The program budgeting process is based primarily upon the Board-adopted Mission Statement, the District's Strategic Priorities and the goals set by the District's Board of Education.

All final revenues and expenditures are within current limitations established by Colorado Revised Statutes and the TABOR Amendment.

The annual budget development is a cooperative effort between the St. Vrain Valley Schools Board of Education, staff, and community. We continue to appreciate the time and support provided by those contributing to the process, especially the Finance and Audit Committee. We invite further participation of anyone interested in helping provide a high quality education for our children.

## STRATEGIC PRIORITIES HIERARCHY

## STRATEGIC PRIORITIES <br> FOR STUDENT ACHIEVEMENT AND SUCCESS

## BUDGET INFORMATION

The Superintendent's Budget is the District's annual operating budget. The following information is intended to provide a general understanding of the budget process and resulting budget document.

## Fund Accounting

The District uses funds to report its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a balanced set of accounts.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked funds (special revenue funds), the acquisition, construction or remodeling of major capital facilities (capital projects funds), and the servicing of long-term debt (debt service funds). The District's major governmental funds are the General Fund (including the CPP and Risk Management Funds as subfunds), Bond Redemption Fund, and the Building Fund:

General Fund - The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include local property taxes, specific ownership taxes, and State of Colorado equalization funding, as determined by the School Finance Act of 1994, as amended.

Expenditures include all costs associated with the daily operation of the schools, except for programs funded by grants from federal and state governments, school construction, certain capital outlay expenditures, debt service, food service operations, extracurricular athletic and other pupil activities, and insurance transactions.

Colorado Preschool Program Fund - This fund is reported as a sub-fund of the General Fund. Monies allocated to this fund from the General Fund are used to pay the costs of providing preschool services directly to qualified at-risk children enrolled in the District's preschool program pursuant to C.R.S. 22-28-102.

Risk Management Fund - This fund is also a sub-fund of the General Fund. Monies allocated to this fund from the General Fund are used to account for the payment of loss or damage to the property of the District, workers' compensation, property and liability claims, insurance premiums, and the payment of related administration expenses.

Debt Service Fund - The District has one debt service fund, the Bond Redemption Fund. This fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs. The fund's primary revenue source is local property taxes levied specifically for debt service.

Capital Projects Funds - The District has two capital projects funds, the Building Fund (major) and the Capital Reserve Capital Projects Fund (non-major). The Building Fund accounts for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings or initial, additional and replacement equipment. The Capital Reserve Capital Projects Fund is used to account for revenue allocations from the General Fund and other revenues allocated to or
earned in this fund, and the expenditures for the ongoing capital needs of the District, such as acquisition of land, building additions and improvements, and major equipment purchases.

The other "non-major" governmental funds of the District are Special Revenue Funds - These funds account for revenues derived from earmarked revenue sources, federal and state grants, charges for food service, charges for supporting educational services, and tuition. The "non-major" Special Revenue Funds consist of the Nutrition Services Fund, Governmental Designated Purpose Grants Fund, Community Education Fund, Fair Contributions Fund, and Student Activities Special Revenue Fund.

Proprietary Funds focus on the determination of the changes in net assets, financial position, and cash flows and are classified as either enterprise or internal service. The District's only internal service fund is the Self Insurance Fund which accounts for the financial transactions related to the District's self-funded dental and medical insurance plans.

Fiduciary Funds - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The Student Scholarship Fund was the District's only trust fund, which was closed in FY19. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's only agency fund was the Student Activities Agency Fund, which was closed in FY18.

## FUND 10 - GENERAL FUND

The General Fund is a governmental fund which includes the revenues and expenditures for the general operations of the District. The expenditures for the school and departmental operations are primarily budgeted and accounted for in the General Fund. The total budgeted revenues in the General Fund are $\$ 329,180,416$. The total budgeted expenditures in the General Fund are $\$ 341,630,111$. Therefore, the General Fund fund balance is budgeted to decrease by $\$ 12,449,695$ in Fiscal Year 2020. Fund balance reserves of $\$ 119,562,559$ are also appropriated in the General Fund. A portion of the reserve appropriation includes $\$ 7,082,000$ for contingency reserve as required by Board policy, and $\$ 10,623,000$ for constitutionally-required TABOR reserves. The total General Fund budget appropriation for the year ending June 30, 2020 is $\$ 448,742,975$.

