

## Immunization of Students

The superintendent or designee(s) shall provide parents/guardians of students enrolled in the district a copy of the standardized immunization document developed by the Colorado Department of Public Health and Environment. The standardized immunization document includes a list of required and recommended immunizations at the age which each immunization should be given.

Students who do not submit an up-to-date certificate of immunization or a written authorization signed by one parent/guardian requesting local health officials to administer the immunizations or a valid exemption may be excluded from the school and/or school environment.

All information distributed to parents/guardians by the district will inform them of their rights to seek an exemption from immunization requirements.

*Note: This policy must be included in the Annual Notification to Parents/Guardians and Behavioral Code of Conduct.*
