EXECUTIVE SUMMARY
AMENDED BUDGET
2024 – 2025 FISCAL YEAR

SUPERINTENDENT'S BUDGET MESSAGE

Date: January 22, 2025

TO: Board of Education and Citizens of the St. Vrain Valley School District

This St. Vrain Valley School District (the District) General Fund budget, together with the budgets for other funds for Fiscal Year 2025 (FY25), is the current expenditure plan for all funds generated through local, state and federal sources, commencing July 1, 2024 and extending through June 30, 2025. This document includes financial, budgetary, and program information that we believe will provide the user with a better understanding of the District's operations. The accompanying General Fund budget has been prepared showing the adjustments to compensation as agreed to with the St. Vrain Valley Education Association (SVVEA).

The General Fund budget appropriation for 2024-25 is \$660,086,936, which includes appropriated expenditures of \$481,856,690 and fund balance of \$178,230,246.

The following summary provides appropriated expenditures by fund, including appropriated District reserves. Additional detailed information summarized by fund, operating activity, individual school, and department, as well as other pertinent information is included in the accompanying financial budget document.

		Appropriated		Total
	Appropriated	Surplus and	A	ppropriation
Fund #	 Expenditures	Fund Balance	(To	tal Resources)
10 General Fund	\$ 481,856,690	\$ 178,230,246	\$	660,086,936
18 Risk Management	4,975,000	6,486,719		11,461,719
21 Nutrition Services	19,106,598	4,208,451		23,315,049
22 Governmental Grants	21,722,593	-		21,722,593
23 Student Activity Fund	8,754,000	5,974,866		14,728,866
27 Community Education	8,242,896	6,672,983		14,915,879
29 Fair Contribution	2,050,000	11,719,000		13,769,000
31 Bond Redemption	97,726,493	125,206,857		222,933,350
41 Building Fund	5,000,000	378,463,315		383,463,315
43 Capital Reserve	10,672,947	11,290,665		21,963,612
65 Self Insurance	 30,609,200	15,935,780		46,544,980
Total	\$ 690,716,417	\$ 744,188,882	\$	1,434,905,299

The District's FY25 budget will provide instructional and support services for a student body membership of approximately 32,400 students.

The program budgeting process is based primarily upon the Board-adopted Mission Statement, the District's Strategic Priorities and the goals set by the District's Board of Education.

All final revenues and expenditures are within current limitations established by Colorado Revised Statutes (C.R.S.) and the TABOR Amendment.

The annual budget development is a cooperative effort between the St. Vrain Valley School District's Board of Education, staff, and community. We continue to appreciate the time and support provided by those contributing to the process, especially the Finance and Audit Committee. We invite further participation of anyone interested in helping provide a high-quality education for our children.

Respectfully,

<signature on file>

Don Haddad, Ed.D. Superintendent of Schools

APPROPRIATION RESOLUTION

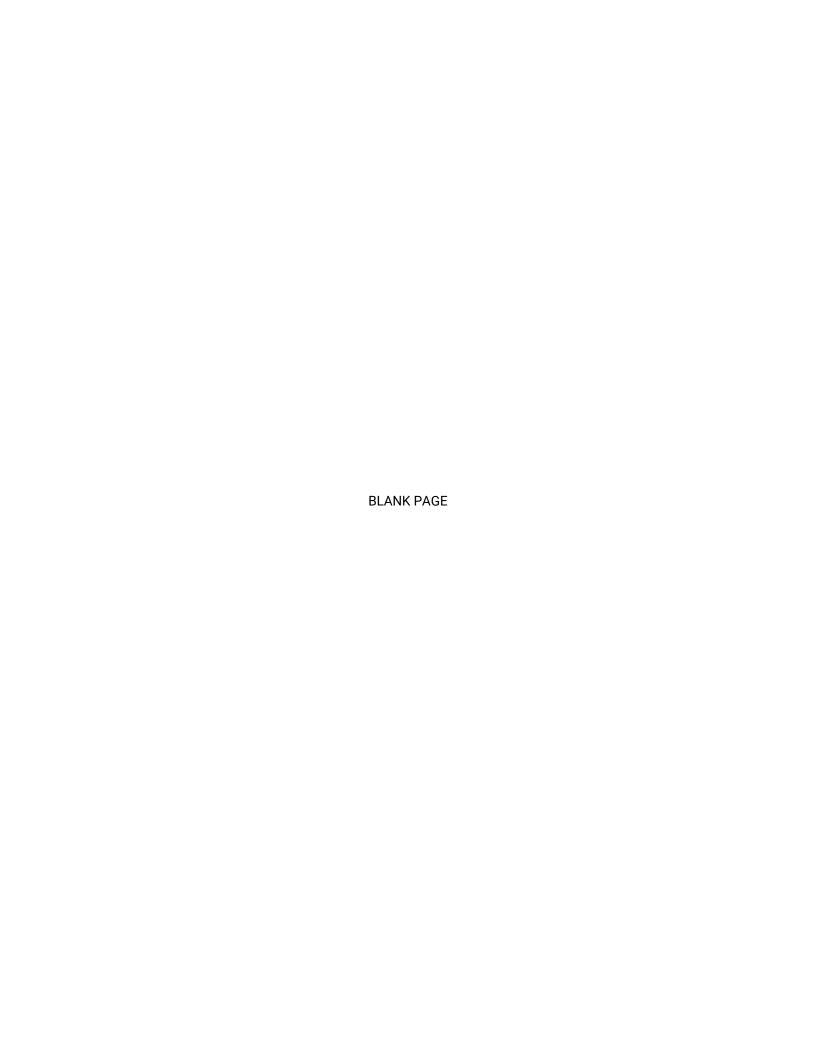

Be it resolved by the Board of Education (the Board) of St. Vrain Valley School District RE-1J in Boulder, Weld, and Larimer Counties and the City and County of Broomfield that it hereby appropriates the amounts shown in the following schedule to each fund for the ensuing fiscal year beginning July 1, 2024, and extending through June 30, 2025, and adopts the budgets related thereto.

Be it further resolved that the Board authorizes the use of a portion of beginning fund balance for the funds indicated in the following schedules, the use of which will not lead to an ongoing deficit in those funds.

		Appropriated		Total
	Appropriated	Surplus and		Appropriation
Fund #	Expenditures	Fund Balance	T)	otal Resources)
10 General Fund	\$ 481,856,690	\$ 178,230,246	\$	660,086,936

EXECUTIVE BUDGET SUMMARY BY FUND

While the appropriation resolution represents the total resources available to the District, it does not reflect the current year spending plan. The following Executive Budget Summary by Fund presents a snapshot of the budgeted changes to fund balance for each fund based on the anticipated revenues and expenditures as contained within each of the individual fund budgets. Details on each fund budget can be found in the accompanying financial document.

DISTRICT GOALS AND OBJECTIVES

VISION

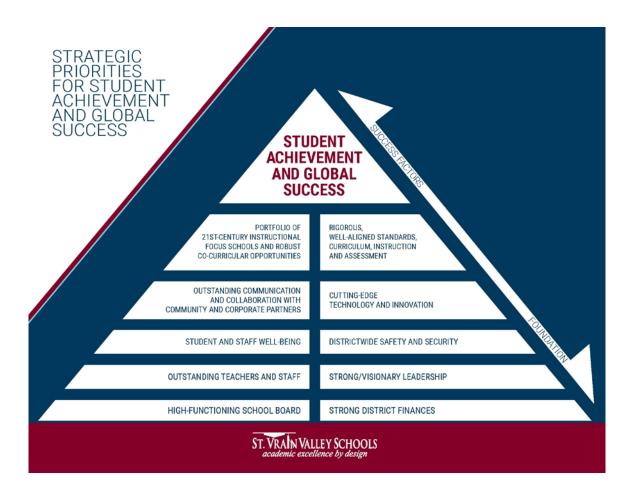

To be an exemplary school district which inspires and promotes high standards of learning and student well-being in partnership with parents, quardians, and the community.

MISSION

To educate each student in a safe learning environment so that they may develop to their highest potential and become contributing citizens.

STRATEGIC PRIORITIES

Our vision and mission are achieved through a focus on ten strategic priorities that support the advancement of student achievement and global success.

SIGNIFICANT TRENDS, EVENTS, AND INITIATIVES

Graduation Rates

The foundation of the District's success begins the moment students enter preschool or kindergarten and is built throughout their 12-14 years in District. Everything across our system impacts our graduation rates, which is why this is such an important indicator of the quality of our teachers, students and system. In 2024, St. Vrain Valley Schools achieved the highest on-time graduation rate in the District's history at 94.3%. This is the highest graduation rate of any district in the Denver Metro area, and one of highest of any district in Colorado with more than 300 graduates.

High Schools Achieve College Board's Advance Placement Honor Roll Recognition

Eight high schools have been honored with the distinguished College Board Advanced Placement (AP) School Honor designation, acknowledging outstanding student performance on college-level Advanced Placement exams. St. Vrain Valley Schools offers students a robust and comprehensive selection of 36 Advanced Placement courses. In 2024, the District saw 2,962 students take 5,248 AP exams. Additionally, 891 students earned the AP Scholar recognition and 58 students earned the prestigious AP Capstone Diploma.

Schools Develops the Top Skills of the Future

In an era of unprecedented technological advancement and global change, preparing students for future success requires more than traditional academic knowledge. St. Vrain Valley Schools is leading the way in cultivating the essential skills that outlines the critical competencies that will define the workforce readiness in the coming years. Through innovative programs, hands-on learning experiences, and real-world applications, St. Vrain students are developing the durable skills they need for a strong competitive advantage in our rapidly evolving world. Examples of those programs include; analytical thinking and innovation, active learning and complex problem solving, critical thinking and creativity, leadership and social influence, technology skills and resilience, and preparing for an evolving future.

Educators Empowered with Exploration Artificial Intelligence Program

In today's rapidly evolving world, St. Vrain Valley Schools is committed to preparing student for success in an increasingly complex and globalized environment. To achieve this, the District has launched 'Exploration AI,' a year-long professional development program designed to equip educators with the knowledge and tools needed to integrate Artificial Intelligence (AI) technology into their teaching practices and curricula. The program aims to provide educators with an understanding of AI fundamentals, including machine learning, natural language processing, and data analytics. They receive hands-on training with various AI tools and learn how to effectively implement them in educational settings. In addition, they will discover innovative ways to use AI for formative assessments that enhance learning and explore AI's potential benefits in special education.

Innovation School Systems Grant

St. Vrain Valley Schools was selected as one of only eleven school systems nationwide selected to participate in the Innovative School Systems Grant (ISSG) program, a new initiative to support public school systems that are proposing bold ideas to transform student learning. This nine-month program supports system operators in piloting their transformative idea and advancing their readiness to drive systems change around a clearly defined issue. The District is investing the funds to expand programming for the District's Advance Global Interactive Learning Environments (AGILE) program which enables students to take courses at any high school online, taught synchronously by highly effective district teachers.

SIGNIFICANT FINANCIAL AND DEMOGRAPHIC CHANGES

Total Program

Total Program Funding (TPF) is the primary funding source for the District's General Fund. The Colorado Department of Education (CDE) uses a formula to determine how much TPF is provided to each Colorado school district based on a number of factors. TPF can be expressed in total dollars, or in terms of per pupil revenue (PPR) multiplied by the District's funded pupil count (FPC). The formula is further complicated by the application of the budget stabilization factor (BS Factor). The BS factor was implemented from FY11 to FY24 to generate budget savings for the State, and to reduce each school district's funding by a fixed percentage.

TPF is funded by three sources: Local Property Tax, Specific Ownership Tax (i.e., vehicle registrations), and the remainder is provided to St. Vrain Valley Schools through what is called "State Equalization".

The District's portion of TPF for FY25 is expected to increase by approximately \$22.6 million (7.0%) compared to FY24, comprised of the following:

- Annual cost of living adjustment (5.2%)
- Elimination of the BS Factor (1.6%)
- Increase in at-risk students
- · No significant change in FPC

State equalization is expected to increase from \$151.6 million to \$194.1 million offset by a decrease in the local property tax share, which is discussed in the "Tax Base and Rate Trends" section in the District's Fiscal Year 2025 Amended Budget Document.

Student Enrollment

Each year, public school districts across Colorado take part in the Student October Count data submission to the Colorado Department of Education (CDE). The October Count is based on a single-day enrollment count, during which districts report all students who are enrolled and attending classes. The District's FY25 student enrollment decreased by 92 to 32,414 PK-12th grade, a change of -0.28% compared to FY24. The District has seen enrollment changes ranging from -4.70% and 3.49% per year over the past five years.

Funded Pupil Count

Under Colorado State Statute, school districts are permitted to use an average student enrollment up to the past four years, along with the current year's enrollment, to calculate their funded pupil count. This approach helps prevent funding cliffs and mitigates fluctuations in Total Program Funding. Using the previous three years plus the current year's student enrollment the District's certified fund pupil count decreased by 69.80 to 31,037.40, a change of -0.22% compared to FY24.

Free/Reduced Lunch

In November of 2022, Colorado voters approved Proposition FF, funding the "Healthy School Meals for All Program". Starting in the 2023-24 school year, this supplements federal funds with state funds to allow the District to provide breakfast and lunch for all students, regardless of their free or reduced lunch qualifying status. However, the District is still required to identify students who meet the free and reduced criteria, as it is a component of funding for meals served.

In addition, free and reduced status continues to impact TPF, as it is the primary mechanism to identify at-risk students, for whom the District receives additional funding. The free and reduced lunch percentage increased in FY25 from 31.74% to 35.22% for the District resulting in an increase to the per pupil revenue.

Pandemic Relief

The District has received more than \$62 million in various COVID-19 Pandemic relief funds over the past four years, of which all was spent by September 30, 2024. The District has not encountered a funding cliff, however, due to strategic budgeting to ensure ongoing programs were not being sustained by these temporary resources.

Universal Preschool (UPK)

In November of 2022, Colorado voters approved Proposition EE, which provides funding to allow all eligible students to receive part-time, tuition-free preschool programming. St. Vrain's preschool program was previously funded through state funds from the Colorado Preschool Program (CPP), Preschool Special Education funding in the Total Program Formula, the Exceptional Children's Education Act (ECEA) Special Education Categorical, and tuition payments from parents. Only categorical funding and a small amount of tuition revenue have continued in lieu of a new UPK allocation from the Colorado Department of Early Childhood (CDEC).

Changes in Debt

In November 2024, District voters authorized \$740 million of additional general obligation debt to ensure the District's continued commitment to academic excellence, accountability, safety, and providing the education that today's students will need for tomorrow's jobs and careers.

On December 4, 2024, the District successfully sold \$342,960,000 of general obligation bonds, which represented the first installment of bonds issued by the District as approved in the November 2024 election. The District's bonds were rated Aa1 by Moody's and AA+ by Standard and Poor's, reflecting the District's strong credit profile. Given the market's demand for such high-quality bonds, the sale generated a premium of approximately \$34,562,000, reflecting a net interest cost of 3.43% and resulting in approximately \$375.9 million of funds available for capital projects. These positive financing results are a benefit to the District and its constituents, generating additional project funds at a lower cost to taxpayers.