## Budget Development Assumptions

1. 2020 Fiscal Year Budget
2. Pupil Membership
3. Funded Pupil Count
4. Instructional Supplies and Materials
5. Capital Reserve/Risk Management
6. State Equalization Program
7. Mill Levy Override

This budget for the school year July 1, 2019 - June 30, 2020 (FY20) is presented based on the Colorado Public Schools Finance Act of 1994, as amended.

This budget is based upon a PK-12 student headcount of 32,696 .
Pupil Membership is the actual number of PK-12 students attending SVVSD. Funded pupil count (FPC) is based on whether those students are funded at full-time, half-time, or may be tuition-based preschool students for which the district does not receive additional funding. The FPC for this budget is $31,174.0$, an increase of 985.5 (3.26\%) above FY19. For the 2019-20 school year, the State of Colorado authorized funding Kindergarten students as 1.0 FPC, rather than 0.58 as was previous practice. This change resulted in an increased Funded Pupil Count of 911.4 for FY20.

District policy requires the budget include \$238 per student for instructional supplies, books, field trips and capital outlay. The required minimum instructional supplies and materials budget is $\$ 6,678,042$. This is based on $28,059.0$ FPC (FPC net of charter schools).

District policy requires direct allocation of funding to the Capital Reserve Fund and Risk Management Fund in the amount of at least $\$ 377$ per student for FY20. A total of $\$ 10,914,399$ is included in FY20. This includes $\$ 3,739,370$ to the Risk Management Fund, and $\$ 7,090,204$ to the Capital Reserve Fund. The remaining $\$ 84,825$ is allocated to the Capital Reserve Fund from the CPP Fund.

Based on current appropriation from the State of Colorado, the District is expecting $\$ 8,266.65$ per pupil FPC as per pupil revenue (PPR) for FY20. PPR was \$7,916.73 for FY19.

The voters of the District passed mill levy overrides in November of 2008 and 2012, both of which provide additional funds for a variety of items as defined within the ballot questions. As required, accounting for the MLO funds is incorporated within the General Fund totals. Additional details regarding planned expenditures are included in the tables below.
8. Charter Schools
9. Contingency Reserve
10. TABOR Emergency Reserve
11. School Allocations
12. Salaries and Benefits

The District must account for $100 \%$ of the District's per pupil revenue, including the increased funding for all-day kindergarten, multiplied by the funded pupil count of the charter schools. The District also shares Mill Levy Override revenues with each of the six charter schools in proportion to their respective funded pupil counts. The student FPC for the charter schools for FY 20 is $3,115.0$, an increase of 225.6 compared to FY19, resulting in a total budgeted charter school allocation of $\$ 30,570,099$ as follows:

|  | FPC | Allocation |  |
| :--- | ---: | ---: | ---: |
| Aspen Ridge | 449.0 |  | $\$ 4,406,886$ |
| Carbon Valley | 235.0 | 896.0 | $8,791,269$ |
| Flagstaff Academy | 565.0 | $5,534,599$ |  |
| Imagine at Firestone | 230.0 | $2,253,425$ |  |
| St. Vrain Montessori | $\underline{740.0}$ | $\underline{7,279,506}$ |  |
| Twin Peaks | $\underline{\underline{3,115.0}}$ | $\underline{\underline{\$ 30,570,099}}$ |  |

For FY20, a 2.0\% Board-established contingency reserve is calculated on seven operating funds and is maintained entirely within the budget of the General Fund.

The TABOR Reserve is funded as required per Article X of the State Constitution (TABOR Amendment) and is held in cash and investments in the General Fund.

Schools are allocated a supplies and materials budget based on student enrollment. Staffing is allocated based on student-teacher ratios, focus programs, and individual school needs. Schools are not allowed to carry over unexpended General Fund budgets from year-to-year unless identified for a specific purpose and explicitly authorized.

