDF files via email attachments to: <a href="mailto:schoolfinance@cde.state.co.us">schoolfinance@cde.state.co.us</a>
  - a. FORM AFA2019 for the authorizer
  - b. Audited financial statements for year ended June 30, 2019 (including audit reports for charter schools, if applicable)
  - c. Grant Revenue Reconciliation Report from data pipeline with responses for all differences in column 9
  - d. Finance December Error Detail Report Rollup from data pipeline with confirmation or responses for all warning edits

### CHARTER FORM AFA2019 Assurances for Financial Accreditation

Fiscal Year 2018-19 0470: Imagine Charter

#### Overview

A charter school is required to comply with all of the state financial and budget rules, regulations and financial reporting requirements pursuant to Section 22-30.5-112(7), C.R.S. This form is required pursuant to Section 22-11-206(4), C.R.S. when an authorizer does not provide assurances for the charter school(s) within the authorizer's FORM AFA2019 or to support compliance monitoring by the authorizer. The assurance form must be submitted certifying substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors compliance by reviewing finance data pipeline submissions, audited financial statements, financial transparency websites, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

#### Completion and submission

- 1. Open header and select entity from the drop down. Schools are ordered by authorizer numeric code then by school name.
- 2. Select the appropriate response for each assurance. Note: select "N/A" when item is not applicable.
- 3. Complete an Attachment A for each "No" response.
- 4. Scan to PDF the completed and signed CHARTER FORM AFA2019 with, if applicable, an Attachment A for each "No" response.
- 5. Forms executed by a charter school should be submitted to the authorizer. Forms executed by an authorizer should be submitted to CDE with the following items as PDF files via email attachments to: <a href="mailto:schoolfinance@cde.state.co.us">schoolfinance@cde.state.co.us</a>
  - a. FORM AFA2019 for the authorizer
  - b. Audited financial statements for year ended June 30, 2019 (including audit reports for charter schools, if applicable)
  - c. Grant Revenue Reconciliation Report from data pipeline with responses for all differences in column 9
  - d. Finance December Error Detail Report Rollup from data pipeline with confirmation or responses for all warning edits

### Explanation for non-compliance:

We were unaware that we were out of compliance on this item. We have been posting our budget notice "publicly" on our website and in the school entryway, both places accessible by the public. At the last Finance Seminar, we learned from a presenter that the intent of the law requires that the notice be published in a newspaper with local circulation.

### Plan to address non-compliance:

| We will begin posting the budget notices in local papers immediately. |  |  |  |  |  |  |  |

Fiscal Year 2018-19

### CHARTER FORM AFA2019

### Assurances for Financial Accreditation 0470: St. Vrain Community Montossori School

#### Overview

A charter school is required to comply with all of the state financial and budget rules, regulations and financial reporting requirements pursuant to Section 22-30.5-112(7), C.R.S. This form is required pursuant to Section 22-11-206(4), C.R.S. when an authorizer does not provide assurances for the charter school(s) within the authorizer's FORM AFA2019 or to support compliance monitoring by the authorizer. The assurance form must be submitted certifying substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors compliance by reviewing finance data pipeline submissions, audited financial statements, financial transparency websites, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

### Completion and submission

- 1. Open header and select entity from the drop down. Schools are ordered by authorizer numeric code then by school name.
- 2. Select the appropriate response for each assurance. Note: select "N/A" when item is not applicable.
- Complete an Attachment A for each "No" response.
- 4. Scan to PDF the completed and signed CHARTER FORM AFA2019 with, if applicable, an Attachment A for each "No" response.
- 5. Forms executed by a charter school should be submitted to the authorizer. Forms executed by an authorizer should be submitted to CDE with the following items as PDF files via email attachments to: <a href="mailto:schoolfinance@cde.state.co.us">schoolfinance@cde.state.co.us</a>
  - a. FORM AFA2019 for the authorizer
  - b. Audited financial statements for year ended June 30, 2019 (including audit reports for charter schools, if applicable)
  - c. Grant Revenue Reconciliation Report from data pipeline with responses for all differences in column 9
  - d. Finance December Error Detail Report Rollup from data pipeline with confirmation or responses for all warning edits

Fiscal Year 2018-19 0470: Twin Peaks Charter Academy

#### Overview

A charter school is required to comply with all of the state financial and budget rules, regulations and financial reporting requirements pursuant to Section 22-30.5-112(7), C.R.S. This form is required pursuant to Section 22-11-206(4), C.R.S. when an authorizer does not provide assurances for the charter school(s) within the authorizer's FORM AFA2019 or to support compliance monitoring by the authorizer. The assurance form must be submitted certifying substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors compliance by reviewing finance data pipeline submissions, audited financial statements, financial transparency websites, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

#### **Completion and submission**

- 1. Open header and select entity from the drop down. Schools are ordered by authorizer numeric code then by school name.
- 2. Select the appropriate response for each assurance. Note: select "N/A" when item is not applicable.
- 3. Complete an Attachment A for each "No" response.
- 4. Scan to PDF the completed and signed CHARTER FORM AFA2019 with, if applicable, an Attachment A for each "No" response.
- 5. Forms executed by a charter school should be submitted to the authorizer. Forms executed by an authorizer should be submitted to CDE with the following items as PDF files via email attachments to: <a href="mailto:schoolfinance@cde.state.co.us">schoolfinance@cde.state.co.us</a>
  - a. FORM AFA2019 for the authorizer
  - b. Audited financial statements for year ended June 30, 2019 (including audit reports for charter schools, if applicable)
  - Grant Revenue Reconciliation Report from data pipeline with responses for all differences in column 9
  - d. Finance December Error Detail Report Rollup from data pipeline with confirmation or responses for all warning edits

## **MEMORANDUM**

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of District's 2019 Fiscal Year Assurances for Financial

Accreditation

Strategic Priority – Strong District Finances

## RECOMMENDATION

That the Board of Education approve the Assurances for Financial Accreditation for the year ended June 30, 2019, as presented.

## **BACKGROUND**

This form is required pursuant to C.R.S. 22-11-206(4). The Colorado Department of Education must determine annually if substantial and good-faith compliance was achieved with relevant provisions of state law and generally accepted accounting principles. Substantial compliance is determined through review of the finance data pipeline submission, audited financial statements, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided on the form as certified by those charged with governance.

The District is required to complete a checklist stating compliance with the referenced statute. The checklist must be reviewed and approved by the Chief Financial Officer, Superintendent, and the Board of Education. The checklist is part of the required annual reporting package to the Colorado Department of Education.

District staff will be available to answer questions.

Fiscal Year 2018-19 0470: St Vrain Valley Re 1J

#### Overview

This form is required pursuant to Section 22-11-206(4), C.R.S. The school district must submit an assurance form certifying the school district's substantial and good-faith compliance with the a) School District Budget Law, b) Financial Policies and Procedures Act, c) Public School Financial Transparency Act, and d) accounting and reporting. The Colorado Department of Education monitors the district's compliance by reviewing the district's finance data pipeline submission, audited financial statements, financial transparency website, and responses from management to inquiries related to those reviews. Good-faith compliance is determined, in part, by the assurances provided below as certified by those charged with governance.

#### Additional information for charter school authorizers

The assurances provided with this form are also applicable to all charter schools unless a separate CHARTER FORM AFA2019 is executed by or on behalf of a charter school and provided to CDE. The submission of a CHARTER FORM AFA2019 by an authorizer communicates that the authorizer does not provide the assurances for that charter school within the authorizer's FORM AFA2019. If applicable, CHARTER FORM AFA2019(s) should be submitted with an authorizer's FORM AFA2019.

#### Completion and submission

- 1. Open header and select entity from the drop down.
- 2. Select the appropriate response for each assurance. Note: select "N/A" when item is not applicable.
- 3. Complete an Attachment A for each "No" response.
- 4. Scan to PDF the completed and signed FORM AFA2019 with, if applicable, an Attachment A for each "No" response.
- 5. Submit with the following items as PDF files via email attachments to: schoolfinance@cde.state.co.us
  - a. Audited financial statements for year ended June 30, 2019 (including audit reports for charter schools, if applicable)
  - b. Grant Revenue Reconciliation Report from data pipeline with responses for all differences in column 9
  - c. Finance December Error Detail Report Rollup from data pipeline with confirmation or responses for all warning edits

| · · · · · · · · · · · · · · · · · · ·  |
| Explanation for non-compliance:  |
| The Grants Fund reported a \$1.3 million payable to the General Fund at June 30, 2019. However, the Grants Fund received only \$628 thousand within 3 months of fiscal year end due to pending approvals of year-end reports, final requests for funds, and subsequent year allocations. |
| Plan to address non-compliance:  |
| Most federal grants are on a reimbursement basis. The District works closely with CDE to timely submit year-end reports and final requests for funds; however reimbursements are subject to CDE's approval of these reports and requests.  |
| Actual or expected date of compliance MM/DD/YY: 10/31/19   |
| Additional Comments:   |

## **MEMORANDUM**

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of Firestone Urban Renewal Authority Intergovernmental

Agreement – Bighorn Urban Renewal TIF Area

Strategic Priority – Strong District Finances/Outstanding Communication

and Collaboration with Community and Corporate Partners

## RECOMMENDATION

That the Board of Education approve the Intergovernmental Agreement (IGA) between the Firestone Urban Renewal Authority (FURA) and the St. Vrain Valley School District to ensure the 2008 and 2012 mill levy overrides, bond redemption mills, and all future local school election revenue will be returned to the District from the Tax Increment Financing (TIF) in the area referred to as the Bighorn Urban Renewal area.

## **BACKGROUND**

District staff worked with the Town of Firestone and legal counsel to develop the IGA to ensure that the District voters' expectations are met with regard to bond and mill levy override ballot approval. The District has several Urban Renewal Authority IGA's with other cities within the District boundaries, and this IGA is as protective as the others. Attached are the Urban Renewal Plan, Tax Forecast and County Impact Report, and the IGA for FURA Bighorn Urban Renewal Area for further information.

Greg Fieth, Chief Financial Officer, will be present for questions.

# 1.0 Introduction

## 1.1 Preface

This <u>Bighorn Urban Renewal Plan</u> (the "Plan" or the "Urban Renewal Plan") has been prepared for the Town of Firestone, Colorado, which is a statutory town of the State of Colorado (the "Town"). The Plan will be carried out by the Firestone Urban Renewal Authority (the "Authority"), pursuant to the provisions of the Urban Renewal Law of the State of Colorado, Part 1 of Article 25 of Title 31, Colorado Revised Statutes, 1973 (the "Act"), as in effect on the date of approval of this Plan. The administration and implementation of this Plan, including the preparation and execution of any documents implementing it, shall be performed by the Authority.