With sufficient resources available in its Bond Redemption Fund, the District has been able to fund the early repayment of bonds. Current year examples include:

- On November 14, 2024, the District defeased the remaining \$37,465,000 of its Series 2014A bonds. On December 16, 2024, the bonds became callable and were redeemed without penalty. The defeasance generated an interest savings of approximately \$2,261,000.
- On December 16, 2024, the District defeased the 2025-2029 maturities of its Series 2016C bonds. The five maturities represented \$43,825,000 in principal. On December 15, 2026, the defeased bonds will become callable and the five maturities will be redeemed without penalty. This action reduces the total interest paid by approximately \$7.7 million, representing a savings of approximately \$5,379,000.

The District's long-term debt, in the form of general obligation bonds, totaled \$296,775,000 as of June 30, 2024. On June 30, 2025 the total will be \$550,735,000 after the December 2025 principal payments are made.

The legal debt limit of 20% of the District's 2024 assessed valuation of \$5.35 billion is \$1.07 billion. This exceeds the net amount of the District's bonds payable as of December 31, 2024 by approximately \$510.7 million.

Additional information on the District's Debt Service can be found in the Fund 31 - Bond Redemption Fund and the Informational Section in the District's Fiscal Year 2025 Amended Budget Document.

Fund Balance and Multi-Year Projections

The District routinely experiences budget outperformance, or a positive budget-to-actual variance due to conservative revenue and expenditure budgeting practices. Most notably, the budget includes salary and benefit expenditures for all approved positions, which does not account for natural savings from vacancies and turnover.

Beyond FY25, revenue projections are driven primarily by estimated TPF, as defined by the School Finance Act (SFA). In April 2024, the Colorado legislature made significant changes to the SFA funding formula, which will take effect in FY26. The District expects to see a slight increase in revenues based on these funding formula changes, when compared to the old formula. However, the State may continue to adjust the funding formula, making future predictions less certain. Revenue projections are based on the SFA funding formula in current law, and will be impacted primarily by inflation and student enrollment. PPR is expected to increase by inflation of 2.0% to 3.0% per year from FY26 to FY28, based on the most recent estimates published by the State of Colorado. District enrollment is expected to remain stable or see modest increases over the same period.

Increases in expenditures assume salary adjustments for a step and step equivalent, health insurance premium adjustments of approximately 5.0% per year, a consistent Public Employees Retirement Association (PERA) contribution rate of 21.4%, staffing adjustments associated with enrollment and programmatic changes, and contractual increases in annual software license renewals.

Compensation increases are determined annually, based on available resources and through negotiations with the SVVEA. To ensure ongoing personnel costs align with ongoing revenues, projected compensation increases approximate the inflation estimates discussed above.

Total fund balance is expected to decrease in the forecasted fiscal years, which again does not account for the budget outperformance described above. The District monitors and manages fund balance to ensure future uncertainties are addressed without significant interruptions to core educational services.

PERSONNEL RESOURCE ALLOCATIONS

St. Vrain Valley Schools starts its personnel allocation process each February for the following school year. It begins with a systematic, formulaic student-based approach to ensure there is a minimum baseline of Full-Time Equivalent (FTE) personnel made available for the effective operation of each school and department. Then, using this as a starting point, school, department, and central administration teams work with Human Resources (HR) and Finance to qualitatively analyze needs as the school year approaches, and work to allocate additional resources in order to target specific areas, maximizing learning for District students.

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J SUMMARY OF FULL-TIME EQUIVALENT (FTE) EMPLOYEES BY FUNCTION FISCAL YEARS 2021 – 2025

	Actual FY21	Actual FY22	Actual FY23	Actual FY24	Amended Budget FY25
General Fund FTE					
Direct Instruction	2,146	2,145	2,183	2,228	2,245
Classroom Support	510	537	577	594	601
Building Support	492	498	514	516	525
Central Support/Administration	45	49	47	54	57
Total General Fund FTE	3,193	3,229	3,321	3,392	3,428
Total Other Funds FTE	377	411	397	439	469
Total FTE	3,570	3,640	3,718	3,831	3,897

Explanation of Major Changes

- The District maintains a strong fund balance, as a result of conservative budget practices and fiscal prudence. Accordingly, the District has been able to leverage recent revenue increases to support new and existing programmatic staffing needs throughout the District.
- Once staffing was allocated to schools based on student enrollment an additional 17.83 FTE was allocated to schools to support focus programs and individual school needs.
- Additional classroom support was identified in the fall once students reported to school, as a result 5.7 FTE was added in FY 2025 as a one-time budget adjustment.
- An additional 3.0 Assistant Principals were added to schools for administrative support.
- Student Services add 1.25 Private Duty Nurses in FY25.
- The District Technology department added a 2.0 FTE to Project Manager and 1.0 FTE to Programmer.
- Transportation added 1.5 FTE to Bus Assistants and 1.0 FTE to Fleet Maintenance.
- The Maintenance department added 1.0 FTE to Electronic Camera Technician.
- The Finance department added 2.0 FTE to the newly created School Business Services division.
- Preschool added a 1.0 FTE Universal Preschool Specialist.

FINANCIAL SERVICES DEPARTMENT

The Budget Office is part of the District's Financial Services Department, led by Tony Whiteley, Chief Financial Officer (CFO). The focus of the department is to maximize the effective use of District assets towards improving student achievement and well-being.

The Financial Services Department is responsible for the following operations:

- Develop, implement, and monitor the District's annual budget
- · Provide internal controls and safeguards of all District assets
- Maintain complete and accurate records of all financial transactions
- Prepare financial reports, including the District's Annual Comprehensive Financial Report
- · Account for the receipt and disbursement of all District Funds
- Manage the District's daily cash flow and investment portfolio
- Prepare accounts payable checks and administer purchasing card program
- Manage the District's payroll functions
- Maintain controls with tax-sheltered retirement plan providers and monitor to assure compliance
- Maintain contracts with each of the District charter schools and provide support to ensure compliance with State and District requirements
- Provide training to District parent/teacher organizations

BUDGET DEVELOPMENT PROCESS

State of Colorado

The District's budget development timeline is guided by the State of Colorado's budget timeline and statutory requirements.

The State releases the Governor's budget proposal by November 1 which gives preliminary state budget information for the following school year. The School Finance Act, which determines state funding for school districts, is usually passed by the end of April. Funding is typically revised the following January after actual pupil counts and assessed valuation are finalized.

Within that context, the State requires that the District's proposed budget be presented to the Board of Education at least 30 days prior to the beginning of the fiscal year (July 1) and that the District publish a public notice within 10 days of submitting the proposed budget to the Board. A public hearing must be held after the publishing of the public notice and prior to the adoption of the budget. The budget must be adopted by the Board prior to the beginning of the fiscal year.

The State allows for districts to amend their budgets at any time prior to January 31. After January 31, a supplemental budget may be authorized only if additional funds become available to the District.

As part of SB23-287 Public School Finance, the act created a public school finance task force for the purpose of examining and making recommendations concerning school finance. The task force submitted a report to the education committee, which resulted in legislation based on recommendations from this report that will affect FY26 funding.

Budget Goals and Priorities

The District develops a five-year budget plan that projects the future financial viability of the District, and achievement of the District's priorities. The plan considers a specific set of operating assumptions, future revenue, including tax and non-tax revenue, and future increases in operating expenditures. Using this five-year outlook, the Board reviews the overview and accountability needs and works with the Superintendent to set the District focus, goals and priorities for the budget development.

Discretionary (Non-Personnel) Budgets

Each school and department are allocated a non-personnel budget that is developed with the Finance Department's budget staff each February.

Funds are initially allocated to schools based on projected student enrollment numbers, and are updated mid-year once actual student counts are finalized.

The allocations to departments use the prior year budget as a starting point, and additional funds may be requested and approved. Requests for additional funds, along with justification for the requests, are submitted to Cabinet in March and approved in April in alignment with the District's goals and priorities.

Personnel

Because salaries and benefits account for 85% of the General Fund budget, the allocation of staffing resources is a critical part of the budgeting process. The process is facilitated by the use of staffing plans that are created by the Finance Department and distributed to each school and department by the Human Resources Department in early February. The staffing plans allocate the number of positions that each school and department may utilize in the upcoming year. They are completed collaboratively by Human Resources staff, central administrative staff and school/department staff. In March, the staffing plans are reconciled to the accounting software and controls are put into place to prevent hiring of staff beyond what is approved through the budgeting process.

The number of positions on each school staffing plan is determined by formulas and ratios using criteria such as projected enrollment numbers that are provided by the Planning Department, type of school (elementary, K-8, middle or high school) and risk factors such as eligibility for Title I funding and number of students that qualify for free or reduced meals. The Finance Department, Human Resources and Area Assistant Superintendents collaborate each January to finalize the criteria that is used. Additional positions are allocated to the schools by individual departments for specialized needs such as Special Education and Preschool programming. Schools may also request additional ongoing or one-year only positions to accommodate focus areas or specialized needs of the individual schools. The requests are typically submitted to the Superintendent's Cabinet in March and are approved in April based on District goals and priorities. In August and September, Human Resources works with Principals and Area Assistant Superintendents to review the staffing needs of the schools based on actual enrollment and reallocate staffing and/or request new positions at Cabinet if needed.

Department staffing plans are created by using the previous year's positions as a starting point. Additional positions funded by grants may also be added. Grant-funded positions must be reauthorized each year after verifying that funds will be available. Departments may also request additional staffing by submitting requests to Cabinet.

The District's compensation package is typically approved by the Board of Education in April or May following negotiations with the St. Vrain Valley Education Association. The compensation information is combined with the approved staffing allocations and available benefits enrollment information to establish the budget for salary and benefits. Updated insurance enrollment information is provided to the Budget Office in October for inclusion in the amended budget.

Capital Improvement Planning

The District's long-range capital planning is developed through the process of reacting to the needs identified and prioritized through asset performance assessments. Capital Improvement planning is typically broken into two categories: Capital Renewal and Capital Improvement.

- Capital Renewal would be categorized as evaluating building systems and assets based on a life cycle analysis.
 This analysis considers industry standard life expectancy, system performance determined by the level of effort to
 maintain the expected operation, ability to service equipment in the future, etc., for which funding could be
 appropriated for years in advance.
- Capital Improvement projects are borne from more specific projects that are created out of the short-term need
 more than the Capital Renewal projects. These are created through facility modification requests, education
 programmatic needs, and unforeseen asset repairs or replacements. Schools and departments submit project and
 equipment funding requests. Requests are evaluated and recommended by the Capital Reserve Committee and
 submitted to the Board of Education for final approval.

Budget Monitoring

The District monitors its budget to actual activity throughout the year in multiple ways:

- The accounting and reporting team prepare and publish periodic financial reports highlighting budget to actual
 progress for each fund. This is done on a quarterly basis for the first half of the year, and monthly thereafter. These
 reports are then summarized in a dashboard format and presented to the District's Finance and Audit committee,
 and then to the Board of Education in a subsequent study session.
- Staff within each school and department utilize the District's Enterprise Resource Planning (ERP) system to review in real time transactions, as well as reconcile to secondary tracking tools to monitor their individual budgets.
- Budget staff completes a budget performance report analysis and provides summary data, observations, and variance analysis to the appropriate budget manager.

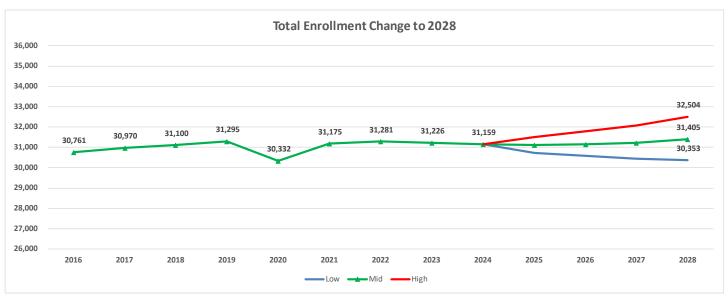

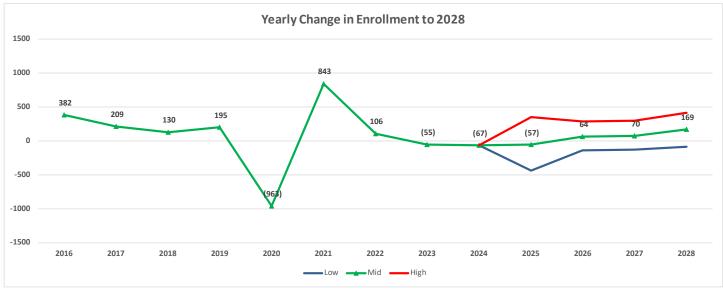

ENROLLMENT TRENDS AND FORECAST

Each year, public school districts across Colorado take part in the Student October Count data submission to the Colorado Department of Education (CDE). This process, required by state statute, collects student-level data including details about funding eligibility as outlined in the Public School Finance Act of 1994 (as amended). The October Count is based on a single-day enrollment count, during which districts report all students who are enrolled and attending classes. The actual enrollment numbers presented below come from the October Count for the year indicated. Beyond 2024 enrollment numbers are projections.

		2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028

PROPERTY TAX FUNDING

The amount of property tax owed by a taxpayer for the school district is based on the property's assessed valuation, multiplied by the District's mill levy, and then divided by one thousand (one mill is equal to one dollar per \$1,000 of assessed value). Assessed valuation and mill levy rates are certified annually each December, and collected the following year. The District's current mill levy is 57.168, which was certified in December of 2024 for collection in 2025. The assessed value of a property is determined by multiplying its value (as determined by the County Assessor) by the assessment rate, which varies depending on the type of property. For example, to find the 2024 property tax owed in 2025 for a home with a value of:

Actual Value	Х	Assessment Rate	Х	Mill Levy	/	1,000	=	Annual Property Tax
\$450,000		6.70%		57.168		1,000		\$1,723.62

Tax Base and Rate Trends

Approximately 45.7% of the District's General Fund revenue comes from local property taxes which consists primarily of taxes levied as part of the local share of Total Program Funding (TPF) and Mill Levy Overrides. Each school district is required to impose a property tax levy to finance its local share of TPF, the mill rate is set by the state and is currently 27.000 mills for the District. With an assessed valuation of \$5.35 billion the TPF local share is \$144.3 million, which is a decrease of 12.3%. This decrease is due in large part to a decrease in the valuation of oil and gas properties in Weld County as oil prices have fallen recently.

Mill levy overrides are additional revenues that have been approved by district voters. The voters of the District passed mill levy overrides in November of 2008 and 2012, both of which provide additional funds for a variety of items as defined within the ballot questions. The reduction in assessed valuation reduced the mill levy override revenue by \$10.3 million in FY25.

Property taxes also fund the repayment of the District's general obligation debt through the Bond Redemption Fund, amounting to \$89.4 million in FY25.

