AMENDMENT 23
Response to Requirements of House Bill 01-1232

(3)(a) On or before September 30, 2001, on or before June 30, 2002, and on or before each June 30 thereafter until and including June 30, 2010, any school district with a total enrollment of more than six thousand pupils shall, as part of its budget process, state how it plans to use the one percent increase during the next budget year.

For Fiscal Year 2007, the 1% increase from Amendment 23 represents \$1,358,811. The District plans to use these funds as follows:

Revenue

\$1,358,811	1% (Amendment 23)
<u>73,520</u>	To Charter Schools
<u>\$1,285,291</u>	St. Vrain Share

Expenditures

<u>\$1,285,291</u>	To promote student achievement and maintain small class size.
<u>\$1,285,291</u>	

Class Size Information

The table below reflects the student-to-teacher ratios for each grade level (K-3):

	<u>Average</u>	<u>Total No. of Classes</u>	<u>Number of Classes With Student-Teacher Ratios Greater Than:</u>	
			<u>17:1</u>	<u>23:1</u>
Kindergarten	21.7	84	64	20
1 st Grade	18.4	85	58	27
2 nd Grade	17.9	84	65	19
3 rd Grade	<u>18.9</u>	<u>82</u>	<u>50</u>	<u>32</u>
	<u>19.2</u>	<u>335</u>	<u>237</u>	<u>98</u>

The District will utilize the increase to employ additional teachers to maintain and reduce class size where possible. However, over-capacity in some locations has prevented providing additional classes. The District will be constructing new elementary schools with the bonds authorized in November, 2002.

BUDGET INFORMATION

The Superintendent's Budget is the District's annual operating budget. The following information is intended to provide a general understanding of the budget process and resulting budget document.

Fund Accounting

The District uses funds to report its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked funds (special revenue funds), and the servicing of long-term debt (debt service funds). The following are the District's major governmental funds:

General Fund – The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include local property taxes, specific ownership taxes, and State of Colorado equalization funding, as determined by the School Finance Act of 1994, as amended.

Expenditures include all costs associated with the daily operation of the schools, except for programs funded by grants from federal and state governments, school construction, certain capital outlay expenditures, debt service, food service operations, extracurricular athletic and other pupil activities, and insurance transactions.

Debt Service Fund – The District has one debt service fund, the *Bond Redemption Fund*. This fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs. The fund's primary revenue source is local property taxes levied specifically for debt service.

Capital Projects Fund – The District has one capital projects fund, the *Building Fund*. This fund accounts for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings or initial, additional and replacement equipment.

The other governmental funds of the District are Special Revenue Funds – These funds account for revenues derived from earmarked revenue sources, including transfers from the General Fund, charges for supporting educational services, and tuition. Special Revenue Funds consist of the *Capital Reserve Fund, Community Education Fund, Fair Contributions Fund, Governmental Designated Purpose Grant Fund, and Vance Brand Civic Auditorium Fund*.

Proprietary Funds focus on the determination of the changes in net assets, financial position, and cash flows and are classified as either enterprise or internal service.

Enterprise Funds may be used to account for any activity for which a fee is charged to external users for goods or services. The District's only enterprise fund is the following:

Food Service Fund – This fund accounts for the financial transactions related to the food service operations of the District.

Internal Service Funds account for the financing of services provided by one department or agency to other departments or agencies of the District, or to other governments, on a cost reimbursement basis. The District has two internal service funds as follows:

Risk Management Fund – This fund is used to account for the payment of loss or damage to the property of the District, workers' compensation, property and liability claims, and the payment of related administration expenses.

Minimum Medical Insurance Liability Fund – This fund accounts for the collection of health and dental insurance from employees and the District from which the insurance company's retention and pooling fees, as well as claims, are paid.

Fiduciary Funds – Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The *Student Scholarship Fund* is the District's only trust fund. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's only agency fund is the *Student Activity Fund*.