# 1.2 Blight Findings

Under the Act, an urban renewal area is a blighted area, which has been designated as appropriate for an urban renewal project by the Board of Trustees of the Town ("Town Board"). In each urban renewal area, conditions of blight, as defined by the Act, must be present, and in order for the Authority to exercise its powers, the Town Board must find that the presence of those conditions of blight substantially impair or arrest the sound growth of the municipality or constitutes an economic or social liability, and is a menace to the public health, safety, morals or welfare.

The <u>Bighorn Conditions Study</u> prepared by DGC Consulting, dated October 2019, provided to the Authority under separate cover and incorporated herein by this reference (the "Conditions Study"), demonstrates that the Bighorn Study Area ("Study Area"), as defined in the Conditions Study, is eligible to be declared a blighted area by the Town Board under the Act.

# 1.3 Other Findings

The Area (defined in Section 1.4) is appropriate for an urban renewal project to be carried out by the Authority. The activities and undertakings that constitute the urban renewal project as defined in the Act include, without limitation, demolition and clearance of existing improvements, site preparation, installation of needed public improvements, relocation of and provision of new utilities, parking improvements, traffic improvements, and life safety measures. Such actions are necessary to eliminate unsafe conditions, obsolete and other uses detrimental to the public welfare, and otherwise remove and prevent the spread of blight.

As required by §31-25-107(4)(g) of the Act, this Urban Renewal Plan will afford maximum opportunity, consistent with the sound needs of the Town, for the redevelopment of the Urban Renewal Area by private enterprise.

It is the intent of the Town Board in adopting this Plan that the Authority exercises all powers authorized in the Act which may be necessary, convenient, or appropriate to accomplish the objectives of this Plan, including the power of eminent domain. It is the intent of this Plan that the Authority may exercise all such powers as may now be possessed or hereafter granted for the elimination of qualifying conditions in the Area.

The powers conferred by the Act are for public uses and purposes for which public money may be expended and police powers exercised. Upon approval by the Town, this Plan will have been legislatively determined to be in the public interest and necessity.

#### 1.4 Urban Renewal Area Boundaries

The Bighorn Urban Renewal Area (the "Urban Renewal Area" or the "Area") is comprised of approximately 235.43 acres in Firestone. The Area includes one parcel of land. The Area is bounded on the north by the Sable Avenue right-of-way, on the east by private property, on the south by the Pine Cone Avenue right-of-way, and on the west by private property.

The Area is depicted and shown on Appendix A: Bighorn Urban Renewal Area and Legal Description.

# 2.0 Definitions

Act – has the meaning given to such term in Section 1.1 above.

Area or Urban Renewal Area – has the meaning given to such term in Section 1.4 above.

Authority – has the meaning given to such term in Section 1.1 above.

Available Property Tax Increment Revenues – means all Property Tax Increment Revenues available pursuant to the Tax Increment Financing provisions of the Act not payable to taxing bodies pursuant to agreements, if any, with the Authority or otherwise as provided in §31-25-107(9.5) of the Act. In the event that an agreement is reached with a taxing body pursuant to § 31-25-107(9.5) of the Act after the Effective Date of Plan Approval, the Property Tax Increment Revenues generated by said taxing body's mill levy shall become Available Property Tax Increment Revenues, and the authorization for the Authority to receive and expend such revenue shall not be a substantial modification to this Plan.

Base Valuation Revenues – means the revenues produced by the base valuation for taxable property as provided in Section 7.0 of this Plan.

Blighted Area – shall have the same meaning as in §31-25-103 of the Act. See below:

"Blighted area" means an area that, in its present condition and use and, by reason of the presence of at least four of the following factors, substantially impairs or arrests the sound growth of the municipality, retards the provision of housing accommodations, or constitutes an economic or social liability, and is a menace to the public health, safety, morals, or welfare:

- a. Slum, deteriorated, or deteriorating structures;
- b. Predominance of defective or inadequate street layout;
- c. Faulty lot layout in relation to size, adequacy, accessibility, or usefulness;
- d. Unsanitary or unsafe conditions;
- e. Deterioration of site or other improvements;
- f. Unusual topography or inadequate public improvements or utilities;

- g. Defective or unusual conditions of title rendering the title non-marketable;
- h. The existence of conditions that endanger life or property by fire and other causes;
- Buildings that are unsafe or unhealthy for persons to live or work in because of building code violations, dilapidation, deterioration, defective design, physical construction, or faulty or inadequate facilities;
- j. Environmental contamination of buildings or property; or
- k.5 The existence of health, safety, or welfare factors requiring high levels of municipal services or substantial physical underutilization or vacancy of sites, buildings, or other improvements; or
- I. If there is no objection by the property owner or owners and the tenant or tenants of such owner or owners, if any, to the inclusion of such property in an urban renewal area, "blighted area" also means an area that, in its present condition and use and, by reason of the presence of any one of the factors specified in paragraphs (a) to (k.5) of this subsection (2), substantially impairs or arrests the sound growth of the municipality, liability, and is a menace to the public health, safety, morals, or welfare. For purposes of this paragraph (I), the fact that an owner of an interest in such property does not object to the inclusion of such property in the urban renewal area does not mean that the owner has waived any rights of such owner in connection with laws governing condemnation.

Board of Trustees – means the Town of Firestone Board of Trustees.

Bonds – shall have the same meaning as in §31-25-103(3) and 109 of the Act, and, without limitation, includes costs pursuant to any Redevelopment/Development Agreements or other reimbursement agreements between the Authority and owners and developers, and cooperation or pledge agreements between the Authority and one or more Districts.

Conditions Study (or Study or Survey) – has the meaning given to such term in Section 1.2 above.

Cooperation Agreement – means any agreement between the Authority and Town, or between the Authority and any public body (the term "public body" being used in this Plan is as defined by the Act) respecting action to be taken pursuant to any of the powers set forth in the Act, including but not limited to the allocation of Increment Valuation Revenues, or in any other provision of Colorado law, for the purpose of facilitating public undertakings deemed necessary or appropriate by the Authority under this Plan.

County Treasurer – means the Weld County Treasurer.

C.R.S. – means the Colorado Revised Statutes, in effect on the Effective Date of Plan Approval.

District (or Districts) – means a metropolitan district which is a quasi-municipal corporation and political subdivision of the State of Colorado organized under the Colorado Special District Act, 32-1-101, et seq., C.R.S., as from time to time amended, or a business improvement district which is a quasi-municipal

corporation and political subdivision of the State of Colorado organized under the Colorado Business Improvement District Act, §31-25-1201, et seq., C.R.S.

Duration – means the entire twenty-five (25) year time period authorized by §31-25-107(9) of the Act.

Effective Date of Plan Approval – means the date this Plan is approved by resolution of the Town Board.

Impact Report – means the <u>Bighorn Urban Renewal Area Tax Forecast and County Impact Report</u>, prepared by DGC Consulting, dated October 2019.

Increment Valuation Revenues – means the revenues produced by the incremental valuation of taxable property as described in Section 7.0 of this Urban Renewal Plan.

Plan or Urban Renewal Plan – has the meaning given to such term in Section 1.1 above.

Project or Urban Renewal Project – means all activities and undertakings described in §31-25-103(10), C.R.S., and otherwise authorized by the Act as required for the Duration of the Project to complete development and redevelopment of the Urban Renewal Area, including, without limitation financing and construction of all public and private improvements and payment of all financing obligations included in the definition of Bonds.

Property Taxes – means, without limitation, all levies to be made on an ad valorem basis by or for the benefit of any public body upon taxable real and personal property in the Area.

Property Tax Increment Revenues – means the property tax revenues allocated to the Authority pursuant to §31-25-107(9)(a)(11) of the Act and Section 7.0 of this Plan.

Public Body – shall have the same meaning as in §31-25-103(5) of the Act.

Redevelopment / Development Agreement – means one or more agreements between the Authority and developer(s) and / or property owners or such other individuals or entities as may be determined by the Authority to be necessary or desirable to carry out the purposes of this Plan.

Study Area – has the meaning given to such term in Section 1.2 above.

Taxing Body or Taxing Entities – means any public body that levies ad valorem taxes on real and personal property within the Area.

Town – has the meaning given to such term in Section 1.1 above.

Town of Firestone Master Plan (or Comprehensive Plan) – means 2013 Town of Firestone Master Plan, as such plan has been or may be amended from time to time.

Tax Increment Financing or TIF – means tax increment or allocation financing described in §31-25-107(9) of the Act as in effect on the date this Plan is approved by the Town Board. Tax Increment Financing shall be required for the full Duration to carry out all activities and undertakings to complete the Urban Renewal Project, including, without limitation, payment of all Bonds.

# 3.0 Purpose of the Plan

The main public purpose of this Plan is to reduce, eliminate, and prevent the spread of blight within the Area through redevelopment by private enterprise. The Plan sets goals to achieve this through implementing established objectives for the Area and assisting with the eligible costs of redevelopment, promoting economic growth, and private investment through the tools available within the context of urban renewal tools, laws, and guidelines, including, without limitation, Tax Increment Financing.

Establishment of the Urban Renewal Area will take advantage of improving conditions and the upcoming development cycle by focusing urban renewal efforts in a small Area for the Duration in accordance with the mandates of the Act.

The Authority commissioned a Conditions Study by DGC Consulting to determine if the Urban Renewal Area contained the factors that constitute a Blighted Area as defined in §31-25-103 of the Act. The Conditions Study was issued and approved in (insert date). It concluded that five of the statutory factors are present in the Area, which supports a finding by the Town Board that the Area is a Blighted Area as defined in the Act.

# 4.0 Blight Conditions

Before an urban renewal plan can be approved and adopted by the Town Board, the area must be found and declared to be a "blighted area" as defined in Section 31-25-103(2) of the Act. The Act provides that, in order for blight to be present within the area, at least four specific blight factors must be present in the area, and that such area, in its present condition and use substantially impairs or arrests the sound growth of the municipality, retards the provision of housing accommodations, or constitutes an economic or social liability, and is a menace to the public health, safety, morals, or welfare.

- a. Slum, deteriorated, or deteriorating structures;
- b. Predominance of defective or inadequate street layout;
- c. Faulty lot layout in relation to size, adequacy, accessibility, or usefulness;
- d. Unsanitary or unsafe conditions;
- e. Deterioration of site or other improvements;
- f. Unusual topography or inadequate public improvements or utilities;
- g. Defective or unusual conditions of title rendering the title nonmarketable;

- h. The existence of conditions that endanger life or property by fire or other causes;
- Buildings that are unsafe or unhealthy for persons to live or work in because of building code violations, dilapidation, deterioration, defective design, physical construction, or faulty or inadequate facilities;
- j. Environmental contamination of buildings or property;
- k.5 The existence of health, safety, or welfare factors requiring high levels of municipal services or substantial physical underutilization or vacancy of sites, buildings, or other improvements.