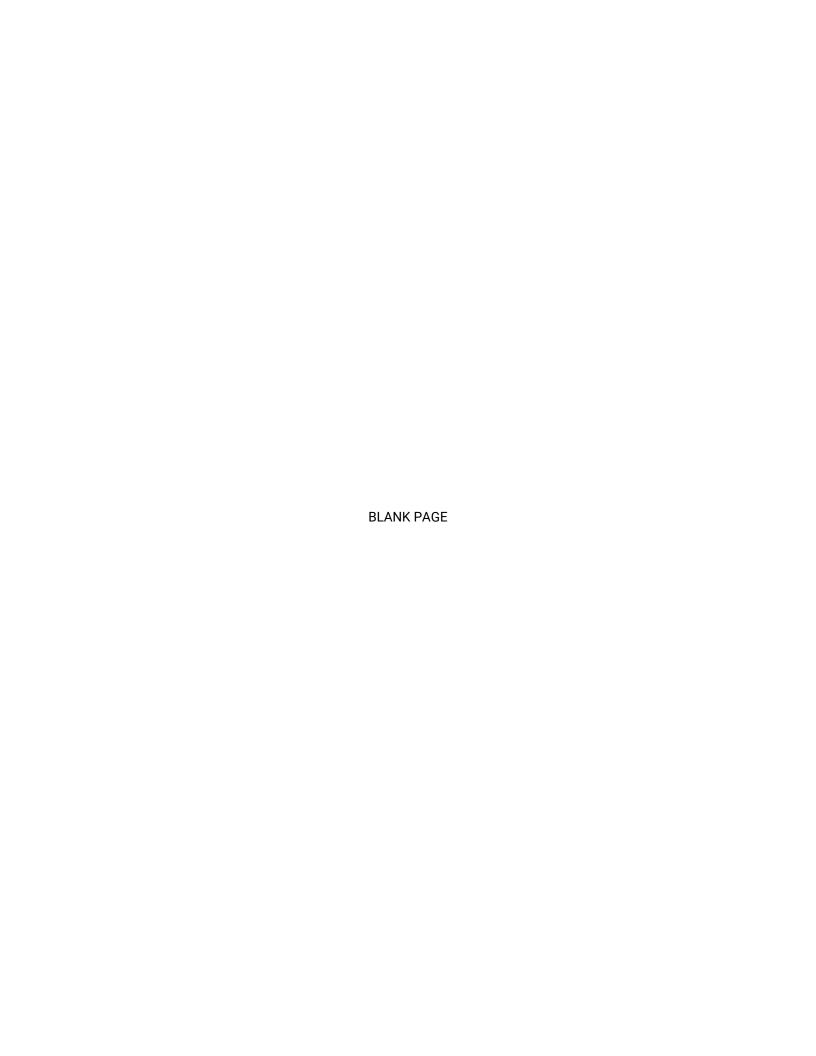

The table below shows the history of the District's property tax mill levies and net assessed values for the past seven years as well as projections for the next 3 calendar years. Oil and gas property values are expected to stabilize from the spike in 2024. Residential and commercial property values are expected to increase based on growth and a strong real estate market, though increases will be governed by recent property tax legislation.

SUMMARY OF NET ASSESSED VALUATION AND PROPERTY TAX LEVIES CALENDAR YEARS 2018 – 2027

	Total Assessed	Percent	Total Property Tax
Year	Value	Change	Levies
2027*	6,297,831,901	8.00%	57.168
2026*	5,831,325,835	1.00%	57.168
2025*	5,773,589,936	8.00%	57.168
2024	5,345,916,608	-12.34%	57.168
2023	6,098,628,541	23.01%	57.238
2022	4,957,810,888	20.57%	58.385

ST. VRAIN VALLEY SCHOOLS academic excellence by design

ORGANIZATIONAL SECTION
AMENDED BUDGET
2024 – 2025 FISCAL YEAR

DISTRICT GOVERNANCE

The St. Vrain Valley School District RE-1J is a body corporate and a political subdivision of the State of Colorado. It was organized in 1961 for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries.

The District is governed by an elected seven-member board. School board members represent different geographic districts, but are elected by voters in the entire District. The unpaid board members serve four-year terms and are limited to two terms.

The District, under the governance of the Board of Directors, has authority to determine its own budget, levy taxes, and issue bonded debt without approval from the State or by another government, making it fiscally independent.

BOARD OF EDUCATION DIRECTOR DISTRICTS

DISTRICT GOALS AND OBJECTIVES

VISION

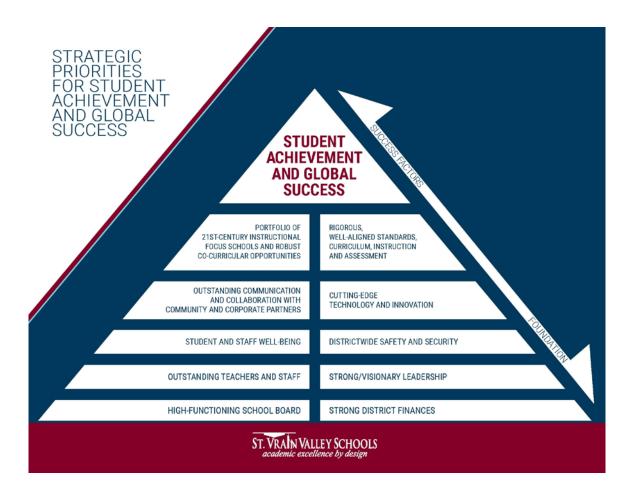

To be an exemplary school district which inspires and promotes high standards of learning and student well-being in partnership with parents, quardians, and the community.

MISSION

To educate each student in a safe learning environment so that they may develop to their highest potential and become contributing citizens.

STRATEGIC PRIORITIES

Our vision and mission are achieved through a focus on ten strategic priorities that support the advancement of student achievement and global success.

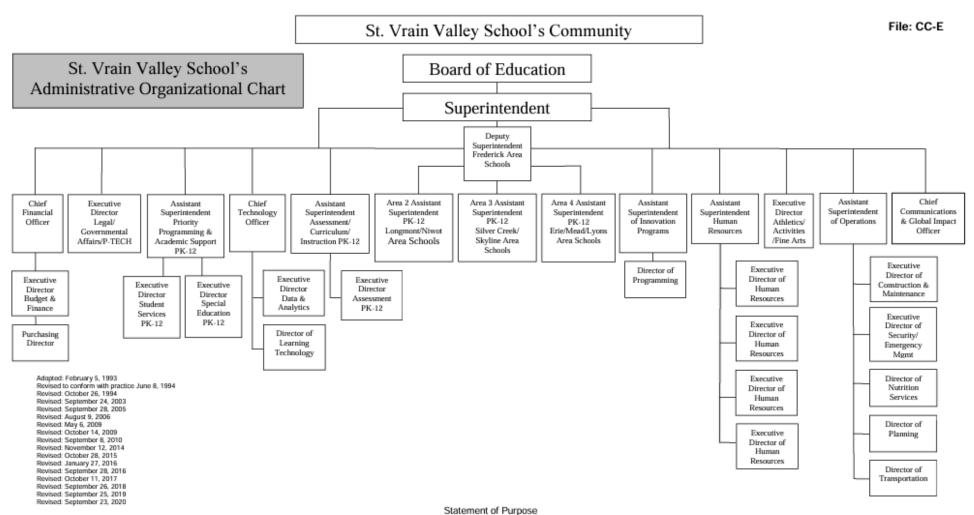

COST OF GOALS

In November of 2008 and 2012 voters of the District approved mill levy overrides (MLO), both of which provide additional funds for a variety of items as defined within the ballot questions and goal initiatives of the District. As required, accounting for the MLO funds is incorporated within the General Fund totals.

Investment Item	Estimated Budget	Focus Area	
Advanced Placement Programs	\$143,000	Rigorous, Well-Aligned Standards, Curriculum, Instruction & Assessment	
School Focus Allocations	\$3,380,933	Portfolio of 21 st Century Instructional Focus Schools & Robust Co-Curricular Opportunities	
Operations & Maintenance	\$4,181,000	Districtwide Safety & Security	
Preschool Programs	\$2,182,780	Rigorous, Well-Aligned Standards, Curriculum, Instruction & Assessment	
Reduced Class Sizes	\$12,760,000	Rigorous, Well-Aligned Standards, Curriculum, Instruction & Assessment	
Safety & Security	\$4,203,240	Districtwide Safety & Security	
STEM Programming	\$4,324,200	Cutting-Edge Technology & Innovation	
Teacher/Staff Compensation	\$27,840,000	Outstanding Teachers and Staff	
Technology	\$15,202,562	Cutting-Edge Technology & Innovation	
Charter School Allocations	\$6,951,026	Outstanding Communication & Collaboration with Community Partners	
Total	\$81,168,741		

ORGANIZATIONAL CHART

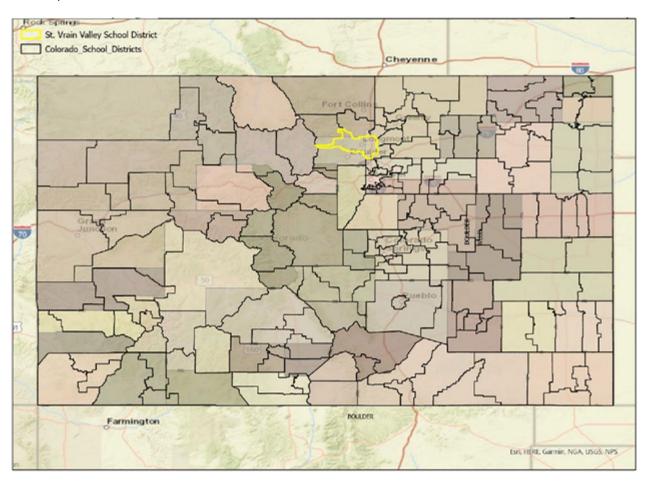

The leadership structure of the St. Vrain Valley School District represents a systems approach to student, teacher and staff achievement and well-being. This structure is designed to maximize organizational performance and optimize resources dedicated to the alignment of standards, curriculum, instruction and assessment, as well as technology, professional development, communications, and partnerships with business and industry, post-secondary institutions, parents and other stakeholders.

DEMOGRAPHIC INFORMATION

The St. Vrain Valley School District is located approximately 30 miles north of Denver, and is spread out over more than 400 square miles in parts of Boulder, Broomfield, Larimer, and Weld Counties.

CENSUS DATA

The St. Vrain Valley School District serves 32,414 PK-12 students in 55 schools for the 2024-25 school year. These schools include 1 preschool center, 25 elementary schools, 3 K-8 schools, 8 middle schools, 1 middle/senior high school, 7 traditional high schools, 1 alternative high school, 2 online schools, 1 homeschool enrichment school and 6 charter schools.

The District also has 3 centers that serve students in specialized programs while the students are enrolled in their neighborhood schools. These are the Career Elevation and Technology Center, the Innovation Center and Main Street School.

In addition to PreK-12 education, St. Vrain Valley School District provides many opportunities for students to obtain post-secondary education through programs such as Pathways in Technology Early College High School (P-TECH), Teacher Recruitment Education and Preparation (TREP), Accelerating Students through Concurrent Enrollment (ASCENT), other Concurrent Enrollment at area colleges and universities, AP Classes, and Industry Certifications.

St. Vrain Valley Schools Innovation Center

Erie High Feeder

The Erie High feeder system covers the Town of Erie and its surrounding area, mostly in Weld County.

- Black Rock Elementary
- Erie Elementary
- · Grand View Elementary
- Highlands Elementary
- Red Hawk Elementary
- Soaring Heights PK-8
- Erie Middle
- Erie High

Frederick High Feeder

The Frederick High feeder system covers the towns of Firestone, Frederick, and Dacono in Weld County and their surrounding areas.

- SPARK! Discovery Preschool
- Centennial Elementary
- · Legacy Elementary
- Prairie Ridge Elementary
- Thunder Valley K-8
- Coal Ridge Middle
- Frederick High

Longmont High Feeder

The Longmont High feeder system covers Northwest Longmont, the Town of Hygiene and areas to the north of the towns, all in Boulder County.

- Central Elementary
- Hygiene Elementary
- Mountain View Elementary
- · Northridge Elementary
- Sanborn Elementary
- Longs Peak Middle
- Westview Middle
- Longmont High

Lyons Middle/Senior High Feeder

The Lyons Middle/Senior High feeder system covers the Town of Lyons and the surrounding area in Boulder County and extends to the north into Larimer County.

- Lyons Elementary
- Lyons Middle/Senior High

Mead High Feeder

The Mead High feeder system covers the Town of Mead and the surrounding area in Weld County as well as the northeast corner of Boulder County.

- Mead Elementary
- Mead Middle
- Mead High

Niwot High Feeder

The Niwot High feeder system covers south Longmont, the town of Niwot and the surrounding area primarily in Boulder County.

- Burlington Elementary
- Indian Peaks Elementary
- Niwot Elementary
- Sunset Middle
- Niwot High

Silver Creek High Feeder

The Silver Creek High feeder system covers southwest Longmont, and the area to the southwest of town in Boulder County.

- Blue Mountain Elementary
- Eagle Crest Elementary
- Longmont Estates Elementary
- Altona Middle
- Silver Creek High

Skyline High Feeder

The Skyline High feeder system generally covers Eastern Longmont in Boulder County.

- Alpine Elementary
- Columbine Elementary
- Fall River Elementary
- Rocky Mountain Elementary
- Timberline PK-8 School
- Trail Ridge Middle
- Skyline High

Charter Schools

Charter schools are semi-autonomous schools operating under the oversite of the District.

- · Aspen Ridge Preparatory School
- Carbon Valley Academy
- Firestone Charter Academy
- · Flagstaff Academy
- St. Vrain Community Montessori School
- Twin Peaks Classical Academy

Apex Homeschool Program

The Apex Homeschool Program provides classes to supplement and support the education that students receive from their parents at home. The program is located in Longmont and serves K-12 students from throughout the District.

New Meridian High School

New Meridian High School, an alternative High School that serves high school students from throughout the District, is located at our Global Acceleration Campus. New Meridian is a small structured school that allows students to earn credits on a quarterly basis and provides additional opportunities for developing the social skills needed to positively contribute to the community.

St. Vrain Virtual High School

St. Vrain Virtual High School serves 9-12 graders throughout the District. The program allows students the flexibility of completing their coursework at the time of their choice while having the benefit of local teachers in classrooms located at the Global Acceleration Campus to provide additional support and assistance.

St. Vrain LaunchED Virtual Academy

LaunchED was established in 2020 as an online instructional program to provide an option for students with health concerns or other special circumstances that prevented them from attending school in person. In FY22, LaunchED became a fully-accredited online school available to all District students from grades K-12. In FY24, the school became a multi-district school, allowing students from across the state to enroll. The online classes are taught by St. Vrain Valley School District staff, utilizing District curriculum and incorporating a variety of high-quality academic and curricular resources. LaunchED classes align with Colorado Academic Standards and District expectations for each grade level K-12.

Innovation Center

The Innovation Center of St. Vrain Valley Schools is a distinctive PreK-12 program designed to provide students with experiential learning opportunities that go beyond the traditional classroom setting developing students into future leaders, innovators, and changemakers. Summer programs enhance student engagement through innovative, hands-on STEAM activities that incorporate human-centered design thinking. These programs are led by experienced Innovation Center educators and student leaders, offering a dynamic and collaborative learning environment. The Innovation Center offers advanced coursework in emerging fields and opportunities for professional certifications such as:

- Aeronautics
- Artificial Intelligence
- Bioscience
- Cybersecurity
- Entrepreneurship
- IC Studios
- Information & Communications Technology
- Pathways to Teaching (P-TEACH)
- Robotics
- STEM Education
- Virtual & Digital Design
- * Apple Certification Device Specific
- * Certified Entry-Level Python Programmer
- * CompTIA A+ Software Certification
- CompTIA A+ Hardware Certification
- * TriCaster Operator Certification
- * UAS Pilot Certification

Main Street School

Main Street School in Longmont provides Special Education services to K-12 students from schools throughout the District in a collaborative learning community dedicated to fostering self-advocacy and independence. Enrollment and placement at Main Street School is done through the special education Individualized Education Program (IEP) process.

