FAIR CONTRIBUTIONS FOR PUBLIC SCHOOL SITES FUND

This fund was first established November 15, 1995 in accordance with the Intergovernmental Agreement Concerning Fair Contributions for Public School Sites between the City of Longmont and the St. Vrain Valley School District in order to collect monies for acquisition, development or expansion of public school sites based on the impacts created by residential subdivisions. Since that date, additional intergovernmental agreements have been set up with the Towns of Mead, Frederick, Firestone, Erie, Lyons and Dacono. Additional fair contribution fees for public school sites are collected from Boulder County, Larimer County, and from individual developers in Weld County.

The fee is assessed according to the type of dwelling including single family, duplex/triplex, condo/townhouse, multi-family or mobile home. The fees are collected for use within the senior high school feeder attendance area boundaries, which serve the individual dwelling units.

GOVERNMENTAL DESIGNATED-PURPOSE GRANTS FUND

The Governmental Designated-Purpose Grants Fund is used to account for restricted state and federal grants. A list of grants is defined on the following pages.

GOVERNMENT GRANT PROGRAM DESCRIPTIONS

For FY 2006-07, the No Child Left Behind (NCLB) Act of 2001 remains the directive for the consolidated grants. Briefly, the Act provides more funds in formula driven rather than competitive grants; more emphasis on school assessments and accountability; standards-based (scientifically measurable) education, more reliance on the CSAP for determining AYP (average yearly progress); increased use of technology in the classroom; requirements for teacher and principal certification; school choice; sanctions for schools that do not meet AYP; and increased flexibility for moving funds within programs. The Consolidated Grant is designed to be integrated district-wide with funds of one program supporting the goals of another.

Consolidated Grants

Title I: Basic

This federally funded program is designed to offer intensive supplemental reading, language arts and math instruction to students who are not performing at grade level proficiency. Students are selected for participation based on district assessment and teacher referral. St. Vrain emphasizes K-3 programming. Reforms for 2002-03 provide more accountability for AYP; require certification for teachers and paraprofessionals, and parental school choice for those students whose schools are designated as "on improvement." Early reading programs are heavily emphasized. Provisions include funds for Migrant Children, Neglected and Delinquent Children, Dropout Prevention, and Advanced Placement Fee waivers.

<u>Title II: Part A: Preparing, Training and Recruiting High Quality Teachers and Principals</u> Combines Eisenhower and Class Size reduction grants to provide reform of teacher and principal certification, establishes an alternative certification process, provide funds for professional development to achieve certification in core teaching areas by FY 2005-06. Paraprofessionals are included in certification process.

Title II: Part D: Technology

Provides a state formula grant to support the integration of educational technology into classrooms to improve teaching and learning.

Title III: English Language Acquisition, Language Enhancement

Consolidates the Bilingual Education Act with the Emergency Immigrant Education Program. Grants are now formula based, rather than competitive. Reform will focus existing programs on teaching English to limited English proficient children, and holding states accountable for LEP students attaining English. Provides provisions for parental rights, flexibility of teaching methods, standards based testing and accountability.

Title III: 15% Set Aside

A formula based program due to the increase in migrant children enrollment.

Title IV: Part A: Safe and Drug-Free Schools

Drug-free schools money is designated by Congress to support programs that prevent violence in and around schools and the illegal use of alcohol, tobacco and drugs. Grants made to Local Education Agencies may support school drug and violence prevention, early intervention, rehabilitation referral, and education in elementary through secondary schools.

Title V: Innovative Programs

Retains the old Title VI programs and expands the list of targeted innovative program areas to 27. Provides funds for charter schools.

State Grants

<u>Alternatives for Youth</u> (Competitive grant: may continue) Provides services for expelled students and expulsion prevent prevention programs.

Federal Grants

IDEA - PL 94-142 - Part B (Entitlement: will continue indefinitely)

Originally, Part B monies were to fund 40% of excess costs that local districts would incur in meeting the individual education plans of all students with disabilities as outlined in the Public Law. At the present time, it accounts for about eight to ten percent. Annually, the number of students identified through a December 1 count determines the amount of money received.

IDEA - PL 99-457 – Preschool (Entitlement)

Preschool funds were generated to provide local school districts with additional funding to help meet the needs of preschool students (ages 3-5) identified as disabled. The amount of money received is annually determined by the number of students identified in this category through a December 1 count.

<u>Carl Perkins - Vocational Education</u> (Federal Program: no expiration noted) The Carl Perkins Grant provides funds to secondary programs that serve special populations in vocational settings. Integrated academics, technology and the "New Basics" are also to be in place in programs receiving funds.

<u>McKinney - Education of the Homeless</u> (Federal Program: no expiration noted) Funded under the McKinney Act, this grant provides assistance to homeless children and youth within the District. The purpose of this assistance is to be sure that these children are enrolled in school, regularly attending, and succeeding academically. Some funds provide training for school personnel about the needs and rights of the homeless. These grant funds also support the Education Center at the Inn Between. <u>School to Work Alliance Program (SWAP)</u> (Federal Program: no expiration noted) SWAP is a collaborative program between the Colorado Department of Education, Vocational Rehabilitation and the school district that provides a new pattern of services for students with mild/moderate disabilities that leads to competitive employment.

Literacy Center (Federal Program: no expiration noted)

The Colorado Department of Adult Education provides flow-through funds from the Federal Adult Education Act for the operation of four regional Literacy Resource Centers for housing materials and facilitating workshops directed at staff development for federally funded adult education programs. These funds are provided for programs addressing the educational needs (below secondary completion) of learners who are not in a traditional school setting.

NUTRITION SERVICES FUND

The Nutrition Service's Department is responsible for providing meal service to the District's students and staff. The National School Lunch Program is available at forty-three schools. Twenty-six schools currently participate in the School Breakfast Program. In addition to these programs, most schools offer a la carte choices.

The Nutrition Services Fund is an enterprise fund that accounts for operations that are financed and operated in a manner similar to private business enterprises. The budget is prepared using a zerobased and incremental budgeting method. The largest revenue accounts are students' payments and federal reimbursement that flows through the Colorado Department of Education. The largest expenditure accounts are food, salaries and benefits. A transfer to the General Fund has been included to offset indirect costs related to the Nutrition Services Program.
