

Student Teaching

The Board authorizes the district to permit accredited teacher training colleges and universities to place student teachers in district schools for the purpose of providing field experiences in teacher education.

Student teachers shall be placed with experienced teachers of demonstrated competence. While no staff members will be required to supervise student teachers, it is felt that professionally interested teachers will volunteer to do so from time-to-time. Teachers new to the district and those having three years or less of teaching experience normally will not be asked to undertake such responsibilities. Any compensation received by the Board shall be paid to the supervising teacher, and, if set forth in an agreement, to the student teacher.

The duties and responsibilities of the student teacher shall be determined by mutual agreement between the district and authorized representative of the college.

The assignment of student teachers shall be made through the department of human resources.