Life Skills Alternative Cooperative Education
Services at Main Street School provides postsecondary transition services for students 1821 years of age who have completed their high
school credits and have socially graduated.
The program focuses on building independent
living skills, career/employment skills, communitybased education and functional academics.

Career Elevation and Technology Center

The Career Elevation and Technology Center (CETC) is one of twelve Career and Technical Education centers in the state of Colorado. It is located in Longmont at our Global Acceleration Campus, but serves high school students from throughout the District. CETC offers classes that provide real-world, hands-on experiences in pathways that are high-wage, high-growth, high-demand and with a post-secondary trajectory. CETC offers the following programs.

- * Advanced Manufacturing
- * Agricultural Sciences
- * Automotive Technology
- * Health Sciences
- Interactive Media Technology
- * Work Based Learning Experiences
- * Pre-Law
- * Prostart and Culinary Arts
- * Welding and Fabrication Technology

BUDGET INFORMATION

Fund Accounting

The District uses funds to report its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a balanced set of accounts. Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental funds are used to account for the District's general activities, including the collection and disbursement of earmarked funds (special revenue funds), the acquisition or construction of major capital facilities (capital projects funds), and the servicing of long-term debt (debt service funds). The District's major governmental funds are the General Fund (including the CPP and Risk Management Funds as sub-funds), Bond Redemption Fund, and the Building Fund:

- General Fund The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include local property taxes, specific ownership taxes, and State of Colorado equalization funding, as determined by the School Finance Act of 1994, as amended. Expenditures include all costs associated with the daily operation of the schools, except for programs funded by grants from federal and state governments, school construction, certain capital outlay expenditures, debt service, food service operations, extracurricular athletic and other pupil activities, and insurance transactions.
- <u>Colorado Preschool Program Fund</u> Prior to FY23, monies allocated to this fund from the General Fund were used
 to pay the costs of providing preschool services directly to qualified at-risk children enrolled in the Colorado
 Preschool Program (CPP). This fund will not be utilized beginning in FY25, as the CPP program has been replaced
 by Colorado's new Universal Preschool Program, which is categorized as state revenue in the General Fund.
- Risk Management Fund This fund is also a sub-fund of the General Fund. Monies allocated to this fund from the
 General Fund are used to account for the payment of loss or damage to the property of the District, workers'
 compensation, property and liability claims, insurance premiums, and the payment of related administration
 expenses.
- <u>Debt Service Fund</u> The District has one debt service fund, the Bond Redemption Fund. This fund is used to account
 for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs. The
 fund's primary revenue source is local property taxes levied specifically for debt service.
- <u>Capital Projects Funds</u> The District has two capital projects funds, the Building Fund and the Capital Reserve
 Capital Projects Fund. The Building Fund accounts for the proceeds of bond sales and expenditures for capital
 outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings
 or initial, additional and replacement equipment. The Capital Reserve Capital Projects Fund is used to account for
 revenue allocations from the General Fund and other revenues allocated to or earned in this fund, and the
 expenditures for the ongoing capital needs of the District, such as acquisition of land, building additions and
 improvements, and major equipment purchases.

The other "non-major" governmental funds of the District are Special Revenue Funds which account for earmarked revenue sources, grants, charges for services and tuition. The "non-major" Special Revenue Funds consist of the Nutrition Services Fund, Governmental Designated-Purpose Grants Fund, Community Education Fund, Fair Contributions Fund, and Student Activity Fund.

Proprietary funds focus on the determination of the changes in net assets, financial position, and cash flows and are classified as either enterprise or internal service. The District's only internal service fund is the Self Insurance Fund which accounts for the financial transactions related to the District's self-funded dental and medical insurance plans.

Fiduciary funds focus on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District does not have any fiduciary funds.

Classification of Revenue and Expenditures

Budget statement presentation classifies revenues into five primary categories:

- <u>Local Revenues</u> Resources derived from within the immediate vicinity, typically the community within the District boundaries. This category primarily comprises property taxes, investment income, and charges for services.
- <u>State Revenues</u> Resources allocated to the District from the State of Colorado's budget, the largest of which is the state equalization payment via the School Finance Act. Other sources include state categorical payments.
- <u>Federal Revenues</u> Resources derived from the US federal budget, though typically administered by the Colorado Department of Education. Federal revenues include COVID relief funds, Medicaid reimbursements, federal bond rebates, and a variety of federal grants.
- <u>Revenue Allocations</u> Reallocation of certain revenues from the general fund to other funds per board policy or state statute. This includes allocations to the Risk Management Fund, the Capital Reserve Fund, and the Colorado Preschool Program Fund through FY23. In the General Fund, revenue allocations are presented as negative numbers, reflecting a reduction of revenue.
- Other Sources Other revenue sources typically reflect accounting entries to record internal funds transfers or the inception of lease purchase and other software agreements.

Budget statement presentation may classify expenditures in one of two ways:

- <u>By Object</u> Classifications represent the nature or type of expenditure, such as Salaries, Benefits, Services, Supplies,
 Capital, and Other.
- <u>By Activity</u> Classifications represent the subject, program, or activity for which the expenditure was made. Examples include Direct Instruction, Classroom and Building Support, and Central Administration.

Governing Regulations and Policies

Public school budgeting is regulated and controlled by statutes and by requirements of the State Board of Education that prescribe the form of district budgets in order to ensure uniformity throughout the state. Key statutes are outlined below.

- 22-40-102 Tax Revenues Board of Education must certify to Board of County Commissioners the separate amounts necessary to be raised by taxes for the school district's general, bond redemption, transportation and special building funds.
- 22-44-105 Mandatory Contents The budget shall be presented in the standard budget report format established by the state Board of Education and be consistent from year to year.
- 22-44-106 Contingency Reserve Operating Reserve Board of Education may provide for an operating reserve in the general fund, which shall not exceed fifteen percent of the amount budgeted to the general fund for the current fiscal year.

- 22-44-107 Appropriation Resolution Board of Education of each school district shall adopt an appropriation resolution at the time it adopts the budget.
- 22-44-108 Budget Preparation Board of Education shall each year cause to be prepared a proposed budget for the ensuing fiscal year, which shall be submitted at least thirty days prior to the beginning of the next fiscal year.
- 22-44-110 Budget Consideration Adoption Any person paying school taxes in the school district is entitled to
 attend the meeting of the Board of Education at which the proposed budget for the district will be considered. At
 such meeting, the board shall review the functions and objects of the proposed budget.
- 22-44-304 Financial Reporting Within 60 days of adoption, the adopted budget shall be placed on file in the
 district's financial services department and posted on the district website in accordance with the Public School
 Financial Transparency Act.
- 29-1-103 Lease-Purchase Agreement Disclosures Shall include the total amount to be expended for payment obligations under all lease-purse agreements involving real property, maximum payment liability involving real property over the entire terms of agreement, total amount to be expended other than real property and maximum payment liability other than those involving real property over the entire terms of agreements.

Board of Education Policies

In addition to the state requirements, the District's Board of Education Policies require the following in Section DB:

- The budget shall annually include a per pupil dollar amount, determined by the Board of Education, to be allocated for instructional supplies and materials.
- The Board of Education assigns to the superintendent or designee the responsibility of accumulating and maintaining a general fund operating reserve in excess of the emergency reserve to serve as a "rainy day" fund and will be used only for unexpected loss of revenue or an extraordinary expenditure. If any part of the contingency reserve is used in the fiscal year to cover unexpected loss of revenue or an extraordinary expenditure, funds will be reallocated to the restore the year-end balance before any other budget allocations in the subsequent fiscal year.
- The budget shall annually include a per pupil dollar amount, determined by the Board of Education, to be allocated
 to the Capital Reserve and Risk Management Funds.
- In circumstances where an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and lastly unassigned fund balance.

BUDGET DEVELOPMENT PROCESS

State of Colorado

The District's budget development timeline is guided by the State of Colorado's budget timeline and statutory requirements.

The State releases the Governor's budget proposal by November 1 which gives preliminary state budget information for the following school year. The School Finance Act, which determines state funding for school districts, is usually passed by the end of April. Funding is typically revised the following January after actual pupil counts and assessed valuation are finalized.

Within that context, the State requires that the District's proposed budget be presented to the Board of Education at least 30 days prior to the beginning of the fiscal year (July 1) and that the District publish a public notice within 10 days of submitting the proposed budget to the Board. A public hearing must be held after the publishing of the public notice and prior to the adoption of the budget. The budget must be adopted by the Board prior to the beginning of the fiscal year.

The State allows for districts to amend their budgets at any time prior to January 31. After January 31, a supplemental budget may be authorized only if additional funds become available to the District.

As part of SB23-287 Public School Finance, the act created a public school finance task force for the purpose of examining and making recommendations concerning school finance. The task force submitted a report to the education committee, which resulted in legislation based on recommendations from this report that will affect FY26 funding.

Budget Goals and Priorities

The District develops a five-year budget plan that projects the future financial viability of the District, and achievement of the District's priorities. The plan considers a specific set of operating assumptions, future revenue, including tax and non-tax revenue, and future increases in operating expenditures. Using this five-year outlook, the Board reviews the overview and accountability needs and works with the Superintendent to set the District focus, goals and priorities for the budget development.

Discretionary (Non-personnel) Budgets

Each school and department are allocated a non-personnel budget that is developed with the Finance Department's budget staff each February.

Funds are initially allocated to schools based on projected student enrollment numbers, and are updated mid-year once actual student counts are finalized.

The allocations to departments use the prior year budget as a starting point, and additional funds may be requested and approved. Requests for additional funds, along with justification for the requests, are submitted to Cabinet in March and approved in alignment with the District's goals and priorities.

Personnel

Because salaries and benefits account for 85% of the General Fund budget, the allocation of staffing resources is a critical part of the budgeting process. The process is facilitated by the use of staffing plans that are created by the Finance Department and distributed to each school and department by the Human Resources Department in early February. The staffing plans allocate the number of positions that each school and department may utilize in the upcoming year. They are completed collaboratively by HR staff, central administrative staff and school/department staff. In March, the staffing plans are reconciled to the accounting software and controls are put into place to prevent hiring of staff beyond what is approved through the budgeting process.

The number of positions on each school staffing plan is determined by formulas and ratios using criteria such as projected enrollment numbers that are provided by the Planning Department, type of school (elementary, K-8, middle or high school) and risk factors such as eligibility for Title I funding and number of students that qualify for free or reduced meals. The Finance Department, Human Resources and Area Assistant Superintendents collaborate each January to finalize the criteria that is used. Additional positions are allocated to the schools by individual departments for specialized needs such as Special Education and Preschool programming. Schools may also request additional ongoing or one-year only positions to accommodate focus areas or specialized needs of the individual schools. The requests are typically submitted to the Superintendent's Cabinet in March and are approved based on District goals and priorities. In August and September, Human Resources works with Principals and Area Assistant Superintendents to review the staffing needs of the schools based on actual enrollment and reallocate staffing and/or request new positions at Cabinet if needed.

Department staffing plans are created by using the previous year's positions as a starting point. Additional positions funded by grants may also be added. Grant-funded positions must be reauthorized each year after verifying that funds will be available. Departments may also request additional staffing by submitting requests to Cabinet.

The District's compensation package is typically approved by the Board of Education in April following negotiations with the St. Vrain Valley Education Association. The compensation information is combined with the approved staffing allocations and available benefits enrollment information to establish the budget for salary and benefits. Updated insurance enrollment information is provided to the Budget Office in October for inclusion in the amended budget.

Capital Improvement Planning

The District's long-range capital planning is developed through the process of reacting to the needs identified and prioritized through asset performance assessments. Capital Improvement planning is typically broken into two categories: Capital Renewal and Capital Improvement.

- Capital Renewal would be categorized as evaluating building systems and assets based on a life cycle analysis.
 This analysis considers industry standard life expectancy, system performance determined by the level of effort to
 maintain the expected operation, ability to service equipment in the future, etc., for which funding could be
 appropriated for years in advance.
- Capital Improvement projects are borne from more specific projects that are created out of the short-term need
 more than the Capital Renewal projects. These are created through facility modification requests, education
 programmatic needs, and unforeseen asset repairs or replacements. Schools and departments submit project and
 equipment funding requests. Requests are evaluated and recommended by the Capital Reserve Committee and
 submitted to the Board of Education for final approval.

Budget Monitoring

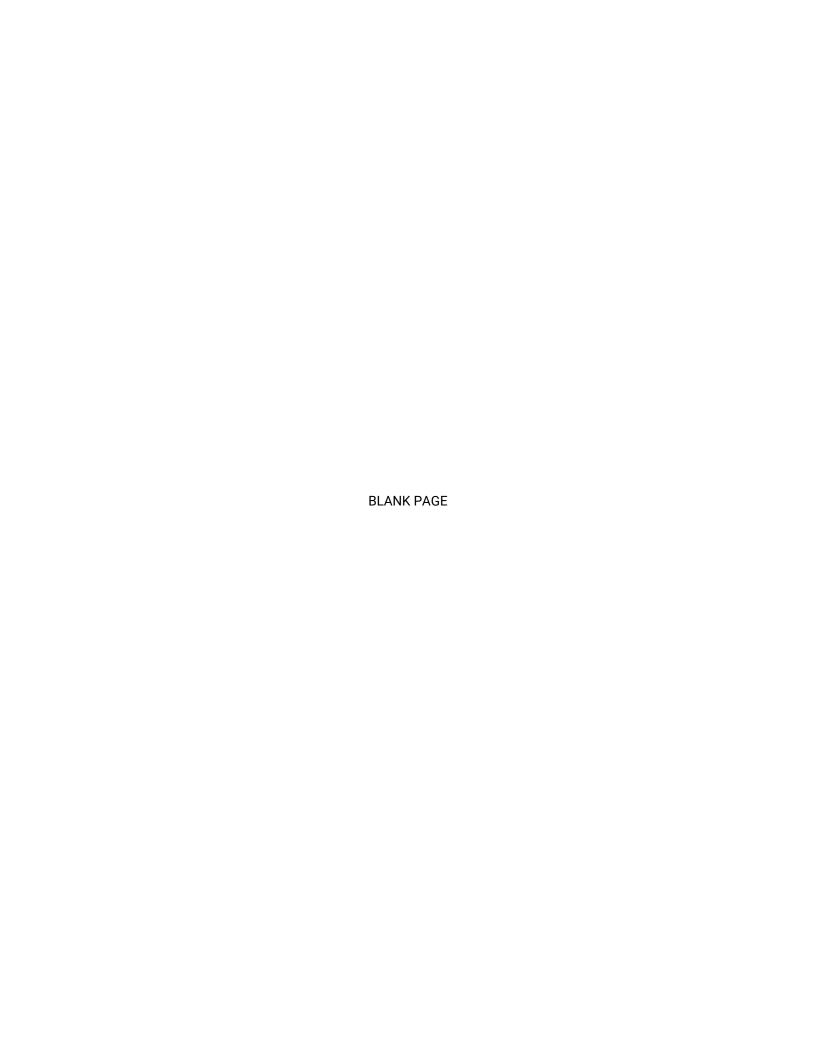

The District monitors its budget to actual activity throughout the year in multiple ways:

- The accounting and reporting team prepare and publish periodic financial reports highlighting Budget to actual
 progress for each fund. This is done on a quarterly basis for the first half of the year, and monthly thereafter. These
 reports are then summarized in a dashboard format and presented to the District's Finance and Audit committee,
 and then to the Board of Education in a subsequent study session.
- Staff within each school and department utilize the District's Enterprise Resource Planning (ERP) system to review in real time transactions, as well as reconcile to secondary tracking tools to monitor their individual budgets.
- Budget staff completes a budget performance report analysis and provides summary data, observations, and variance analysis to the appropriated budget manager.