DGC conducted the Conditions Study according to the following methodology:

- 1. Defined the Study Area;
- 2. Conducted a visual field survey for the property and evaluate current conditions;
- 3. Reviewed data provided by the Town;
- 4. Evaluated conditions found in the context of statutory blight criteria; and
- 5. Documented the survey findings, as presented in the Conditions Study.

The Study Area is 235.43 acres, more or less, is owned by private entities, and is located within the incorporated municipal boundaries of the Town. A portion of the Study Area is being developed with oil and gas wells and the remainder is planned for residential development.

Of the eleven qualifying factors identified in the Act, the Conditions Study revealed the following five qualifying conditions of blight, as defined in §31-25-103(2) of the Act, evident within the Study Area.

- b. Predominance of defective or inadequate street layout OBSERVED
- d. Unsanitary or unsafe conditions OBSERVED
- e. Deterioration of site or other improvements OBSERVED
- f. Unusual topography or inadequate public improvements or utilities OBSERVED
- g. Defective or unusual conditions of title rendering the title nonmarketable OBSERVED

# 5.0 Plan's Relationship to Local Objectives and Appropriate Land Uses

# 5.1 Plan Conformity

Implementation of this Plan supports the objectives and requirements of the Comprehensive Plan with respect to connectivity to neighborhoods, accessibility to open space, completion of infrastructure, and preservation of natural features, and quality design that promotes Firestone's unique identity. As development occurs in the Area, it shall conform to the Comprehensive Plan and any subsequent updates; the Firestone Building Code, the Firestone Municipal Code, the Firestone Development Code, and any rules, regulations, and policies promulgated pursuant thereto; any site-specific planning documents that might impact properties in the Area including, but not limited to, Town-approved site, drainage, and public improvement plans; and, any applicable Town design standards, all as in effect and as may be amended from time to time. Finally, existing conditions present within the Area will be remedied by the proposed Plan, which remediation may be funded in whole or in part by tax increment revenues and improvements phased as the market allows.

# 5.2 Consistency with Comprehensive Plan

As explained above, a comprehensive or general plan for the Town known as the <u>Firestone Master Plan</u> was adopted in 2013. The Authority, with the cooperation of the Town, private businesses, and other public bodies, will undertake projects and activities described herein in order to eliminate the identified conditions of blight while also implementing the goals and objectives of the Comprehensive Plan and all other Town-adopted plans which impact properties within the Area. These include the recent key goals and policies of that plan which this Urban Renewal Plan will advance are described in detail in <u>Appendix B</u>: <u>Excerpts from 2013 Firestone Master Plan</u>.

# 5.3 Relationship to Other Community Plans

Implementation of this Plan will be consistent with the development goals and objectives in other community plans and guides which pertain to development in the Area. The <u>Sump Basin Master Drainage Plan</u> (2010), <u>Town of Firestone Raw Water Irrigation System Master Plan</u> (2010), <u>Town of Firestone Potable Water Master Plan</u> (2010), <u>South Weld I-25 Corridor Master Plan</u> (2010), Town of <u>Firestone Design Criteria and Construction Regulations</u>, and <u>Town of Firestone Parks Design Criteria</u> Manual.

# 6.0 Authorized Urban Renewal Undertakings and Activities

The Act allows for a wide range of activities to be used in the implementation of an urban renewal plan. The Authority is authorized to provide both financial assistance and improvements in partnership with property owners and other affected parties in order to accomplish the objectives stated herein. Public-private partnerships and other forms of cooperative development, including Cooperation Agreements, will be essential to the Authority's strategy for preventing the spread of blight and eliminating existing

blighting conditions. Without limitation, undertakings and activities of the Authority in the furtherance of this Plan as described as follows.

# 6.1 Undertakings and Activities to Remedy Blight

As described in Section 4.0 of this Plan, five qualifying conditions of blight were identified in the Study Area of which this Urban Renewal Plan Area is a part. Implementation of this Plan by providing urban renewal resources for public and private improvements will remedy many of the following conditions:

b. Predominance of defective or inadequate street layout – OBSERVED

The site survey determined that perimeter access to the Study area is very poor and there are no permanent public streets or rights-of-way. The Study Area can only be accessed from two locations: a temporary drilling access road on the south and a ranch pasture gate on the north. Otherwise, the site is enclosed by continuous fencing without access points.

Urban renewal tools and resources can help finance development that provides improved access to and within the Area.

d. Unsanitary or unsafe conditions – OBSERVED

The site survey and additional research noted the presence of abandoned well locations on the site and active drilling are unsafe conditions within the Study Area. As a safety and security precaution, the drilling pad is fenced and managed by a security guard to limit access. It is not clear what safety and security measures will be imposed after drilling is completed and the wells are in the production phase.

Urban renewal tools and resources that contribute to quality development will eliminate unsanitary and unsafe conditions within the Area.

e. Deterioration of site or other improvements – OBSERVED

Although the Study Area is not developed with streets and buildings, existing and former well sites are deteriorated. Perimeter fencing is also in degraded condition compared with other urban areas.

Urban renewal tools and resources can help finance development that includes site improvements such as roads, utilities, parking areas, sidewalks, landscaping, open space, and other features. Development that includes these features will improve the Area.

f. Unusual topography or inadequate public improvements or utilities – OBSERVED

Inadequate public improvements and utilities were observed throughout the Study Area due to the undeveloped state. Water, sewer, natural gas, and electric power do not yet reach the

Study Area, which has not been annexed to a sanitation district. The South Platte Supply Canal crosses the southern and eastern parts of the Study Area and is a significant obstacle to development.

Urban renewal tools and resources can help finance development that provides right-of-way and other public land dedications. They can also be used to finance and construct physical improvements to public streets, utilities, and parks. Urban renewal tools and resources may also support mitigation measures to reduce the impact of the existing irrigation canal crossing the Area.

g. Defective or unusual conditions of title rendering the title nonmarketable – OBSERVED

The Special Use Permit (SUP) approved in 2018 by the Town of Firestone prescribes conditions related to drilling 19 oil and gas wells in the south portion of the Study Area. Features of the SUP include drilling equipment, tanks, fencing, parking areas, and access roads. The SUP and the conditions that it imposes on property within the Study Area are legal limitations that will make it difficult to market and/or develop property within the Study Area. In addition, existing oil and gas wells, even if they were plugged, will impose limitations on how the property in the Study Area can be developed. The South Platte Supply Canal easement also makes that portion of the Study Area non-developable.

Urban renewal tools and resources can be used to address issues related to the irrigation canal easement as well as finance and construct measures to mitigate the impacts of the oil and gas wells within the Area.

Therefore, conditions of title may make portions of the Study nonmarketable for development.

# 6.2 Project Development Plan

The primary goal of this Plan is to eliminate the current conditions of blight in the Area and prevent those conditions from reoccurring. Recognizing that oil and gas wells are the initial activity planned for the Area, ultimate development is residential housing planned around decommissioned or operating oil and gas wells primarily located in the southern part of the site. This can be accomplished through careful site planning that provides ample open space and other natural buffers where oil and gas wells are located. However, the Authority is authorized to approve any uses for the Area that eliminate blight and are consistent with the Comprehensive Plan and applicable zoning, including, without limitation, mixed use development, including residential, commercial, industrial, and public uses.

# 6.3 Complete Public Improvements and Facilities

The Authority may undertake certain actions to make the Area more attractive for private investment. The Authority may, or may cause others, including, without limitation, one or more Districts to install, construct, and reconstruct any public improvements, including, without limitation, parking facilities. The Authority may, or may cause others to, demolish and clear buildings and existing improvements for the purpose of promoting the objectives of the Plan and the Act. Additionally, the Authority may, or may

cause others to, install, construct and reconstruct any other authorized improvements, including, without limitation, other authorized undertakings, or improvements for the purpose of promoting the objectives of this Plan and the Act.

## 6.4 Plan Modification

The Authority may propose, and the Town Board may make, modifications to this Plan as may be necessary; provided, however, any modification of the Plan shall (a) comply with the provisions of the Act, including §31-25-107(7); (b) not impair Bonds or the ability of the Authority to pay any outstanding Bonds, including any reimbursement obligations of the Authority; or (c) not impair the ability of the Authority or any party to any then-existing agreement to fully perform their respective covenants and duties under any such agreement. The Authority may, in specific cases, allow non-substantive variations from the provisions of this Plan if it determines that a literal enforcement or application of the provision would constitute an unreasonable limitation beyond the intent and purpose stated herein, but not substantial modifications.

In the future, all or a portion of the property in the Area may be included into metropolitan districts or other existing districts or future taxing bodies. Such inclusion is not a substantial modification of this Plan and the Authority anticipates negotiating cooperation or tax sharing agreements with the Taxing Bodies at that time.

## 6.5 Provide Relocation Assistance

While it is not anticipated as of the date of this Plan that acquisition of real property will result in the relocation of any individuals, families, or business concerns; if such relocation becomes necessary, the Authority will adopt a relocation plan as necessary to comply with applicable provisions of the Act.

# 6.6 Demolish, Clear and Prepare Improvements

The Authority is authorized to demolish or cooperate with others to clear buildings, structures and other improvements within the Area in an effort to advance projects deemed consistent with the vision stated herein. Such demolition or site clearance is necessary to eliminate unhealthy, unsanitary, and unsafe conditions; eliminate obsolete uses deemed detrimental to the public welfare; remove and prevent the spread of blight; and facilitate redevelopment of the Area by private enterprise.

# 6.7 Acquire and Dispose of Property

It is not expected that the Authority will be required to acquire property to carry out the Project. However, if the Authority determines such acquisition is necessary, it is authorized to acquire any such property by negotiation or any other method, including eminent domain. Properties acquired by the Authority may be temporarily operated, managed and maintained by the Authority if requested to do so by the acquiring entity and deemed in the best interest of the Urban Renewal Project and the Plan. Such property shall be under the management and control of the Authority and may be rented or leased pending its disposition for redevelopment.

The Authority may sell, lease, or otherwise transfer real property or any interest in real property subject to covenants, conditions, and restrictions, including architectural and design controls, time restrictions on development, and building requirements in accordance with the Act and this Plan.

# 6.8 Enter into Redevelopment / Development Agreements

The Authority may enter into Redevelopment / Development Agreements or other contracts with developer(s) or property owners or such other individuals or entities determined to be necessary to carry out the purposes of this Plan, including the pledge by the Authority of Available Property Tax Increment Revenues to pay eligible costs pursuant to the Act or any other applicable law. Further, such Redevelopment/ Development Agreements, or other contracts, may contain terms, provisions, activities, and undertakings contemplated by this Plan and the Act. Any existing agreements between the Town and private parties that are consistent with this Plan are intended to remain in full force and effect, unless all parties to such agreements agree otherwise.

# **6.9** Enter Into Cooperation Agreements

The Authority is authorized to enter into such Cooperation Agreements as may be required by the Act, including tax sharing agreements. The Authority may also use the mediation and other provisions of the Act when necessary to provide adequate financing to carry out this Plan. This paragraph shall not be construed to require any particular form of cooperation.