An additional \$5,735,000 of reserved fund balance is also appropriated in the General Fund. The reserved fund balance includes \$400,000 for deposits, inventories, and prepaid items, \$500,000 for prior year encumbrances, \$4,698,289 for instructional materials and supplies from prior years, and \$136,711 for multiple year contracts. ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

GENERAL FUND BUDGET DEVELOPMENT ASSUMPTIONS

1. 2007 Fiscal Year Budget
This budget for the school year July 1, 2006 - June 30, 2007 (FY07) is presented based on the Colorado Public Schools Finance Act of 1994, as amended.
2. Pupil Membership
The budget is based upon an estimated student headcount of 23,437 as of October 1, 2006. This is an increase of 798 (3.52%) over the October 1, 2005 membership count.
3. Funded Pupil Count
As described above, membership count is the actual number of students attending SVVSD. Funded pupil count (FTE) is based on whether those students attend classes full time or half time (i.e., kindergarten students count as 1 student but 0.5 funded pupil count). The FTE is estimated to be 22,382, an increase of 746.5 (3.45%) above FY06.
4. Instructional Capital Outlay, Supplies/Materials
The Finance Act requires the District to budget \$3,849,704 for FY07 for instructional capital outlay, supplies, field trips, and library books. This is based on 22,382 pupil FTE X \$172. In addition, an expected carryover of unexpended amounts from prior years of \$4,698,289 is included in the budget for FY07 as required. This carryover is detailed on page A-19.
5. Capital Reserve/Risk Management
Direct allocation of funding to the Capital Reserve Fund and Risk Management Fund is required to be \$279 per District pupil FTE (net of charter school FTE) for FY07. The total for FY07 is \$5,875,461, with \$1,394,581 to the Risk Management Fund and \$4,512,128 to the Capital Reserve Fund.
6. State Equalization Program
The District will receive \$6,258.30 per pupil FTE as per pupil revenue (PPR) for FY07, as compared to \$6,063.76 for FY06, an increase of \$194.54 (3.21%). After the minimum required transfer to Capital Reserve and Risk Management Funds of \$279 per pupil FTE, the District will realize \$5,979.30 as per pupil operating revenue (PPOR). The PPOR for FY07 increased \$186.54 or 3.22% over FY06.

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

GENERAL FUND BUDGET DEVELOPMENT ASSUMPTIONS (continued)

7. Charter Schools

The District must account for 100% of the District's per pupil revenue multiplied by the funded pupil count of the charter schools estimated to be as follows:

	<u>FTE</u>	<u>PPR</u>
Carbon Valley	297	\$ 1,858,715
Flagstaff Academy	344	2,152,855
Twin Peaks	423	2,647,261
Ute Creek	<u>147</u>	<u>919,970</u>
	<u>1,211</u>	<u>\$ 7,581,930</u>

8. Contingency Reserve

For FY07, the 2.0% contingency reserve is contained in the combined budgets of the Community Education, Food Service, and Risk Management Funds.

9. TABOR Emergency Reserve

The TABOR Reserve is funded as required per Article X of the State Constitution (TABOR Amendment) using a combination of a portion of the fund balance of the Risk Management Fund, held in cash and investments, and the designation of undeveloped land.

10. School Allocations

Schools are being allowed to carry over unexpended budgets into FY07 from FY06. This will allow them to plan for larger expenditures that may be required.

BOND REDEMPTION FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

BOND REDEMPTION FUND

The Bond Redemption Fund is a debt service fund used to account for property taxes levied and investment income earned, to provide for payment of general long-term debt principal retirement, semi-annual interest, and related fees.

The District's long-term debt, in the form of general obligation bonds, totals \$272,770,000 as of June 30, 2006. The budgeted amount for this debt service in Fiscal Year 2006-07 is \$24,811,668. Property taxes provide 98% of the revenue for this fund, with investment income providing the rest.

The legal debt limit is the greater of 25% of the District's assessed valuation or 6% of the actual value. The debt limit as of June 30, 2006, based on 6% of actual value, is estimated to be approximately \$916 million. This is the estimated debt limit of the District. If the legal limit were to be based on 25% of the District's 2005 assessed valuation of \$1.888 billion, the legal debt limit would be \$472.1 million. The debt limit of \$916 million exceeds the net amount of the District's bonds payable, less funds available for debt service payment, by approximately \$612 million.

The District's enrollment has been increasing from 1.6% to 4.4% per year and continued annual increases of approximately 3% are expected for the next several years. District needs for additional school facilities are expected to continue to increase in subsequent years. The need for the issuance of bonds to provide for these school facilities is carefully considered with the assistance of the Long-Range Facilities Planning Committee. The Board of Education approved a bond issue request for the November 2002 ballot and \$212.9 million of additional school bonds were approved by the voters. As of June 30, 2006, \$156,100 of the 2002 bonds have been issued.

The property tax levy for principal and interest on bonds is budgeted at 14.230 mills for 2006, which is approximately 35.7% of the total projected tax levy of 39.908 mills. The annual principal and interest payments on the currently outstanding bonds decrease annually through 2025 when they are fully repaid. No significant financial impact on current or future operations of maintaining the scheduled repayment of the current long-term debt is expected.

