Fellow St. Vrain Community Members,

I am excited to announce that I am running for SVVS Board of Education Director, District E (Silver Creek High School feeder system) for the 2023-2027 term. I am dedicated to our mission to be an exemplary school district which inspires and promotes high standards of learning and student well-being in partnership with parents, guardians and the community.

As a former teacher at Erie Middle School, parent of three children who attended SVVSD, Board President for the St. Vrain Valley Schools Education Foundation, former I Have a Dream Foundation Board member, and a devoted community member, I have a vested interest in the role that public education has in building and maintaining a strong community.

I feel it would be an honor to be on the board and sincerely appreciate the support of constituents and invite you to contact me if you have questions.

Sincerely,

Michelle Sulek

TO WHOM IT MAY CONCERN:

I am writing this letter of intent to become a new board member for the St. Vrain Valley School District. My service is a way I can give thanks and to give back to a District that has served me for most of my life.

My wife of 20 years (Caitlin) and I both attended elementary, middle school, and high school in St. Vrain and both graduated from Lyons High School in 1998 and 1999.

Having grown up in this district it helped provide us with amazing resources, endless opportunities, and lifelong contacts and friendships. Eventually I became the first person in my family to earn a bachelor's degree which has led me into a successful career in the Safety Industry. To add, Caitlin and I have two children (Dante – 15 & Ava – 12), they too are also students of St. Vrain and are thriving academically, athletically, and socially.

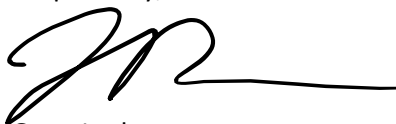

The St. Vrain Valley School District opened up many doors for me personally and continues to open doors. The schools, the teachers, the students, the facility, the coaches, the programs, and all the people that pour their effort into this District is what motivates me to give back. I am honored and humbled to be considered for this wonderful opportunity.

I feel I possess the leadership skills, experience level, and positive mindset and outlook that may be necessities for serving on the Board of Education. As an executive of my own company and industry, I lead national sales teams around the country and have done so for over 12 years. Teamwork and commitment are two of the most important aspects of my role in the professional world and could see these translating in this role as well. To add, my family and I are heavily involved in our community and try to serve others as much as possible.

A few more personal items about me; I am a public speaker/motivator within the district. I have given multiple presentations for students at Coal Ridge Middle and Frederick High School and Frederick High School athletic teams. Having lived abroad in Mexico and Italy, I am bilingual in both Spanish and English and served as a civilian abroad for the United States Navy. To add, I travel both nationally and internationally for business and have been exposed to a wide variety of cultures and ethnicities for most of my life. I am confident my experiences can help relate to the families, the facility members, and the students within our school district.

Once again, thank you for this wonderful and fulfilling opportunity to serve the St. Vrain Valley School District.

Respectfully,
