EXECUTIVE SUMMARY

ADOPTED BUDGET

2023 - 2024 Fiscal Year

SUPERINTENDENT'S BUDGET MESSAGE

Date: May 24, 2023

TO: Board of Education and Citizens of the St. Vrain Valley School District

This St. Vrain Valley School District General Fund budget, together with the budgets for other funds for Fiscal Year 2024, is the current expenditure plan for all funds generated through local, state and federal sources, commencing July 1, 2023 and extending through June 30, 2024. This document includes financial, budgetary, and program information that we believe will provide the user with a better understanding of the District's operations. Financial negotiations with the St. Vrain Valley Education Association (SVVEA) were successful. Therefore, the accompanying General Fund budget has been prepared showing the adjustments to compensation as agreed to with the SVVEA.

The General Fund budget appropriation for 2023-24 is \$594,088,225, which includes appropriated expenditures of \$434,603,238 and fund balance of \$159,484,987.

The following summary provides appropriated expenditures by fund, including appropriated District reserves. Additional detailed information summarized by fund, operating activity, individual school, and department, as well as other pertinent information is included in the accompanying financial budget document.

The 2024 fiscal year budgets of the St. Vrain Valley School District will provide instructional and support services for a student body membership of approximately 33,000 students.

The program budgeting process is based primarily upon the Board-adopted Mission Statement, the District's Strategic Priorities and the goals set by the District's Board of Education.

All final revenues and expenditures are within current limitations established by Colorado Revised Statutes and the TABOR Amendment.

The annual budget development is a cooperative effort between the St. Vrain Valley District's Board of Education, staff, and community. We continue to appreciate the time and support provided by those contributing to the process, especially the Finance and Audit Committee. We invite further participation of anyone interested in helping provide a high quality education for our children.

Respectfully,

<signature on file>

Don Haddad, Ed.D. Superintendent of Schools

APPROPRIATION RESOLUTION

Be it resolved by the Board of Education of St. Vrain Valley School District RE-1J in Boulder, Weld, and Larimer Counties and the City and County of Broomfield that it hereby appropriates the amounts shown in the following schedule to each fund for the ensuing fiscal year beginning July 1, 2023, and extending through June 30, 2024, and adopts the budgets related thereto.

Be it further resolved that the Board authorizes the use of a portion of beginning fund balance for the funds indicated in the following schedules, the use of which will not lead to an ongoing deficit in those funds.

DISTRICT GOALS AND OBJECTIVES

VISION

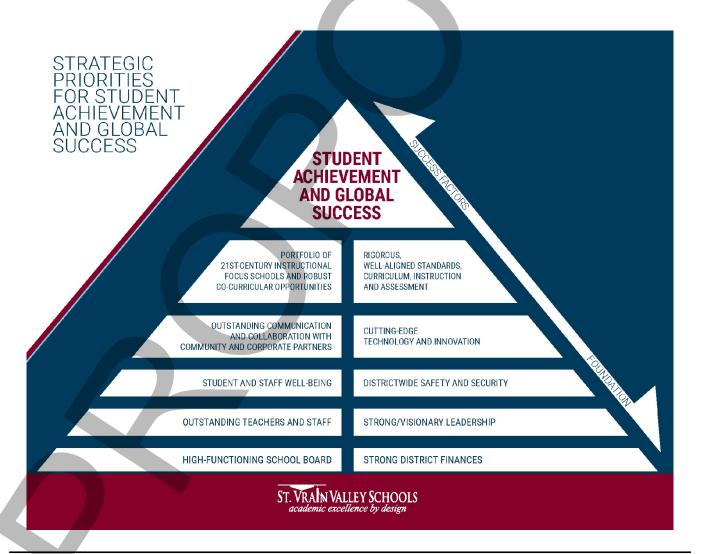

To be an exemplary school district which inspires and promotes high standards of learning and student well-being in partnership with parents, guardians, and the community.

MISSION

To educate each student in a safe learning environment so that they may develop to their highest potential and become contributing citizens.

STRATEGIC PRIORITIES

Our vision and mission are achieved through a focus on ten strategic priorities that support the advancement of student achievement and global success.

District Goals and Objectives

SIGNIFICANT TRENDS, EVENTS, AND INITIATIVES

COVID-19 Pandemic

The COVID-19 pandemic has had a major impact on the world, with the District being no exception. In March of 2020, schools were closed just before Spring Break to help prevent the spread of COVID-19, and soon after, the district pivoted to provide high-quality instruction to its students through virtual formats. For the 2020-21 school year, virtual and hybrid learning options provided for the high-quality education of students as children returned to the classroom on a part-time basis. The District returned to full, in-person learning 5 days per week for the 2021-22 school year, and provides a virtual learning option (LaunchED) for students and families who prefer to continue their education in that format. In 2022-23, in-person learning largely returned to normal, but the district continues to offer the LaunchED and the St. Vrain Virtual Academy online learning opportunities going forward.

LaunchED Virtual Academy

Started in the 2020-21 school year, the St. Vrain LaunchED Virtual Academy is the District's virtual learning school that provides a fully-accredited online alternative for Kindergarten through 12th grade students. The curriculum is taught by licensed St. Vrain Valley Schools educators in a synchronous learning environment that advances academic excellence while supporting and fostering student development. Prior to this year, LaunchED was classified as a "Single-District Online School" which allows any in-district student to participate, but limits enrollment to only 10 out-of-district students. For the 2023-24 school year, the school converted to a "Multi-District Online School." This change will reduce the funding received for each participating student, but the District will be able to enroll and serve any interested student across the State of Colorado.

Opening of Highlands Elementary

In the fall of 2021, St. Vrain Valley Schools opened its newest school, Highlands Elementary in the Erie Highlands neighborhood within the town of Erie, Colorado. This new school was opened in order to meet the high student growth needs occuring within the area. Highlands Elementary was the final school built using the 2016 voter-approved capital construction bonds.

Project Launch

In order to better serve the students in the community, the District expanded its summer programming to alleviate pandemic-related learning loss and provide a breadth of options for students to accelerate their education. Among these offerings was Project Launch, which was started in the summer of 2021 and provides a four-week, 16-day summer focus program for students in grades K-7. The program affords the opportunity for students to master grade level content in math and language arts, and participate in STEM extension activities. Project Launch is provided at no cost to families.

AAA (Achievement Acceleration Academy)

AAA is a new program at St. Vrain that is designed to provide an extended day for all learners, in order to strengthen their literacy and math skills. AAA is taught after school in a small-class environment with explicit instruction by teachers on core academic topics to ensure students receive the targeting learning they need.