Salaries expense includes an average compensation increase of $7.59 \%$, and funding for education advancement on the salary schedule. Benefits expense includes the additional PERA funding required and net increase in health and dental insurance premiums. This is the case for each fund that pays salaries and benefits.

## Total Program Funding

Total Program Funding is the primary funding source for the District's General Fund. The Colorado Department of Education uses a formula to determine how much Total Program Funding is provided to each Colorado school district based on a number of factors. Total Program can be expressed in total dollars, or in terms of Per-Pupil Revenue (PPR) multiplied by the District's Funded Pupil Count (FPC).

Total Program is funded by three sources: Local Property Tax, Specific Ownership Tax (i.e. vehicle registrations), and the remainder is provided to St. Vrain Valley Schools by the State of Colorado through what is called "State Equalization."

Below is a historical breakdown of Total Program Funding for St. Vrain Valley Schools.

## FUND 18 - RISK MANAGEMENT FUND

The Risk Management Fund is used to account for the payment of loss or damage to the property of the school district, liability claims, workers' compensation claims, insurance premiums, and related administrative expenses.

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The District plans to provide for or restore the economic damages of those losses through risk retention and risk transfer.

The District is a member of two public entity risk sharing pools. The District's share of each pool varies based on exposures, the contribution paid to each pool, the District's claims experience, each pool's claims experience, and each pool's surplus and dividend policy. The District may be assessed to fund any pool surplus deficit.

Since July 1, 2002, the District has been a member of the Colorado School Districts Self Insurance Pool for property and liability insurance. The District has insurance deductibles of $\$ 50,000$ (property and general liability), and \$1,000 (vehicle liability) per claim.

Prior to July 1, 2002, the District purchased its property and liability insurance from the Northern Colorado School Districts Property Self Insurance Pool, and the Northern Colorado School Districts Liability Self Insurance Pool, respectively. These two pools have since been dissolved. All financial obligations of the Pools have been met and the remaining financial assets of the Pools were redistributed to participating Districts as of 12/31/2017.

Since July 1, 1985, the District has been a member of the Northern Colorado School Districts Workers' Compensation Self Insurance Pool. The other current pool members are Park School District (Estes Park) and Windsor School District. The workers' compensation pool discontinued insurance operations effective July 1, 1998, and resumed insurance operations on July 1, 2003. During the intervening years, insurance coverage was obtained outside the pool. The District's deductible is $\$ 50,000$ per claim for the year ended June 30, 2020.

## FUND 19 - COLORADO PRESCHOOL PROGRAM FUND

The Colorado Preschool Program (CPP) Fund is used to account for revenue allocations from the General Fund used for the Colorado Preschool Program which is a state funded program for preschool children the year before kindergarten. Children who qualify for the Colorado Preschool Program may have a variety of risk factors in their family, including low income or substance abuse. Funding for the program uses a calculated amount called per-pupil operating revenue (PPOR), which is the General Fund's per-pupil revenue under the state funding formula, less the Board-required Risk Management and Capital Reserve per-student allocation. The PPOR multiplied by the number of CPP student FPC that is certified in the October Count results in the total amount allocated to the CPP fund. A total of 450 slots are expected to be certified for FY20, resulting in a CPP Funded Pupil Count of 225 , which translates to $\$ 1,775,171$ in equalization revenue for the fund, net of the required allocation to the cap reserve fund.

## FUND 29 - FAIR CONTRIBUTIONS FUND

This Special Revenue Fund was first established November 15, 1995 in accordance with the Intergovernmental Agreement Concerning Fair Contributions for Public School Sites between the City of Longmont and the St. Vrain Valley School District in order to collect monies for acquisition, development or expansion of public school sites based on the impacts created by residential subdivisions. Since that date, additional intergovernmental agreements have been set up with the Towns of Mead, Frederick, Firestone, Erie, and Lyons. Additional fair contribution fees for public school sites are collected from Boulder County, Larimer County, and from individual developers in Weld County.

