Important Questions	Answers	Why this Matters:
What is the overall deductible?	\$2,000 person / \$4,000 family In-network \$4,000 person / \$8,000 family Out-of-network	Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes. Some copays and Preventive care services are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$4,000 person / \$8,000 family In-network \$8,000 person / \$16,000 family Out-of-network	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Penalties, premiums , balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.umar.com or call 1-844-212-1134 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.

Additional cost-saving programs may be available to plan participants that are not described in this document. Contact you employer for additional details.

Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

PrudentRx Program Additional Information

Copay assistance is a process in which drug manufacturers provide financial support to patients by covering all or most of the patient cost share for select medications - in particular, specialty medications. The PrudentRx Copay Program will assist members in obtaining copay assistance from drug manufacturers to reduce a member's cost share for eligible medications thereby reducing out-of-pocket expenses. Participation in the program requires certain data to be shared with the administrators of these copay assistance programs, but please be assured that this is done in compliance with HIPAA.

If you currently take one or more medications included in the PrudentRx Program Drug List, you will receive a welcome letter and phone call from PrudentRx that provides specific information about the program as it pertains to your medication. All eligible members are enrolled in the PrudentRx program via an easy twostep process: 1) The first step of enrollment is already complete as your member information is on file with PrudentRx and 2) You need to call PrudentRx at 1-800-578-4403 within the next 5 days to register for any copay assistance available from drug manufacturers. You can choose to opt out of the program and you must call 1-800-578-4403 to opt-out. Some manufacturers require you to sign up to take advantage of the copay assistance that they provide for their medications – in that case, you must speak to someone at PrudentRx at 1-800-578-4403 to provide any additional information needed to enroll in the copay program. PrudentRx will also contact you if you are required to enroll in the copay assistance for any medication that you take. If you do not return their call, choose to opt-out of the program, or if you do not affirmatively enroll in any copay assistance as required by a manufacturer you will be responsible for the full amount of the 30% co-insurance on specialty medications that are eligible for the PrudentRx program. If you or a covered family member are not currently taking, but will start a new medication covered under the PrudentRx Copay Program, you can reach out to PrudentRx or they will proactively contact you so that you can take full advantage of the PrudentRx program. PrudentRx can be reached at 1-800-578-4403 to address any questions regarding the PrudentRx Copay Program.

The PrudentRx Program Drug List may be updated periodically by the Plan.

Copayments for these medications, whether made by you, your plan, or a manufacturer's copay assistance program, will not count toward your plan deductible. Because certain specialty medications do not qualify as "essential health benefits" under the Affordable Care