SIGNIFICANT FINANCIAL AND DEMOGRAPHIC CHANGES

Total Program

The State of Colorado's Total Program Formula Funding at St. Vrain for FY24 increased by almost \$28M (9.5%) compared to FY23, due to increased state formula allocations funded by strong economic growth and increased property taxes. The State's portion of funding for such (State equalization) increased from \$154.4M to \$166.6M alongside the increase in the local property tax share, which is discussed in the "Tax Base and Rate Trends" section.

Student Growth

For FY24, the District's enrollment is anticipated to increase by 864 to 33,463. Most of this change is due to an anticipated increase in Preschool enrollment as a result of the new Colorado Universal Preschool Program. The district has seen enrollment changes ranging from -4.70% and 3.49% per year over the past five years. Annual increases of approximately 0.50 - 0.80% are expected over the next several years.

Funded Pupil Count

The District's certified Fund Pupil Count (FPC) is anticipated to decrease by 278.5 to 30,990.7, a change of -0.89% compared to last year. This is due to the removal of the CPP and PreK Special Education counts from Total Program Formula funding due to the implementation of the Colorado Universal Preschool Program.

Pandemic Relief

The District has received more than \$49M in various COVID-19 Pandemic relief funds over the past 3 years, most of which is now sunsetting. The District is not poised to encounter a funding cliff, however, due to strategic budgeting to ensure ongoing programs were not being sustained by these temporary resources.

Free/Reduced Lunch

In FY23, 32.21% of the District's student population were eligible for free or reduced lunch. This is compared to 27.36% in FY22. In November of 2022, Colorado voters approved Proposition FF, funding the "Healthy School Meals for All Program." Starting in the 2023-24 school year, this will supplement federal funds with state funds to allow the District to provide breakfast and lunch for all students, regardless of their F/R qualifying status.

Universal Preschool

In November of 2022, Colorado voters approved Proposition EE, which provides funding to allow all eligible students to receive part-time, tuition-free Preschool programming. St. Vrain's preschool program was previously funded through state funds from the Colorado Preschool Program, from Preschool Special Education funding in the Total Program Formula, from the ECEA Special Education Categorical, and from Tuition Payments from Parents. All but the Categorical funding will cease in FY24 in lieu of a new allocation from the Colorado Department of Early Childhood (CDEC).

Personnel Resource Allocations

St. Vrain Valley Schools starts its personnel allocation process each February for the following school year. It begins with a systematic, formulaic student-based approach to ensure there is a minimum baseline of FTE (Full-time Equivalent personnel) made available for the effective operation of each school and department. Then, using this as a starting point, school, department, and central administration teams work with Human Resources and Finance to qualitatively analyze needs as the school year approaches, and work to allocate additional resources in order to target specific areas, maximizing learning for St. Vrain students.

Changes in Debt

The District's long-term debt, in the form of general obligation bonds, totaled \$433,555,000 as of June 30, 2022. On June 30, 2023 the total is expected to be \$384,060,000, a change of \$49,495,000. This change is a result of scheduled principal payments, as well as the early redemption of the District's 2012 bond series.

The legal debt limit of 20% of the District's 2022 assessed valuation of \$4.96 billion is \$991.6 million. This exceeds the net amount of the District's bonds payable as of December 31, 2022 by approximately \$558.0 million.

On December 15, 2021, the series 2012 bonds became subject to call and redemption. With sufficient resources available in its Bond Redemption Fund to be able to fund the early redemption of these bonds, administration determined it was advantageous and favorable to the District and its taxpayers to fully redeem and discharge the remaining \$16.4M of the series 2012 bonds early, on October 31, 2022. This reduced the longevity of the 2012 bond debt by more than 2 years, resulting in an interest savings of approximately \$847,000.

Additional information on the District's Debt Service can be found in the "Fund 31 - Bond Redemption Fund" section in the District's Fiscal Year 2024 Adopted Budget Document.

BUDGET DEVELOPMENT PROCESS

State of Colorado

The District's budget development timeline is guided by the State of Colorado's budget timeline and statutory requirements.

The State releases the Governor's budget proposal by November 1 which gives preliminary state budget information for the following school year. The School Finance Act, which determines state funding for school districts, is usually passed by the end of April, but has been delayed the past two years due to the fiscal uncertainties caused by the impact of COVID on the State budget. Funding is typically revised the following January after actual pupil counts and assessed valuation are finalized.

Within that context, the State requires that the District's proposed budget be presented to the Board of Education at least 30 days prior to the beginning of the fiscal year (July 1) and that the District publish a public notice within 10 days of submitting the proposed budget to the Board. A public hearing must be held after the publishing of the public notice and prior to the adoption of the budget. The budget must be adopted by the Board prior to the beginning of the fiscal year.

The State allows for districts to amend their budgets at any time prior to January 31. After January 31, a supplemental budget may be authorized only if additional funds become available to the District.

Budget Goals and Priorities

In January, the Finance Department provides the Board of Education with a long-term budget overview. The Board reviews the overview and accountability needs and works with the Superintendent to set the District focus, goals and priorities for the budget development.

Personnel

Because salaries and benefits account for 85% of the General Fund budget, the allocation of staffing resources is a critical part of the budgeting process. The process is facilitated by the use of staffing plans that are created by the Finance Department and distributed to each school and department by the Human Resources Department in early February. The staffing plans allocate the number of positions that each school and department may utilize in the upcoming year. They are completed collaboratively by Human Resources staff, central administrative staff and school/department staff. In March, the staffing plans are reconciled to the accounting software and controls are put into place to prevent hiring of staff beyond what is approved through the budgeting process.

The number of positions on each school staffing plan is determined by formulas and ratios using criteria such as projected enrollment numbers that are provided by the Planning Department, type of school (elementary, K-8, middle or high school) and risk factors such as eligibility for Title I funding and number of students that qualify for free or reduced meals. The Finance Department, Human Resources and Area Assistant Superintendents collaborate each January to finalize the criteria that is used. Additional positions are allocated to the schools by individual departments for specialized needs such as Special Education and Preschool programming. Schools may also request additional ongoing or one-year only positions to accommodate focus areas or specialized needs of the individual schools. The requests are typically submitted to the Superintendent's Cabinet in March and are approved in April based on district goals and priorities. In August and September, Human Resources works with Principals and Area Assistant Superintendents to review the staffing needs of the schools based on actual enrollment and reallocate staffing and/or request new positions at Cabinet if needed.

Department staffing plans are created by using the previous year's positions as a starting point. Additional positions funded by grants may also be added. Grant-funded positions must be reauthorized each year after verifying that funds will be available. Departments may also request additional staffing by submitting requests to Cabinet.

