<p>Overview of Gifted and Talented</p>	<p>Flagstaff Academy is committed to provide support for all students to reach their potential. The mission of our gifted programming is to provide identified students with rigorous, engaging and challenging educational opportunities which are responsive to their individual strengths and needs so that they will achieve academic and personal growth commensurate with their abilities. Students identified as gifted and talented create an Advanced Learning Plan (ALP). The students in the Gifted and Talented program experience training in creativity, critical thinking, problem solving, and logic.</p>
<p>Programming and Enrichment Opportunities</p>	<p>Flagstaff Academy has a Gifted and Talented teacher on site who works directly with gifted students. Identified pupils in grade K-5 are provided pull-out services 1-4 times weekly depending on scheduling. I have created Gifted and Talented Activities to support the Core Knowledge sequence and classroom content.</p> <p><u>Affective/Social Emotional Learning</u></p> <ul style="list-style-type: none"> ● Renzulli Learning ● Affective Jacob’s Ladder Reading Comprehension Program ● Mark Hess Social & Emotional Curriculum for Gifted Students (3rd-5th grade) ● 7Mindsets (school wide) <p><u>Mathematics</u></p> <ul style="list-style-type: none"> ● Advanced math classes (3rd-8th grade) ● Envisions 2.0 Enrichment for GT students (Kindergarten-5th grade) ● Noetic Learning Math Competition (2nd-5th grade) ● MathCounts Competition (6th-8th grade) <p><u>Critical Thinking</u></p> <ul style="list-style-type: none"> ● Primary Education Thinking Skills Curriculum (K-3rd grade) ● Future Problem Solvers (4th-8th grade)

<p>School Focus</p>	<p>Flagstaff Academy is the premier Science and Technology preK-8th grade charter school in the St. Vrain Valley School District. Flagstaff Academy is the only school in the St. Vrain Valley School District, as well as the only charter school in Colorado, to have a geodesic dome Greenhouse Classroom. The mission at Flagstaff Academy is to develop students who are equipped to be well-rounded, ethical leaders in the world community with a foundation based on science and technology.</p>