# 6.10 Other Project Undertakings and Activities

Other Project undertakings and activities deemed necessary by the Authority to carry out the Plan may be undertaken and performed by the Authority or pursuant to agreements with other parties or public bodies in accordance with the authorization of the Act and any applicable law or laws.

# 7.0 Project Financing

The Authority is authorized to finance the Project by any method authorized by the Act or any other applicable law, including without limitation, appropriations, loans or advances from the Town; federal loans and grants; state loans and grants; interest income; pay as you go arrangements; annual appropriation agreements; agreements with public and private parties or entities including, without limitation, Districts; issuance of Bonds; sale of securities; Tax Increment Financing (including property tax increments); loans, advances and grants from any other available source.

Any financing method legally available to the Town, the Authority, any private developer, redeveloper or owner may be used to finance in whole or in part any lawful cost or financial obligation, including without limitation, the cost of public improvements described, authorized or anticipated in the Act or Plan or in any manner related or incidental to the redevelopment of the Area. Such methods may be combined to finance all or any part of the Project. Any financing method authorized by the Plan or by any applicable law, including without limitation, the Act, may be used to pay the principal of and interest on and to establish reserves for Bonds and all forms of indebtedness (whether funded, refunded, assumed or otherwise) incurred by the Authority or the Town to finance the Project in whole or in part.

The Authority is authorized to issue Bonds in amounts sufficient to finance all or part of the Project. The Authority is authorized to borrow funds and to create indebtedness in carrying out this Plan. The principal, interest and any premiums due on or in connection with such indebtedness may be paid from Tax Increment Financing revenue or any other funds available to the Authority.

The Project may be financed by the Authority pursuant to the Tax Increment Financing provisions of the Act. Property taxes levied after the effective date of the approval of this Plan upon taxable property in the Area each year by or for the benefit of each specific public body that levies Property Taxes in the Urban Area on taxable property in the Urban Renewal Area, shall be divided for a period not to exceed twenty-five (25) years after the effective date of this allocation provision, as follows:

#### 7.1 Base Valuation Revenues

That portion of the taxes which are produced by the levy at the rate fixed each year by or for each such specific public body upon the valuation for assessment of taxable property in the Area last certified prior to the effective date of approval of the Plan or, as to an area later added to the Area, the effective date of the modification of the Plan.

#### 7.2 Increment Valuation Revenues

That portion of said property taxes in excess of the base amount of property taxes paid into the funds of each such public body as provided above must be allocated to and, when collected, paid into a special fund of the authority to pay the principal of, the interest on, and any premiums due in connection with the Bonds of, loans or advances to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, the Authority for financing or refinancing, in whole or in part, the Urban Renewal Project, or to make payments under an agreement executed pursuant to §31-25-107 of the Act.

Unless and until the total valuation for assessment of the taxable property in the Urban Renewal Area exceeds the base valuation for assessment of the taxable property in the Urban Renewal Area, as provided above, all of the taxes levied upon the taxable property in the Urban Renewal Area must be paid into the funds of the respective public bodies.

When such Bonds, including interest thereon and any premiums due in connection therewith, have been paid, all taxes upon the taxable property in the Urban Renewal Area must be paid into the funds of the respective public bodies, and all moneys remaining in the special fund that have not previously been rebated and that originated as property tax increment generated based on the mill levy of a taxing body, other than the municipality, within the boundaries of the Urban Renewal Area must be repaid to each taxing body based on the pro rata share of the prior year's property tax increment attributable to each taxing body's current mill levy in which property taxes were divided pursuant to provision. Any moneys remaining in the special fund not generated by property tax increment are excluded from any such repayment requirement. Notwithstanding any other provision of law, revenues excluded by §31-25-107(9) (a) (II) of the Act are not intended to be included in Available Property Tax Increment Revenues.

Available Property Tax Increment Revenues shall be irrevocably pledged by the Authority for the payment of the principal of, the interest on, and any premiums due in connection with such Bonds, including any loans, advances and other indebtedness incurred by the Authority to finance the Urban Renewal Project, but excluding any offsets collected by the County Treasurer for return of overpayments or any reserve funds reserved by the Authority for such purposes in accordance with §31-25-107(9)(a)(III) and (b) of the Act, and also excluding a reasonable amount each year as determined by the Authority for payment of maintenance and operating expenses associated with administering the Plan, carrying out the Urban Renewal Project, and maintaining the existence of the Authority.

The Available Property Tax Increment Revenues (as described and defined in this Plan) are immediately subject to the lien provided by the provisions of §11-57-208, C.R.S., effective as of the date this Plan is approved by the Town Board of Trustees. Such pledge is necessary and required for the benefit of the Authority and private enterprise to carry the Urban Renewal Project in accordance with the requirements of §31-25-107(4)(g) of the Act. Such Available Property Tax Increment Revenues are and shall be subject to the lien of such pledge for the Duration of the Project without any physical delivery, filing, or further act. The creation, perfection, enforcement and priority of the pledge of the Available Property Tax Increment Revenues as provided herein shall be governed by §11-57-208, C.R.S. The lien of such pledge on the Available Property Tax Increment Revenues shall have priority over any and all other obligations and liabilities of the Authority with respect to the Available Property Tax Increment Revenues.

# 8.0 Severability

If any portion of this Plan is held to be invalid or unenforceable, such invalidity will not affect the remaining portions of the Plan.

# **Appendix**

Appendix A: Bighorn Urban Renewal Area Legal Description and Map

#### Firestone Big Horn Urban Renewal Area

BEING A PART OF SECTION 17, T2N, R67W OF THE 6<sup>TH</sup> P.M., DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF SAID SECTION 17, THENCE S 89°52'35" W, 330.00 FEET ALONG THE NORTH LINE OF SAID SECTION 17 TO A POINT; THENCE S 02°09'00" W A DISTANCE OF 30.02 FEET TO THE NORTHWEST CORNER OF THAT TRACT OF LAND, AND THE TRUE POINT OF BEGINNING:

SAID PARCEL HAVING AN AREA = 235.43 ACRES, MORE OR LESS.

[This page intentionally left blank]

# Appendix B: Excerpts from 2013 Firestone Master Plan

Town of Firestone Master Plan, adopted 2013 (excerpts taken verbatim, but formatted for clarity). Policies summarized here are relevant to the proposal Urban Renewal Area.

#### **12.0 LAND USE**

#### 12.1 Community Character Elements

Firestone has a character unique to the region. A variety of elements work together to create the Firestone community, including the following:

- A transportation system that is properly designed and constructed to meet the current needs of the existing traffic volumes.
- A comprehensive and unified parks and trails system. Firestone is a pedestrian and non-motorized connected community, where one can walk to work, home or service centers on a comfortable and convenient trail system.
- Effective and efficient public safety and security. Without public safety, Firestone citizens and employees cannot be free to enjoy the benefits of their community.
- "Four-sided" architecture is required along major streets and visual corridors.
- A "world class" Central Park campus that inspires national and international recognition as a Civic, Cultural and Community Center.
- Superior recreational facilities, including the Firestone Regional Sports Complex.
- A balanced approach to a blend of housing and commercial opportunities.
- An equal number of available jobs to employable citizens.
- A focus on a comprehensive "cradle" to "grave" land use and community system where all
  components of the life cycle are considered and accommodated.
- A community where the freedom to worship is fully embraced.
- A specific focus on the senior segments of the Firestone community, to assure these
  residents are appropriately considered in land use and community decisions. If optimized,
  the senior population can bestow valuable leadership and wisdom that comes from
  experience of time.
- Proper transition and integration between different types of land uses.
- Convenient access to a wide variety of retail goods and services.
- Downcast lighting and strategies to effectively preserve the "night sky."
- Low, but appropriate, taxes.
- Stable political leadership.
- A tangible and inspired sense of community.

#### 12.2 Employment and Office

Employment and Office land use areas provide for office and light industrial uses where primary employment opportunities exist.

#### 12.3 Commercial and Office

Commercial land use areas provide for retail commercial and office areas. These land uses are located along key arterial streets and the intersections of key arterial streets. Regional commercial and office land uses are generally located near I-25.

#### 12.4 Residential Low

Residential low-density land use areas are generally located in the central and eastern portions of the MPA. Residential Low provides for only single-family residential uses or clustered multi-family land uses.

#### 12.5 Residential Medium

Residential Medium land use areas provide for single family or single-family attached land uses, including duplexes and town homes, but excluding condominiums and apartments unless they are clustered. These use areas are generally located in and along arterial streets and at or near key intersections.

#### 12.6 Residential High

Like Residential Medium land use areas, Residential High land use areas provide for higher density town homes, condominiums, and apartments. These land use areas are generally located in and along arterial streets and at or near key intersections.

#### 12.7 Mixed Use

Mixed-Use land use areas provide for a potential mix of all land uses, except for very low-density single family residential. To the extent possible, based on ownership boundaries, Mixed Use areas should be master planned as one comprehensive project to assure compatibility and the appropriate balance of the various intended uses.

The larger Mixed Use areas should provide for a significant portion of the area dedicated to retail commercial, office or employment uses. These Mixed Use areas can on a local scale accommodate the concepts of "new urbanism" providing places where people can live, work, recreate and shop for goods and services.

The Mixed Use areas along Locust Street, SH-66 and Road 7 may vary somewhat in size and shape to accommodate market needs. Mixed Use areas may accommodate residential land uses located above retail commercial uses if proper compatibility can be assured.

#### 12.8 Parks, Trails, Open Space, and Recreation

One of the key features of the Firestone Parks and Trails system is the Firestone Trail, which is an integral part of the Colorado Front Range Trail system. This approximately 9 mile long trail is generally shown in Figure 17. Firestone sold its ownership in the trail south of SH-52 to the City of Dacono, to enable Dacono to annex it and coordinate trail development.

Since acquisition by the Town in 1997, numerous improvements to the Firestone Trail have been installed by the Town. Over half of the entire length of the Firestone Trail within the Urban Growth Boundary has been paved with a 10-foot wide concrete trail. It is planned that the area outside of the Town Boundary, the Firestone Trail will be maintained in a dirt or crusher fines surface.

#### 12.9 Community Separators

Community Separators are areas intended for non-urban development. Agricultural farming and ranching uses are encouraged in these areas, except for large scale dairy farming and poultry operations, which are considered too intense to be compatible with the urban development. The Town should continue to work with local governments and private individuals and groups to develop detailed acquisition strategies and implementation plans to potentially acquire development rights and conservation easements in these areas.

#### 12.10 Educational Facilities

The St. Vrain Valley School District and the Weld RE-1 School District prepare a facilities plan

for their respective areas of the MPA. Based on average residential densities, approximately one elementary school is required for each section. A high school site is planned for the Central Park property as described in Section 12.11.