The District's compensation package is typically approved by the Board of Education in April or May following negotiations with the St. Vrain Valley Education Association. The compensation information is combined with the approved staffing allocations and available benefits enrollment information to establish the budget for salary and benefits. Updated insurance enrollment information is provided to the Budget office in October for inclusion in the amended budget.

Discretionary (Non-personnel) Budgets

Each school and department is allocated a non-personnel budget that is developed with the Finance Department's budget staff each February.

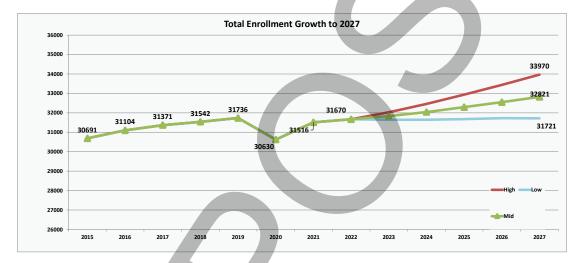

Funds are initially allocated to schools based on projected student enrollment numbers, and are updated mid-year once actual student counts are finalized.

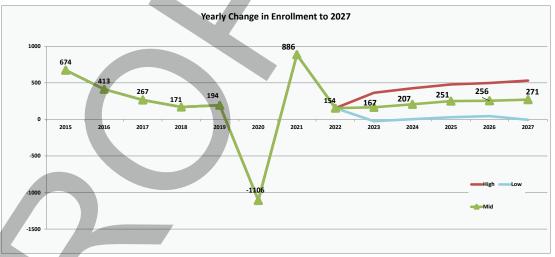

The allocations to departments use the prior year budget as a starting point, and additional funds may be requested and approved. Requests for additional funds, along with justification for the requests, are submitted to Cabinet in March and approved in April in alignment with the District's goals and priorities.

PROPERTY TAX FUNDING

Approximately 51.1% of the District's General Fund revenue comes from local property taxes (including mill levy overrides), amounting to about \$221.9 million. Property taxes also fund the repayment of the District's general obligation debt through the Bond Redemption Fund, amounting to \$87.1 million in FY24.

The amount of property tax owed by a taxpayer for the school district is based on the property's assessed valuation, multiplied by the district's mill levy, and then divided by one thousand (one mill is equal to one dollar per \$1,000 of assessed value). Assessed valuation and mill levy rates are certified annually each December, and collected the following year. The District's current mill levy is 58.385, which was certified in December of 2022 for collection in 2023. The assessed value of a property is determined by multiplying its market value (as determined by the County Assessor) by the assessment rate, which varies depending on the type of property. For example, to find the 2022 property tax owed in 2023 for a home with a market value of \$450,000:

Market Value	×	Assessment Rate	×	Mill Levy	T	1,000	=	Annual Property Tax
\$450,000	×	6.95%	×	58.385	/	1,000	= /	\$ 1,825.99

The District's total mill levy actually comprises four different levies. The General Fund Levy (26.995 mills) is the portion of Total Program Revenue that is set by the State and detailed on page 64. The Abatement Levy (0.250 mills) provides funding for previously assessed taxes that were abated or refunded by the county and were not received by the District in a prior tax year. The Mill Levy Overrides (13.590 mills) are voter-approved levies for operating expenses related to specific purposes, listed on page 62. Finally, the Debt Service Levy (17.550 mills) provides funding to pay the principal and interest payments on voter-approved general obligation bonds used to fund capital construction projects such as new schools and improvements to existing schools.

The table below shows the history of St. Vrain's property tax mill levies for the past 10 years:

ORGANIZATIONAL SECTION ADOPTED BUDGET 2023 - 2024 Fiscal Year

DISTRICT GOVERNANCE

The St. Vrain Valley School District RE-1J is a body corporate and a political subdivision of the State of Colorado. It was organized in 1961 for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries.

The District is governed by an elected seven-member board. School board members represent different geographic districts, but are elected by voters in the entire district. The unpaid board members serve four-year terms and are limited to two terms.

The District, under the governance of the Board of Directors, has the authority to determine its own budget, levy taxes, and issue bonded debt without approval from the State or by another government, making it fiscally independent.

DISTRICT GOALS AND OBJECTIVES

VISION

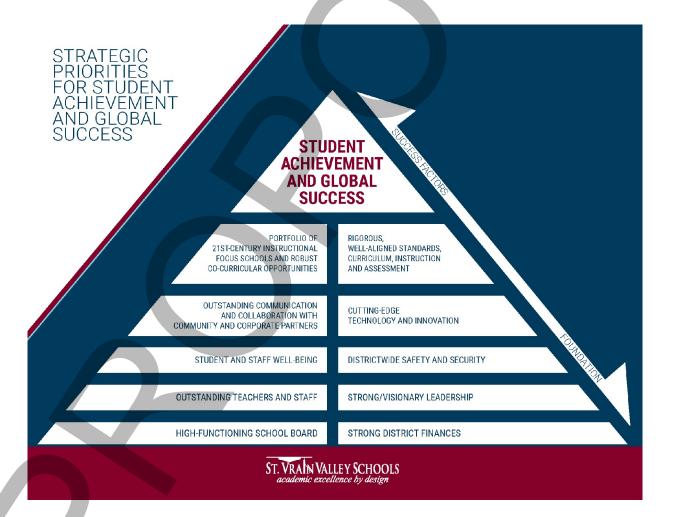

To be an exemplary school district which inspires and promotes high standards of learning and student well-being in partnership with parents, guardians, and the community.

MISSION

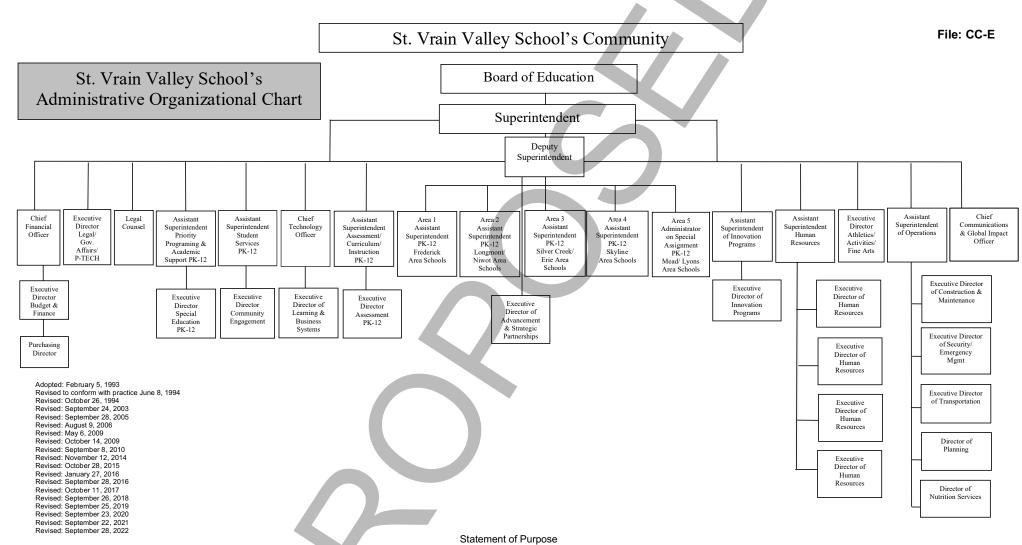

To educate each student in a safe learning environment so that they may develop to their highest potential and become contributing citizens.