BUILDING FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

BUILDING FUND

The Building Fund is a Capital Project Fund used to budget and account for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings or initial, additional and replacement of equipment.

To meet the facility needs caused by continuing increases in student enrollment, community representatives of the District Long Range Planning Committee developed and presented facility planning recommendations for new school facilities and other school improvement projects to the Board of Education for approval. Those recommendations resulted in the bond issue passed by the voters in November 2002 as described in the information presented regarding the Bond Redemption Fund.

As of June 30, 2006, the District has issued \$156,100,000 of bonds, resulting in over \$162.2 million including bond premiums. The proceeds have been used to construct six new schools and make various improvements and renovations to numerous other buildings. Based upon original cost estimates the completed projects have realized substantial savings. After total savings on all projects are determined, the Long Range Planning Committee will make recommendations to the Board for its use.

At this time there are four additional schools to be built with the remaining, unissued bonds. Construction of the remaining schools is on hold awaiting sufficient funding to cover the projected increase in expenses to operate them. Additional information regarding the remaining projects can be found on the following pages.

CAPITAL RESERVE FUND

The Capital Reserve Fund is used to account for revenue allocations from the General Fund and other revenues allocated to or earned in this fund, and the expenditures for the ongoing capital needs of the District, such as acquisition of land, building additions and improvements, and equipment purchases where the estimated unit cost is in excess of \$1,000.

In accordance with the provisions of the current School Finance Act, the District has allocated \$279 per student for the Capital Reserve Fund and the Risk Management Fund. This provides funding of \$4,512,128 to the Capital Reserve Fund and \$1,394,581 to the Risk Management Fund for the year ending June 30, 2007 (FY07).

Schools and departments submit project and equipment funding requests. Requests are evaluated and recommended by the Capital Reserve Committee and submitted to the Board of Education for final approval. A detailed list of approved expenditures for FY07 is shown on the following pages.

FAIR CONTRIBUTIONS FOR PUBLIC SCHOOL SITES FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

FAIR CONTRIBUTIONS FOR PUBLIC SCHOOL SITES FUND

This Special Revenue Fund was first established November 15, 1995 in accordance with the Intergovernmental Agreement Concerning Fair Contributions for Public School Sites between the City of Longmont and the St. Vrain Valley School District in order to collect monies for acquisition, development or expansion of public school sites based on the impacts created by residential subdivisions. Since that date, additional intergovernmental agreements have been set up with the Towns of Mead, Frederick, Erie, Lyons and Dacono. Additional fair contribution fees for public school sites are collected from Boulder County, Larimer County, and from individual developers in Weld County.

The fee is assessed according to the type of dwelling: single family, duplex/triplex, condo/townhouse, multi-family or mobile home. The fees are collected for use within the senior high school feeder attendance area boundaries, which serve the individual dwelling units.

FOOD SERVICE FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

FOOD SERVICE FUND

The Food Service Department plans, organizes, coordinates, evaluates, and is accountable for the Food Service Program within the District. The program operates on a financially self-supporting basis. The office staff assesses the needs of the department and its customers, sets measurable goals, and maintains a philosophy of customer service in dealing with students, parents, school staff, and the community.

The program purchases food and supplies for preparation and service of meals according to Federal Child Nutrition Program guidelines. The department prepares applicable records and reports to meet state and federal requirements. Employees are hired and scheduled for 39 school kitchen sites.

During the 2005-06 school year, approximately 1,883,427 lunches and 159,394 breakfasts were served to students. Daily food choices are available at all meals. Breakfast is served at 18 schools. There are nutritious a la carte items available at most schools, varying in type and cost for different grade levels.

Breakfasts and lunches served at school enable children to be ready to learn. School breakfasts are available to students who for a variety of reasons do not eat at home. Studies show that school breakfasts improve learning readiness by reducing visits to the nurses' office, increasing student attention and improving student behavior.

The Board of Education authorized an increase for the price of meals effective July 1, 2005, making the price of meals very comparable to other school districts in the surrounding area.

GOVERNMENTAL DESIGNATED PURPOSE GRANT FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

GOVERNMENTAL DESIGNATED PURPOSE GRANT FUND

The Governmental Designated Purpose Grant Fund is used to account for restricted state and federal grants.