## 12.11 Central Park and Other Public Facilities

The Firestone Board of Trustees, Planning Commission, and Parks, Trails and Recreation Advisory Board have worked diligently with public input to refine the overall master plan for Firestone's 272-acre Central Park, which was acquired by the Town in 2005. Central Park has been planned to be a world-class campus that inspires national and international recognition as a civic, cultural and community center. An Amended Preliminary Development Plan for the Park was approved in 2009. Specific focus has been on architectural styles and themes for building and park amenities.

## 12.12 Historic Firestone and "The Loop"

The extension of McClure Street to Colorado Boulevard is a high priority. This extension is critical to the development of "The Loop". By having access to Colorado Boulevard from both McClure Street and

Grant Avenue a "loop" opportunity is created, which will help revitalize and restore this mixed-use area of historic Firestone back to a quaint residential, commercial and office area as it was originally established.

#### 12.13 Community Support Facilities

The Firestone Development Regulations provide the opportunity for community support facilities, such as religious institutions or cemeteries, in almost all land use categories. The Town encourages the preservation of property for such purposes in larger scale developments. Because of their overall need and benefit to the community, senior housing developments have the potential to be located in all land uses areas, except those designated for open space and parks. Such developments would need to be appropriately screened and buffered from adjoining land uses to assure compatibility. Furthermore, any such proposal would be subject to the Town's Land Development Regulations and the stated conditions and standards of approval.

#### 12.14 Conditional, Special, Temporary, and Accessory Land Uses

The Firestone Development Regulations and Municipal Code provide information regarding Conditional, Special, Temporary, and Accessory Land Uses. For applications that require formal processing and action by the Town Board of Trustees, specific submittal requirements and processing information is specified in the Regulations or the Code. Information about these uses as they relate to a specific property is often described in a development plan recorded with the Weld County Clerk and Recorder.

#### 12.15 Firestone Master Plan Map

The Firestone Master Plan Map shows both the MPA and the UGA, as well as other Master Plan components. Specifically, the Master Plan Map shows all different types of land uses and the key arterial transportation corridors that serve them. Major park and trail improvements are also shown. Certain areas outside of the UGB, which are not annexed or shown as within the existing limits of Weld County's RUA, are shown as Community Separator areas.

# 1. Introduction and Background

This report summarizes the tax forecast and impact on Weld County (hereafter, the "County") and other taxing entities of the proposed redevelopment of the Bighorn Urban Renewal Area (hereafter, the "Area") in the Town of Firestone ("Town"), as described in the Bighorn Urban Renewal Plan (hereafter, the "Urban Renewal Plan" or "Plan") and other materials provided to the Town by potential developers of properties within the proposed Urban Renewal Area.

This Bighorn Urban Renewal Area Tax Forecast and County Impact Report (hereafter, "Tax Forecast and County Impact Report") was prepared by DGC Consulting (hereafter, "DGC") for the Firestone Urban Renewal Authority (hereafter, "FURA" or "Authority") under a contract dated January 1, 2019.

This Tax Forecast and County Impact Report includes a summary of forecasted property tax revenues for all taxing entities in the proposed Bighorn Urban Renewal Area, as well as Weld County fiscal and service impacts associated with development in accordance with the Urban Renewal Plan. Specifically, this report is intended to:

- 1. Provide a detailed property tax projection for all taxing entities over a 25-year period.
- 2. Respond to the requirements outlined in the State of Colorado Statutes for Urban Renewal Authorities (Colo. Rev. Stat. § 31-25-101, et seq.) specifically related to the requirements of a County Impact Report (Colo. Rev. Stat. § 31-25-107 (3.5)). These requirements are excerpted as follows:

(3.5) (a) At least thirty days prior to the hearing on an urban renewal plan or a substantial modification to such plan, the governing body or the authority shall submit such plan or modification to the board of county commissioners, and, if property taxes collected as a result of the county levy will be utilized, the governing body or the authority shall also submit an urban renewal impact report, which shall include, at a minimum, the following information concerning the impact of the plan:

- I. The estimated duration of time to complete the urban renewal project;
- II. The estimated annual property tax increment to be generated by the urban renewal project and the portion of such property tax increment to be allocated during this period to fund the urban renewal project;
- III. An estimate of the impact of the urban renewal project on county revenues and on the cost and extent of additional county infrastructure and services required to serve development within the proposed urban renewal area, and the benefit of improvements within the urban renewal area to existing county infrastructure;
- IV. A statement setting forth the method under which the authority or the municipality will finance, or that agreements are in place to finance, any additional county infrastructure and services required to serve development in the urban renewal area for the period in which all or any portion of the property taxes described in subparagraph (II) of paragraph (a) of subsection (9) of this section and levied by a county are paid to the authority; and
- V. Any other estimated impacts of the urban renewal project on county services or revenues.

### 2. Urban Renewal Plan

The Bighorn Urban Renewal Plan, dated October 2019, by DGC Consulting, is included by reference as Appendix C.

# 3. Development Timing

Development of the proposed Bighorn Urban Renewal Area is comprised of two distinct components: (1) oil and gas drilling on a pad site in the southern part of the property, followed by the production of oil and gas on the same site, and (2) residential development of the remainder of the property.

The drilling of 19 oil and gas wells commenced in early 2019 and is expected to be completed in 2020. After that, the drilling equipment will be removed and the pad site will be converted to a site for the production and temporary storage of oil and gas from the wells. The timeframe for drilling and production is estimated to be 15 years, after which the wells will be capped. The oil and gas well development program is summarized in Table 1 and utilization over the 15-year estimated production timeline on Table 2. A site plan from the 2018 Special Use Permit approved by the Town of Firestone is included as Figure 1.

Table 1: Oil and Gas Well Development

| Wells and Equipment          | Taxable (Units) |
|------------------------------|-----------------|
| Oil and Gas Wells (19 wells) | 19              |
| Equipment (for 19 wells)     | 19              |
| Shared Tank Battery          | 1               |

Table 2: 15-Year Well Production Estimate

| Year of Production | 1    | 2    | 3    | 4    | 5    | 6    | 7    | 8    | 9    | 10   | 11   | 12   | 13   | 14   | 15   |
|--------------------|------|------|------|------|------|------|------|------|------|------|------|------|------|------|------|
| Year               | 2020 | 2021 | 2022 | 2023 | 2024 | 2025 | 2026 | 2027 | 2028 | 2029 | 2030 | 2031 | 2032 | 2033 | 2034 |
| Well Utilization   | 75%  | 100% | 50%  | 50%  | 35%  | 25%  | 23%  | 10%  | 2%   | 2%   | 2%   | 2%   | 2%   | 2%   | 2%   |

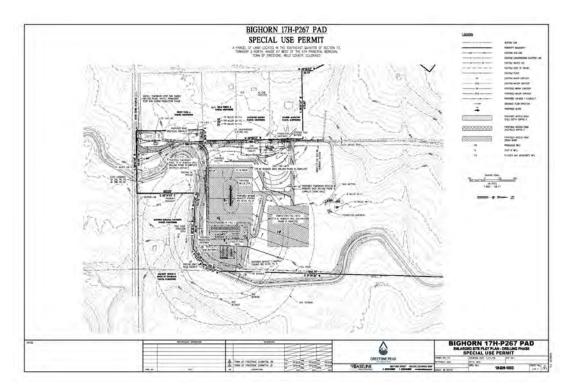

Figure 1: Special Use Permit Site Plan

Source: Town of Firestone

Construction of single family homes on the remainder of the property will be determined by market conditions. For the purpose of this forecast, residential development is assumed to occur over a nine year period (2024 -2032). The initial phase of residential development will become taxable in 2025 and continue through 2032 when buildout occurs. 111 estate lots will be developed first, followed by 455 production houses on smaller lots, for a total of 566 residential units. Residential construction is assumed to total 1,243,000 SF: houses constructed on the estate lots are 3,000 SF and houses on production lots are 2,000 SF. Table 3 summarizes the residential development program which was prepared using a concept site plan provided by the Owner (Firestone Venture LLC) to the Town of Firestone.

**Table 3: Residential Development Program** 

| Residential Development                     | Units | SF/Unit | Taxable (SF) |
|---|-------|---------|--------------|
| Residential (111 estate dwelling @3,000 SF) | 111   | 3,000   | 333,000      |
| Residential (455 units @2,000 SF)           | 455   | 2,000   | 910,000      |
| Total Residential                           | 566   |         | 1,243,000    |

# 4. Property Tax Revenue

This section summarizes the forecast for property tax revenue resulting from development within the proposed Bighorn Urban Renewal Area. It begins with a discussion of current property taxing district mill levies and

property taxes paid, followed by a calculation of the property tax "Base". Key assumptions are summarized that were used to develop the property the tax forecast. The Weld County property tax forecast is summarized next.

The forecast of property tax revenues is a "maximum case," understanding that the FURA plans to negotiate property tax revenue sharing arrangements with all of the Taxing Districts. Taxing Districts are any public body that levies ad valorem taxes on real and personal property within the proposed Urban Renewal Area, and which appear on the Weld County Assessor's Property Report for the subject parcel. Sales taxes were not analyzed because retail development is not planned for the proposed Urban Renewal Area. An annual inflation rate of 1% was used for the forecast.

#### 4.1 Current Property Taxes and Property Tax Districts

The proposed Urban Renewal Area is comprised of a single parcel with a 2019 property tax Base Actual Value of \$25,835, Assessed Value of \$7,490 and Taxes of \$707. However, due to the January 2019 sale of the property for \$1.1M to Firestone Venture LLC, the Actual Value and taxes due are expected to increase. The new 2020 Assessed Value is estimated to be \$319,000 resulting in \$30,127 taxes due. These existing property taxes are referred to as the "Base." This information is summarized on Table 4.

Table 4: 2019 Property Taxes and Estimated 2020 Property Taxes

|                |              |                |          |                             | Mill Levy:                          | 94.441                                   |

Source: Weld County Assessor website, Colorado Dept. of Local Affairs brochure (2019)

Property taxes are currently payable to six taxing districts with taxes based on a total of 94.441 mills. Current mill levies for each district are summarized in Table 5. It is assumed that the owner continues the current agricultural use in order to maintain classification as agricultural for property tax purposes, until such time as the residential development proceeds.

Table 5: Property Tax Districts and Mill Levies (2018)

| Tax Area | District ID | District Name                        | Current Mill Levy | % of Total |

|          |             | Total                                | 94.441            | 100%       |

Source: Weld County Assessor parcel data Note: 2019 payable, 2018 levy year

#### 4.2 Property Tax Forecast Assumptions

Key assumptions are listed below that were used to forecast property tax revenue for development within the proposed Urban Renewal Area. Following this are assumptions for oil and gas property taxes, followed by residential development property tax assumptions.