STRATEGIC PRIORITIES

Our vision and mission are achieved through a focus on ten strategic priorities that support the advancement of student achievement and global success.

The leadership structure of the St. Vrain Valley School District represents a systems approach to student, teacher and staff achievement and well-being. This structure is designed to maximize organizational performance and optimize resources dedicated to the alignment of standards, curriculum, instruction and assessment, as well as technology, professional development, communications, and partnerships with business and industry, post-secondary institutions, parents and other stakeholders.

Organizational Chart 27

The St. Vrain Valley School District is projected to serve 33,463 PreK-12 students in 55 schools spread out over 411 square miles. These schools include 1 preschool center, 25 elementary schools, 3 K-8 schools, 8 middle schools, 1 middle/senior high school, 7 traditional high schools, 1 alternative high school, 2 online schools, 1 homeschool enrichment school and 6 charter schools.

The District also has 3 centers that serve students in specialized programs while the students are enrolled in their neighborhood schools. These are the Career Elevation and Technology Center, the Innovation Center and Main Street School.

In addition to PreK-12 education, St. Vrain Valley School District provides many opportunities for students to obtain post-secondary education through programs such as Pathways in Technology (P-TECH), Concurrent Enrollment at area colleges and universities, AP Classes and Industry Certifications.

New Meridian High School

New Meridian High School (formerly Old Columbine High School), an alternative High School that serves high school students from throughout the District, is located at our Global Acceleration Campus. New Meridian is a small structured school that allows students to earn credits on a quarterly basis and provides additional opportunities for developing the social skills needed to positively contribute to the community.

St. Vrain Virtual High School

St. Vrain Virtual High School (formerly St. Vrain Online Global Academy) serves 9-12 graders throughout the District. The program allows students the flexibility of completing their coursework at the time of their choice while having the benefit of local teachers in classrooms located at the Global Acceleration Campus to provide additional support and assistance.

St. Vrain LaunchED Virtual Academy

LaunchED was established in 2020 as an online instructional program to provide an option for students with health concerns or other special circumstances that prevented them from attending school in person. In FY22, LaunchED became a fully-accredited online school available to all District students from grades K-12. The online classes are taught by St. Vrain Valley School District staff, utilizing District curriculum and incorporating a variety of high-quality academic and curricular resources. LaunchED classes align with Colorado Academic Standards and District expectations for each grade level K-12.

Innovation Center

The Innovation Center (IC) is in Longmont and serves high school students from throughout the District in programs that provide experiential opportunities that focus on designing and engineering technology solutions for industry and community partners. The Innovation Center was created to provide professional STEM experiences through industry partnerships and paid work for students. In addition to multiple programs for obtaining post secondary credit, IC offers the following programs and certifications:

- Aeronautics
- Bioscience
- Cybersecurity
- Entrepreneurship
- IC Studios
- Information & Communications Technology
- P-TECH
- Pathways to Teaching (P-TEACH)

BUDGET INFORMATION

The Superintendent's Budget is the District's annual operating budget. The following information is intended to provide a general understanding of the budget process and resulting budget document.

Fund Accounting

The District uses funds to report its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a balanced set of accounts.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked funds (special revenue funds), the acquisition, construction or remodeling of major capital facilities (capital projects funds), and the servicing of long-term debt (debt service funds). The District's major governmental funds are the General Fund (including the CPP and Risk Management Funds as subfunds), Bond Redemption Fund, and the Building Fund:

General Fund – The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include local property taxes, specific ownership taxes, and State of Colorado equalization funding, as determined by the School Finance Act of 1994, as amended.

Expenditures include all costs associated with the daily operation of the schools, except for programs funded by grants from federal and state governments, school construction, certain capital outlay expenditures, debt service, food service operations, extracurricular athletic and other pupil activities, and insurance transactions.

Colorado Preschool Program Fund – This fund is reported as a sub-fund of the General Fund. Monies allocated to this fund from the General Fund are used to pay the costs of providing preschool services directly to qualified at-risk children enrolled in the District's preschool program pursuant to C.R.S. 22-28-102.

Risk Management Fund – This fund is also a sub-fund of the General Fund. Monies allocated to this fund from the General Fund are used to account for the payment of loss or damage to the property of the District, workers' compensation, property and liability claims, insurance premiums, and the payment of related administration expenses.

Debt Service Fund – The District has one debt service fund, the Bond Redemption Fund. This fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs. The fund's primary revenue source is local property taxes levied specifically for debt service.

Capital Projects Funds – The District has two capital projects funds, the Building Fund and the Capital Reserve Capital Projects Fund. The *Building Fund* accounts for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings or initial, additional and replacement equipment. The *Capital Reserve Capital Projects Fund* is used to account for revenue allocations from the General Fund and other revenues allocated to or earned in this fund, and the expenditures for the ongoing capital needs of the District, such as acquisition of land, building additions and improvements, and major equipment purchases.

Budget Information 36

The other "non-major" governmental funds of the District are Special Revenue Funds – These funds account for revenues derived from earmarked revenue sources, federal and state grants, charges for food service, charges for supporting educational services, and tuition. The "non-major" Special Revenue Funds consist of the Nutrition Services Fund, Governmental Designated-Purpose Grants Fund, Community Education Fund, Fair Contributions Fund, and Student Activities Special Revenue Fund.

Proprietary Funds focus on the determination of the changes in net assets, financial position, and cash flows and are classified as either enterprise or internal service. The District's only internal service fund is the *Self Insurance Fund* which accounts for the financial transactions related to the District's self-funded dental and medical insurance plans.

Fiduciary Funds – Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District does not have any fiduciary funds.