GOVERNMENT GRANT PROGRAM DESCRIPTIONS

For FY 2006-07 the NCLB Act of 2001 remains the directive for the consolidated grants. Briefly, the Act provides more funds in formula driven rather than competitive grants; more emphasis on school assessments and accountability; standards-based (scientifically measurable) education, more reliance on the CSAP for determining AYP (average yearly progress); increased use of technology in the classroom; requirements for teacher and principal certification; school choice; sanctions for schools that do not meet AYP; and increased flexibility for moving funds within programs. The Consolidated Grant is designed to be integrated district-wide with funds of one program supporting the goals of another.

Consolidated Grants (Reauthorization scheduled for 2007)

Title I: Basic

This federally funded program is designed to offer intensive supplemental reading, language arts and math instruction to students who are not performing at grade level proficiency. Students are selected for participation based on district assessment and teacher referral. St. Vrain emphasizes K-3 programming. Reforms for 2002-03 provide more accountability for AYP; require certification for teachers and paraprofessionals, and parental school choice for those students whose schools are designated as "on improvement." Early reading programs are heavily emphasized. Provisions include funds for Migrant Children, Neglected and Delinquent Children, Dropout Prevention, and Advanced Placement Fee waivers.

Title II: Part A: Preparing, Training and Recruiting High Quality Teachers and Principals

Combines Eisenhower and Class Size reduction grants to provide reform of teacher and principal certification, establishes an alternative certification process, provides funds for professional development to achieve certification in core teaching areas by FY 2006-07. Paraprofessionals are included in certification process.

Title II: Part D: Technology

Provides a state formula grant to support the integration of educational technology into classrooms to improve teaching and learning.

Title III: English Language Acquisition, Language Enhancement

Consolidates the Bilingual Education Act with the Emergency Immigrant Education Program. Grants are now formula based, rather than competitive. Reform will focus existing programs on teaching English to limited English proficient children, and holding states accountable for LEP students attaining English. Provides provisions for parental rights, flexibility of teaching methods, standards based testing and accountability.

Title III: English Language Acquisition, Language Enhancement Set Aside:

Funds are awarded to districts that have experienced significant increase (compared to the average of the two preceding fiscal years) in the number of immigrant children and youth.

Title IV: Part A: Safe and Drug-Free Schools

Drug-free schools money is designated by Congress to support programs that prevent violence in and around schools and the illegal use of alcohol, tobacco and drugs. Grants made to Local Education Agencies may support school drug and violence prevention, early intervention, rehabilitation referral, and education in elementary through secondary schools.

Title V: Innovative Programs

Retains the old Title VI programs and expands the list of targeted innovative program areas to 27. Provides funds for charter schools.

State Grants

Alternatives for Youth (Competitive grant: may continue)

Provides services for expelled students and expulsion prevention programs.

Charter School Startup Grant Program (Competitive grant: may continue)

Startup and implementation grants may be awarded for up to three years for expenses associated with professional development, board training, facility code issues, library development and technology.

Capital Construction Grant Program (Competitive grant: may continue)

This program allows districts to request funds for one-time stand-alone projects that can be completed within one year. It also allows requests for funds over multiple years for more complex and larger projects that can be completed in phases. However, funds are appropriated for one year and can be awarded for only one year—future year requests may not be funded.

Federal Grants

Power Educators (Competitive grant: may continue)

A competitive grant awarded in addition to the formula grant, Title II: Part D: Technology. Supports the integration of technology in the classroom to improve teaching and learning.

IDEA - PL 94-142 - Part B (Entitlement: will continue indefinitely)

Originally, Part B monies were to fund 40% of excess costs that local districts would incur in meeting the individual education plans of all students with disabilities as outlined in the Public Law. At the present time, it accounts for about eight to ten percent. Annually, the number of students identified through a December 1 count determines the amount of money received.

IDEA - PL 99-457 – Preschool (Entitlement)

Preschool funds were generated to provide local school districts with additional funding to help meet the needs of preschool students (ages 3-5) identified as disabled. The amount of money received is annually determined by the number of students identified in this category through a December 1 count.

Carl Perkins - Vocational Education (Federal Program: no expiration noted)

The Carl Perkins Grant provides funds to secondary programs that serve special populations in vocational settings. Integrated academics, technology and the "New Basics" are also to be in place in programs receiving funds.

McKinney - Education of the Homeless (Federal Program: no expiration noted)

Funded under the McKinney Act, this grant provides assistance to homeless children and youth within the District. The purpose of this assistance is to be sure that these children are enrolled in school, regularly attending, and succeeding academically. Some funds provide training for school personnel about the needs and rights of the homeless. These grant funds also support the Education Center at the Inn Between.