#### **Property Tax Assumptions:**

- 1) All real property will be taxable.
- 2) 2018 property tax information provided by Weld County Assessor.
- 3) Personal Property taxes are not included in this analysis.
- 4) Value of real property increases 1% per year
- 5) 2018 property tax "Base" (\$707) is estimated to increase in 2019 to \$30,127 (payable 2020). This reflects the January 2019 sale of the property for \$1.1M from Bighorn Limited Partnership to Firestone Venture LLC.
- 6) 2019 residential assessment rate adjusted to 7.15 percent and assumed to continue for 25-year analysis period.

#### Oil and Gas Property Tax Assumptions:

- 1) Oil and gas wells and equipment begin to produce tax revenue in 2020 (payable in 2021).
- 2) Utilization rate of wells (%) based on discussions with Weld County Assessor and Crestone Peak Resources.
- 3) Wells and equipment will be operated and taxable for a period of 15 years, after which the wells will be capped and equipment removed. Depletion is modeled in the forecast using a well "utilization percentage." Year 1 shows a 75% ramp-up of production and Year 2 achieves maximum (100%) production, after which production declines.
- 4) Information about wells and equipment was provided by Crestone Peak Resources ("Crestone Peak Resources 2019 Tax Statement Report" for 21 wells in Weld County) and from the Bighorn Parcel Special Use Permit (2018).
- 5) Well value based on 100% well production (\$1.6M per well) inferred from same report mentioned above.
- 6) Equipment value (\$22,500 per well) inferred from same report mentioned above.
- 7) Tank battery value (\$1.6M per battery serving 19 wells) inferred from same report mentioned above.
- 8) Weld County tax rates: 87.5% for oil and gas wells, 29% for equipment (wellhead equipment and tanks),

29% for agricultural land.

#### **Residential Property Tax Assumptions:**

- 1) Residential development program derived from information in the Firestone Venture Concept Plan (2019) that was provided to the Town by Firestone Venture LLC (Owner).
- 2) Residential development is phased from 2025 to 2032 when 100% build-out (1,243,000 SF) is achieved. Estate lots are developed first, followed by production housing lots.
- 3) 111 estate units have an estimated value of \$450k each, for a total value of \$45.01M (3000 SF x \$150/SF). Total built = 333,000 SF (phased 2025-2028).
- 4) 455 production units have an estimated value of \$300k each for a total value of \$136.5M (2000 SF x \$150/SF). Total built = 910,000 SF (phased 2029-2032).
- 5) The future project value for forecasting property tax is \$200/SF for residential development.

#### 4.3 Weld County Property Tax Revenue Forecast

The forecast of future Weld County property tax revenues was calculated using a spreadsheet, which is included as Exhibit A. These are the portion of total tax revenues that go to the County. For purposes of clarity, information from the spreadsheet has been excerpted and is presented in the tables and narrative which follow.

Tables 6 and 7 summarize total Weld County property taxes, existing property taxes (referred to as the "Base"), and future property taxes due to new development (referred to as the "Increment") that is proposed to be deferred. Table 6 summarizes the short-term period (six years) of the project (2019-2024), during which the wells are at their greatest utilization, and includes the final year (2044) for reference. New revenue from residential development does not occur until 2026. New property tax increment for wells and equipment (\$315,148) begins in 2021, reaching a maximum in 2022 (\$421,333) when the wells are at 100% utilization. Utilization and revenue slowly decline until the 15-year production period is complete. Table 6 also shows annual stabilized well and residential net revenue to be deferred (\$257,095) in 2044, the final year of the forecast (year 25).

Table 6: Annual Weld County Property Tax Revenue (2019-2024, 2044)

| Share of Property Tax (%)            | 2019      | 9 2020 |       | 2021          | 2022          | 2023          | 2024          | 2044          |
|--------------------------------------|-----------|--------|-------|---------------|---------------|---------------|---------------|---------------|
| Property Taxes (Total)               | \$<br>113 | \$     | 4,797 | \$<br>320,091 | \$<br>426,324 | \$<br>222,461 | \$<br>224,686 | \$<br>263,308 |
| Property Tax (Base)                  | \$<br>113 | \$     | 4,797 | \$<br>4,943   | \$<br>4,992   | \$<br>5,042   | \$<br>5,092   | \$<br>6,214   |
| Net Property Tax Revenues (Increment | \$<br>-   | \$     | -     | \$<br>315,148 | \$<br>421,333 | \$<br>217,419 | \$<br>219,594 | \$<br>257,095 |

Source: Weld County Assessor parcel data Note: 2019 payable, 2018 levy year

Table 7 summarizes the cumulative County property tax revenue in five year increments 2019-2044 (25-year analysis period) that is proposed to be deferred. 2019 is included as a reference point. This includes revenue from wells and residential development within the proposed Urban Renewal Area, developed in accordance with the phasing plan discussed earlier in this report. Over the 25-year period, it is forecast that \$138,227 in property taxes would be collected for the Base, and \$5,342,362 in new property tax revenue increment would be deferred by the County.

Table 7: Cumulative Weld County Tax Revenue (2019-2044)

|                                   | 2019      | • • | 2019-2024 | 2019-2029 |           |    | 2019-2034 | 2019-2039       | 2  | 2019-2044 |
|-----------------------------------|-----------|-----|-----------|-----------|-----------|----|-----------|-----------------|----|-----------|
| Property Taxes (Total)            | \$<br>113 | \$  | 1,198,472 | \$        | 1,845,573 | \$ | 2,941,926 | \$<br>4,189,861 | \$ | 5,480,589 |
| Property Taxes (Base)             | \$<br>113 | \$  | 24,978    | \$        | 51,214    | \$ | 78,788    | \$<br>107,768   | \$ | 138,227   |
| Property Tax Revenues (Increment) | \$<br>-   | \$  | 1,173,494 | \$        | 1,794,359 | \$ | 2,863,138 | \$<br>4,082,093 | \$ | 5,342,362 |

Source: Weld County Assessor parcel data Note: 2019 payable, 2018 levy year

The relative share of oil and gas well and equipment tax revenue compared with residential development tax revenue was also analyzed. It is presented in Table 8. This provides insight into what the relative contributions of these two revenue sources would be over the 25 year analysis period. Residential property tax revenue is estimated to provide 67% of total property tax revenue, oil and gas wells 30% and oil and gas well equipment 3%. Although this calculation is for total tax revenue (based on 94.441 mills), the same proportions would apply to Weld County or any of the other Tax Districts. This assumes assuming a 7.15 percent residential assessment rate for the 25-year analysis period.

**Table 8: Relative Share of Estimated Total Property Tax Revenue** 

| Estimated New Development Property Tax Revenues | Revenue (\$) | % of Total |
|---|--------------|------------|
| Residential                                     | 22,585,089   | 67%        |
| Oil and Gas (equipment)                         | 920,928      | 3%         |
| Oil and Gas (wells)                             | 10,044,852   | 30%        |
| Total New Development                           | 33,550,869   | 100%       |

DGC Consulting using Weld County Assessor parcel data

# 5. Impact on Weld County Services

Municipal and public service providers for the subject property are summarized on Table 9. The proposed Urban Renewal Area is currently located within the Town of Firestone municipal boundaries and Weld County. Municipal services (planning and zoning, engineering, streets, potable water, storm sewer, and police) are provided by the Town. Bulk water supply is provided by the Northern Colorado Water Conservancy District for distribution by the Town.

Other services are currently provided by special districts, or will be in the future. The proposed Urban Renewal Area is within the St. Vrain Valley School District (also referred as the "Longmont RE1-J School District"), as well as the Frederick – Firestone Fire Protection District, and High Plains Library District.

Sanitary sewer service may be provided in the future by the St. Vrain Sanitation District, if arrangements are made with a future Developer.

The property is not within the Carbon Valley Recreation District, although it may be included in the future as residential development proceeds.

Electrical power is provided by the United Power Cooperative. Natural gas is provided by Black Hills Energy. Telecommunications are provided by private companies.

Weld County provides General Government Services which include: County Attorney, County Courts, Social Services, Assessor's Office, Coroner's Office, and the Clerk and Recorder's Office. It is likely that County General Governmental Services will be required during and after construction in the proposed Urban Renewal Area.

**Table 9: Public and Private Service Providers** 

| Service                                       | Provider (Current or Future)  |

# 6. Impact on Weld County Infrastructure

New infrastructure, such as roads and utilities within the Urban Renewal Area will be the responsibility of the developing party, and may be funded by the Town and/or future metropolitan districts. It is our opinion, based on information provided by Town staff, that the development of the proposed Urban Renewal Area will not impact County infrastructure.

# 7. Financing of NewInfrastructure

It is anticipated that new infrastructure serving the Urban Renewal Area will be provided by property developers, the Town, metropolitan districts, or other special districts. Infrastructure will be financed by property developers, tax increment revenue, and/or a combination of tax increment revenue, general fund revenue, and special district revenue (assuming the creation of a special district). Maintenance of infrastructure will be provided mainly by the Town and/or existing and future special districts.

# 8. County Impact Report Conclusions

- 1. <u>General Plan and Zoning Consistency</u> the anticipated uses within the proposed Urban Renewal Area are consistent with uses in the Town of Firestone Comprehensive Plan and Zoning and Subdivision Regulations.
- 2. <u>Development program</u> development of the proposed Bighorn Urban Renewal Area is comprised of two distinct components: (1) oil and gas drilling on a pad site in the southern part of the property, followed by the production of oil and gas on the same site, and (2) residential development of the remainder of the property.
- 3. Phasing (oil and gas wells) the drilling of 19 oil and gas wells commences in 2019 and is expected to be completed by 2020. After that, the drilling equipment will be removed and the pad site used for the production and temporary storage of oil and gas from the wells. The timeframe for drilling and production is estimated to be 15 years, after which the wells will be capped.
- 4. Phasing (residential development) construction of single family homes on the remainder of the property is scheduled to occur after drilling is completed and will be determined by market conditions. For the purpose of this forecast, residential development will become taxable in 2025 and continue through 2032 when buildout occurs. 111 estate lots will be developed first, followed by 455 production houses on smaller lots, for a total of 566 residential units. Houses constructed on the estate lots are assumed to be 3,000 SF and 2,000 SF each on the production lots.
- **5.** <u>Property taxes deferred</u> if all of the County portion of the property taxes was deferred, the County would experience an annual fiscal impact of \$315,148 per year in 2021 (the first year of development-induced revenues) and growing to \$421,333 in 2022 (year of maximum production). This would be followed by a rapid decline, stabilization, and then steady growth to approximately \$257,095/year in 2044 (the conclusion of the 25-year tax increment financing period), resulting from the inclusion of the parcel in the proposed Urban Renewal Area and after accounting for the Base.
- 6. Property tax Base the total current County portion of property tax Base is \$113 for 2019 (of a total Base of \$707). The County portion of the Base is expected to increase to \$4,797 in 2020 (of a total Base of \$30,127) after the 2019 sale of the property is accounted for in the assessment. Over the following 25-year period, it is forecast that a total of \$138,227 in property taxes would be collected for the County portion of the Base, and \$5,342,362 in new property tax revenue increment would be deferred by the County.
- 7. Taxes by type of development assuming a 7.15 percent tax assessment rate, residential property tax revenue is estimated to provide 67% of total property tax revenue, oil and gas wells 30%, and oil and gas well equipment 3%. Although this calculation is for total tax revenue (based on 94.441 mills), the same proportions would apply to Weld County or any of the other Tax Districts.
- **8.** Weld County services it is not expected that Weld County will need to provide measurable additional services to the proposed Urban Renewal Area.
- 9. <u>Town of Firestone services</u> the Town of Firestone will continue to provide general governmental services to the proposed Urban Renewal Area. The Town will also continue to provide Engineering, Planning and Community Development, and Public Safety services.
- 10. Special districts special districts such will continue to provide their respective services, including the St. Vrain Valley RE1J School District. Other public service providers may include: Northern Colorado Water Conservancy District, St. Vrain Sanitation District, Frederick Firestone Fire Protection District, and High Plains Library District.