Budget Information 37

Classification of Revenue and Expenditures

Budget statement presentation classifies revenues into five primary categories:

- Local Revenues: Resources derived from within the immediate vicinity, typically the community within the District boundaries. This category primarily comprises property taxes, investment income, and charges for services.
- State Revenues: Resources allocated to the District from the State of Colorado's budget, the largest of which is the state equalization payment via the School Finance Act. Other sources include state categorical payments..
- Federal Revenues: Resources derived from the US Federal Budget, though typically administered by the Colorado Department of Education. This category tracks Covid relief funds, Medicaid revenue, and Federal bond rebates.
- Revenue Allocations: Reallocation of certain revenues from the general fund to other funds per board policy or state statute. This includes allocations to the Risk Management fund, the Capital Reserve Fund, and the Colorado Preschool Program Fund. These show up as negative numbers, reflecting a reduction of revenue.
- Other Sources: Other revenue sources typically reflect accounting entries to record internal funds transfers or the inception of lease purchase agreements.

Budget statement presentation may classify expenditures in one of two ways:

- By Object: Classifications represent the nature or type of expenditure, such as Salaries, Benefits, Services, Supplies, Capital, and Other.
- By Activity: Classifications represent the subject, program, or activity for which the expenditure was made. Examples include Direct Instruction, Classroom and Building Support, and Central Administration.

Budget Information 38

Governing Regulations and Policies

Public school budgeting is regulated and controlled by statutes and by requirements of the State Board of Education that prescribe the form of district budgets in order to ensure uniformity throughout the state. Key statutes are outlined below.

22-40-102 Tax Revenues | Board of Education must certify to Board of County Commissioners the separate amounts necessary to be raised by taxes for the school district's general, bond redemption, transportation and special building funds.

22-44-105 Mandatory Contents | The budget shall be presented in the standard budget report format established by the state Board of Education and be consistent from year to year.

22-44-106 Contingency Reserve - Operating Reserve | Board of Education may provide for an operating reserve in the general fund, which shall not exceed fifteen percent of the amount budgeted to the general fund for the current fiscal year.

22-44-107 Appropriation Resolution | Board of Education of each school district shall adopt an appropriation resolution at the time it adopts the budget.

22-44-108 Budget Preparation | Board of Education shall each year cause to be prepared a proposed budget for the ensuing fiscal year, which shall be submitted at least thirty days prior to the beginning of the next fiscal year.

22-44-110 Budget - Consideration - Adoption | Any person paying school taxes in the school district is entitled to attend the meeting of the Board of Education at which the proposed budget for the district will be considered. At such meeting, the board shall review the functions and objects of the proposed budget.

22-44-304 Financial Reporting | Within 60 days of adoption, the adopted budget shall be placed on file in the district's financial services department and posted on the district website in accordance with the *Public School Financial Transparency Act*.

29-1-103 Lease-Purchase Agreement Disclosures | Shall include the total amount to be expended for payment obligations under all lease-purse agreements involving real property, maximum payment liability involving real property over the entire terms of agreement, total amount to be expended other than real property and maximum payment liability other than those involving real property over the entire terms of agreements.

In addition to the state requirements, the SVVSD Board of Education Policies require the following in Section DB:

- The budget shall annually include a per pupil dollar amount, determined by the Boad of Education, to be allocated for instructional supplies and materials.
- The Board of Education assigns to the superintendent or designee the responsibility of accumulating and maintaining a general fund operating reserve in excess of the emergency reserve to serve as a "rainy day" fund and will be used only for unexpected loss of revenue or an extraordinary expenditure.
- The budget shall annually include a per pupil dollar amount, determined by the Board of Education, to be allocated to the capital reserve and risk management funds.

BUDGET DEVELOPMENT PROCESS

State of Colorado

The District's budget development timeline is guided by the State of Colorado's budget timeline and statutory requirements.

The State releases the Governor's budget proposal by November 1 which gives preliminary state budget information for the following school year. The School Finance Act, which determines state funding for school districts, is usually passed by the end of April, but has been delayed the past two years due to the fiscal uncertainties caused by the impact of COVID on the State budget. Funding is typically revised the following January after actual pupil counts and assessed valuation are finalized.

Within that context, the State requires that the district's proposed budget be presented to the Board of Education at least 30 days prior to the beginning of the fiscal year (July 1) and that the District publish a public notice within 10 days of submitting the proposed budget to the Board. A public hearing must be held after the publishing of the public notice and prior to the adoption of the budget. The budget must be adopted by the Board prior to the beginning of the fiscal year.

The State allows for districts to amend their budgets at any time prior to January 31. After January 31, a supplemental budget may be authorized only if additional funds become available to the district.

Budget Goals and Priorities

In January, the Finance Department provides the Board of Education with a long-term budget overview. The Board reviews the overview and accountability needs and works with the Superintendent to set the District focus, goals and priorities for the budget development.

Personnel

Because salaries and benefits account for 85% of the General Fund budget, the allocation of staffing resources is a critical part of the budgeting process. The process is facilitated by the use of staffing plans that are created by the Finance Department and distributed to each school and department by the Human Resources Department in early February. The staffing plans allocate the number of positions that each school and department may utilize in the upcoming year. They are completed collaboratively by HR staff, central administrative staff and school/department staff. In March, the staffing plans are reconciled to the accounting software and controls are put into place to prevent hiring of staff beyond what is approved through the budgeting process.

The number of positions on each school staffing plan is determined by formulas and ratios using criteria such as projected enrollment numbers that are provided by the Planning Department, type of school (elementary, K-8, middle or high school) and risk factors such as eligibility for Title I funding and number of students that qualify for free or reduced meals. The Finance Department, Human Resources and Area Assistant Superintendents collaborate each January to finalize the criteria that is used. Additional positions are allocated to the schools by individual departments for specialized needs such as Special Education and Preschool programming. Schools may also request additional ongoing or one-year only positions to accommodate focus areas or specialized needs of the individual schools. The requests are typically submitted to the Superintendent's Cabinet in March and are approved in April based on district goals and priorities. In August and September, Human Resources works with Principals and Area Assistant Superintendents to review the staffing needs of the schools based on actual enrollment and reallocate staffing and/or request new positions at Cabinet if needed.

Department staffing plans are created by using the previous year's positions as a starting point. Additional positions funded by grants may also be added. Grant-funded positions must be reauthorized each year after verifying that funds will be available. Departments may also request additional staffing by submitting requests to Cabinet.

The District's compensation package is typically approved by the Board of Education in April following negotiations with the St. Vrain Valley Education Association. The compensation information is combined with the approved staffing allocations and available benefits enrollment information to establish the budget for salary and benefits. Updated insurance enrollment information is provided to the Budget Office in October for inclusion in the amended budget.