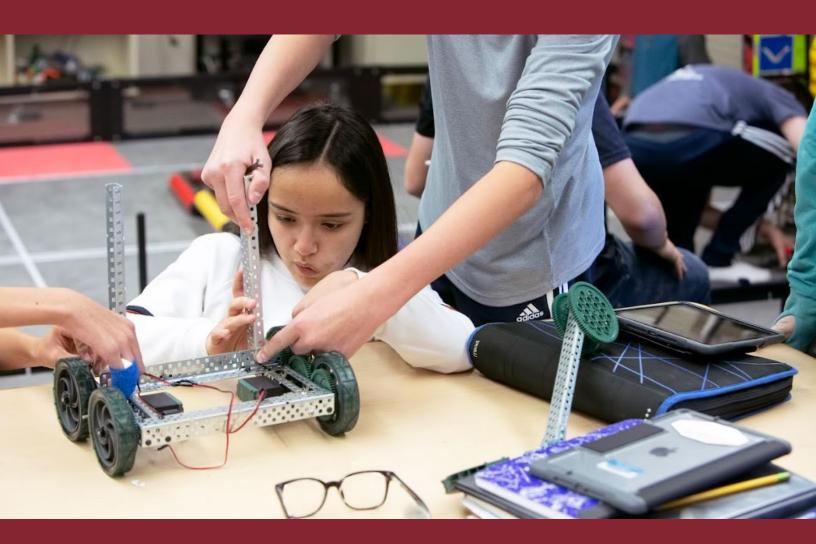

BUDGET DEVELOPMENT TIMELINE

Month	Activity
December	Long-term budget projections are updated by the Budget Office.
January	The Board of Education reviews the long-term budget overview and accountability needs and sets District focus, goals, and priorities for the next fiscal year. The Finance Department, Human Resources and Area Assistant Superintendents collaborate to develop the formulas and ratios that will be used in the following fiscal year to allocate staffing resources to individual schools based on criteria such as enrollment count and number of students that qualify for free and reduced meals.
February	The Planning Department provides the District with enrollment projections and staffing plans for each of the schools are developed using the established staffing guidelines. Individual schools and departments submit discretionary budget requests for the upcoming fiscal year.
March	Requests for additional staffing and discretionary budget needs are presented to the Superintendent's Cabinet and approved based on goals and priorities of the District.
April/May	The compensation plan for the next budget year is developed, negotiated, and finalized.
Мау	The proposed budget is presented to the Board of Education and posted to the District website. The public comment period begins, and extends through the public hearing in June.
June	The District conducts a public hearing on the proposed budget. The proposed budget is approved by the Board of Education.
Aug/Sept	Staffing adjustments are made to accommodate actual enrollment and needs of schools and information is provided to the Budget Office for inclusion in the amended budget.
October	Updated health insurance election information is presented to the Finance Department.
December	Mill Levies are certified by the Board of Education for the following tax year. Budget amendments are prepared.
January	The amended budget is reviewed by Cabinet. The amended budget is approved by the Board of Education.

academic excellence by design

FINANCIAL SECTION AMENDED BUDGET 2024 – 2025 FISCAL YEAR

REVENUE AND EXPENDITURES - ALL FUNDS

Major Revenue Sources

Local Revenues: Revenue from local sources is the amount of money produced within the boundaries of the school district and available to the district for its use. Money collected by another governmental unit as an agent of the school district is recorded as revenue from local sources.

State Revenues: Revenue from state sources is revenue from funds collected by the state government and distributed to school districts.

Federal Revenues: Revenue from federal sources is revenue from funds collected by the federal government and distributed to school districts. In determining whether revenue is federal revenue, it is unimportant whether the funds are distributed directly to the school directly from the Federal Government or through some intervening agency (pass-through entity) such as the Colorado Department of Education or other state agency.

Other Revenues: This classification includes "other sources" which constitute fund revenues in a strict fund accounting context, but are not considered revenues to the school district. They include proceeds from long-term debt and the receipt of interfund transfers.

Major Expenditures Categories

Salaries: Amounts paid for personal services to both permanent and temporary school district employees, including personnel substituting for those in permanent positions. This includes salary for personal services rendered while on the payroll of the school district.

Employee Benefits: Amounts paid by the school district on behalf of employees; generally, these amounts are not included in the gross salary, but are in addition to that amount. Such payments are fringe benefit payments and, while not paid directly to employees, never-the-less, are part of the cost of personal services.

Purchased Services: Services which by their nature can be performed only be persons of firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

Supplies and Materials: Amounts paid for items that are consumed, worn out or deteriorated through use; or items that lose their identity through fabrication or incorporation into different or more complex units or substances. Items that do not contribute to a district's capital assets, as evaluation by the district's capital asset policy, may be coded as supply item. Capital Outlay: Expenditures for acquiring capital assets, including land or existing buildings, improvements of grounds, initial equipment, additional equipment, and replacement equipment.

Other Expenditures: Amounts paid for goods and services not otherwise classified above.

Charter Schools: Tracks the outflow of resources to the six autonomous charter schools for which the District is the authorizer.

Fund Balance Categories

Nonspendable: Balances include deposits, inventories, and prepaid items.

Restricted for TABOR (Taxpayer's Bill of Rights): 3% required reserves per the Colorado Constitution.

Restricted for Federal Contract: Amounts of reserves specifically allocated for the Federal Medicaid reimbursement program.

Committed for Contingencies: 2% Board of Education reserve stipulated by Board Policy.

Committed for BOE Allocations: Allocations to other funds, such as Risk Management and Capital Reserve Funds.

Assigned for Subsequent Year Expenditures: Amounts set aside to ensure funding for specific future obligations, such as a subsequent year budget spend-down, employment contract, or carryover.

Assigned for Mill Levy Override: Reserves specifically related to the 2008 and 2012 MLO revenues and expenditures.

Unassigned: Any remaining fund balance not belonging to a category above.

SUMMARY OF BUDGET REPORTS

All Funds

The following table contains actual and projected revenues and expenditures for all District funds combined. This includes District operating funds as well as funds designated exclusively for debt management or capital construction.

Consolidated Operating Funds - Expenditures

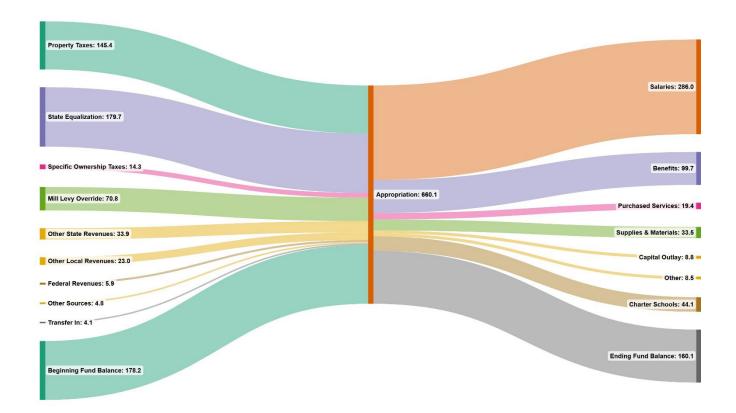

FUND 10 – GENERAL FUND

The General Fund is a governmental fund which includes the revenues and expenditures for the general operations of the District. The expenditures for the school and departmental operations are primarily budgeted and accounted for in the General Fund. Total budgeted revenues are \$477.8 million offset by an expenditure budget of \$500.0 million. An additional \$4.1 million in transfers to and from other funds make up the remaining budget factor. This equates to a fund balance change of negative \$18.1 million in FY25. Fund balance reserves of \$160.1 million are also appropriated in the General Fund. Additional details regarding General Fund activity is explained in the following pages.

Fund 10 Appropriation

(\$ in Millions)

GENERAL FUND BUDGET FACTORS - REVENUE

Total Program

The General Fund is the main operating fund for St. Vrain Valley School District. The budgets for schools and most departments are included in the General Fund. Funding is comprised largely from Total Program Funding (TPF) determined by formula from the Public School Finance Act (PSFA) of 1994, as amended each year by the General Assembly. Program funding by state statute C.R.S 22-54-104 requires school districts to be funded on a per pupil basis. Additional factors are then applied to the formula to arrive at each district's Total Program Funding. TPF can be expressed in total dollars, or in terms of per pupil revenue (PPR) multiplied by the District's funded pupil count (FPC). Based on the anticipated allocation from the Colorado Department of Education, the District is expecting a PPR of \$11,125.42 in FY25 which is an increase of \$752.91 compared to FY24. The formula is further complicated by the application of the budget stabilization factor (BS Factor). The BS Factor was implemented from FY11 to FY24 to generate budget savings for the State, and to reduce each school district's funding by a fixed percentage.

Total Program is funded by three sources: Local Property Tax, Specific Ownership Tax (i.e. vehicle registrations), and the remainder is provided to the District by the State of Colorado through what is called "State Equalization". State Equalization is expected to increase from \$151.6 million to \$194.1 million offset by a decrease to the local property tax share, which is discussed in the "Tax Based and Rate Trends" section in the District's Fiscal Year 2025 Amended Budget document.

The District's portion of TPF for FY25 is expected to increase by approximately \$22.6 million (7.0%) compared to FY24, comprised of an annual cost of living increase of 5.2%, elimination of the BS Factor (1.6%), additional at-risk students, and no significant change in FPC.

Below is a historical breakdown of Total Program Funding for St. Vrain Valley Schools.

GENERAL FUND SUMMARY OF TOTAL PROGRAM FUNDING PER CDE* FISCAL YEARS ENDING 2016 - 2025

^{*} Total Program Funding is calculated per the Colorado Department of Education (CDE). Actual amounts budgeted and received by the District vary due to actual vs. expected tax collections, CDE rescissions or supplemental allocations from the State Equalization payment, and rounding.

Funded Pupil Count

Funded Pupil Count (FPC) is the count of students funded through TPF. FPC can be different from the total number of students enrolled in the district (pupil membership) due to not all students attend school on a full-time basis or due to declining enrollment and is able to average the previous four years plus current budget year to calculate FPC. Due to slight declines in enrollment the District has used averaging when calculating funded pupil count. The FPC for this budget is 31,037.4, a decrease of 69.8, (-0.22%) from FY24.

Property Taxes

Property tax revenues consist of property taxes levied as part of the local share of Total Program Funding and Mill Levy Overrides. Each school district is required to impose a property tax levy to finance its local share of TPF, the mill rate is set by the state and is currently 27.000 mills for the District. With an assessed valuation of \$5.35 billion the TPF local share is \$144.3 million, which is a decrease of 12.3%. This decrease is due in large part to a decrease in the valuation of oil and gas properties in Weld County as oil prices have fallen recently.

Mill levy overrides are additional revenues that have been approved by district voters. The voters of the District passed mill levy overrides in November of 2008 and 2012, both of which provide additional funds for a variety of items as defined within the ballot questions. The reduction in assessed valuation has reduced the mill levy override revenue by \$10.3 million in FY25.

Specific Ownership Taxes

Specific ownership taxes (SOT) are collected by counties when vehicles are purchased and registered. A portion of the tax collected must be used as a source of Total Program Funding as required by the Public School Finance Act. Overall SOT is projected at \$14.3 million, of which \$6.8 million will be used towards TPF.

State Categorical Funding

In addition to the Total Program Funding provided by the Public School Finance Act of 1994, Colorado school districts may receive funding to pay for specific programs designed to serve particular groups of students or particular student needs. Such programs often are referred to as "categorical" programs.

English Language Proficiency Act (ELPA): ELPA allocations are provided to support the implementation of evidence-based English language development for all eligible K-12 English Learners (EL). The goal of the program is to increase the English language development and academic performance of eligible EL students. Funding is based on identified EL students during student October count. Revenue of \$1.1 million is expected in FY25.

<u>Special Education Funding:</u> The Exceptional Children's Educational Act (ECEA) outlines the District's responsibilities for providing special education programs for children with disabilities. ECEA recognizes the need to provide educational opportunities to all children, and the benefits of providing a continuum of services in the least restrictive environment. Total projected funding of \$13.7 million is planned for FY25.

<u>Transportation:</u> The Public School Transportation Fund provides an allocation to school districts to help defray the cost of student transportation from home to school, from school to home, and from school to school. Estimated revenue of \$2.8 million is projected for FY25.

<u>Career and Technical Education:</u> Funding for career and technical education is provided through the State Board for Community Colleges and Occupational Education. Funding is to cover the cost of instruction personal, supplies, equipment, and instructional services provided by cooperating agencies or institutions. Projected revenue for FY25 is estimated at \$1.8 million.

<u>Universal Preschool Colorado (UPK):</u> In November of 2022, HB22-1295 established the Colorado Universal Preschool Program to offer voluntary, high-quality universal preschool to every Colorado child in the year before kindergarten. Funding is provided through the Colorado Department of Early Childhood (CDEC) for up to 15 hours per week for eligible students. The District estimates enrollment of 1,255 preschool students and revenue of \$5.1 million in FY25.

State On-Behalf Payments to PERA: As a component of SB18-200, the state is required to make a direct on-behalf payment of \$225.0 million to Colorado PERA each year. The payment is allocated based on the proportionate amount of annual payroll to the School District Division Trust Fund, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. The District's portion of this contribution is equal to \$6.5 million in FY25.

Federal Funding

Federal funds primarily come from Build America Bond (BABS) rebates and Medicaid services reimbursement revenue. BABS provides alternate ways for the federal government to subsidize local and state governmental borrowing by making a direct payment to bond issuers for 35% of the interest cost. The Medicaid reimbursement program allows school districts to seek partial reimbursement for qualifying health-related services to students. Medicaid funds are required to be used for additional or enhanced health-related services, increase the district's outreach to uninsured students and families, or provide assistance with access to health care.

As a result of sunsetting pandemic relief funding, federal revenues recently returned to normal levels, in line with prepandemic inflows similar to FY20.

Other Local Revenue Support

Other local revenues include the sale of capital assets, investment income, urban renewal authority agreements, tuition for preschool students beyond State funding, services charged to Charter Schools, indirect costs billed to grants, and revenue from cell phone tower leases classified under rental of facilities.

Other Sources

Lease proceeds are a non-cash accounting entry required to recognize activity per Governmental Accounting Standards Board, GASB 87, as it pertains to lease purchase agreements. The offset to this revenue transaction is on the expense side to make this a net neutral transaction overall.

Resource Allocations

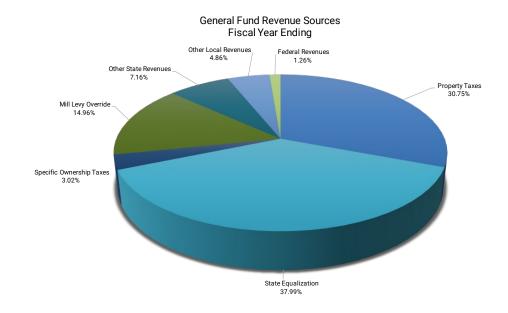

District policy requires direct allocation of funding to the Capital Reserve Fund and Risk Management Fund in the amount of at least \$507 per student, a minimum of \$14,108,999 for FY25. A total of \$14,482,676 has been allocated in FY25, which includes \$4,600,000 to the Risk Management Fund, and \$9,882,676 to the Capital Reserve Fund.