- **11.** <u>Private utilities</u> telecommunications and private utility companies will continue to provide services, regardless of whether the properties are within the Town of Firestone.
- 12. Weld County infrastructure based on the tax forecast and impact analysis, it is not expected that development of the proposed Urban Renewal Area will negatively impact existing County infrastructure and the County will not need to provide additional infrastructure to serve future development. The Town of Firestone, Firestone Urban Renewal Authority, property developers, and/or special districts (including metropolitan districts) will plan, finance, construct, and maintain new infrastructure for the Urban Renewal Area. On a commercial basis, private utilities mentioned previously will continue to provide services, and if required, new infrastructure to serve the Urban Renewal Area.

# 9. Property Taxes for Taxing Authorities

A six-year snapshot of property taxes by taxing district, resulting from development within the proposed Bighorn Urban Renewal Area is presented in Table 10. Annual revenue for 2044 is also shown for reference. Exhibit A presents the complete property tax analysis spreadsheet.

Table 10: Annual Tax Revenues by Taxing Authority (2019-2024, 2044)

# **Appendix C: Bighorn Urban Renewal Plan**

(included by reference)

# INTERGOVERNMENTAL AGREEMENT FOR TAX INCREMENT REVENUE SHARING

# BY AND BETWEEN THE FIRESTONE URBAN RENEWAL AUTHORITY

#### AND ST. VRAIN VALLEY SCHOOL DISTRICT

This Intergovernmental Agreement ("Agreement"), is entered into effective as of the \_\_\_\_\_ day of \_\_\_\_\_, 2019 (the "Effective Date"), by and between the FIRESTONE URBAN RENEWAL AUTHORITY, a body corporate and politic of the State of Colorado ("FURA"), whose address is 151 Grant Avenue, P.O. Box 100, Firestone, CO, 80520, ATTN: Executive Director, 151 Grant Avenue, Firestone, CO, 80520, and the ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J, a political subdivision of the State of Colorado (the "School District"), whose address is 395 S. Pratt Parkway, ATTN: Chief Financial Officer, Longmont, CO 80501. FURA and the School District may be referred to herein individually as a "Party" and may be collectively referred to herein as the "Parties."

#### RECITALS

- **A.** FURA is a public body corporate and politic authorized to transact business and exercise its powers as an urban renewal authority under and pursuant to the Colorado Urban Renewal Law, Part 1 of Article 25 of Title 31, C.R.S. (the "**Act**").
- **B.** The Board of Trustees (the "**Town Board**") for Firestone (the "**Town**") approved the creation of FURA on July 9, 2009 and, at that time, designated the Town Board as the FURA Board of Commissioners (the "**Commissioners**"), and on May 15, 2019 accepted the appointments of three (3) commissioners to the Authority by Weld County, St. Vrain Valley School District RE-1J, and the special districts in conformance with the Act; and
- C. The School District is a public body corporate and political subdivision of the State of Colorado. The School District's boundaries overlap FURA's jurisdictional boundaries such that the School District has the authority to impose a mill levy within FURA's jurisdictional boundaries.
- **D.** The Town Board is anticipated to consider a Resolution approving the Urban Renewal Plan for the Bighorn Urban Renewal Area (the "**Plan**"), which, in addition to creating the Bighorn Urban Renewal Area, authorizes the use tax increment financing ("**TIF Financing**") within the Bighorn Urban Renewal Area (the "**TIF Area**"), as contemplated by C.R.S. § 31-25-107(9)(a).
- **E.** The Act provides that taxes levied after the effective date of the approval of an urban renewal plan upon taxable real property in the area described in such urban renewal plan shall be divided each year for a period not to exceed twenty-five (25) years from the effective date of the urban renewal plan and that a portion of said property tax revenues shall be allocated to and paid into a special fund of the applicable urban renewal authority, as more particularly described in the Act.

- F. Pursuant to the Plan, taxes levied after the effective date of the Town Board's approval of the Plan on taxable real property located within the TIF Area, as it currently exists or hereafter as it may be modified by expansion, shall be divided each year for a period not to exceed twenty-five (25) years from the effective date of the Plan and that a portion of said property tax revenues (the "TIF Revenue") shall be allocated to and paid into a special fund of FURA to pay the principal of, interest on, and any premiums due in connection with bonds of, loans or advances to, or indebtedness incurred by FURA for financing an urban renewal project or to make payments in accordance with an agreement executed pursuant to C.R.S. § 31-25-107(11).
- **G.** In accordance with the Act (including the requirements of HB 15-1348 and SB 18-248), FURA and the School District desire to enter into this Agreement and recognize that a division of taxes pursuant to C.R.S. § 31-25-107(9)(a) on taxable real property within the boundaries of the School District without an agreement concerning the sharing of TIF Revenue may hinder (a) the effectuation of the Plan and the planned urban renewal projects to be located within the TIF Area, and (b) the School District's ability to provide its educational services and facilities to its constituents. The Agreement addresses, among other things, the estimated impacts of the Plan on School District services associated solely with the TIF Area.
- H. The Parties acknowledge that the eligible electors of the School District did approve in November 2008 and 2012, and may in the future approve the levy of additional mills by the School District for its operations by way of a School District Mill Levy Override (i.e., additional local revenues in excess of the School District's total program as provided in the Public School Finance Act of 1994, Colorado Revised Statutes Title 22, Article 54, Part 1, or successor act) ("Mill Levy Overrides").
- I. The Parties further acknowledge that the eligible electors of the School District have also approved the levy of additional mills by the School District for the servicing of the District's issued bonded indebtedness, and may in the future approve the issuance of additional bonded indebtedness, the debt service of which is financed by additional mills. For purposes hereof, the debt service mill levies may include indebtedness incurred as a result of the refunding of any School District debt, now or in the future. Collectively, such debt service levies are referred to herein as "**Debt Service Mill Levies**."
- J. Therefore, FURA and the School District desire to enter into this Agreement to provide for the transfer to the School District of certain portions of the TIF Revenue. The School District shall be entitled to receive all of the TIF Revenue generated by the imposition of its mill levies (Mill Levy Overrides and Debt Service Mill Levies, plus annual abatement levies, if any) if and when received by FURA as a result of the imposition of the Urban Renewal Plan and the collection of the TIF Revenue from the TIF Area as set forth in this Agreement, except for that TIF Revenue that is generated by the mill levy established by the Colorado Public School Finance Act, Sec. 22-54-106, C.R.S., (total program). As of the date of this Agreement, the School District's total program mill levy within the TIF Area is **24.995 mills** (the School District's "Total Program Mill Levy Increment").
- **K.** The Parties agree that this division of TIF Revenue and FURA's retention of only the Total Program Mill Levy Increment from such TIF Revenue does not hinder or substantially interfere with the effectuation of the Urban Renewal Plan and the planned urban renewal projects

to be located within the TIF Area, and does not substantially diminish the School District's ability to provide its educational services and facilities to its constituents.

- **L.** In consideration therefore, the School District expressly consents to the formation of the Bighorn Urban Renewal Area.
- **M.** FURA and the School District are authorized to enter into this Agreement pursuant to law, including, without limitation, C.R.S. § 31-25-112.

NOW THEREFORE, in consideration of the foregoing recitals and the covenants, promises and agreements of each of the Parties hereto, it is agreed by and between the Parties hereto as follows:

**1.** <u>Incorporation of Recitals</u>. The foregoing recitals are incorporated into and made a part of this Agreement.

#### **2.** <u>TIF Revenue Sharing.</u>

- (a) After deducting its Administrative Fee, FURA agrees to transfer to the School District all of the property tax TIF Revenues calculated, raised, produced, allocated, and transferred to FURA as a result of the levy by the School District's Mill Levy Overrides and Debt Service Mill Levies, plus annual abatement levies, if any, now and in the future, upon taxable property within the TIF Area pursuant to and in accordance with Section 31-25-107(9)(a)(II) of the Act and the rules and regulations of the Property Tax Administrator of the State of Colorado for the purposes of compensating the School District for the services it will provide to the TIF Area and for the capital facilities it has constructed, or will construct, for servicing, in whole or in part, students in the TIF Area. FURA's obligation to transfer to the School District its designated portion of the TIF Revenues generated by the School District's Mill Levy Overrides and Debt Service Mill Levies, plus annual abatement levies, if any, as described in this Section 2 shall be referred to herein as the "Transfer Obligation."
- (b) All revenues from the District's Total Program Mill Levy Increment as described in paragraph J, above, shall remain with FURA to be utilized by it pursuant to its Plan, applicable state law, and FURA Board action, and shall not be subject to the Transfer Obligation, commencing on the date of approval by the Town Board of the Plan and ending upon the expiration of the twenty-five (25) year period that the tax increment or tax allocation provisions will be in effect as specified in §31-25-107(9)(a) of the Act and the Plan.
- (c) An administrative fee equal to one percent (1%) of the TIF Revenue as determined on an annual basis shall be retained by FURA (the "Administrative Fee"). Notwithstanding anything to the contrary set forth in this Agreement or in the Plan, FURA shall be entitled to retain the Administrative Fee to pay the reasonable and customary administrative costs of the Authority incurred in connection with FURA's obligations under this Agreement including, but not limited to, the collection, enforcement, disbursement, and administrative fees and costs related to TIF Revenue and the TIF Area. The Administrative Fee shall be deducted annually from the payments made to the District pursuant to the Transfer Obligation.
  - 3. <u>Agreement Confined to Specified Revenue</u>. In compliance with the requirements

of the Act (including HB 15-1348 and SB 18-248), FURA and the School District have negotiated and agreed to the sharing of TIF Revenue as set forth herein. This Agreement applies only to TIF Revenue derived from imposition of real property taxes (land and improvements to land) in the TIF Area, if any, that is calculated, produced, allocated and transferred to FURA in accordance with C.R.S. § 31-25-107(9)(a)(II) and the rules and regulations of the Property Tax Administrator of the State of Colorado, and does not include any other revenues of FURA. The School District agrees and acknowledges that the School District is not entitled to and expressly disclaims any and all right, title or interest in and to any other taxes or revenues collected by FURA including, without limitation, any personal property tax, sales tax, or private improvement fees.

