As authorized by the Board of Education, the Facility Use Office has the authority for approval of all contracts and special provisions contained therein. Applicants and users shall contact the Facility Use Office to make facility use and equipment requests rather than directly contacting schools.

B. Hours of Use

Use of District facilities by community groups is only permitted after regular school hours and when extracurricular activities are not occurring. Community use of indoor facilities will conclude by 9 pm on school days unless prior arrangements have been made through the Facility Use Office. Indoor use during spring break, winter break, summer, or non-student contact days is not permitted. Ongoing year round activities such as Sunday morning church services are exempted. When a school is closed due to weather, emergencies, construction, maintenance, or repairs, community use is not permitted.

C. Request Due Date and Lead Time for Requests

All requests for use of District facilities will be made to the Facility Use Office at least 10 calendar days prior to the requested use. Contract requests may not be acted on more than three months in advance of the requested use date except where scheduled publication requires a longer lead time and facility availability can be confirmed.

D. Contract Request

By signing the Contract for Community Use of District Facilities and Grounds, the applicant must be a representative who is at least 21 years old and authorized to conduct business on behalf of the sponsoring organization or individual. This representative will be considered the legal agent of the group and as such will be responsible for compliance with all conditions for facility use.

Further, the applicant agrees:

- 1) To indemnify, hold harmless, and release the St. Vrain Valley School District RE-1J and its personnel from any damages, loss of property within the premises, and/or liability for the injury or death of any person arising from the utilization of the premises approved for use in the contract.
- 2) To be legally responsible for the conduct and control of both patrons and participants.
- 3) To use the school facilities according to Board Policy and these administrative procedures.
- 4) To be financially responsible for the repair or replacement, at the discretion of the District, of damaged facilities and/or equipment resulting from approved use.

E. Insurance

When applicable, a contract will be approved when the applicant meets the District's insurance requirements in effect at the time of the request. When proof of insurance is required, the applicant shall provide a Certificate of Liability Insurance with a minimum of \$1 million in general liability limits and indicating that the St. Vrain Valley School District is an additional insured.

F. Approval

If for any reason a question arises concerning facility use, the school administrator or designee may deny use of the facility unless the approved contract is presented.

H. Invoice

When a contract is approved, an invoice for costs associated with the use will be sent to the user. In certain circumstances, the invoice will be generated after the event and sent to the user. Payment in full is due within 30 days of receipt of the invoice. Payments in advance of the use may be required. In certain circumstances when approved by the Facility Use Office, installments may be made. Checks or money orders should be made payable to "SVVSD" and forwarded to the Facility Use Office.