GENERAL FUND BUDGET FACTORS - EXPENDITURES

General Fund expenditures are budgeted at \$499,991,318, which is an increase of \$24,196,980 from the FY24 Amended Budget.

Salary and Benefits

Salaries and benefits represent 85% of total budgeted expenditures and increased \$36,281,794 from FY24. This increase is offset by a decrease in other budgeted categories. Salary expenditures includes an average increase of 8.45%, and funding for education advancement on the salary schedule. Benefits expense includes a proportionate increase in PERA and Medicare costs, as well as increases in health and dental insurance premiums. This is the case for each fund that pays salaries and benefits.

School Allocations

Schools are allocated a supplies and materials budget based on student enrollment and population. Schools receive the following per pupil allocation for discretionary purposes; Elementary - \$62, K-8 - \$64, Middle Schools - \$65, and High Schools - \$75. Schools with preschool programs are allocated \$122 per preschool student enrolled in their program, as well as each elementary school receives \$1,000 per kindergarten classroom. Staffing is allocated to schools based on student-enrollment, focus programs, and individual school needs. Schools are not allowed to carry over unexpended discretionary budgets from year-to-year unless identified for a specific purpose and explicitly authorized.

Instructional Supplies and Materials

District policy requires the budget include \$319 per student for instructional supplies, books, field trips and capital outlay. The required minimum instructional supplies and materials budget is \$8,877,260 for FY25. This is based on 27,828.4 FPC (excluding charter schools).

Mill Levy Override

District voters passed mill levy overrides in November of 2008 and 2012, both of which provide additional funds for a variety of items as defined within the respective ballot questions. As required, accounting for the MLO funds is incorporated within the General Fund totals.

Charter Schools

The District must account for 100% of the District's per pupil revenue (PPR), multiplied by the funded pupil count (FPC) of the charter schools. The PPR for FY25 is \$11,136.61, which is adjusted to remove the District's multi-year online and extended high school students from the School Finance Act. The District also shares Mill Levy Override revenues with each of the six charter schools in proportion to their respective funded pupil counts, which totals 3,209 for FY25, a decrease of 65.0 compared to FY24, resulting in a total budgeted charter school allocation of \$44,123,431 as follows:

	spen Ridge reparatory School	arbon Valley Academy	Firestone Charter Academy	Flagstaff Academy	St. Vrain Community Montessori School	•	Twin Peaks Classical Academy	Total

GENERAL FUND BUDGET FACTORS - RESERVES

The St. Vrain Valley School District maintains reserves across several categories to ensure financial stability and preparedness. These categories include Nonspendable, TABOR, Federal Contracts, Contingencies, Board of Education Allocations, Subsequent Year Expenditures, Mill Levy Override, and Unassigned reserves.

Nonspendable reserves, which cover deposits, inventories, and prepaid items, are projected to be \$2,492,655 in the FY25 budget.

In accordance with Article X, Section 20 of the Colorado Constitution, the District must hold a 3% TABOR reserve, which is estimated to rise from \$15,765,259 in FY24 to \$17,007,000 in FY25.

Federal contract reserves, allocated specifically for the Federal Medicaid reimbursement program, are expected to decrease by \$220,835 to \$2,756,581 in FY25 due to increased salary and benefits costs within the program and the use of one-time funds on equipment needs.

The Contingency Reserve, a "rainy day" fund, is set at 2% of the operating fund's expenditures, amounting to \$11,338,000 in FY25. Should this reserve be utilized during the fiscal year for unexpected losses or extraordinary expenditures, it will be replenished before any other budget allocations in the following year.

The Board of Education Allocations committed in the FY25 budget is \$15,556,867. These funds are estimated to be allocated to the Risk Management and Capital Reserve Funds in FY26.

Funds designated for Subsequent Year Expenditures, estimated at \$16,857,829 for FY25, are reserved to cover specific future obligations, such as budget spend-downs, employment contracts, and identified carryover.

Reserves related to the 2008 and 2012 Mill Levy Override revenues and expenditures are estimated to be \$51,014,683 in FY25.

Any remaining fund balance after meeting these obligations is classified as Unassigned.

Total fund balance per the FY25 Amended Budget is expected to decrease \$18,134,628 from \$178,230,246 at June 30, 2024 to \$160,095,618 at June 30, 2025. However, the District routinely experiences budget outperformance, or a positive budget-to-actual variance due to conservative revenue and expenditure budgeting practices. Most notably, the budget includes salary and benefit expenditures for all approved FTE, which does not account for natural savings from vacancies and turnover.

Multi-Year Projections

Beyond FY25, revenue projections are driven primarily by estimated Total Program Funding, as defined by the School Finance Act (SFA). In April 2024, the Colorado legislature made significant changes to the SFA funding formula, which will take effect in FY26. The District expects to see a slight increase in revenues based on these funding formula changes, when compared to the old formula. However, the State may continue to adjust the funding formula, making future predictions less certain. Revenue projections are based on the SFA funding formula in current law, and will be impacted primarily by inflation and student enrollment. Per pupil revenue is expected to increase by inflation of 2.0% to 3.0% per year from FY26 to FY28, based on the most recent estimates published by the State of Colorado. District enrollment is expected to remain stable or see modest increases over the same period.

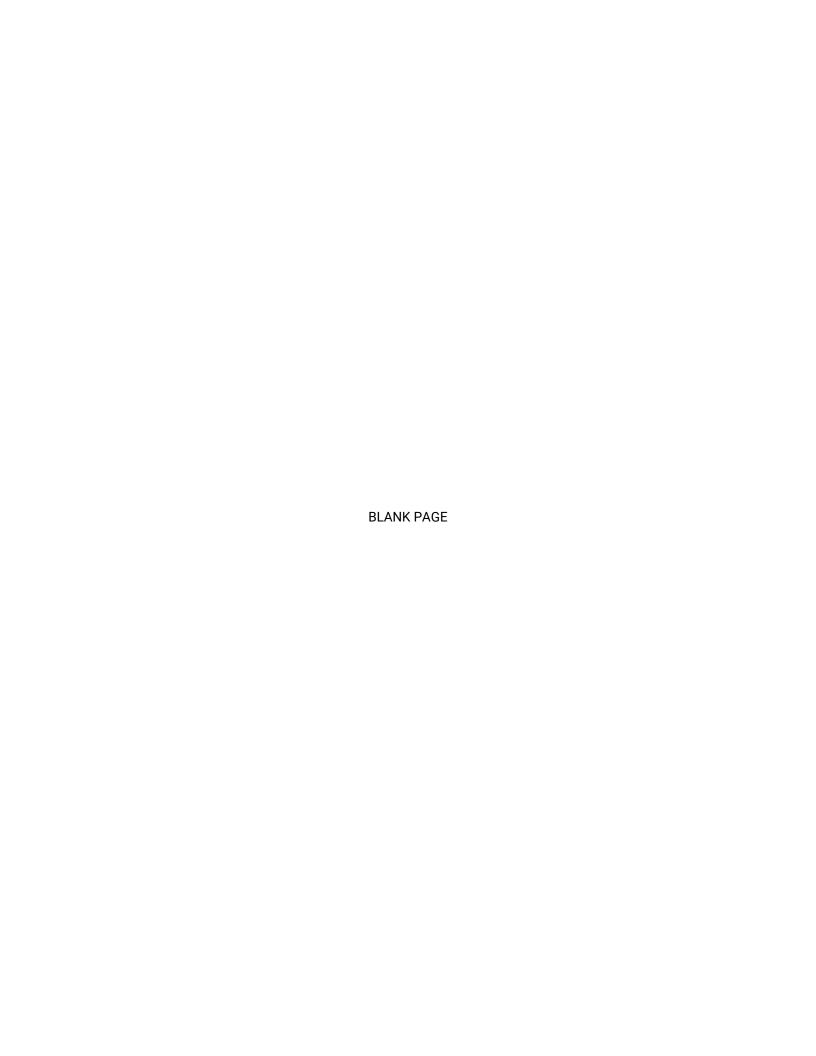

Assessed property values have a direct impact on the District's mill levy override revenue. Oil and gas property values are expected to stabilize from the spike in 2024. Residential and commercial property values are expected to increase based on growth and a strong real estate market, though increases will be governed by recent property tax legislation, including HB 24B-1001 approved in August 2024.

Increases in expenditures assume salary adjustments for a step and step equivalent, health insurance premium adjustments of approximately 5.0% per year, a consistent PERA contribution rate of 21.4%, staffing adjustments associated with enrollment and programmatic changes, and contractual increases in annual software license renewals.

Compensation increases are determined annually, based on available resources and through negotiations with the St. Vrain Valley Education Association. To ensure ongoing personnel costs align with ongoing revenues, projected compensation increases approximate the inflation estimates discussed above.

Total fund balance is expected to decrease in the forecasted fiscal years, which again does not account for the budget outperformance described above. FY25 projected ending fund balance remains over 30% of budgeted expenditures, which is a result of conservative budget practices and strong financial stewardship. The District monitors and manages fund balance to ensure future uncertainties are addressed without significant interruptions to core educational services.

FUND 18 - RISK MANAGEMENT FUND

The Risk Management Fund is a sub-fund of the General Fund and is used to account for the payment of loss or damage to the property of the District, liability claims, workers' compensation claims, insurance premiums, safety and security, environmental compliance, and related administrative expenses. Its primary source of revenue is an allocation from the General Fund based on Board Policy. Other revenues include investment income and claims reimbursements.

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The District plans to provide for or restore the economic damages of those losses through risk retention and risk transfer.

The District is a member of two public entity risk sharing pools. The District's share of each pool varies based on exposures, the contribution paid to each pool, the District's claims experience, each pool's claims experience, and each pool's surplus or dividend policy. The District may be assessed to fund any pool deficit.

The District is a member of the Colorado School Districts Self Insurance Pool for property and liability insurance. The District has insurance deductibles of \$50,000 (property and general liability), and \$1,000 (vehicle liability) per claim. The District is also a member of the Northern Colorado School Districts Workers' Compensation Self Insurance Pool. The other current pool members are Park School District (Estes Park) and Weld RE 4 District (Windsor). The District's deductible is \$50,000 per claim for the year ending June 30, 2025.

Projections include an intentional spend down of fund balance due to positive claims experience and conservative budgeting practices. Additional allocations from the General Fund would be budgeted in future years if necessary.

FUND 19 - COLORADO PRESCHOOL PROGRAM FUND

The Colorado Preschool Program (CPP) Fund was used to account for revenue allocations from the General Fund used for the Colorado Preschool Program which was a State funded program for preschool children the year before kindergarten. Children who qualified for the Colorado Preschool Program may have had a variety of at-risk factors. Funding for the program used the per pupil revenue calculated within the Public School Finance Act (PSFA), less the Board-required Risk Management and Capital Reserve per-student allocation.

With the implementation of Universal Preschool in Colorado for the 2023-24 school year, the CPP Fund will not be utilized beginning in FY25. All funds remaining within the CPP fund were spent in FY24.

FUND 21 - NUTRITION SERVICES FUND

The Nutrition Services Fund accounts for the meal service program within the District. The program operates with a financially self-supporting budget. The program purchases food and supplies for preparation and service of meals according to Federal Child Nutrition Program guidelines. The Nutrition Services leadership team assesses the needs of the department and its customers, sets measurable goals, and maintains a philosophy of customer service in dealing with students, parents, school staff, and the community.

In response to the COVID pandemic, the Federal Child Nutrition Program began providing full reimbursements for all student meals. The additional funding expired in July of 2022. In November of 2022, Colorado voters passed an initiative to fund the Healthy School Meals (HSMA) for All program that has provided free meals to all students beginning in FY24. Under the program, the State reimburses districts based on the federal free reimbursement rate per meal served, less the HSMA amount received from Federal Child Nutrition Programs. Colorado lawmakers remain committed to providing free school meals for all students in the near future. Funding mechanisms for this initiative are currently under review.

Starting in October of 2023, the United States Department of Agriculture (USDA) changed the eligibly requirements for the Community Eligibility Provision (CEP) to allow a greater number of schools to qualify; and the Colorado Department of Education (CDE) approved mid-year enrollment into CEP to maximize Federal funding. CEP provides Federal funding for all meals in qualifying schools based on the percentage of students that participating in programs such as Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF). The HSMA program require that all qualifying schools and districts enroll in CEP. As of March 1, 2024, 41 schools in the District have been in enrolled in the program. These schools will be enrolled through at least FY28.

In FY25 the Nutrition Services Fund has planned to purchase supplies and materials for the implementation of a new point-of-sale system across all school sites using one-time fund balance resources. Enrollment in the CEP program has resulted in increased federal revenues due to higher reimbursements, however this has correspondingly decreased state revenues. Enrollment in the program has also resulted in a rise of the number of meals served to students, increasing employee salary and benefit expenses to meet requirements.

FUND 22 - GOVERNMENTAL DESIGNATED-PUPOSE GRANTS FUND

The Governmental Designated-Purpose Grants Fund is used to account for restricted state and federal grants.

Consolidated Grants

Title I: Part A: Improving Academic Achievement of the Disadvantaged

This funding focuses on promoting school-wide reform in at-risk schools and ensuring student access to scientifically based instructional strategies and challenging academic content. This program is the largest ESSA program and allocates its resources based on the poverty rates of students.

Title II: Part A: Teachers and Principals Training and Recruiting

This grant helps to ensure high quality teachers will be available for all students. The grant provides for teacher training and recruitment of highly qualified teachers, para-educators, and principals capable of ensuring that all children achieve high standards.

Title III: Language Instruction for Limited English Proficient and Immigrant Students

This grant helps children with limited English skills develop high levels of academic attainment in English and meet the state academic achievement standards set for each grade level. Title III also addresses the need for family literacy, providing English language instruction for parents and preschool age children.

Title IV: Part A: Student Support and Academic Enrichment

This grant is intended to improve students' academic achievement by increasing the capacity of State educational agencies (SEAs), local educational agencies (LEAs), and local communities to provide all students with access to a well-rounded education; improve school conditions for student learning; and improve the use of technology to improve the academic achievement and digital literacy of all students.

Federal Grants

IDEA - Part B

The purposes of the Individuals with Disabilities Education Act (IDEA) are to ensure that all children with disabilities have available to them free appropriate public education which emphasizes special education and related services designed to meet their unique needs; ensure the rights of children with disabilities are protected; assist local educational agencies to provide education of all children with disabilities; and assess and ensure the effectiveness of efforts to educate children with disabilities.

IDEA - Preschool

Provides grants to local education agencies to assist in providing special education and related services to children with disabilities ages three to five.

Carl Perkins - Career and Technical Education

This grant develops the vocational skills of secondary students by promoting integrated career, academic, and technical instruction.

McKinney - Education for Homeless Children and Youth

This grant ensures that all homeless children and youth have equal access to the same free, appropriate public education available to other children.

State Grants

School to Work Alliance Program (SWAP)

The purpose of SWAP is to provide career development and employment related services to youth with disabilities through partnership with the Colorado Department of Education, the Division of Vocational Rehabilitation and school districts. SWAP is designed to enhance transition services mandated through IDEA.