- 4. <u>Consent</u>. The School District expressly waives and agrees not to object to: (a) the Town's approval or the Commissioners' recommendation of approval of the Plan, including, without limitation, its approval of the use of TIF Financing and collection of TIF Revenue, and (b) FURA's imposition of any personal property tax, sales tax, private improvement fees or other fees in connection with the Plan or TIF Area. The District acknowledges that this Agreement constitutes notice to the District of, and its advisory participation on, the Plan pursuant to C.R.S., § 31-25-107(9)(d).
- 5. <u>Subordination</u>. By written consent of the School District, as evidenced by a future resolution or resolutions approved by the Board of Directors of the School District, the Transfer Obligation may be made subordinate to any payment of the principal of, the interest on, and any premiums due in connection with bonds of, loans or advances to, or indebtedness incurred by FURA for financing or refinancing, in whole or in part, any urban renewal project specified in the Plan.
- 6. Delays. Any delays in or failure of performance by any Party of its obligations under this Agreement shall be excused if such delays or failure are a result of acts of God; acts of public enemy; acts of the Federal or state government; acts of third parties; litigation concerning the validity of this Agreement or relating to transactions contemplated hereby; fire, floods, strikes, labor disputes, accidents, regulations or order of civil or military authorities; shortages of labor or materials; or other causes, similar or dissimilar, which are beyond the control of such Party. Notwithstanding the foregoing, where any of the above events shall occur which temporarily interrupt the ability of FURA to transfer to the School District revenues as provided in this Agreement, as soon as the event causing such interruption shall no longer prevail, FURA shall transfer the total amount of the effected revenues that have been received by FURA that is then in the account, as determined according to the provisions of this Agreement.
- 7. Termination and Subsequent Legislation. This Agreement may be terminated at any time upon the mutual written agreement of FURA and the School District. In addition, in the event of termination of the Plan, including, without limitation, the provisions of the Plan authorizing TIF Financing, FURA may terminate this Agreement by delivering written notice to the School District. FURA may also terminate this Agreement by delivering written notice to the School District if the School District no longer provides any services within the TIF Area. The Parties further agree that in the event legislation is adopted after the Effective Date of this Agreement that invalidates or materially or adversely affects any provisions hereof, the Parties will in good faith negotiate for an amendment to this Agreement that most fully implements the original intent, purpose and provisions of this Agreement.

- **8.** Entire Agreement. This instrument embodies the entire agreement of the Parties with respect to the subject matter hereof. There are no promises, terms, conditions, or obligations other than those contained herein and this Agreement shall supersede all previous communications, representations, or agreements, either verbal or written, between the Parties hereto. No modification to this Agreement shall be valid unless agreed to in writing by the Parties hereto.
- **9.** <u>Binding Effect</u>. This Agreement shall inure to the benefit of and be binding upon the Parties hereto and their successors in interest.
- 10. No Third-Party Enforcement. It is expressly understood and agreed that the enforcement of the terms and conditions of this Agreement, and all rights of action relating to such enforcement, shall be strictly reserved to the undersigned Parties and nothing in this Agreement shall give or allow any claim or right of action whatsoever by any other person not included in this Agreement. It is the express intention of the undersigned Parties that any entity other than the undersigned Parties receiving services or benefits under this Agreement shall be an incidental beneficiary only.
- 11. No Waiver of Immunities. Nothing contained herein shall be construed as a waiver, in whole or in part, by any Party hereto of the rights, protections, and privileges afforded under the Colorado Governmental Immunity Act, C.R.S. § 24-10-101, et seq., or under any other law, nor shall any portion of this Agreement be deemed to have created a duty of care which did not previously exist with respect to any person not a Party to this Agreement.
- 12. <u>Severability</u>. If any provision of this Agreement is found to be invalid, illegal or unenforceable, the validity and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. Further, in the event of any such holding of invalidity, illegality or unenforceability, the Parties will in good faith negotiate for an amendment to this Agreement that achieves to the greatest degree possible the intent of the affected provision of this Agreement.
- 13. <u>No Assignment</u>. No Party may assign any of its rights or obligations under this Agreement without the express prior written consent of the other Party. Any attempted assignment in violation of this provision shall be null and void and of no force and effect.
- 14. <u>Paragraph Captions</u>. The captions of the paragraphs are set forth only for the convenience and reference of the Parties and are not intended in any way to define, limit, or describe the scope or intent of this Agreement.
- 15. <u>Execution in Counterparts</u>. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute but one and the same instrument.
- **16.** Governing Law. This Agreement and the provisions hereof shall be governed by and construed in accordance with the laws of the State of Colorado.
- 17. <u>No Presumption</u>. The Parties to this Agreement and their attorneys have had a full opportunity to review and participate in the drafting of the final form of this Agreement. Accordingly, this Agreement shall be construed without regard to any presumption or other rule of construction against the Party causing the Agreement to be drafted.

Notices. Any notice required by this Agreement shall be in writing. All notices, demands, requests and other communications required or permitted hereunder shall be in writing, and shall be (a) personally delivered with a written receipt of delivery; (b) sent by a nationallyrecognized overnight delivery service requiring a written acknowledgement of receipt or providing a certification of delivery or attempted delivery; (c) sent by certified or registered mail, return receipt requested; or (d) sent by confirmed electronic delivery with an original copy thereof transmitted to the recipient by one of the means described in subsections (a) through (c) no later than 5 business days thereafter. All notices shall be deemed effective when actually delivered as documented in a delivery receipt; provided, however, that if the notice was sent by overnight courier or mail as aforesaid and is affirmatively refused or cannot be delivered during customary business hours by reason of the absence of a signatory to acknowledge receipt, or by reason of a change of address with respect to which the addressor did not have either knowledge or written notice delivered in accordance with this paragraph, then the first attempted delivery shall be deemed to constitute delivery. Each Party shall be entitled to change its address for notices from time to time by delivering to the other Party notice thereof in the manner herein provided for the delivery of notices. All notices shall be sent to the addressee at its address set forth following its name below:

- 19. <u>Days</u>. If the day for any performance or event provided for herein is a Saturday, a Sunday, a day on which national banks are not open for the regular transactions of business, or a legal holiday pursuant to C.R.S. § 24-11-101(1), such day shall be extended until the next day on which such banks and state offices are open for the transaction of business.
- **20.** Parties Not Partners. Notwithstanding any language in this Agreement or any other agreement, representation, or warranty to the contrary, the Parties shall not be deemed to be partners or joint venturers, and no Party shall be responsible for any debt or liability of any other Party.
- 21. Inclusion of Agricultural Land. The Bighorn Urban Renewal Area contains Agricultural Land (as defined in §31-25-103 of the Act), and this Agreement constitutes agreement by the District to inclusion of the Agricultural Land in the Bighorn Urban Renewal Area as required by §31-25-107(1)(c)(II)(D) of the Act. The Act requires that Agricultural Land included within an urban renewal plan area to be valued at fair market value for purposes of establishing the base and calculating the increment. Accordingly, as demonstrated in the Tax Forecast and County Impact Report for Bighorn Urban Renewal Area dated July, 2019 previously submitted to the District, the Agricultural Land base value has been established at fair market rates.
- **22.** <u>Waiver</u>. Pursuant to C.R.S. §31-25-107(11), the School District agrees to waive all provisions of Part 1 of the Act that provide for notice to the School District, require any filing with or by the School District, require or permit consent from the School District, or provide for any enforcement right to the School District.

[Remainder of this page is left intentionally blank]

IN WITNESS WHEREOF, FURA and the School District have caused their duly authorized officials to execute this Agreement effective as of the Effective Date.

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Approval of New District Directors and Oath of Office for Board Members

Strategic Priority – High-Functioning School Board

#### **RECOMMENDATION**

That the Board of Education approve the newly elected Board members following the cancellation of the 2019 election and elected by acclamation as follows:

Joie Siegrist – Director District A
Jim Berthold – Director District C
Dr. Richard Martyr – Director District E
Chico Garcia – Director District G

#### **BACKGROUND**

As stated in CRS 22-31-125, each school board member is required to take an oath of office, swearing to faithfully perform the duties of the office as required by law.

DATE: November 13, 2019

TO: Board of Education

FROM: Dr. Don Haddad, Superintendent of Schools

SUBJECT: Adoption of Resolution for Signature Authorization

Strategic Priority – Strong District Finances

#### RECOMMENDATION

That the Board of Education adopt the following resolution:

WHEREAS, the Board of Education of the St. Vrain Valley School District RE-1J on November 13, 2019 elected new officers; and

WHEREAS, the signatures of the officers of the Board of Education are the authorized signatures on checks issued by the School District; and

WHEREAS, it will be necessary to continue with the previous officers' signatures until new officers are elected and signatures are changed; and

WHEREAS, the Superintendent has designated signers of checks issued by the School District to include Don Haddad, Greg Fieth, Tony Whiteley, and Brian Lamer.

BE IT THEREFORE RESOLVED that the Board of Education of the St. Vrain Valley School District RE-1J authorizes the continued use of the previous checks written by the School District.

#### BACKGROUND

The administration recommends that this Resolution be adopted to enable the Financial Services Department to continue using the previous Board officers' signatures until the signatures are changed to the new Board officers.

DATE: November 13, 2019

TO: Board of Education

FROM: Joie Siegrist, President, Board of Education

SUBJECT: Board Member Code of Ethics Policy and Executive Session Affidavit

Signing

Strategic Priority – High-Functioning School Board

#### PURPOSE

For the newly elected members of the Board of Education to sign the District's Code of Ethics policy and the Executive Session Affidavit.

#### BACKGROUND

Board Policy BC – School Board Member Conduct states that, "Public office is a trust created by the confidence that the public places in the integrity of its public officers. To preserve this confidence, it is the desire of the Board to operate under the highest ethical standards." As part of the official swearing in ceremony, each Board member will be encouraged to sign a Code of Ethics as a demonstration of that commitment.

#### **Executive Session Affidavit**

State law requires all Board members to sign a "Confidentiality Affidavit." This Affidavit serves as Board members' public commitment to upholding the confidentiality of Board conversations held during Executive Sessions, including conversations related to personnel, students, security, and attorney-privileged communications, among others.

This Affidavit assures that Board members are aware of, and will comply with, the confidentiality requirements and restrictions applicable to Executive Sessions of the Board, as described in Section 24-6-402 C.R.S. It also assures that Board members will comply with these confidentiality requirements regardless of whether they participate in the Executive Session in person or electronically pursuant to Section 22-32-108(7) C.R.S.