General Fund Discretionary (Non-personnel) Budgets

Each school and department is allocated a non-personnel budget that is developed with the Finance Department's budget staff each February.

Funds are initially allocated to schools based on projected student enrollment numbers, and are updated mid-year once actual student counts are finalized.

The allocations to departments use the prior year budget as a starting point, and additional funds may be requested and approved. Requests for additional funds, along with justification for the requests, are submitted to Cabinet in March and approved in April in alignment with the District's goals and priorities.

BUDGET DEVELOPMENT TIMELINE

Month	Activity
December	Long-term budget projections are updated by the Budget Office.
January	The Board of Education reviews the long-term budget overview and accountability needs and sets District focus, goals, and priorities for the next fiscal year. The Finance Department, Human Resources and Area Assistant Superintendents collaborate to develop the formulas and ratios that will be used in the following fiscal year to allocate staffing resources to individual schools based on criteria such as enrollment count and number of students that qualify for free and reduced meals.
February	The Planning Department provides the District with enrollment projections and staffing plans for each of the schools are developed using the established staffing guidelines. Individual schools and departments submit discretionary budget requests for the upcoming fiscal year.
March/April	Requests for additional staffing and discretionary budget needs are presented to the Superintendent's Cabinet and approved based on goals and priorities of the District.

ADOPTED BUDGET

2023 - 2024 Fiscal Year

FUND 10 - GENERAL FUND

The General Fund is a governmental fund which includes the revenues and expenditures for the general operations of the District. The expenditures for the school and departmental operations are primarily budgeted and accounted for in the General Fund. The total budgeted revenues in the General Fund are \$434,603,238. The total budgeted expenditures in the General Fund are \$450,272,198. Therefore, the General Fund fund balance is budgeted to decrease by \$15,668,960 in Fiscal Year 2024. Fund balance reserves of \$159,484,987 are also appropriated in the General Fund. A portion of the reserve appropriation includes \$9,176,000 for contingency reserve as required by Board policy, and \$13,763,000 for constitutionally-required TABOR reserves. The total General Fund budget appropriation for the year ending June 30, 2024 is \$594,088,225.

GENERAL FUND BUDGET FACTORS

This budget for the school year July 1, 2023 - June 30, 2024 (FY24) is 1. 2024 Fiscal Year Budget presented based on the Colorado Public Schools Finance Act of 1994, as amended.

This budget is based upon a PK-12 student headcount of 33,463. 2. **Pupil Membership**

Funded Pupil Count Pupil Membership is the estimated number of PK-12 students attending SVVSD per count projections. Funded pupil count (FPC) is based on whether those students are funded at full-time, half-time, or may be tuition-based preschool students for which the District does not receive additional funding. The FPC for this budget is 30,990.7, a decrease of 278.5 (0.89%) below FY23. This decrease is due to the removal of CPP and PreK Special Education funding slots to fund the new Colorado Universal Preschool Program.

Instructional Supplies and Materials District policy requires the budget include \$299 per student for instructional supplies, books, field trips and capital outlay. The required minimum instructional supplies and materials budget is \$8,293,871. This is based on 27,738.7 FPC (FPC net of charter schools). Details can be found on page 60.

Capital Reserve/Risk Management District policy requires direct allocation of funding to the Capital Reserve Fund and Risk Management Fund in the amount of at least \$473 per student, a minimum of \$13,120,405, for FY24. A total of \$13,620,405 is budgeted to be allocated in FY24. This includes \$4,649,880 to the Risk Management Fund, and \$8,970,525 to the Capital Reserve Fund.

> Based on the anticipated allocation from the Colorado Department of Education, the District is expecting \$10,381.61 as per pupil revenue (PPR) for FY24. PPR was \$9,399.89 for FY23.

The voters of the District passed mill levy overrides in November of 2008 and 2012, both of which provide additional funds for a variety of items as defined within the ballot questions. As required, accounting for the MLO funds is incorporated within the General Fund totals. Additional details regarding planned expenditures are included on page 62.

The District's allocations to the charter schools are detailed on page 65.

For FY24, a 2.0% Board-established contingency reserve is calculated on seven operating funds and is maintained entirely within the budget of the General Fund.

GENERAL FUND BUDGET FACTORS

The TABOR Reserve is funded as required per Article X of the State 10. **TABOR Emergency Reserve** Constitution (TABOR Amendment) and is held in cash and investments

in the General Fund.

Schools are allocated a supplies and materials budget based on 11. **School Allocations**

> student enrollment. Staffing is allocated based on student-teacher ratios, focus programs, and individual school needs. Schools are not allowed to carry over unexpended General Fund budgets from year-to-

year unless identified for a specific purpose and explicitly authorized.

for education advancement on the salary schedule. This is in addition to the 1.38% increase that paid as a mid-year stipend in FY23.

TOTAL PROGRAM FUNDING

Total Program Funding is the primary funding source for the District's General Fund. The Colorado Department of Education uses a formula to determine how much Total Program Funding is provided to each Colorado school district based on a number of factors. Total Program can be expressed in total dollars, or in terms of per pupil revenue (PPR) multiplied by the District's funded pupil count (FPC).

Total Program is funded by three sources: Local Property Tax, Specific Ownership Tax (i.e. vehicle registrations), and the remainder is provided to St. Vrain Valley Schools by the State of Colorado through what is called "State Equalization."

Below is a historical breakdown of Total Program Funding for St. Vrain Valley Schools.

ST. VRAIN VALLEY SCHOOLS TOTAL PROGRAM FUNDING 2015 - 2024

ST. VRAIN VALLEY SCHOOLS TOTAL PROGRAM PER-PUPIL REVENUE

^{*} Total Program Funding is calculated per the Colorado Department of Education (CDE). Actual amounts budgeted and received by the District vary due to actual vs. expected tax collections, CDE rescissions from the State Equalization payment, and rounding.

CHARTER SCHOOL ALLOCATIONS

The District must account for 100% of the District's per pupil revenue (PPR), multiplied by the funded pupil count (FPC) of the charter schools. The PPR for FY24 is \$10,381.61. The District also shares Mill Levy Override revenues with each of the six charter schools in proportion to their respective funded pupil counts. The student FPC for the charter schools for FY24 is 3,252.0, an increase of 63.0 compared to FY23, resulting in a total budgeted charter school allocation of \$42,198,984 as follows:

FUND 18 - RISK MANAGEMENT FUND

The Risk Management Fund is used to account for the payment of loss or damage to the property of the school district, liability claims, workers' compensation claims, insurance premiums, and related administrative expenses.