Opportunity Now Colorado

St. Vrain Valley Schools, in partnership with Workforce Boulder, Boulder Chamber, Adams 12 Five Star Schools, Weld RE-3J School District, Estes Park School District, University of Colorado Denver, Colorado Education Initiative, Mogli, Salesforce, Cisco, Elevation Solutions, PTA Plastics, McKesson, and Eplexity, will invest in career pathways through the state of Colorado's Opportunity Now grant. Using grant funds, St. Vrain and its partners will significantly accelerate industry credential and postsecondary attainment in the state's most in-demand careers. Partnerships between education, industry, and workforce development centers will ensure a smooth transition between high school, college, and careers. Ultimately, the programs funded by the proposal will produce hundreds of highly trained advanced manufacturing and information technology professionals, as well as early childhood, special education, elementary, middle, and high school teachers.

Expelled and At-Risk Student Services (EARSS)

The purpose of the EARSS grant is to assist in providing educational and support services to expelled students, students at-risk of suspension and expulsion, students at risk of habitual truancy as defined by unexcused absences, and students at risk or are chronically absent.

Colorado Academic Accelerator

The Colorado Academic Accelerator grant program seeks to establish or expand community learning centers that will accelerate student learning by providing academic support and enrichment as well as family engagement activities in Out of School Time programs focused on STEM, particularly math and science. OST programs are regularly attended by students and their families when school is not in session.

FUND 23 - STUDENT ACTIVITY FUND

The Student Activity Fund is a special revenue fund that records financial transactions related to school sponsored pupil intrascholastic and interscholastic athletic and other related activities. Although these activities are generally supported by revenues from pupils and gate receipts, they may be supplemented by fundraisers and gifts. Accounting is maintained for each District school and department, and separate activities within each location.

FUND BALANCE JUNE 30, 2024

FUND 27 – COMMUNITY EDUCATION FUND

The Community Education Fund is a Special Revenue Fund and is used to record financial transactions from the following activities:

<u>Community Schools</u> - Funds are generated through tuition and fees. The Community Schools program received State and Federal COVID relief funds in recent years, however these funds have been fully expensed as of June 30, 2024. Expenditures include salaries, enrichment program services, supplies/materials, and some furniture/equipment purchases. The Community Schools program includes before/after school child care, wrap-around programs for part-time preschool students, and after-school, summer, or non-school-day enrichment programs. The program primarily serves elementary school age students. The Community Schools program is scheduled to spend down its excess fund balance over the next three fiscal years. Revenues and expenses will be closely monitored throughout this period to ensure that an appropriate fund balance in maintained.

<u>Facility Use</u> - Funds are generated through rental and use fees of District facilities. Expenditures include costs for custodial services, repairs and maintenance, administration, and supplies and materials.

<u>Local Grants and Awards</u> - The District receives many grants and awards from local non-profits and corporations, usually for specific purposes. Each grant and award are tracked individually.

<u>Summer School</u> - Funds are generated through tuition and donations. Expenditures include instructor salaries, clerical support, supplies/materials, tuition assistance and utility/custodial support. This program serves students in both elementary and secondary grades.

FUND 29 - FAIR CONTRIBUTIONS FUND

The Fair Contributions Fund is a special revenue fund and was first established November 15, 1995 in accordance with the Intergovernmental Agreement Concerning Fair Contributions for Public School Sites between the City of Longmont and the St. Vrain Valley School District in order to collect monies for the acquisition, development or expansion of public school sites necessary due to the impacts created by residential subdivisions. Since that date, additional intergovernmental agreements have been set up with the Towns of Mead, Frederick, Firestone, Erie, Lyons, Dacono and the City and County of Broomfield. Additional fair contribution fees for public school sites are collected from Boulder County, Larimer County, and from individual developers in Weld County.

Fees are assessed according to the type of dwelling: single family, duplex/triplex, condo/townhouse, multi-family or mobile home. The fees are collected for use within the senior high school feeder attendance area boundaries, which serve the individual dwelling units.

FUND 31 – BOND REDEMPTION FUND

The Bond Redemption Fund is a debt service fund used to account for property taxes levied and investment income earned, and to provide for payment of general long-term debt principal retirement, semi-annual interest, and related fees. The District's long-term debt, in the form of general obligation bonds, totaled \$296,775,000 as of June 30, 2024, and will be \$550,735,000 as of June 30, 2025.

Over the last decade, the District has received taxpayer support as follows:

- In November 2016, District voters authorized \$260 million of general obligation debt to address the District's capital needs due to growth. In December of 2016, the District issued \$200 million of the \$260 million that was authorized, and issued the remaining \$60 million in October of 2018.
- In November 2024, District voters authorized \$740 million of additional general obligation debt to ensure the District's continued commitment to academic excellence, accountability, safety, and providing the education that today's students will need for tomorrow's jobs and careers.

On December 4, 2024, the District successfully sold \$342,960,000 of general obligation bonds, which represented the first installment of bonds issued by the District as approved in the November 2024 election. The District's bonds were rated Aa1 by Moody's and AA+ by Standard and Poor's, reflecting the District's strong credit profile. Given the market's demand for such high-quality bonds, the sale generated a premium of approximately \$34,562,000, reflecting a net interest cost of 3.43% and resulting in approximately \$375.9 million of funds available for capital projects. These positive financing results are a benefit to the District and its constituents, generating additional project funds at a lower cost to taxpayers.

With sufficient resources available in its Bond Redemption Fund, the District has been able to fund the early repayment of bonds. Recent examples include:

- On October 31, 2022, the District fully redeemed the remaining \$16.4 million of its Series 2012 bonds early. This reduced the longevity of the 2012 bond debt by more than 2 years, resulting in an interest savings of approximately \$847,000.
- On December 22, 2023, the District defeased the 2033-2036 maturities of its Series 2016C bonds. The four maturities represented \$73,175,000 in principal. On December 15, 2026, the defeased bonds will become callable and the four maturities will be redeemed without penalty. This action reduced the longevity of the outstanding 2016C debt by 4 years, reducing the total interest paid by approximately \$39.7 million, representing a savings of approximately \$36,800,000.
- On November 14, 2024, the District defeased the remaining \$37,465,000 of its Series 2014A bonds. On December 16, 2024, the bonds became callable and were redeemed without penalty. The defeasance generated an interest savings of approximately \$2,261,000.
- On December 16, 2024, the District defeased the 2025-2029 maturities of its Series 2016C bonds. The five maturities represented \$43,825,000 in principal. On December 15, 2026, the defeased bonds will become callable and the five maturities will be redeemed without penalty. This action reduces the total interest paid by approximately \$7.7 million, representing a savings of approximately \$5,379,000.

Fiscal year 2024-25 budgeted expenditures of the Bond Redemption Fund are \$110,979,478, which includes debt service principal, interest, fees and payments to escrow agent of approximately \$84,589,000 related to the defeasances in November and December of 2024, as described above. Property taxes represent the primary revenue source for the Bond Redemption Fund, though investment income is expected to contribute approximately \$4 million for fiscal year 2024-25.

The property tax levy for principal and interest on bonds was Board-approved at 16.728 mills for property tax year 2024 (to be collected in 2025), which is approximately 29.3% of the District's total tax levy of 57.168 mills. Maintaining the current scheduled repayment of long-term debt is not expected to have any significant financial impact on current or future operations of the District. The legal debt limit of 20% of the District's 2024 assessed valuation of \$5.35 billion is \$1.07 billion. This exceeds the net amount of the District's bonds payable as of December 31, 2024 by approximately \$510.7 million.

GENERAL OBLIGATION BONDS

Bond Series Building 2010B ³ Refunding 2016A	Issue Date May 2010 February 2016	Issue Amount \$76,410,000 \$115,155,000	Interest % ¹ 5.34% - 5.79% 2.5% - 5.6%	Principal Due Dec 15, 2026 - 2033 Dec 15 through 2033	Premium ² \$0 \$12,871,395	Balance As of June 30, 2025 76,410,000 92,065,000

FUND 41 – BUILDING FUND

The Building Fund is a capital project fund used to budget and account for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings, or the initial purchase and replacement of certain equipment.

In November 2016, voters authorized the District to issue \$260.0 million in general obligation bonds to fund capital needs.

- The District issued \$200 million of bonds in December 2016, and the additional \$60 million of bonds in October 2018.
- Bond proceeds from the 2016 election have funded significant instructional and safety improvements at every school in the District, including larger additions to Blue Mountain Elementary School, Eagle Crest Elementary School, Erie High School, Frederick High School, Silver Creek High School and Mead High School; construction of PK-8 Soaring Heights in Erie, Grand View Elementary School, Highlands Elementary School, and Mead Elementary School; and a new Innovation Center in Longmont to serve the entire St. Vrain student population.

In November 2024, voters authorized the District to issue an additional \$739.8 million in general obligation bonds to fund capital needs.

- The District issued \$342 million of bonds in December 2024, and anticipates issuing additional bonds in fiscal year 2026-27.
- Bond proceeds from the 2024 election will fund capital projects for approximately 6 years beginning in FY25. Project
 highlights include the construction of five new schools in areas of high growth, including an Erie high school, a
 Career and Technical Education (CTE) center on the new high school campus, an Erie elementary school, a
 Longmont Montessori school, and PK-8 school in Mead.

FUND 43 – CAPITAL RESERVE FUND

The Capital Reserve Fund is a capital projects fund used to account for revenue allocations from the General Fund and other revenues transferred to or earned in this fund. Expenditures include funding for the ongoing capital needs of the District, such as acquisition of land, building additions and improvements, and major equipment purchases.

The District's long-range capital planning is developed by the reacting needs identified and prioritized through asset performance assessments. Capital Improvement planning is typically broken down into two categories: Capital Renewal and Capital Improvement.

- Capital Renewal evaluates building systems and assets based on a life cycle analysis. This analysis considers
 industry standard life expectancy, system performance determined by the level of effort to maintain the expected
 operation, ability to service equipment into the future, etc., for which funding could be appropriated for years in
 advance.
- Capital Improvement projects are borne from more specific projects that are created out of the short-term need
 more than the Capital Renewal projects. These are created through facility modification requests, education
 programmatic needs, and unforeseen asset repairs or replacements. Schools and departments submit project and
 equipment funding requests. Requests are evaluated and recommended by the Capital Reserve Committee and
 submitted to the Board of Education for final approval.

Some of the major capital projects for the budget year include: asphalt replacement and repair, door access control/improvements, fire alarm enhancements, classroom lighting controls, sewer replacement/replacing water lines, auditorium rigging/stage improvements, door hardware upgrades, and network resiliency.

While individual projects vary in terms of additional cost and savings, the overall capital project budget is on track. Some examples of projects where we see savings are those that bid at more advantageous timing for contractors and their resources. Projects that see additional costs are those in which material costs are more volatile or are experiencing longer lead times, e.g. replacement generators, new electrical panels, transportation vehicles and equipment/furniture.

FUND 65 - SELF INSURANCE FUND

The Self Insurance Fund is an internal service fund used to account for the District's self-funded insurance plan. Revenues for the fund include employee and District contributions towards health and dental claims, and rebates or incentives from healthcare provider contracts. Expenditures include claims, salary, benefits, purchased services, and supplies related to managing the self-insurance health and dental plans and complying with the Health Insurance Portability and Accountability Act (HIPAA).

INFORMATIONAL SECTION

AMENDED BUDGET

2024 – 2025 FISCAL YEAR

TAX BASE AND RATE TRENDS

Approximately 45.7% of the District's General Fund revenue comes from local property taxes (including mill levy overrides), amounting to about \$216.2 million. Property taxes also fund the repayment of the District's general obligation debt through the Bond Redemption Fund, amounting to \$89.4 million in FY25.

The amount of property tax owed by a taxpayer for the District is based on the property's assessed valuation, multiplied by the District's mill levy, and then divided by one thousand (one mill is equal to one dollar per \$1,000 of assessed value). Assessed valuation and mill levy rates are certified annually each December, and collected the following year. The District's current mill levy is 57.168, which was certified in December of 2024 for collection in 2025. The assessed value of a property is determined by multiplying its value (as determined by the County Assessor) by the assessment rate, which varies depending on the type of property. For example, to find the 2024 property tax owed in 2025 for a home with a value of:

Actual Value	Χ	Assessment Rate	Х	Mill Levy	/	1,000	=	Annual Property Tax
\$450,000		6.70%		57.168		1,000		\$1,723.62

The District's total mill levy actually comprises four different levies. The General Fund Levy (27.000 mills) is the portion of Total Program Revenue that is set by the State, the Abatement Levy (0.202 mills) provides funding for previously assessed taxes that were abated or refunded by the county and were not received by the District in a prior tax year, the Mill Levy Override (13.238 mills) represents voter-approved levies for operating expenses related to specific purposes and finally, the Debt Service Levy (16.728 mills) provides funding to pay the principal and interest payments on voter approved general obligation bonds used to fund capital construction projects such as new schools and improvements to existing schools.

The following tables show the history of St. Vrain's property tax mill levies, net assessed values and tax collections.

SUMMARY OF PROPERTY TAX LEVIES CALENDAR YEARS 2015 – 2024

				General		
Year	General Fund Levy	Abatement Levy	Mill Levy Override	Operating Subtotal	Debt Service Levy	Total Property Tax Levies

GENERAL OBLIGATION BONDS

Over the last decade, the District has received taxpayer support as follows:

- In November 2016, District voters authorized \$260 million of general obligation debt to address the District's capital needs due to growth. In December of 2016, the District issued \$200 million of the \$260 million that was authorized, and issued the remaining \$60 million in October of 2018.
- In November 2024, District voters authorized \$740 million of additional general obligation debt to ensure the District's continued commitment to academic excellence, accountability, safety, and providing the education that today's students will need for tomorrow's jobs and careers. The District successfully sold \$342,960,000 of those general obligation bonds on December 4, 2024, which represented the first installment of bonds issued as approved in the November 2024 election.

With sufficient resources available in the Bond Redemption Fund, the District has been able to fund the early repayment of bonds in the table below. Since 2010 the District has been able to save taxpayers almost \$90 million due to refinancing and early payments.

Projects Funded by Bonds

Bond proceeds from the 2024 election will fund capital projects for approximately 6 years beginning in fiscal year 2024-25. Project highlights include the construction of five new schools in areas of high growth, including an Erie High school, a Career and Technical Education (CTE) center on the new high school campus, an Erie elementary schools, a Longmont Montessori school, and PK-8 school in Mead. The following table indicates each facility within the St. Vrain Valley School District and the identified projects associated to be spent with bond funding.

STUDENT ENROLLMENT

Each year, public school districts across Colorado take part in the Student October Count data submission to the Colorado Department of Education (CDE). This process, required by state statute, collects student-level data including details about funding eligibility as outlined in the Public School Finance Act of 1994 (as amended). The October Count is based on a single-day enrollment count, during which districts report all students who are enrolled and attending classes. The enrollment numbers included are based on the October Count for the 2024-2025 school year.

The Planning Department in St. Vrain Valley School District uses a combination of a cohort survival model and a student resident model to create student enrollment projections. This blended approach incorporates historical enrollment trends, historical open enrollment trends, housing development data, and birth rates for a more holistic understanding of future student populations.

