SUBJECT: District-wide Savings on Procurement Activities-Fiscal Year 2023

Strategic Priority - Strong District Finances/Student and Staff Well-Being

PURPOSE

To provide the Board of Education an annual report regarding the key functions and efficiencies in the Purchasing Department. The Purchasing Department provides buying and contracting services in support of all District schools and departments. In addition, the Purchasing Department coordinates the sale and disposal of District surplus property. This memo will demonstrate the value of the services provided by the Purchasing Department through established key performance measures – including procurement cost savings data, vendor participation, solicitation requests facilitated, and surplus property sale proceeds and disposal process.

BACKGROUND

Procurement Cost Savings: The attached cost savings summarizes detailed activities completed by the procurement staff in FY23. The FY23 spreadsheet details total purchases and contracts of \$10,003,179 reflecting a total cost savings of \$2,538,315.

This is a 25% savings rate over all purchases during FY23. Cost savings are calculated as the difference between the total amount of the awarded contract and the average cost of all submitted bid proposals. The report is not inflated and is a true representation of savings generated through the efforts of the purchasing staff.

The purchasing staff facilitated 47 formal invitations to bid (ITB) and requests for proposal (RFP) solicitations to select qualified contractors in FY23. Procurement secures the integrity of the process and ensures that all interested suppliers are treated fairly and encouraged to complete as evidenced by the number of participating vendors submitting a response to each individual solicitation.

Processes Where No Cost Savings Reported: Procurement staff review and process all district purchase orders. The vast majority of the purchase orders are not subject to bidding requirements and have no savings reported. Some purchases made under educational pricing contracts or with p-cards, state bid awards and cooperative procurement agreements are not reported as cost savings when these agreements can be accessed without the direct involvement of procurement staff.

The reports do not reflect cost savings from service and term contract solicitations completed by the procurement staff. The district's objectives for establishing these contracts are to reduce costs by eliminating repetitive bidding requirements for each project that leads to improved flow of information between the contractor and our District.

E-Rate Funding Reimbursement: The District currently participates in the Federal Communications Commission (FCC) E-Rate Program. The FCC's E-Rate program makes telecommunications and information services more affordable for school districts by providing discounts for telecommunications, internet access, and internal connections to eligible schools and libraries. By participating in this program through bids and contracts established by purchasing and DTS, the District will receive reimbursements in the amount of \$661,333 for purchases made in FY23

Surplus Property Sales/Disposal: It is the responsibility of the Purchasing Department to oversee the declaration and disposal of District surplus equipment, furniture and materials - including textbooks, library books and technology products. The disposal of District surplus is fundamentally an issue of demonstrating proper stewardship of public resources in accordance with District policies and ethical standards. Items not needed in the system are sold through online auction or offered without cost to charitable and civic organizations per Board policy. Contracts were established with pre-qualified surplus technology buyback providers to streamline technology surplus disposal and increase revenue. Sale proceeds are used to supplement capital project funds.

The following provides a summary of the proceeds from the sales of surplus assets received from July 2022 through June 2023.

Online Public Surplus \$ 41,363 Technology Buyback \$370,322 **Total Revenue from Surplus:** \$411,685

To further confirm the District is utilizing best resources, the Purchasing Department strives to improve internal processes by streamlining both our performance as well as the services we provide. We are refining our annual report by continually researching best practices, establishing key performance measures, and enhancing customer satisfaction. We are always open to discuss topics and learn of opportunities of how we can improve processes that successfully impact the organization.

The summary below reflects historical results over a nine-year period of the cost savings generated versus the Purchasing Department total cost (regular as well as temporary salaries, benefits, and department budget) from our annual reports to the Board:

Our department will continue to track key performance measures to ensure we are, at a minimum, a cost-effective use of District resources. We will continue to be a value-added service that makes every effort to receive optimum value for the dollars spent through sound Board-approved procurement policies and procedures.

SUBJECT: Approval of Contract Award for Cyber Explorer Bus Project

Strategic Priority – Portfolio of 21st-Century Instructional Focus Schools

and Robust Co-curricular Opportunities

RECOMMENDATION

That the Board of Education approve the execution of a formal agreement with Summit Bodyworks for a maximum amount of \$250,000 and an initial contract award of \$238,600 for the renovation of a retired school bus into the Cyber Explorer Bus for the Innovation Center. Further, to authorize Brian Lamer, Assistant Superintendent of Operations, to sign contract documents and initiate scope changes up to the approved amounts in accordance with Board of Education policy.

BACKGROUND

The Innovation Center assembled a team of students and had them imagine and design what it would look like to take a retired school bus and transform it into a mobile lab. The students designed two buses, one to teach cybersecurity principles and another to teach artificial intelligence principles. The designs were presented and the project was approved to build the first bus immediately with the second to follow in the future. This contract is for the renovation of one bus to add electrical equipment, cabinetry, stair access and other equipment as needed for a Cyber Explorer bus.

Summit Body Works was selected for this project through the Sole Source Approval process.

The budget for this project has been established at \$300,000. Funding for the project is available from Capital Reserve funds. This item is being brought forth to comply with Board policy FEG stating any items over \$100,000 must have Board approval.

SUBJECT: Approval of Request to Grant an Exception to Board Policy GBEA – Staff

Ethics/Conflict of Interest – Dr. Katarina Pliego

Strategic Priority – Outstanding Communication and Collaboration with

Community and Corporate Partners

RECOMMENDATION

That the Board of Education allow an exception to the current Board Policy GBEA - Staff Ethics/Conflict of Interest. This exception would enable Dr. Katarina Pliego, an author, to sell her published book "Emilia Tries the Cello" to staff and students within the District.

BACKGROUND

Board Policy GBEA - Staff Ethics/Conflict of Interest, states, "No school district employee or firm owned by a school district employee shall be allowed to sell to the school district or its schools or staff goods or services of any kind without the express prior written consent of the Board of Education."

Dr. Katarina Pliego is a music teacher at Coal Ridge Middle School. Due to her standing as a District employee, she is requesting a waiver from Board Policy GBEA, so that she can sell, if requested by District students or staff, copies of her book. She will not be allowed, however, to solicit or contract with the District for compensation or other pay for any consulting services she conducts in conjunction with the sale of the book.

The administration recommends approval of this exception, with services for the 2023-2024 school year not to exceed \$5,000. If her services should exceed \$5,000, her exception will be brought back to the Board of Education for additional approval.

SUBJECT: Approval of Addition to \$100,000 Vendor Expenditures

Strong District Finances

RECOMMENDATION

That the Board of Education approve the addition of Aequor Healthcare Services, LLC to the approved vendor list of vendors that we will spend over \$100,000.

BACKGROUND

The special education department has a requirement to hire qualified personnel to meet the needs of students with disabilities. When the district is unable to hire through our district website, it uses a variety of contractual companies to help fill this need. A new company that will be providing both teachers and paraprofessionals to our schools is Aequor Health Services, LLC and the projected expenditure for the 23-24 school year is approximately \$500,000.