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The District plans to provide for or restore the economic damages of those losses through risk retention and risk transfer.

The District is a member of two public entity risk sharing pools. The District's share of each pool varies based on exposures, the contribution paid to each pool, the District's claims experience, each pool's claims experience, and each pool's surplus and dividend policy. The District may be assessed to fund any pool surplus deficit.

Since July 1, 2002, the District has been a member of the Colorado School Districts Self Insurance Pool for property and liability insurance. The District has insurance deductibles of \$50,000 (property and general liability), and \$1,000 (vehicle liability) per claim.

Since July 1, 1985, the District has been a member of the Northern Colorado School Districts Workers' Compensation Self Insurance Pool. The other current pool members are Park School District (Estes Park) and Weld RE 4 District (Windsor). The workers' compensation pool discontinued insurance operations effective July 1, 1998, and resumed insurance operations on July 1, 2003. During the intervening years, insurance coverage was obtained outside the pool. The District's deductible is \$50,000 per claim for the year ended June 30, 2024.

FUND 19 - COLORADO PRESCHOOL PROGRAM FUND

The Colorado Preschool Program (CPP) Fund was used to account for revenue allocations from the General Fund used for the Colorado Preschool Program which was a state funded program for preschool children the year before kindergarten. Children who qualified for the Colorado Preschool Program may have had a variety of at-risk factors. Funding for the program used a calculated amount called per pupil operating revenue (PPOR), which was the General Fund's per pupil revenue under the state funding formula, less the Board-required Risk Management and Capital Reserve per-student allocation. The PPOR multiplied by the CPP funded pupil count that was certified in the October Count resulted in the total amount available to the CPP fund.

With the upcoming implementation of Universal Preschool in Colorado for the 2023-24 school year, the CPP program will be closing down. Any balances remaining in St. Vrain's CPP fund are anticipated to be spent by the end of FY24.

FUND 21 - NUTRITION SERVICES FUND

The Nutrition Services Department is accountable for the meal service programs within the District. The program operates with a financially self-supporting budget. The program purchases food and supplies for preparation and service of meals according to Federal Child Nutrition Program guidelines. The Nutrition Services leadership team assesses the needs of the department and its customers, sets measurable goals, and maintains a philosophy of customer service in dealing with students, parents, school staff, and the community.

In March of 2020, in response to the COVID pandemic, the Federal Child Nutrition Program began providing full reimbursements for all student meals. The additional funding expired in July of 2022. In November of 2022, Colorado voters passed an initiative to allow for school districts to again provide free meals to all students beginning in fiscal year 2023-2024. The State will reimburse districts for meals based on the federal free reimbursement rate for each meal served, minus the amount that the district receives from the Federal Child Nutrition Programs. Additionally, beginning in fiscal year 2024-2025, additional State funds will be available for funding an increase to wages for frontline food service employees and for a Local Food Program to encourage purchases from local vendors.

FUND 22 - GOVERNMENTAL DESIGNATED-PURPOSE GRANTS FUND

The Governmental Designated-Purpose Grants Fund is used to account for restricted state and federal grants.

The ESSA (Every Student Succeeds Act) of 2015 replaced and updated the NCLB (No Child Left Behind) Act of 2001. ESSA gives greater deference to state education policies and reduced the federal government's role and oversight with regard to the education of Colorado's K-12 students. For more information, visit www.ed.gov/essa.

Consolidated Grants

Title I: Part A: Improving Academic Achievement of the Disadvantaged

This funding focuses on promoting school-wide reform in at-risk schools and ensuring student access to scientifically based instructional strategies and challenging academic content. This program is the largest ESSA program and allocates its resources based on the poverty rates of students.

Title II: Part A: Teachers and Principals Training and Recruiting

This grant helps to ensure high quality teachers will be available for all students. The grant provides for teacher training and recruitment of highly qualified teachers, para-educators, and principals capable of ensuring that all children achieve high standards.

Title IV: Part A: Student Support and Academic Enrichment

This grant is intended to improve students' academic achievement by increasing the capacity of State educational agencies (SEAs), local educational agencies (LEAs), and local communities to provide all students with access to a well-rounded education; improve school conditions for student learning; and improve the use of technology to improve the academic achievement and digital literacy of all students.

Federal Grants

IDEA - PL 94-142 - Part B

The purposes of the Individuals with Disabilities Education Act (IDEA) are to ensure that all children with disabilities have available to them free appropriate public education which emphasizes special education and related services designed to meet their unique needs; ensure the rights of children with disabilities are protected; assist local educational agencies to provide education of all children with disabilities; and assess and ensure the effectiveness of efforts to educate children with disabilities.

IDEA - PL 99-457 - Preschool

Provides grants to local education agencies to assist in providing special education and related services to children with disabilities ages three to five.

<u>Carl Perkins – Career and Technical Education</u>

This grant develops the vocational skills of secondary students by promoting integrated career, academic, and technical instruction.

McKinney - Education for Homeless Children and Youth

This grant ensures that all homeless children and youth have equal access to the same free, appropriate public education available to other children.

State Grants

School to Work Alliance Program (SWAP)

The purpose of SWAP is to provide career development and employment related services to youth with disabilities through partnership with the Colorado Department of Education, the Division of Vocational Rehabilitation and school districts. SWAP is designed to enhance transition services mandated through IDEA.

FUND 23 - STUDENT ACTIVITIES SPECIAL REVENUE FUND

The Student Activities Special Revenue Fund records financial transactions related to school sponsored pupil intrascholastic and interscholastic athletic and other related activities. Although these activities are generally supported by revenues from pupils and gate receipts, they may be supplemented by fundraisers and gifts. Accounting is maintained for each District school and department, and separate activities within each location.

FUND BALANCE JUNE 30, 2022

FUND 27 - COMMUNITY EDUCATION FUND

The Community Education Fund is a Special Revenue Fund and is used to record financial transactions from such activities as summer school, community projects, and student alternative make-up program.

<u>Community Schools</u> - Funds are generated through tuition and fees. The Community Schools program received State and Federal COVID relief funds in fiscal years FY20 - FY23, but those funds are not expected to continue in future years. Expenditures include salaries, enrichment program services, supplies/materials, and some furniture/equipment purchases. The Community Schools program includes before/after school child care, wrap-around programs for part-time preschool students, and after-school, summer, or non-school-day enrichment programs. The program primarily serves elementary school age students.

<u>Facility Use</u> - Funds are generated through rental and use fees of district facilities. Expenditures include costs for custodial services, repairs and maintenance, administration, and supplies and materials.