School to Work Alliance Program (SWAP) (Federal Program: no expiration noted)

SWAP is a collaborative program between the Colorado Department of Education, Vocational Rehabilitation and the school district that provides a new pattern of services for students with mild/moderate disabilities that leads to competitive employment.

Literacy Center (Federal Program: no expiration noted)

The Colorado Department of Adult Education provides flow-through funds from the Federal Adult Education Act for the operation of four regional Literacy Resource Centers for housing materials and facilitating workshops directed at staff development for federally funded adult education programs. These funds are provided for programs addressing the educational needs (below secondary completion) of learners who are not in a traditional school setting.

MINIMUM MEDICAL INSURANCE LIABILITY FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

MINIMUM MEDICAL INSURANCE LIABILITY FUND

This is an internal service fund which collects premiums and pays claims for medical and dental plan benefits. The District entered into a limited liability contract with CIGNA HealthCare, which is an insured contract, not a self-insured or administrative service only agreement. This agreement limits the District's maximum liability to the total of its premiums. This contract is subject to Colorado State Insurance Regulations.

The District pays a premium to CIGNA HealthCare that is determined at renewal (October 1st each year) to appropriately reflect the administrative, risk, and profit charges required to provide coverage to District employees. If the District terminates its contract with the insurance company, the District is responsible for run-off obligations, which have been reserved in the Fund's fund balance.

RISK MANAGEMENT FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

RISK MANAGEMENT FUND

The Risk Management Fund is used to account for the payment of loss or damage to the property of the school district, liability claims, workers' compensation claims, and related administrative expenses. The main source of revenue is defined by the School Finance Act and is a transfer from the General Fund. In accordance with the provisions of the current School Finance Act, the District has allocated \$279 per student for the Capital Reserve Fund and the Risk Management Fund. This provides funding of \$4,512,128 to the Capital Reserve Fund and \$1,394,581 to the Risk Management Fund for the year ending June 30, 2007.

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The District plans to provide for or restore the economic damages of those losses through risk retention and risk transfer.

The District is a member of two public entity risk sharing pools. The District's share of each pool varies based on exposures, the contribution paid to each pool, the District's claims experience, each pool's claims experience, and each pool's surplus and dividend policy. The District may be assessed to fund any pool surplus deficit.

Since July 1, 2002, the District has been a member of the Colorado School Districts Self Insurance Pool for property and liability insurance. The District has insurance deductibles of \$50,000 (property), \$150,000 (general liability), and \$25,000 (vehicle liability) per claim.

Prior to July 1, 2002, the District purchased its property and liability insurance from the Northern Colorado School Districts Property Self Insurance Pool, and the Northern Colorado School Districts Liability Self Insurance Pool, respectively. These two pools have since been dissolved. The remaining assets from the two pools are now held in a joint account with the other former members (Park School District and Thompson School District) to meet the run-off obligations as described in the dissolution plans. The remaining assets are sufficient to meet these run-off obligations, according to the actuarial reports dated June 11, 2003, and July 12, 2004.

Since July 1, 1985, the District has been a member of the Northern Colorado School Districts Workers' Compensation Self Insurance Pool. The other current pool members are Park School District (Estes Park) and Windsor School District. The workers' compensation pool discontinued insurance operations effective July 1, 1998, and resumed insurance operations on July 1, 2003. During the intervening years, insurance coverage was obtained outside the pool. The District's deductible was \$50,000 per claim for the year ended June 30, 2006.

STUDENT ACTIVITY FUND

ST. VRAIN VALLEY SCHOOL DISTRICT RE-1J

STUDENT ACTIVITY FUND

The Student Activity Fund is used to record financial transactions related to school-sponsored pupil interscholastic and intra-scholastic athletic and related events. Accounting is maintained for each District school and some departments, and separate activities within each location. Revenues are provided by the sale of activity tickets, athletic event admissions, fundraising events, user and club fees, fund raising retail grocery store certificates, interest income, and miscellaneous sources. Expenditures support extracurricular activities and athletics.

Extracurricular activities draw a large numbers of students at the high school level. Athletic and activity involvement is considered an integral part of the high school experience, which allows students to engage in common interests with others, develop leadership qualities, and make contributions to their schools and communities. All clubs, sports, and programs are supervised by faculty advisors and coaches, who provide direction and leadership to the participants.