The fee is assessed according to the type of dwelling: single family, duplex/triplex, condo/townhouse, multifamily or mobile home. The fees are collected for use within the senior high school feeder attendance area boundaries, which serve the individual dwelling units.

## FUND 31 - BOND REDEMPTION FUND

The Bond Redemption Fund is a debt service fund used to account for property taxes levied and investment income earned, and to provide for payment of general long-term debt principal retirement, semi-annual interest, and related fees.

The District's long-term debt, in the form of general obligation bonds, total $\$ 548,690,000$ as of June 30, 2019, which includes $\$ 60$ million of general obligation building bonds issued in October of 2018. In November of 2016, District taxpayers authorized $\$ 260$ million of general obligation debt in order to address the District's capital needs due to growth. In December of 2016, the District issued $\$ 200$ million of the $\$ 260$ million that was authorized, and issued the remaining $\$ 60$ million in October of 2018. The budgeted amount for the District's debt service and related fees for Fiscal Year 2019-20 is $\$ 59,003,839$. Property taxes provide nearly all of the revenue for this fund, with investment income contributing less than $2 \%$.

The legal debt limit of $20 \%$ of the District's 2018 assessed valuation of $\$ 3.44$ billion is $\$ 688.0$ million. This exceeds the net amount of the District's bonds payable as of December 31, 2018 by approximately $\$ 139.3$ million.

The District's enrollment has increased between $0.67 \%$ and $2.92 \%$ per year over the past five years and continued annual increases of approximately $2-3 \%$ are expected for the next several years. District needs for additional school facilities are expected to continue to increase in subsequent years. Additional facility needs increased due to the expansion of the kindergarten program in the 2019-20 school year. The need for the issuance of bonds to provide for these school facilities is carefully considered with the assistance of the LongRange Facilities Planning Committee. The Board of Education approved a bond issue ballot measure for the November 2016 ballot and $\$ 260$ million of additional school bonds were authorized by voters. $\$ 200$ million of the $\$ 260$ million was issued in December of 2016, and the remaining $\$ 60$ million was issued in October of 2018.

The property tax levy for principal and interest on bonds was Board-approved at 17.550 mills for 2018, which is approximately $31.1 \%$ of the total tax levy of 56.385 mills. The District's debt service payments remain stable until 2023. In 2024, debt service payments are structured to drop by approximately $\$ 15$ million per year, decreasing modestly until 2031. Principal and interest payments from 2032 forward are structured to increase again until the majority of bonds are paid off in 2034, with a few remaining bonds scheduled through 2036. Maintaining the current scheduled repayment of long-term debt is not expected to have any significant financial impact on current or future operations of the District.

## FUND 41 - BUILDING FUND

The Building Fund is a Capital Project Fund used to budget and account for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings, or the initial purchase and replacement of certain equipment.

In December 2016, the District issued $\$ 200$ million in bonds and received an additional $\$ 23.6$ million in bond premium. This resulted in a total of $\$ 223.6$ million in proceeds from the initial sale of bonds that were authorized by voters in November 2016. Many projects are funded by these bonds, including the recentlyopened Grand View Elementary, Soaring Heights PK-8, and the St. Vrain Innovation Center.

An additional $\$ 60$ million bond issuance took place in October of 2018, generating an additional $\$ 3.4$ million in premium. This provided the balance of the funds necessary for all of the planned projects as described in the November 2016 ballot information.

## FUND 74 - STUDENT ACTIVITIES AGENCY FUND

The Student Activities Agency Fund was used to record pupil organizations and activities that are self-supporting and do not receive direct or indirect District support. Accounting was maintained for each District school and department, and separate activities within each location. This fund included the District's Option 1 PTO organizations. Option 1 organizations were not separate 501(c)3 charitable organizations. Revenues were provided from fundraisers, gifts, vending machine proceeds, retail and grocery store certificates, and miscellaneous sources.

There is no budget or appropriation for the Student Activities Agency Fund for the 2019-20 fiscal year, as the fund was closed in FY18. Fund resources were transferred to the Community Education fund and the Student Activities Special Revenue fund. There are no longer any option 1 PTO organizations. The table below is presented for historical information only.