<u>Local Grants and Awards</u> - The District receives many grants and awards from local non-profits and corporations, usually for specific purposes. Each grant and award is tracked individually.

<u>Summer School</u> - Funds are generated through tuition and donations. Expenditures include instructor salaries, clerical support, supplies/materials, tuition assistance and utility/custodial support. This program serves students in both elementary and secondary grades

FUND 29 - FAIR CONTRIBUTIONS FUND

This Special Revenue Fund was first established November 15, 1995 in accordance with the Intergovernmental Agreement Concerning Fair Contributions for Public School Sites between the City of Longmont and the St. Vrain Valley School District in order to collect monies for acquisition, development or expansion of public school sites based on the impacts created by residential subdivisions. Since that date, additional intergovernmental agreements have been set up with the Towns of Mead, Frederick, Firestone, Erie, Lyons, Dacono and Broomfield. Additional fair contribution fees for public school sites are collected from Boulder County, Larimer County, and from individual developers in Weld County.

The fee is assessed according to the type of dwelling: single family, duplex/triplex, condo/townhouse, multi-family or mobile home. The fees are collected for use within the senior high school feeder attendance area boundaries, which serve the individual dwelling units.

FUND 31 - BOND REDEMPTION FUND

The Bond Redemption Fund is a debt service fund used to account for property taxes levied and investment income earned, and to provide for payment of general long-term debt principal retirement, semi-annual interest, and related fees.

The District's long-term debt, in the form of general obligation bonds, totals \$384,060,000 as of June 30, 2023. In November of 2016, District taxpayers authorized \$260 million of general obligation debt in order to address the District's capital needs due to growth. In December of 2016, the District issued \$200 million of the \$260 million that was authorized, and issued the remaining \$60 million in October of 2018. The budgeted amount for the District's debt service and related fees for Fiscal Year 2023-24 is \$66,263,489. Property taxes provide nearly all of the revenue for this fund, with investment income contributing less than 3%.

On December 15, 2021, the series 2012 bonds became subject to call and redemption. With sufficient resources available in its Bond Redemption Fund to be able to fund the early redemption of these bonds, administration determined it was advantageous and favorable to the District and its taxpayers to fully redeem and discharge the remaining \$16.4M of the series 2012 bonds early, on October 31, 2022. This reduced the longevity of the 2012 bond debt by more than 2 years, resulting in an interest savings of approximately \$847,000.

The legal debt limit of 20% of the District's 2022 assessed valuation of \$4.96 billion is \$991.6 million. This exceeds the net amount of the District's bonds payable as of December 31, 2022 by approximately \$607.5 million.

The District's enrollment has changed between -4.70% and 3.49% per year over the past five years. The District experienced a downward impact to student enrollment as a result of the COVID-19 pandemic in the amount of approximately 1,500 students, or -4.7% (including the preschool program) in the 2020-21 school year. Since then, student enrollment has almost entirely returned to pre-pandemic levels. District needs for additional school facilities are expected to continue to increase as K-12 growth continues in subsequent years, and due to the implementation of Universal Preschool in the 2023-24 school year.

The property tax levy for principal and interest on bonds was Board-approved at 17.550 mills for property tax year 2022 (to be collected in 2023), which is approximately 30.1% of the total tax levy of 58.385 mills. The District's debt service payments are structured to increase in 2025, then remain stable until 2031. Principal and interest payments from 2032 forward are structured to increase again until the majority of bonds are paid off in 2034, with a few remaining bonds scheduled through 2036. Maintaining the current scheduled repayment of long-term debt is not expected to have any significant financial impact on current or future operations of the District.

FUND 41 - BUILDING FUND

The Building Fund is a Capital Project Fund used to budget and account for the proceeds of bond sales and expenditures for capital outlay for land, buildings, improvements of grounds, construction of buildings, additions or remodeling of buildings, or the initial purchase and replacement of certain equipment.

In December 2016, the District issued \$200 million in bonds and received an additional \$23.6 million in bond premium. This resulted in a total of \$223.6 million in proceeds from the initial sale of bonds that were authorized by voters in November 2016. Many projects are funded by these bonds, including Grand View Elementary, Soaring Heights PK-8, St. Vrain Innovation Center, and the recently opened Highlands Elementary and new Mead Elementary building.

An additional \$60 million bond issuance took place in October of 2018, generating an additional \$3.4 million in premium. This provided the balance of the funds necessary for all of the planned projects as described in the November 2016 ballot information.

FUND 43 - CAPITAL RESERVE FUND

The Capital Reserve Capital Projects Fund is used to account for revenue allocations from the General Fund and other revenues allocated to or earned in this fund, and the expenditures for the ongoing capital needs of the District, such as acquisition of land, building additions and improvements, and major equipment purchases.

Schools and departments submit project and equipment funding requests. Requests are evaluated and recommended by the Capital Reserve Committee and submitted to the Board of Education for final approval.

FUND 65 - SELF INSURANCE FUND

The Self Insurance Fund is an internal service fund used to account for the District's self-funded insurance plan. Revenues for the fund include employee and District contributions towards health and dental claims, and rebates or incentives from healthcare provider contracts. Expenditures include salary, benefits, purchased services, supplies, and equipment related to managing the self-insurance health and dental plans and complying with the Health Insurance Portability and Accountability Act (HIPAA).

SUMMARY BUDGET REPORTS

The following pages contain consolidated budgetary information to provide a district-wide, comprehensive summary of all funds combined, as well as indivual fund budgets.

Summary of Revenues and Expenditures

The first summary report contains actual and projected revenues and expenditures for all District funds combined.

The next summary report combines information for the following operating funds: General Fund, Colorado Preschool Program Fund, Community Education Fund, Governmental Designated-Purpose Grants Fund, Nutrition Services Fund, Risk Management Fund, and Student Activities Special Revenue Fund.

Consolidated Budget Summary

The Consolidated Budget Summary shows all funds available compared to total appropriations, summarized by operating funds and other funds. Subsequent pages show the detail for each fund in a side-by-side, comparison format.

Operating funds include the General Fund, Colorado Preschool Program Fund, Community Education Fund, Governmental Designated-Purpose Grants Fund, Nutrition Services Fund, Risk Management Fund, and Student Activities Special Revenue Fund.

Other funds include the Bond Redemption Fund, Building Fund, Capital Reserve Fund, Fair Contributions Fund and Self Insurance Fund.

Expenditures by Program and Object

This schedule presents the budget of each fund, organized by program and object, according to the state-mandated "Uniform Budget Summary" format as required under C.R.S. 22-44-105(1)(d.5).