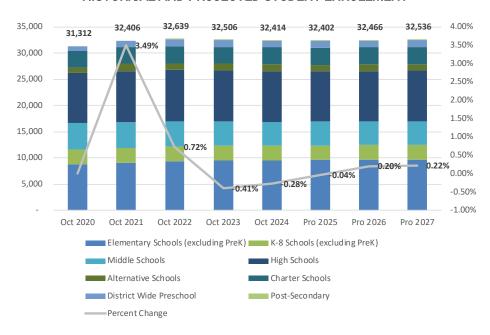

The cohort survival model forms the foundation of this methodology by tracking how student groups move through the school system. Historical retention rates between grades are analyzed to identify patterns in student progression and open enrollment trends within each high school feeder system. These retention patterns are then projected forward in numerous models to estimate future enrollments at each grade level and school.

The student resident model adds another perspective by accounting for the effects of residential development on enrollment. Housing growth, as reflected by building permits, is analyzed based on the type of residential units (e.g., single-family versus multi-family). By examining residential permit data alongside the pace and type of new construction, the model account for how changes in the community's housing landscape may impact future student numbers.

Additionally, birth data enhances the projections by providing insights into future kindergarten enrollment. Tracking birth trends within the District, alongside housing sales and new construction, offers a predictive look at future student population.

Together, these models create a dynamic approach to enrollment forecasting. By combining historical trends, demographic changes, and residential growth, this hybrid method provides a more accurate and adaptive way to anticipate enrollment changes and support effective resource planning in a rapidly growing region.

HISTORICAL AND PROJECTED STUDENT ENROLLMENT

PERFORMANCE MEASURES

On-Time (4-Year) Graduation Rate

The on-time graduation rate is the number of students receiving a regular diploma within four years of entering ninth grade divided by the number of students in the Anticipated Year of Graduation (AYG) cohort. The AYG cohort is determined by assigning an unchanging anticipated year of graduation to students when they enter ninth grade. The AYG cohort is adjusted by the number of students transferring in and out of the District.

In 2024, St. Vrain Valley Schools achieved the highest on-time graduation rates in the District's history, at 94.3%. This is the highest graduation rate of any district in the Denver Metro area, and one of the highest of any district in Colorado with more than 300 graduates.

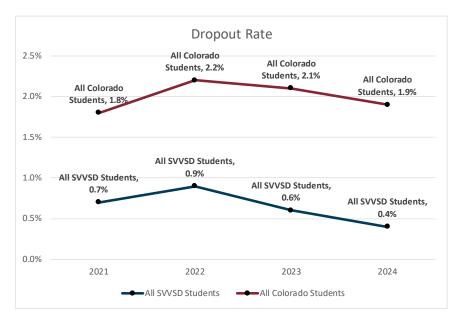

The foundation of the District's success begins the moment students enter preschool or kindergarten and is built throughout their 12-14 years in St. Vrain. Everything across our system impacts our graduation rates, which is why this is such an important indicator of the quality of our teachers, students, schools and system. This includes the quality and care of our school buildings and learning environments, access to nutritious meals and safe transportation, strong school leadership, outstanding classroom teachers and paraprofessional support, caring front office and health staff, robust technology and aligned curricular resources, engaging experiences in and outside of the classroom, and so much more.

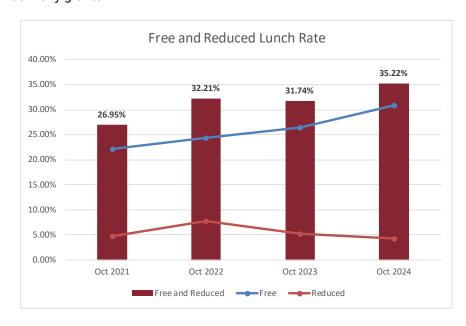

Dropout Rate

The dropout rate is calculated by taking the number of dropouts during the school year and dividing by the number of 7th-12th grade students that were part of the same membership base at any time during the school year. The District's dropout rate of 0.4% for all students is the lowest in the Denver Metro area in 2024.

Free and Reduced Lunch Rate

The free and reduced lunch rate is the percentage of students (excluding preschool) that qualify for free or reduced meals under the National School Lunch Act. The free and reduced rate is used in determining a portion of the District's funding from the State, as well as many grants.

Standardized Test Scores

The State of Colorado uses Colorado Measures of Academic Success (CMAS) tests to measure third through eighth grade students' mastery of the standards and the complex thinking and other critical skills that students need to be successful in school and in life. For high school level students, Preliminary Scholastic Assessment Test (PSAT) and Scholastic Assessment Test (SAT) tests are administered to all students and used to measure academic growth and achievement.

		SVVS	D Mean So	ore	Colora	do Mean S	core
Assessment	Possible Score Range	2022	2023	2024	2022	2023	2024

GLOSSARY OF TERMS

Abatements

A complete or partial cancellation of a levy imposed by a government. Abatements usually apply to tax levies, special assessments, and service charges.

Accelerating Students through Concurrent Enrollment (ASCENT)

A program that allows eligible students to complete a fifth year of high school while enrolled concurrently in higher education courses.

Account

A record used to summarize all increases and decreases in a particular asset or any other type of asset, liability, fund equity, revenue, or expenditure.

Advanced Placement

A program created by the College Board which offers college-level classes and examinations to high school students. Colleges and universities may grant course credit to students who obtain high scores on the examinations.

Appropriation

The setting aside by resolution of a specified amount of money for a fund with an authorization to make expenditures and incur obligations for specific purposes.

Assessed Valuation (AV)

The taxable value of real and personal property as determined by a tax assessor or government agency as a basis for levying taxes. Assessed valuation does not necessarily correspond to the property's market value.

Assets

Resources owned or held by an entity which have monetary value.

At-Risk

An at-risk student is a student who is at risk of not meeting academic or social expectations or of not graduating from high school.

Benefits

Compensation, in addition to a regular salary, provided to an employee. This may include benefits such as health insurance, life insurance, dental insurance, paid time off, Medicare, and Public Employees Retirement Association (PERA) contributions.

Bonds

Interest bearing certificates of public indebtedness or obligations made by the District which are insured against default by a third party.

Budget

A plan of future events including anticipated revenues and expenditures, along with the financial position at some future point in time.

Build America Bonds (BABS)

Government Bonds created by the American Recovery and Reinvestment Act of 2009 as an alternative way for the federal government to subsidized local and state governmental borrowing my making a direct payment to the bond issuer for 35% of the interest cost.

Cabinet

Senior advisors to the Superintendent of Schools.

Callable Bond

Callable or redeemable bonds are bonds that can be redeemed or paid off by the issuer prior to the bonds' maturity date. When an issuer calls its bonds, it pays investors the call price (usually the face value of the bonds) together with accrued interest to date and, at that point, stops making interest payments.

Capital Asset

Tangible property with an estimated life of more than one year.

Capital Outlay

An expenditure which results in the acquisition of capital assets or additions to capital assets which are presumed to provide a benefit to the District for more than 1 year.

Career Elevation and Technology Center (CETC)

A Career and Technical Education center, providing high school student from throughout the District pathways to acquire knowledge and skills linked with specific post-secondary program leading to a two year or four year degree, and provide students industry certifications giving them a jump start in their careers.

Categorical Programs

Specific programs that are funded separately from a district's Total Program Funding under the School Finance Act. Examples include Special Education (SPED), Gifted and Talented (GT), English Language Proficiency Act (ELPA), Career and Technical Education (CTE), and Pupil Transportation. State funds for categorical programs are generally distributed based on a partial reimbursement of approved expenditures.

Charter School

A public school operated independently of the local school board, often with a curriculum and educational philosophy different from the other schools in the system.

Colorado Department of Education (CDE)

The administrative arm of the Colorado State Board of Education.

Colorado Measures of Academic Success (CMAS)

State's common measurement tool of students' progress at the end of the school year in English Language Arts, math, science, and social studies.

Community Eligibility Provision (CEP)

A National School Lunch Program (NSLP) and School Breakfast Program (SBP) meal service option that allows eligible schools to offer meals at no cost to all enrolled students without collecting household applications.

Colorado Preschool Program (CPP)

Was a state-funded early childhood education program administered by the Colorado Department of Education to fund preschool for students considered to be at risk for later school failure. Program ended in June 2023 with the implementation of Universal Preschool.

Contingency Reserve

Monies budgeted in the General Operating Fund (GOF) for emergencies and other unforeseen events.

Defeasance

A financing tool by which outstanding bonds may be retired without a bond redemption or implementing an open market buy-back. The principal of and interest earned on the securities are sufficient to meet all payments of principal and interest on the outstanding bonds as they become due.

English Language Proficiency Act (ELPA)

A state funded program that provides financial and technical assistance to school districts implementing programs to serve the needs of students whose dominant language is not English.

Enterprise Resource Planning System (ERP)

A suite of software applications that connects all business/administrative processes of an organization. The ERP Pro System integrates the District's Human Resources, Payroll, Finance & Accounting, Procurement, and Capital Asset processes.

Equalization, State

General state aid or support provided to the District under the Public School Finance Act of 1994, as amended.

Exceptional Children's Education Act (ECEA)

The overarching law for gifted education and special education.

Expenditures

Charges incurred, whether paid or unpaid, which are presumed to benefit the current fiscal year.

Fiscal Year (FY)

The twelve-month period to which the annual budget applies. All Colorado school districts, by law, must observe a fiscal year that is July 1 through June 30.

Free or Reduced Lunch (FRL)

To qualify for free or reduced meals, a household has to fill out an application. Guidelines are set by the Federal Government, comparing the household's size to its income.

Full-Time Equivalency (FTE)

Unit used to measure the hours in an employee's contract based on a 40-hour work week.

Fund

A fund is an independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources. It contains all related assets, liabilities and residual equities or balances, or changes therein. Funds are established to carry on specific activities or attain certain objectives of the school district according to special legislation, regulations, or other restrictions.

Fund Balance

The difference between assets and liabilities reported in a governmental fund.

Funded Pupil Count (FPC)

A district's pupil count, for funding purposes, under the current school finance act, which provides for an October 1st enrollment count within a district's school year. The funded pupil count is expressed in full-time equivalent pupils. The funded pupil count is designed to reflect the amount of time a student spends in an instructional setting.

General Fund (GF)

General Fund is a fund to account for all financial resources, except those required to be accounted for in another fund.

Gifted and Talented (G/T)

Program for children between the ages of 5 and 21 whose abilities, talents, and potential for accomplishment are so outstanding that they require special provisions to meet their educational needs.

Grant

A financial award from a federal, state, or local government agency, or any private foundation, corporation, or organization, which is given for specific purposes or to which specific performance requirements exist and is generally solicited through a process of written application.

Healthy School Meals for All

Provides free breakfast and lunch to all students, regardless of their family's income. The program aims to ensure that all children have the nutrition they need to learn and grow, and to address food insecurity

Levy

To impose taxes. The total of taxes imposed by a governmental unit.

Liabilities

Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date.

Long-Term Debt (LTD)

Debt with a maturity of more than one year after the date of issuance.

Mill

Local tax rates against property are always computed in mills. A mill is one one-thousandth of a dollar of taxable value. One mill produces \$1 in tax income for every \$1,000 of property (taxable value).

Mill Levv

The tax rate on real property per thousand dollars of assessed property value. One mill produces \$1 in tax income for every \$1,000 of assessed property value.

Mill Levy Override (MLO)

A ballot measure that asks voters living in a school district boundary to approve the collection of additional "mills" on property taxes, above what is allowed by the State of Colorado.

National School Lunch Program (NSLP)

A federally assisted meal program that reimburses schools to provide nutritionally balanced, low-cost or free lunches to children each school day.

Object

Describes the service or commodity obtained as the result of a specific expenditure.

October Count

The annual process the District undertakes to provide count and demographic data for pupils in membership within the District. The per-pupil funding that the District receives from the state is based upon this effort.

PERA On-Behalf

As a component of Senate Bill 18-200, the state is required to make a direct on-behalf payment of \$225.0 million to Colorado PERA each year. The payment is allocated based on the proportionate amount of annual payroll to the School Division Trust Fund, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund.

Per Pupil Operating Revenue (PPOR)

The General Fund's per pupil revenue (PPR), less the Board of Education required allocation per student to the Risk Management and Capital Reservice Funds.

Per Pupil Revenue (PPR)

The equalization funding of a district for any budget year, determined in accordance with the provisions of the Public School Finance Act of 1994, as amended, divided by the funded pupil count of the district for said budget year.

Post-Secondary Students

Students enrolled in the District after 12th grade while concurrently in higher education courses.

Property Tax

The general property tax is levied on land and buildings located within the school district. It is essentially a real estate or real property tax. Every owner of private and business property in the district pays this tax, unless exempt (e.g., governmental, charitable, and religious institutions).

Pathways in Technology Early College High School (P-TECH)

A program offered in select District high schools that allows students to earn a high school diploma, as well as an Associate degree at no cost to the student. The program includes significant internship and mentorship opportunities alongside industry partners. Students enroll in 9th grade and complete the program in 4-6 years.

Pathways to Teaching (P-TEACH)

A program that introduces St. Vrain high school students to a career as an educator by offering a variety of concurrent enrollment courses through the University of Colorado Denver.

Public Employees Retirement Association (PERA)

A retirement association created by C.R.S. 24-51-201. The purpose of PERA is to provide benefits to public employees when they retire or are disabled, or to the family at the employee's death. It serves as a substitute for social security and is funded on an actuarial reserve basis.

Purchased Services

Personal services rendered by personnel who are not on the payroll of the District, and other services which may be purchased by the District.

Revenues

Funds received, generally from taxes or from a state or federal funding program, which are not loans, and which do not cause an increase in a liability account.

School Breakfast Program

A federally administered program that provides reimbursement to states to operate nonprofit breakfast programs in schools.

School Finance Act

The Public School Finance Act of 1994 (as amended) outlines a Total Program Funding formula that determines how Colorado's 178 school districts are funded. Total Program Funding includes a base amount, which is the same for all school districts, plus additional amounts called factors. Factors vary by district and compensate for financial differences among districts, such as cost of living, size of the district, at-risk student population, and personnel costs.

Specific Ownership Tax (SOT)

An annual tax imposed upon each taxable item of certain classified personal property, such as motor vehicles, which tax is computed in accordance with state schedules applicable to each sale of personal property.

St. Vrain Valley Education Association (SVVEA)

A professional and advocacy organization whose mission is to advocate for public educators, support professionalism, and promote public education.

Science, Technology, Engineering, and Math (STEM)

A teaching approach that combines science, technology, engineering and math.

Supplemental Nutrition Assistance Program (SNAP)

Formerly known as the Food Stamp program, the federal program provides food-purchasing assistance for low-income people to maintain adequate nutrition and health.

TABOR Reserve

A requirement under Article X, Section 20 of the Colorado Constitution that the District establish a reserve of 3 percent of its fiscal year spending, excluding bonded debt services, for emergencies.

Teacher Recruitment Education and Preparation (TREP)

Program that allows qualifying students in a career pathway to concurrently enroll in post-secondary courses and earn college credit at no tuition cost to them or their families, for up to two years after 12th grade.

Temporary Assistance for Needy Families (TANF)

A time-limited program that provides cash assistance to low-income families to cover basic needs like food and clothing, while also providing education and job training to help them become self-sufficient.

Total Program Funding

The financial base of support for public education for school districts as calculated by the Public School Finance Act of 1994, as amended. This funding consists of property tax, specified ownership tax and state equalization, the state's portion of funding.

Universal Preschool Program

A State funded program to offer voluntary, high-quality universal preschool to every Colorado child in the year before kindergarten.
