<b>School Contact Information</b>	Mead Middle School <a href="http://mms.svvsd.org">mms.svvsd.org</a> Main Office: (970) 535-4446
<b>Overview of Gifted and Talented</b>	At Mead Middle School, students complete their ALP's with the site leader and then work with their classroom teacher in their subject area to complete their goals of projects or differentiated instruction. Students have the opportunity to work with the GT site leader during advisory on a passion project of their choice. The projects are based upon their subject area but include an additional interest of the students. Students create bog questions and collect research to try and answer their questions. Students build a digital presentation that they share and present with the GT advisory class. Students join a GT book study with the site leader during advisory. Students write reflections on different sections of the book. This year's book study was "101 Success Secrets for Gifted Kids" by Christine Fonseca, 2011.
<b>Programming and Enrichment Opportunities</b>	We have many after <a href="#">enrichment opportunities</a> that have a high level of participation and engagement.
<b>Social Emotional Support</b>	Mead Middle School has a team of two counselors who provide our students with assistance as needed. <a href="#">Social Emotional Learning</a> is also an integral part of the curriculum. <a href="#">Meet the Mead Middle School Counseling Team.</a>
<b>School Focus</b>	Mead Middle School is an <a href="#">EXCELL</a> school that focuses on clubs and <a href="#">activities</a> . Listed are some of the options open to students at Mead Middle School. <a href="#">National Junior Honor Society</a> Art Club Best Buddies Coding Club Craft Club Geography Club Jazz Band
